## Prominent Ontario Man Recommends Gin Pills For The Kidneys

Found at last—a genuine cure for Kidney and Bladder Troubles. Mr. Bauer knows about it. Mr. Simpson knows about it. And they are telling all their friends and neighbors what Gin Pills did for them. Here is Mr. Bauer's letter. Study it.

DAVISVILLE, ONT.

"I had trouble with my Kidneys and Bladder so I got a sample of GIN PILLS and followed directions. I felt better after the first dose and I kept taking them for a month.

One day, Mr. Simpson of this town told me about the trouble he had with his kidneys, and I recommended him to try GIN PILLS, and gave him one to take. The next day, he bought some for himself, and both he and his wife have derived great benefit from them."

HERBERT H. BAUER.

Every man who has any Kidney Trouble or suffers with Rheumatism should do just as Mr. Bauer did—take GIN PILLS—and cure himself, as Mr. Bauer did.

You see, GIN PILLS do cure Kidney and Bladder Troubles. Gin Pills ease the pain in the back and stop those sharp, shooting pains. Gin Pills give strength to weak kidneys, soothe the irritated bladder and correct incontinence and suppression of urine. You don't have to take our word for all this, or even buy Gin Pills before trying them. Write for free sample—try them—see how good they are—and then buy the regular size boxes at your dealer's—50c, or six boxes for \$2.50. Write for the free sample. National Drug and Chemical Co. of Canada Limited, Dept. B Toronto.

NATIONAL LAZY LIVER PILLS sweeten the stomach, help digestion, regulate the bowels and stir up the liver. 25c. a box.

A FRIEND IN NEED.

gate and county courts. Mr. H. A. Locke, secretary of the Board, has received a great deal of correspondence on the question of fees—correspondence which shows that lawyers have been inadequately paid for their services in both these courts, but especially in the Surrogate Court. The Board of Judges comprise Judges H. S. MacDonald, chairman, Brockville; A. C. Chadwick, Guelph; J. E. Harding, Lindsay; A. D. Hardy, Brantford; E. C. S. Huycke, Peterboro; Mr. J. B. MacDonald, Inspector of Division Courts, ex-officio member.

The average lawyer in the United States, earns less than \$700 a year; the average lawyer in the smaller towns in Ontario earns less than \$600 in his purely professional capacity. The average workingman now earns more than that. It is little wonder, therefore, that the lawyers think it is their turn for higher fees.

### TORONTO CASE OF SUMMARY INJUSTICE

Examiner: While the summary trial by police magistrates, of persons accused of crime, often obviates long terms of confinement in jail while awaiting trial in the higher courts, it sometimes results in more prompt, but not more equitable administration of justice. A man in Toronto was charged, before a police magistrate, with the offence of selling pork pies that, as alleged, gave a patron cramps and indigestion. The magistrate accepted the opinion of the sufferer, that the pies caused the indigestion, and unsupported by any expert medical evidence. It is easily possible that the cramps and indigestion might have been due by many other causes. Yes, without taking the pains to verify the guess of the prosecutor, the magistrate inflicted a fine of \$20 and costs, on a charge that any reasonable person would say was not proven, only assumed; and he refused to listen to the defendant's statement that he was not responsible anyway—he had purchased the pies from a wholesale maker. All the comfort the defendant could get was the exasperating statement of the magistrate that he had "a splendid chance for damages in a civil suit"—as compensating for the injustice he had suffered at the hands of the too easily convinced magistrate. This is perhaps a small matter, but it serves to strengthen the impression that in these rapidly conducted police court trials, a great deal of taking for granted and a great deal of injustice is done, petty perhaps as regards any particular case, but mighty in throwing discredit upon the quality of Canadian justice.

### COST OF LIVING IS AWAY UP

Ottawa, March 28.—That wholesale prices in Canada have been the highest in the past year since 1872 is stated in a special report by Mr. R. H. Coats, of the labor department, tabled today by the Hon. Mr. Crothers.

