THE MAN ON THE BOX

From HAROLD McGRATH'S Most Popular Novel

SPECIAL CAST AND PRODUCTION

PRICES 25c, 50c, 75c, \$1. Plan open Wednesday, April 26th at Roenigk's

STORMY WEATHER PREDICTED FOR MAY FORECAST FURNISHED BY REV. IRL HICKS

A regular storm period, having its beginning 5 April, will reach its culmination, in eastern parts of the country, the first two or three days in May. A seismic period also reaches in on the same days. A wave of higher barometric pressure will follow from west and north, bringing cooler weather behind the storm. The Mercury period, which comes into May from April, will last until after the 10th, causing prolonged cloudiness, and intensifying regular and reactionary storms which fall under its influence.

A reactionary storm period will culminate on and touching the 4th and 5th, and this period, being under the influence of the Mercury equinox, will bring storms of rain, with continuation of cloudy, threatening weather for several days. Under stress of the Mercury period, and solar conditions peculiar to this month, very severe storms are probable, at this and other May periods. High barometer, with very cool weather with probable frosts northward, will be the natural order from about the 5th to the 8th—first to the west and north, advancing eastward and southward.

A regular storm period covers the 9th to the 14th, with moon on the celestial equator on the 9th and full on the 13th. High temperature falling barometer and electrical storms will appear about the 9th in western extremes, and from Wednesday, the 10th, to Sunday the 14th, these conditions will progress to the eastward, causing general and violent storms in many localities. From the 10th to the 16th constitutes a period of seismic strain, that will very probably cause earthquake shocks and shivers in many parts of the globe. A marked change to high barometer and cooler, with probable frosts at night northward, should be no surprise from about the 13th to the 16th.

A reactionary storm period will bring return of warm weather, falling barometer and storms, on and touching the 17th and 18th. Those who have followed us for years tell us that the solar eye is focused along the central parallels of the northern hemisphere during May, and hence violent electrical and tornadoic storms often reach a maximum at this season. There is no special indication of such storms at this period, at the same time, approaching storms should be calmly and carefully scanned. Expect change to much cooler after these storms for several days.

A regular storm period falls from the 20th to the 25th, being central on the 22nd. This period will culminate in very high temperature, a drop of the thermometer, and forceful storms of rain, wind and thunder, on and next to Tuesday, the 23rd. Dashes of heavy hail will be most natural at this time, with probability of a tornado, coming upon the unwary in scattering localities. Cycles of rain, wind and thunder storms may repeat themselves in afternoons and evenings for several days at this period, or until the barometer rises, attended by westerly winds and much cooler.

A reactionary storm period is central on the 27th, 28th and 29th. The New Moon is near perigee, and near north declination, falls on the 28th calling for low barometer, change to very warm and resulting in vicious storms of thunder, wind and rain. Earthquakes from 26th to 30th.

A GOOD MEDICINE FOR THE BABY

Baby's Own Tablets is the one medicine that can be given little ones with the firm knowledge that nothing but good will result. The Tablets are sold under the guarantee of a government analyst to contain no opiate nor any other drug which could harm the youngest child—they cannot possibly do harm; they always do good, and once a mother has used them she will never again give her little one castor oil or the soothing stuffs which simply drug baby into temporary relief and in the end do harm. Mrs. Philias Paradis, Frampton, Que., writes: "Send me two more boxes of them for constipation and have also of Baby's Own Tablets. I have used ways found them very good. My baby is certainly progressing under the Tablets." The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ontario.

PORFIRIO DIAZ

The aged ruler of Mexico, said to be holding out olive branch to the rebels.

HUSBAND MAY SLAP HIS WIFE

Providence, R.I., April 24.—A man is justified in slapping his wife for going through his pockets, in the opinion of Mr. Justice Lee, of the Superior Court, Judge Lee made this ruling today in a divorce suit that was brought by Elizabeth England, of Pawtucket, against her husband John E. England. The Court advised the couple to try to effect a reconciliation. "And in the meantime," he advised the woman, "don't go through your husband's pockets again. A man is justified in slapping his wife for this."

DIED FROM A KICK FROM A PONY

Branford, April, 24.—While playing in the grounds of Langley Park the residence of J. S. Hamilton, in this city, Harwood Scott, the six year old son of S. D. Scott, who is in Stratford, but whose wife is employed as housekeeper at the Hamilton's was almost instantly killed this afternoon by being kicked over the heart by a pony, that he struck.

CASH AND ONE PRICE

ANOTHER BAD FIRE AT OMEMEE HOUSE AND CONTENTS WERE DESTROYED

Omemee, April, 25.—The fire fiend seems to be hard at work, for another fire occurred here on Monday morning, when the house occupied by Mr. Brooks, just east of the village, was burned to the ground. Mr. Brooks was away at the time, and only Mrs. Brooks, and her daughter were at home. Neighbors at once came to their assistance but the fire had gained such headway that it was impossible to save anything in the house. The house was owned by Mr. Shaw and we understand that the insurance was light.

TWO YOUNG MEN WERE DROWNED

Trenton, Apr. 24.—Two young men, named Joseph Walsh and William Root were drowned here this afternoon through a scaffold collapsing on the works of Larkin and Sangster, canal contractors.

FUNERAL OF LATE MRS. P. HICKSON

The funeral of the late Mrs. Peter Hickson, of Mount Horeb, took place Monday afternoon on the Riverside cemetery and was largely attended. The funeral services were conducted by Rev. Mr. Snowden, of Janetville. The pallbearers were: Messrs Wm. Jackson, Jas. McGahey, D. Bennett, D. Belch, Jas. Moore, R. Grandy.

Mrs. Hickson was one of the oldest settlers in Manvers, having lived practically all her life in that district, her husband having passed away, some 12 years ago.

Deceased had been ailing for some years, gradually declining until she passed quietly away at Mount Horeb on Saturday. She leaves behind her eight children, viz., Mrs. McAusland, residing in the Northwest, Mrs. J. Morrison, of Beaverton; Samuel, Alfred and Charles in the northwest, and Peter, David and John, residing in Manvers.

Obituary

LOUIS ARCHAMBAULT

The death took place on Sunday April 23rd, of Louis A. Archambault at the Toronto Western Hospital. The deceased was in his sixty-second year.

The funeral will leave the residence of Mr. Wm. Deyell, Mary-st., on Wednesday, April 26, at 2.30, and will proceed to Riverside cemetery. Service at the house at 2 o'clock.

The late Mr. Archambault, was at one time a resident of Lindsay.

ZION—FENELON.

(Special to the Post.)
Zion, Fenelon, April, 24.—Owing to the fine weather some of the farmers are busy cultivating the land.

Mrs. W. Brown, and Mrs. Wm. Wilson visited Cameron friends Thursday.

Mr. and Mrs. Walter Pethick made a business trip to Lindsay on Saturday last.

A very successful meeting was held in the E.L. on Thursday evening. Quite a large number of members were present. The topic, How Parliament does business, was taken up by the gentlemen in the neighborhood. After the meeting home made candy was served.

We are sorry to hear that Mrs. Knox is not improving very fast. Mrs. Edwin Worsley is very ill at present, but all wish her a speedy recovery.

Mr. George Sittal is spending the Easter holidays at home.

First Boat Launched

The "Get Some," owned by Mr. Sid Morrison was placed in the water this afternoon, being probably the first gasoline craft to float on the Scugog this year.

It is a graceful 20 footer with a 6 h.p. Toquet motor which ought to sustain a speed of 8 to 11 miles an hour.
