WHY SALVES CAN'T CURE ECZEMA

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription. We have sold other remedies for the high esteem in which she is held. The happy couple left the same evening for Peterboro and after visiting friends in Toronto, Niagara and Newmarket, returned on Tuesday. They have now taken up their residence on Mr. Shier's farm, east of Cambrai. Their many friends extend congratulations. The Women's Institute met at the home of Mrs. Currin, on Wednesday, of last week, and despite the bad condition of the roads, a large number were present and an interesting and sociable meeting was held. The next meeting, which is the annual one for the election of officers, will be held at the home of Mrs. D. R. Spence, on May 8th., at 2.30 p. m. All ladies are invited to attend this meeting. Miss Aldah McFadyen is spending a few days at the home of Mrs. McNabb. Mr. and Mrs. Jos. Moynes, of Pleasant Valley were visiting at Mr. Tolmie's on Wednesday of last week.