The upward movement, he says was particularly pronounced in the last six months of 1911. Wholesale prices in 1910 were approximately 24 per cent. higher than in the closing decade of the last century and during 1911 they rose to over 27 per cent. above that basis. Crop shortage accentuated consumption. The present high level is the culmination of a movement which began in 1909.

The report gives columns of figures of prices showing the gradual rise in dairy products, fish, fruits, vegetables, provisions, groceries, boots, shoes, fuel, house furnishings, drugs, oil, tobacco and textiles.

Summed up it is stated that the cost of living has increased 45 per cent. during the past ten years, and that since last year, wholesale prices have climbed 3 per cent, and retail prices 5 per cent.

### PETERBORO MAN KILLED IN WEST

Vancouver, B. C., March 27.—When a scaffold gave way at a mill at False Creek yesterday, Albert Parrish, a young machinist, whose parents live in Toronto, was killed. He was thrown into the water, with several hundreds pounds of iron above him.

While no authentic word has been received here, the above despatch corresponds to the particulars concerning one Albert Parrish, who left this city two weeks ago en route for Vancouver. Prior to his leaving the city he was employed at the C.G.E. as a machinist, and a letter has been received from Parrish by his father-in-law, Mr. John Sadler, 46 1/2 Gilmour st., in which the writer states that he had secured work as a machinist in a mill at False Creek. He leaves a wife and child who reside in this city at 165 Romaine street. The first notification that his relatives here had of the young man's demise was contained in the above despatch, which appeared in the Toronto papers.

Mr. Sadler, father-in-law of the deceased, wired to Vancouver this afternoon for further particulars. Mr. Frank Sadler, 581 Patterson street, is a brother-in-law of the deceased.

### INSPECTOR FOUND A BLIND PIG

Review: Elias Williams, license inspector for East Peterboro, took a trip to Lakefield Thursday night and made the seizure of a barrel of ale and from 15 to 20 bottles of whiskey and gin. An information was made out and court was held, but on being approached by a Review representative this afternoon County Magistrate Edmison would make no statement as to what course was taken.

Mrs. James Hickey left on Saturday for Toronto, where she will in future reside.

Constipation is the root of many forms of sickness and of an endless amount of human misery.

### Dr. Morse's Indian Root Pills,

thoroughly tested by over fifty years of use, have been proved a safe and certain cure for constipation and all kindred troubles. Try them. 25c. a box.

### WIDOWS DEBARRED FROM THE GRANTS ALL FENIAN RAID VETERANS RECOGNIZED

Ottawa, March 27.—The bill under which the men who took the field against the Fenians in 1866 and 1870 are to receive an allowance of \$100 apiece, was reported by the Committee of the whole house to-night.

The Minister of Militia, Col. the Hon. Samr Hughes explained that it was a recognition, albeit a very small one, of those who had turned out to defend the country against invasion.

Mr. Carvell, of Carleton, N.B. said that his father had taken part in the repulsion of the raiders, and wished to know just how he would stand in regard to the grant. Eot that the grant itself amounted to very much, but that he would like to have his father participate in the recognition.

The Minister replied that he had obtained the consent of his Royal Highness to an amendment of the bill which would allow those to participate in the grant who did not now happen to be living in Canada. But as for extending the grant to widows of veterans, the Minister was not inclined to yield.

"Why," said Col. Hughes, "I know one veteran who has left three widows, and what should be done in a case of that kind?" he added. Seriously, there were objections to extend the grant to widows, which would be appreciated by the House.

TO GO OUTSIDE CANADA.

Then, after discussion, the Minister moved to amend his bill so as to make the grant available to veterans who were not now living in Canada. Col. Hughes said that there were many men living to-day in the United States who in the time of stress had come over to the Canadian side of the line and served as defenders of the country. As a matter of fact, numbers of them had engaged special trains to take them to this side of the line.

At this point Sir Wilfrid Laurier took a hand in the discussion. He said that he had received a petition which made a very strong case for the extension of the grant to widows of veterans. And, having quoted from the petition, he added, "I think I may leave the case of the widows to the tender mercies of my hon. friend, the Minister of Militia."

