

## The Power at Burleigh Falls

Central Ontario Power Co. Have Set a Price for Sale to Peterboro

Mr. J. A. Culverwell, C.E., the well known engineer, and Mr. R. J. McLaughlin, K. C., of Toronto and Lindsay, are in Peterboro. They brought with them the figures asked for by the city council respecting the price, etc., of Burleigh Power. The actual amount of the sale price is, of course, out of courtesy to the City Council, not yet to be made known to the public but the other items of information concerning it show whether or not the proposition is an acceptable one. The flow at Burleigh with a 27 foot head at ordinary low water means 2700 h.p., on a twenty-four hours run. By keeping back a little in the "mill pond" at night a 3500 h.p. for day use can easily be developed. Allowing for all expenses including sinking fund, rent and upkeep of dam, interest, transmission and transforming, etc., "laid down" at the city limits, the cost per h.p. at the price named to the city. Mr. Culverwell says, will not exceed \$7.50. For a portion of the year the available horsepower will reach 4000 or even more, but 2700 h.p., he says, can be relied upon under all conditions.—Review.

## Altar Society Score Success

Delightful Social Held in the Parish Hall Tuesday Evening

The altar society of St. Mary's church held a delightful social function in the parish hall last evening, which was voted by the large number present a splendid success. Twenty eight tables were monopolized during the evening in games, the prize winners being Miss Callaghan, Mrs. J. Rogers, Messrs. T. J. Spratt, Stafford O'Neill and H. Tobin.

The dainty refreshments served by the ladies during the evening came in for warm words of praise. Delightful instrumental music was furnished by Mrs. Jackson during the evening and was thoroughly enjoyed.

Mr. B. J. Gough auctioned off a number of cakes at the close of the social, and as a result the financial receipts of the evening were considerably augmented. The ladies of the altar society, of which Mrs. P. J. Hurley is president and Mrs. R. P. Spratt secretary-treasurer, are to be congratulated on the success achieved Monday evening.

### Call of the North

Another of Lindsay's young men has heard the call of the silver fields of Gowganda, in the person of Mr. James Coombs, Wellington-st., who leaves next week for the north country, where he has accepted a good position. Mr. Coombs has been one of Lindsay's popular young men, and his departure from town will be learned with regret. For the last number of years he has been in the employ of Adams Brothers, where he was always held in high esteem. The Post joins in wishing Mr. Coombs the best success in his new field of labor.

### A Good Catch

Messrs. L. D. Nesbitt and Ancil King were in Manvers yesterday, on a trout fishing expedition. They report a good day's sport, and brought home a catch of forty speckled beauties.

### Public Address

Mr. J. J. Tilley, inspector of Model Schools will give a public address on "Some changes in our school system," Thursday at 8 p. m. in the Collegiate Institute before the County Educational Association.

### He Went Up

A local citizen along with another well known character who was fined some time ago for supplying liquor to a blacklisted man went to jail yesterday, not being able to meet the assessment.

### To the Great West

Horn Bros. Woollen Mills shipped a carload of blankets to Winnipeg on Monday and followed it with a carload of yarn to the same city today.

The statement is now being made that a man's brain begins to shrink at the age of forty years. This may account for some of the strange actions of the Opposition at Oteawa. Most of them are over forty.

## Attendance Was a Disappointment

Small Crowd Turned Out to the Public Meeting Called for Tuesday Evening

The turn out of ratepayers Tuesday evening to the public meeting called for the consideration of improved school accommodation for the town was disappointingly small.

At 8.28 o'clock there were hardly sixty citizens present, and Mr. Thos. Stewart, chairman of the school board, in addressing the gathering emphasized the necessity of a larger attendance of the ratepayers when such an important matter as the building of new schools was to be discussed. It would be better, he thought, to call another meeting at an early date.

Thursday night of next week was the date decided upon for the meeting, and it is to be hoped that every ratepayer will paste this date in his hat and be on hand.

An advertising committee consisting of Dr. White, and Messrs. J. W. Anderson, and J. E. Adams were appointed to advertise the meeting in as judicious and thorough a manner as possible.

## He Went to See the City

Six Year Old Lindsay Boy's Experience at Union Station

On Saturday morning a little six-year-old Lindsay boy was placed on the G. T. R. 9.15 train by his relatives bound for Toronto to visit his aunt. He was unaccompanied, but a tag attached to his coat explained everything.

When he arrived at the union station about 11.30 there was no one present to meet him, and the Toronto Sunday World states that he was taken in charge by the station authorities, who had an exciting time trying to hold him. He came to see the city and was determined to take in the sights. However, he was incarcerated behind the big high counter until late in the afternoon, when his aunt arrived and took him to her home.

## Campaign in East Victoria

Mr. J. Lockart Gordon Says His Prospects are Most Encouraging

Mr. Lockhart Gordon, the independent candidate for East Victoria was in town on Tuesday arranging the preliminaries of his campaign. In speaking to our reporter last evening he said his prospects were most encouraging, as the people of the riding wished to be rid of the Sam Hughes political rule, and to have a representative who had the riding's interest at heart, and could do more than blow his own horn and had an eye only for his own personal interest.

Mr. Gordon had a very large meeting at Haliburton on Monday night, and he expects to get very strong support from that portion of the riding.

## Sluice is Cut in Lock Gate

And Very Little Water is Passing Over the Old Dam

Contractor Ritchie is lowering the water above the locks as fast as possible and has cut three big sluices in the gates which allow the water to rush through with tremendous force. The water is lowering fast, and this morning very little was going over the dam. As soon as the water goes down sufficiently a large number of men will be taken on and the work will be rushed as fast as possible.

