SYSTEM OF BELL TEL. CO.

What it Means to Lindsay--- Equal of Any Large City in Point of Mechanical Equipment.

Work began Monday on the stallation of the New Central energy switch-board in the Bell Telephone Company's building, William Street North. The apparatus and machinery arrived this morning and work will be rushed.

AS GOOD AS THE BEST. The completion of this work means a new order of things, in respect of telephone service, for Lindsay. shert Lindsay will have a service the equal in mechanical equipment of any in America. It will be identical with the service in Hamilton, Ottawa, Toronto, or Montreal. The underground wires mean the removal of unsightly poles from Lindsay streets and that, obviously, is some-

Then subscribers will not in future be bothered ringing a bell when they fect condition as is possible.

want to get "Central." All they will have to do will be to lift the cartrumpet off the hook and -hear a sweet voice say "Hello," When the hook is relieved of the trumpet something drops in the Central Office which tells the girls there that you want to speak to somebody else,

A BIG CHANGE. Mr. Tilley, local manager of the Bell Telephone Company in Lindsay in conversation with an Evening Post reporter this morning stated that when the new service was in working order people would see a big change for the better. For the last six months business has been at a stand-still with the telephone reople here; that is to say there has been practically no aggresive work done. This, of course, is only natural in view of the fact that all would have C. P to be changed again when the service was changed to the new office, An aggresive campaign for new suband everything in connection with the service be kept in as near per-

Disappear Under a Treatment with Dr. Williams' Pink Pills

There can be health and vigor only when the blood is rich and red There are thousands of young men just-approaching manhood who need the rich, red blood that only Di. Williams' Pink Fills can make. They have no energy; thre out at the least though the day was a week long. In some cases there is a further sign of danger in the pimples and disfiguring eruptions which break out on the face. These are certain cigns that blood is out of order and that a compicte breakdown may result. In this emergency Dr. Williams' Pink Pills is the medicine these young men should take. These pills actually make rich, red blood. They clear the skin of pimples and eruptions and bring health, strength and energy. Here is the experience of Adolphe Rolland, of St . Jerome, Que., a young man 19 years of age, who says; "For more than a year I suffered bfrom general weakness, and I gradually grew so weak that I was forced to abandon my work as a clerk. My appetite failed me, I had occasional violent headaches, and I began to suffer from indigestion. I Montreal came to see me. He strongly advised me to try Dr. Williams' Pink Pills. I did so, and inside of three weeks I began to feel better; my appetite began to improve and I seemed to have a feeling of new courege. I continued the pills till I had taken ten boxes and I am now en-

joying the best health I ever had. My cure surprised many of my friends who began to regard me as ircurable, and I strongly advise other young men who are weak to fol . low my example and give Dr. Wiiliams' Pink Pills a fair trial." Bad blood is the cause of all common diseases like anaemia, headaches, neuralgia, rheumatism, sciatica, indigestion, all nervous troubles, general weakness and the special ailmonts that only women folk know. Dr. Williams' Pink Pills are the one cure,

Brockville, Ont.

Case is Dismissed

And Pimples Local Man, His Wife Says, is Insane Doctors Disagree.

> Due most probably to the disagreement of the medical experts as to his sanity, the case of Samuel Brown, charged by his wife with ili-treatment, and the allegation that he was insane, were dismissed in police court on Saturday.

> The case came before Magistrate Jackson first on Friday and after the statements of both sides had been heard, he adjourned the case until the folllowing day.

> According to the statement of Mrs. Brown, her husband has been acting in anything but a loving manner toward her. He has she alleged, threatened her life a number of times and furthermore has insuited her with his improper language, Her statement as to the man's sanity or insanity had evidently some weight with Chief of Police Vincent and Magistrate Jackson, as Drs. Wood and Jeffers were called in as sanily experts to examine him. Their evidence did not agree, so the case was

Resignation of Mr. Galbraith

Much Regrefted Around Town. Evening Post of May 2. -Very general regret was occasion. ed yesterday when it was noised awas failing so rapidly that I began about that Mr. Wm. Galbraith, who to fear that consumption was fas. for fourteen years past has occupied tening itself upon me. Our family the position of caretaker of the local doctor treated me, but I did not Post Office, had resigned. Mr. algair under his care. I was in a very brantl was, partly through his posidiscouraged state when a friend from tiin, one of the best known men in town and one of the most highly esteemed. His decision to vacate the position was, it is said, somewhat hasbened by the sad death of his wife some few days ago and in view of that it occasioned less surprise than otherwise would have been the case. It is understood that Mr. Galbraith will remain in town with friends for

Enjoyable Dinner at Dr. Vrooman's Last week---Interesting Paper Given

The Twenty Club met at the restdence of Dr. Vrooman last evening for their usual monthly dinner. The Club members were all present and voted the evening one of the most enjoyable of the winter. Another affair of the kind will be held towards the end of this month though just where has not been settled as yet. Mr. Thos. Stewart read a paper on the life and writings of Sir Walter Scott which proved very interesting as much as Mr. Stewart included many phozes of the poet and authors ife which are not generally known

R. Communication on the Main Line Interfered With.

Evening Post of May 2. Seventy-eight telegraph poles (on the Canadian Pacific main line were blown down yesterday morning between Peterboro and Burketon Junction in the gale of wind and snow which struck that part of the cointry. The poles went down in patches of from two or three up to thirty in a stretch. The freight trains were the only part of the service affected, and the telegraph department had its men to work early so that communication was cut off for a short time only.

cumbs to Pneumonia in Ross Hospital.

Cattle Already on the Grass---Coboconk Farmers Short of Feed

Up in the north country, in the Coboconk district particularly, cattle are already on the grass.

This is said to be very early for such a proceeding and farmers have been obliged to go to this length through the scarcity of fodder. Not long ago an article appeared in the Evening Post to the effect that 140 tons of hay had been shipped into Coboconk this spring and winter. This went to show just how badly the stockmen were in need of feed such a proceeding is without procedent-and now it appears stock to be saved from starvation have been turned loose on the land to pick the young grass. It is obvious that the winter of 1908 will be remembered by a good many farmers because of the trouble they have had in getting feed for their stock.

Flavelles Mill Broken Into.

Some time on Sunday some on broke into the engine room and chop. ping room of Flavelle's mill. Comparatively no damage was done beyoud a few wrenches being taken. The alleged thieves evidently knew the p'ace well, because a window was priyed upand a number of boards removed from the floor. That it wis the work of young boys is the generally accepted theory, but the police department is working on the case and something unexpected may turn