The bill as reported from the Committee of the Whole makes it clear that the grant shall apply not only to residents in Canada but also to those who, having served in the defence of the country, subsequently took up their residence in the United States.

### THE SUGAR BUSH A DEPARTED JOY

Campbellford Herald: This should be a good year for maple sugar. The great quantity of snow in the woods must of necessity take some time in disappearing, and while it is in the process of melting the sugar maple will be pouring forth its liquid sweetness from which such delicious syrup is made.

The youth in this part of Ontario however, will never appreciate the joys of making maple sugar. The disappearance of the sugar bush is a thing much to be lamented, and removes one of the joys from the young people's calendar that will never be replaced. The joys of the old time "sugaring off" so far as southern Ontario is concerned, are defunct. Comparatively few sugar bushes remain and very little sugar is made, most of the sap being converted into the most delicious syrup that has ever been made.

### MAKES HAIR GROW

Hignbotham, your druggist, has an invigorator that will grow hair or money back.

The time to take care of your hair is when you have hair to take care of. If your hair is getting thin, gradually falling out, it cannot be long before it spot appears.

The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots, and acts so quickly that people are amazed.

And remember, it destroy the Dandruff germ, the little pest, that saps the life that should go to the hair from the roots.

SALVIA is sold by Hignbotham, your druggist, under a positive guarantee to cure Dandruff, stop falling hair and itching scalp in ten days, or money back. A large bottle costs 50c. The word SALVIA (Latin for Bage) is on every bottle.

### DIED

IRWIN—At Little Britain, on Friday, March 23, 1912, Isaac Irwin, aged 69 years.

The funeral will leave his late residence, Little Britain, on Sunday, 31st, at 2.30 p. m., to place of interment, Christian cemetery, Little Britain.

### PASSING OF AN OLD LANDMARK IN DEMOLITION OF THE BEALL BLOCK

An old landmark on Kent street is fast passing away, viz., the stores recently occupied by Messrs. G. W. Beall and Jos. Carroll. This building which is owned by Mr. G. W. Beall, is now in process of being torn down and a new and modern structure will be erected in its stead.

Friday afternoon a Post reporter interviewed a number of old timers, and gleaned some interesting information about the history of this building. The property was owned by the late Andrew Healy, previous to, and for a while after the "big fire" which occurred in July, 1861. In 1862 he built the two stores now there. Mr. R. S. Porter occupied the east store for twenty-five or thirty years and conducted a bookstore, afterwards locating in his present store in the Knowlson block.

The first occupant of the west store after the fire was the late John Moore, who was a tinsmith. He was followed by two grocers, Messrs Dan Maloney and John Ducey.

The late Andrew Healy sold the two stores to the late Edward Benson, who disposed of them to the late John Kennedy. The building then passed into the hands of the present owner, Mr. G. W. Beall.

Mr. Porter stated to the Post man that building material was quite scarce after the fire and that for some time the roof of the store was nothing but boards lapped one over the other. It was his practice on the approach of a rain storm, to cover his stock with a tarpaulin to protect it from the water which would drip through.

Mr. Beall has occupied the west store since 1900. Previous to that he was in a store where the Dundas & Fiavelle store is now, moving in there in the year 1864.

Mr. Beall is one of the pioneer business men of Lindsay. The name "Beall" is synonymous with good 18 karat standard. He has many friends in this district who will not only congratulate him on the progressive spirit displayed, but will also wish him increased success in his new quarters.

Mr. Joseph Carroll has been in the east store since 1901. In 1894 he was in a store where Mr. Geo. Brown's billiard parlor is now, and in the spring of 1895 he moved across the street next to Mr. Beall, where the Canadian Express Co. have their office. Since that time these two gentlemen have been doing business side by side. Before Mr. Carroll moved into the east store it was occupied by Messrs Paton, milliners, and previous to that by Miss Foster, dressmaker.