## Peterborough's New Postmaster

For personal and family reasons Col. H. C. Rogers, postmaster of Peterboro, has tendered his resignation to take effect on December 1st. next, and his resignation has been accepted.

Mr. A. H. Stratton, who for many years has conducted a successful business in the city, has been appointed to fill the vacancy, his duties to commence on December 1st, next.

## Standard Raised for Matriculation

Subjects Remain Same, With Exception of Elementary Science

Important changes have been made in the requirements for junior matriculation, the most important of which are as follows:

That the subjects for junior matriculation in arts remain as at present, with the exception of science, which is to be that of the middle school instead of the elementary science at present described.

That English grammar and arithmetic are no longer to be required for junior matriculation.

In 1910 the pass standard will be forty per cent. of the marks assigned to a paper.

### AVERAGE TO BE RAISED

In 1911 the pass standard will be forty per cent. of the marks assigned to a paper, with an average of fifty per cent.; in 1912 the pass standard will be forty per cent. of the marks assigned to a paper, with an average of sixty per cent.—the standard for Normal school entrance.

In place of the present regulation with reference to the credit for one-half the subjects, the following regulation has been passed: "In 1910 a candidate who has failed to obtain pass standing in not more than three papers, may complete junior matriculation by passing in these papers at any subsequent examination. A candidate in 1911 or 1912 who has obtained the average of fifty per cent. or sixty per cent. respectively on all the papers (i. e., the complete junior matriculation), but has failed to obtain forty per cent. in one or two, or at most three of these papers, may complete junior matriculation by passing on the papers at any one subsequent examination."

SUPPLEMENTAL EXAMINATIONS. The department of education will be asked to take charge of the supplemental examinations, which the universities of the province have been holding in September, and to conduct the supplemental examinations for them under the same conditions and under the same conditions as in July.

## District Meeting Methodist Church

Ministers and Laymen in Session at Cambridge-st. Church

The meeting of the ministers and laymen in the Methodist church for Lindsay district opened Wednesday afternoon at 2.30 p. m. in the Methodist church. The ministerial session was held this afternoon, and the general meeting will commence at 10.30 on Thursday morning. There is a large number of ministers and laymen in attendance and the utmost interest is being taken in the proceedings.

The following clergymen were in attendance at the meeting this afternoon: Rev. J. P. Wilson, B. A., and Rev. J. R. Real, of Lindsay; Rev. Robert McCullough, Omeme; Rev. A. Webster, Haliburton; Rev. F. Woodges, of Stanhope; Rev. Chas. Meerings, of Gooderham; Rev. Thomas Brown, of Lindsay; Rev. Geo. D. McIntyre, of Bethel; Rev. Thomas Snowden, of Janetville; Rev. M. E. Wilson, B. A., of Dunsford; Rev. E. A. Tonkin, of Cambray; Rev. J. M. Cragg, B. A., of Fenelon Falls; Rev. H. W. Foley, of Bobcaygeon, and Rev. E. W. Roland, of Minden.

The business this afternoon was of a private nature, but the general meeting of both laymen and ministers will be held tomorrow morning. Dr. Clark and Mr. Sparling are the lay representatives from Cambridge-st. church.

## The Collegiate Field Day

On Monday evening an enthusiastic meeting of the pupils of the collegiate institute was held in 2B form for the purpose of discussing the question of an annual field day of sports.

Mr. E. Lloyd occupied the chair and in addressing the meeting stated that the teaching staff had discussed the proposition, and were perfectly willing to have the field day provided the boys took hold of the work.

It was then decided by the meeting to award medals for the senior and junior champions receiving the most points in the different events pulled off. The age limit was fixed at sixteen years for juniors and over that age for seniors.

The funds for the purchase of medals will be raised by the selling of entrance tickets to the sports. Badges, it is understood, will also be offered to the winners.

The following events were slated for the girls:

- 100 yards dash.
- Nail driving contest.
- Thread and needle race.
- The field day will in all probability be held on the same day as the cadet corps inspection.

### Laid to Rest

The funeral of the late John J. Coughlin took place on Wednesday from the residence of his father, Mr. Dennis Coughlin, of Ops township, at 8.30 o'clock, and was one of the largest seen in years. The cortege proceeded to St. Mary's church where requiem mass was chanted by Ven. Archdeacon Casey, after which interment took place in the Roman Catholic cemetery. The services at the grave were conducted by Rev. Father Kesley, and the pall bearers were three brothers of the deceased: Messrs. Dennis, Cornelius and Mi-

chael, his brothers-in-law, Frank Connolly and P. O'Connell and his uncle, Mr. M. Moriarty.

Imprisonment for life was not too severe a sentence for the kidnappers of Billy Whittle. It is useful that the sentence be sufficiently severe to act as a deterring influence upon others similarly inclined, and shorter sentences have grievously failed of that effect.

### LOCAL MARKETS

- Eggs, fresh per doz. 17c to 18c.

## The Utmost Value for Your Money

"QUALITY"

In the scramble for trade some dealers are prone to lose sight of the fact that **in-and-out, through - and - through goodness** is as necessary to building a successful business as to building a successful thing of any kind.

"Progress Brand" and "20th Century" Brand Clothing

make lasting friends for this store because the wearer gets a little more than he pays for.

We'd rather slight our profit than the quality of our clothing. We'd rather add one customer whom we've satisfied than two whom we've pacified.

We believe in **over-the-measure** value and we ought to, for that is what has made our business what it is.

Suits for Men and Young Men \$5.00 to \$25.00

In our line of Spring and Summer Clothes you will find a thoroughly progressive policy on the question of Quality and style coupled with a fixed purpose to give you the best clothing you can possibly get for the money.
