

Drain, Drain, Drain

Increase value of your land 40 per cent. to 50 per cent. by a thorough system of underdrainage. First cost of same returned in two or three years. Cement Tile, Machine made and Steam cured is what you need. Recommended by Prof. Day, O. A. C. Guelph. You can insure your land with Cement Tile against too much rain and also against too much drought.

VICTORIA ROAD

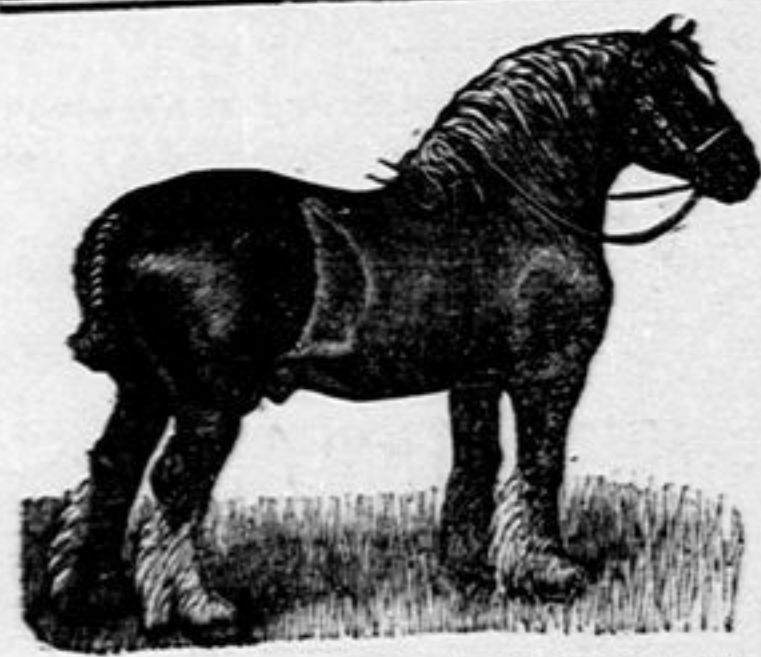

Victoria Road is doing fine. Business has not been as good since canal days. Every business man is doing well, the people patronizing the merchants and not only the natural business of Victoria Road but business coming in from other points.

Owing to the continued rains, the water is very high and in many places of low land not yet seeded, the leaves are coming forth with wonderful profusion. Today, the twenty fifth of May, the sun is shining, and the atmosphere very clear.

John Holland, of B.C., an old resident of fifty years ago, is amongst us visiting a few of the remaining pioneers of this district.

John went West a long time ago, and is away up on easy street, enjoying good health and diversified scenery of this altitude, which in many ways, is unique. Its gentle slopes and nice even ridges any way the eye looks interspersed with clumps of growing timber, and occasionally a stream and the branch of the Trent Valley Canal teeming with a variety of fish, some of the gamiest in the Kawartha waters. An instance, He, a very corpulent man, was sitting on the grass hook in the water, a pull, a pull in water, and a pull in land, then a series of pulls, the fleshy man laughing and holding onto his pole very merrily, repeating, "If you are a better man than I am, jerk away for I am going to stick to this grass you bet." Finally the line broke away and the disciple of Ike Walton looking waterward said: "I was the boss this time. That fish is a good one, but could not pull me off this grass thicket."

Everybody is pleased to see W.J. Chirpaw back home again after his long stay in the hospital. While away his many friends had many nice givings for many who undergo an operation for appendicitis never come

The Imported Clydesdale Stallion **SIR BEN**

Bred by Peter Algie, Old Mains, Renfrewshire, Scotland, present owner, Edward Costello, White House Farm, Downeyville.

Sir Ben, 5408, 12739, vol 14, sired by Sir Simon, 5406 (10465) he by Sir Everard, he by Top Gallant and Top Gallant by Darnley.

First dam Lily of Old Mains (7444) vol. 27, sire of dam Kyles of Bute, (7896) vol. 12. Second dam Nancy (3966) sired by Darnley (222) vol. 1. Third dam Jean by Scotsman (759) vol. 1. Fourth dam Lily by Prince Royal, (647) vol 1.

Sir Ben is a dappled brown with stripe on face and four white feet. He stands 17 hands and weighs about a ton.

Sir Ben is a great producer and it is claimed for him by people who are in a position to know, that he has left more high class colts than any stock horse of his time. His progeny are of good size and conformation, thus proving the great producing families from which this horse comes; the Darnleys and Sir Everards are counted amongst the first in Scotland.

Sir Ben will stand at his owner's stable all week except Friday afternoon and Saturday, when he will be at the King Edward hotel stables, Lindsay.

Owing to the less expense of not routing this stallion, I am enabled to reduce the fee to insure a foal \$10, thus giving my customers the benefit of the saving. All accidents to mares at owner's risk.

back alive. His many friends were pleased to hear good tidings from the hospital and are very pleased that he is recovering so well since his coming home, and will be better pleased when he will be out again rushing business as formerly.

The Cement plant is running full capacity day and night and cannot fill the orders coming in. The brand is unsurpassed, with plenty of material for two or three plants in the bottom of and around the shores of Raven Lake this district will some day be possibly a noted Portland Cement District. The stone crusher, about 1/2 mile west, is rushed and cannot supply the demand for its product.

Sir William MacKenzie has a large gang of men doing improvements and erecting a new dock at his Balsam lake property about 3 miles from here. It is said that thirty thousand dollars is an approximation to the estimate. With all these improvements and manufactures, is it any wonder our merchants are kept busy? Wealthy people from New York and other large cities are prospecting for lots near Balsam Lake for summer resorts.