The new structure will be a marked improvement on the present one, and will add greatly to the appearance of the main street.

Widows debarred from the grants. All Fenian raid veterans recognized. The bill under which the men who took the field against the Fenians in 1866 and 1870 are to receive an allowance of \$100 apiece, was reported by the Committee of the whole house to-night.

The Minister of Militia, Col. the Hon. Samr Hughes explained that it was a recognition, albeit a very small one, of those who had turned out to defend the country against invasion.

### HIGH COURT OF JUSTICE APRIL 10 THREE CASES BEFORE CHANCELLOR BOYD

The High Court of Justice with jury opens on April 10th with Chancellor Boyd presiding. There are three cases for consideration, as follows:

Reid vs. Grand Trunk Railway Co., of Canada, an action by William I. Reid, of Reaboro, against the G.T.R. for killing three horses and injuring another.

Isaacs vs. Callan—Mr. and Mrs. Thos. Isaacs, suing Mr. R. A. Callan for \$3000 for damages sustained when their horse became frightened at Mr. Callan's automobile, throwing Mrs. Isaacs out and breaking her hip.

Peel vs. Peel—An action to declare John James Peel incapable of managing his own business, by Charles Alfred Peel.

### C. N. R. LINE THROUGH THIS COUNTRY WILL CONNECT WITH THE I. B. & O.

Mr. James McCaughey, of Uphill, was in town on Friday and the Post had a short conversation with him in reference to the survey work being carried on by the C.N.R. in Dalton and Laxton townships.

Mr. McCaughey was informed by a member of the surveying party that the new line would be built as a grain route, although it is hinted that the C.N.R., being fully alive to the importance of the highlands of Ontario as a tourist centre, is anxious to tap the Haliburton county, which is a paradise for tourists and hunters.

The C.N.R. line at present runs from Port Severn through Washago, and will branch off through Victoria county to Kinmount, and tap the I. B. & O. railway. The C.N.R. intends to completely overhaul the I.B. & O. line this summer.

Those in charge of the survey work in this county are at present in the vicinity of Head Lake. The proposed line will be as straight as possible with a perfectly level grade.

It is felt by some that the construction of this line means the loss to Lindsay of considerable trade, which will be diverted towards Orillia.

### LAWYERS OF PROVINCE ARE ASKING FOR A HIGHER TARIFF OF FEES

Kingston Standard: We imagine there will be a general howl from the public when it is learned that the lawyers of the province are asking for a higher tariff of fees. The salaries of all officials, of clerks, of working men employed in all kinds of businesses, have increased about 100 per cent in the past twenty years and so word of protest has been uttered against the increase yet, so ingrained is the idea that lawyers are a lot of blood-suckers battenning upon the public and giving next to nothing in return for what is paid them, that it will be difficult to convince anyone of the justice of their request for higher fees.

In order to protect the public from the alleged blood-sucking propensities of lawyers, the High Court and County Court judges, acting under instructions from the government draw up a tariff of fees providing a fixed charge for everything that a lawyer does in any case. He can not exceed the amount fixed in the tariff because his bill of costs has to undergo the scrutiny of officials known as taxing officers who pounce upon every excess charge and knock it out in short order. It will be seen from this how impossible it is for a lawyer to do any blood-sucking whatever in the conduct of a case in the courts of law. The last tariff of costs prepared by the judges was, we believe, in 1882. For twenty years, therefore, the lawyers have been getting the same fees, though the cost of living has gone up 100 per cent in that time and every other man in Canada has been getting a gradual advance in his remuneration for services rendered, till now in most callings his wage or salary is 100 per cent higher than it was in 1882. That does not look much like blood-sucking on the part of the lawyers. They have not made a move for higher fees during the whole of that time, though they have seen everyone else about them enjoying greatly increased salaries and wages. However, even the worm will turn, and though lawyers realize that virtue is its own reward, they feel that a little more kudos thrown in.

The Provincial Government recently appointed a Board of County Court judges to undertake an investigation of the tariff of fees in both the Surro
