### RUNAWAY TEAM DAMAGED AUTO

Mr. Jas. Isaac's Ford touring car was damaged slightly today as three o'clock by a team of horses running into the rear of the automobile.

The team drawing a light drag load of lumber ran away from another car on William-st. north, and threw the driver at Peel-st. Mr. Isaac's car was standing in front of Thomas' garage and the runaways ran directly into the back of the car, but separated before striking it. The drag however, hit it and damaged, the mud guards and rear lamp.

### GOVT. ENGINEER VISITS LINDSAY

#### Taking Soundings Etc Along Water Front

If Engineer E. G. O'Kelly's recommendations are accepted by the Department, and if an appropriation can be obtained from parliament, Lindsay will have one of the prettiest and best laid out town wharfs and basin in Canada.

Mr. O'Kelly, of Toronto, who is connected with the Canal Department arrived in Lindsay last night. In company with Messrs. J. D. Flavell and John Carew, he was immediately taken over the grounds, and made acquainted with what the town desired, and this morning, accompanied by Mayor Beal, Dr. Irvine, Chairman of the Board of Works, Mr. John Carew and Mr. J. D. Flavell, he again spent two or three hours going over the situation more fully and receiving further suggestions from the gentlemen named.

His plans will recommend that the Department of Railways and Canals take over the Lindsay town wharf. The town will readily deed them the wharfs as part of the Trent Valley Canal System, if the improvements recommended are carried out. These are that the present wooden structure be replaced by large modern concrete docks, extending from the Lindsay-st. bridge to the row of green launch boat houses, a distance of about three hundred feet, in a direction northwest. Two unpainted canoe boat houses on town property would be removed. The proposed dock would be built in three sections. One, fairly low, for small launches will be built at the north, next would be one a little higher for steamers at low water, and closest to the Lindsay-st. bridge a dock, highest of all, would be placed for use at high water when the lower docks are flooded in the spring. The highest dock would be about the height of the southerly half of the present timber wharfs. Conveniently placed on the dock would be a shelter for steamer passengers to wait in rainy weather.

The town on its part will do away with the unsafe wooden steps leading to the docks from Lindsay-st. and terrace the grounds where the steps now stand. In place of the steps, a

### FRENCH ELECTIONS FAVOR SOCIALISTS

(Special to The Post.)  
PARIS, May 12. — The Socialists were very successful yesterday on the second ballot for members of the Chamber of Deputies, 61 of them being elected. This gives them 101 seats in the new Chamber as compared with 69 in the old. The Callaux Radicals managed to hold their own, electing 74 members, which with 87 elected on the first ballot, gives the party 161, as compared with 156 in the old chamber.

The Temps, analyzing the position of the Deputies, according to their pre-election declarations, places 308 out of the 602 members as in favor of the three years military service, the others being designated as against such service or doubtful; 279 members for the income tax and 352 for proportional representation.

The Socialists' success in the elections appears to have been due to their well-defined program and their adequate organization. The Radicals and other groups had almost as many platforms as candidates.

The Briandists lost ground by lack of preparation and general slackness in campaigning.

### CARSON FORWARDS PERSONAL APPEAL

(Special to The Post.)  
LONDON, May 12. — In the Commons yesterday Premier Asquith announced that it had been decided not to take criminal proceedings over the recent Ulster gun-running, but certain other steps would be taken.

The Premier also said that whatever conversations were proceeding between the heads of the political parties were confidential at present. Fullest opportunity would subsequently be afforded the House for discussion.

**Carson Appeals to Voters.**  
LONDON, May 12. — Sir Edward Carson has sent a typewritten letter to every Grimby elector, appealing to them to support Ulstermen at today's polls.

T. P. O'Connor, speaking for the Liberal candidate, said there had been nothing like the Ulster movement since P. T. Barnum's days. There was not a Tory drawing-room in London where words of sedition had not been whispered into officers' ears.

**Acting Night Constable**  
Mr. Albert Woods, of Lindsay, will be sworn in today as acting night constable, to succeed Constable Short, Acting Chief of Police. "Bert" is a splendid type of Canadian manhood and should prove a terror to evil doers.

### NOTHING NEW IN MEXICO

#### Rumblings of Battle from Tampico

WASHINGTON, May 12. — While peace negotiations marked time pending formal sittings of the South American mediators to begin yesterday on Canadian soil, the mediators and officials of the State Department here yesterday were occupied with several serious phases of the Mexican situation demanding immediate attention. Secretary Bryan called in the afternoon and spent two hours in conference with the South American envoys, discussing the continued detention of John R. Silliman, American vice-consul at Saltillo, by Mexican Federalists; the reported seizure of Lobos Island with its lighthouse by American torpedo boats and the case of the five South Americans under arrest at Vera Cruz for firing upon United States sailors and marines.

Mr. Bryan insisted that the release of Silliman must be brought about at once. When asked about the matter later, he would not say what would happen if the vice-consul were kept in prison, but he was gravely emphatic in announcing the Government's determination that he be freed.

In announcing the Lobos Island incident the Secretary informed the mediators that so far the United States Government had received no official confirmation of the taking of the island and that in the absence of confirmation he could offer no official explanation of the reported action of the navy. In administration circles it is contended that if the seizure has been made, it was not an act of aggression against Huerta, but merely a necessary step to protect oil shipments against possible disaster as a result of the closing of the lighthouse by the Federalists.

While the representatives appointed by Gen. Huerta to confer with the mediators were preparing to leave Vera Cruz, the U. S. Government officially announced its representatives in mediation negotiations before the South American triumvirate at Niagara Falls, Ont., next Monday.

Justice Lamar, of the U. S. Supreme Court, and Fred. W. Lehman, former Solicitor General, were chosen by President Wilson as the American representatives. From Huerta are hastening forward Augustine Rodriguez, Emilio Rabasa and Luis Elguero. Ambassador De Gama, of Brazil, Minister Naon, of Argentina, and Minister Suarez, of Chile, the mediators, said night expressed satisfaction in the selection of the advisers for both Governments, and little further is expected in the preliminary peace negotiations until all have met in Canada.

Gen. Carranza and the Mexican rebels who seek Huerta's overthrow, will not be represented in the conference, according to the latest advices.

From Tampico, where Mexican Federalists and Constitutionals have been preparing for a sanguinary struggle, came rumblings of battle, while reports that Huerta's strength was waning in Mexico City, and that the bandit leader, Zapata, was about to attack the capital from the south, served to arouse diplomatic agents of foreign nations, lest their people in Mexico City might be in imminent danger of persecution or death.

The only sign of military activity in connection with the Mexican situation was the gathering of a dozen of the ranking officers of the army now in Washington in the office of Secretary Garrison on an hour's conference. Secretary Garrison explained that the purpose of the meeting was for enlightenment on the militia laws of the country.