The drawback and that has kept tourists away is the unsatisfactory railway facilities. We are looking for some relief. We are hoping for another road, we expect one, we feel it must come.

Miss McCordick spent the 24th with friends at Victoria Road.

Mr. and Mrs. Joe Brattamore have moved to Cobocook from Four Mile Lake.

Mr. John Brattamore and Miss Dottie Bell were married in the Roman Catholic Church on May 15th. Father O'Sullivan performed the ceremony. Miss Lizzie Liscombe performed the duties of bridesmaid and Mr. Henry Broom assisted the groom. The bride wore a white embroidered dress. On their return from the church, a reception was held at the home of Mr. and Mrs. Philip Liscombe, followed by a dance in the evening. The bride received many useful and valuable gifts.

Mrs. A.C. Ryckman, of Cobocook, is spending a week with relatives here prior to her departure for the west.

Mr. Jas. Laidlaw continues very poorly.

Mrs. Hamer and children spent the 24th with relatives in Toronto.

Rev. Mr. Hie went to Dalrymple on the 24th to assist his college chum, Rev. Mr. Walsh, with a church picnic there.

Mr. and Mrs. D. Wright spent the 24th with friends at Cannington.

Mr. Wm. J. Alton was in Lindsay one day recently.

Mr. J. Conlin has sold his farm and is having a sale next week before his removal from Victoria Road.

Miss McCordick, of Cobocook, at the 24th with Mrs. W.J. Alton.

We extend our congratulations to Rev. Mr. Hie, who successfully passed his exams this spring, taking an average mark of 68 per cent on all subjects.

Mr. and Mrs. F. Liscombe have moved into Cobocook.

Mr. and Mrs. A.C. Ryckman left for the west this week where Mr. Ryckman has accepted a good situation.

BABY'S OMN TABLETS A MOTHER'S STANDBY

Mrs. Wm. Kernaghan, Cartwright, Man., says: "I have always used Baby's Own Tablets and find them an excellent remedy for little ones." Thousands of other mothers say the same thing, simply because they have found the Tablets the best medicine to give their little ones to make teething easy; to expel worms; relieve constipation and to make baby plump, healthy and strong. The Tablets are sold by medicine dealers or by mail at 25c. a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. Wm. Swain left this evening via C.P.R. to visit friends in the city. Miss Margaret Hoadley has been placed in a position as book keeper with the Northern Electric Company Orillia, by the Lindsay Business College.

Lindsay Market Weekly Quotations

Liverpool, wheat Future Close Low er, Chicago Higher—Live Stock —Latest Quotations.

CHICAGO, May 28.—Increasing fear of crop damage, especially through the western half of Kansas and Nebraska made the wheat market 10-day develop a good deal of strength in the late trading after being weak and lower the first half of the session. There was an irregular finish, varying from 11-1/4c to 11-1/2c. Corn at the close ranged from 1-1/8c off to 3-8c up, oats down 1-4c to 1-2c, and provisions higher by a shade to 12-1/2c. The Liverpool market closed to-day on wheat 3/4d to 1d lower than yesterday, and on corn 1/4d to 1/4d lower. Wheat at Antwerp was unchanged.

KINMOUNT

A most severe electrical storm, accompanied by a down pour of rain, and hail, passed over this Village last Thursday night, but no damage is reported in the neighborhood.

Mr. Bert Hopkins has sold his residence to Mrs. Brandon, who moved into the village last Saturday.

The blacksmithing carried on by Mr. Sherman, near the bridge, has passed into the hands of Mr. Jos. Holbrook, who will look after all work left for him, and do it up in a workmanlike way.

The induction of the Rev. Mr. H. Walker into the Presbyterian charge of Kinmount, Rosedale and Cobocook will take place at Cobocook on June 4th.

Miss Leta Train visited in Peterboro for the holidays.

Mrs. and Miss Tompkins, of Bob. caydon, visited friends in the village during the week-end.

Mr. Tom, McEachern and Mr. Fred Mark, of the L.C.I., spent the holidays at their respective homes here.

Mr. Robert Graham, of Toronto, was home for the week-end. He returned to the city to-day.

Mrs. White and Mrs. Finch, of Haliburton, visited at Dr. White's, last week.

Mr. Fred Wilson, of London, Ont., paid his parents, Mr. and Mrs. James Wilson, a visit last week.

Miss Arksey, of Toronto is at present visiting her mother here.

Mr. Buth, who went to Gowganda, and north of it some time ago, is back once more in our midst.

Inspector Bröderick visited our school last Wednesday. He visited out east in Cavendish and also in No. 12 Somerville on Wednesday night where he met the Trustees. They are going to instal a ventilation system in the school, as a result of the visit, and it is much needed.

NOTICEABLE REVIVAL OF THE BICYCLE

There is said to be a noticeable revival of the bicycle throughout the country. The bicycle is striking illustration of the evil effects of too much boom. It seems only a few years ago since the streets and roads of town and country presented an unceasing stream of bicycle traffic. Then suddenly, mysteriously, and without apparent cause, the bicycle almost disappeared. Yet there is really more reason, apart from novelty, why the bicycle should be more popular today than ten years ago. People, despite the high cost of living, have probably more money to spend in both luxuries and necessities; a good wheel costs today only a fraction of what good wheels used to cost, and the average country road is in a much better condition for wheeling now than it ever was before. The wheel is as useful as it ever was, and there seems no reason apart from the wearing off of the
