

LINDSAY, ONTARIO, FRIDAY, JUNE 2 1911

No. 22

ADVISES FROM WEST MOST SATISFACTORY REGARDING SYLVESTER MFG. COMPANY

The Post takes much pleasure in informing its readers that advice received from the west by the re-arrangement committee are most satisfactory, not only direct as regards the immediate order for drills but also as to the future great requirements of Western Canada in all farm implements, and most particularly seeding and harvesting machinery. This, of course, speaks for the Sylvester plant, a very bright future, and gives promise of large increasing profits to those identified with the company, as well as assures the repayment of any loans of credit by the town within developed. When one considers the time of the advance. The present development in the west is enormous, and requirements of farm machinery correspondingly great but today is as nothing compared with the possibilities in Manitoba, Saskatchewan and Alberta. Not only will this development be rapid, but it will be secure and firmly established. Careful study of conditions shows that the growth is logical—it is not the spasmodic settlement of isolated sections or of an untried territory in an untried way.

The settled sections have not been opened out as of a special province, the course of transportation as it has been grown logically, following

total tillable acreage, and then the relatively small proportion of cultivation of today, the plans of the implement dealers of that section looking to an annual requirement of twenty to thirty millions of dollars within a few years are not idle dreams.

It can be easily seen what this means to Lindsay as the manufacturing home of one of the most successful seeding machines, especially suited to the needs of the land. Established, as it is, at the beginning of this great development in the field, with a good name for successful work, it assures to Lindsay, a great future for the manufacturing plant, owned and controlled by our own people, it means that from the black mould of a thousand centuries on the western prairies shall come the golden grain of Alberta Red that coined into golden dollars will come pouring into Lindsay to make rich in money and happiness our people. It's up to us to bring about this result. The committee cannot do it alone. It requires the work of each and all the financial aid within their power. The Sylvester plant must remain in Lindsay. We and our children must share in this harvest of happiness and dollars from the golden west. Now together for the big PULL.

GENERAL JUAN J. NAVARRO Defender of Juarez, Mexico, who surrendered the city to the Insurrectos after a desperate resistance.

DEATH OF FORMER LINDSAY LADY

The Post is in receipt of the sad intelligence, announcing the death of Mrs. A.E. Herriman, wife of Dr. Herriman, of Chicago, which occurred at South Haven Ill., their summer home, after a short illness. The deceased was an old resident of Lindsay, and for many years, was an active figure in the social life of the town. She was possessed of many amiable qualities, which made her beloved, and esteemed by a wide circle of friends, who will regret to learn of her demise.

VALENTIA

(Special to The Post)

Mr. Albert Scott is improving his already commodious residence by erecting a wire fence by the road.

Mrs. Wm. Davey is visiting friends in Minden.

Mr. A. P. Mark is busily engaged erecting a new up-to-date house.

Mr. Less Jordan is remodeling his barn.

The trustees of our north ward school have ere an up-to-date flag pole, artistically decked in the national colors of red, white and blue.

Our young people are making great preparations for our anniversary, which is to be held on the second Sunday and Monday in June.

MOVING PICTURE LAW DELAYED

Telegram: Owing to the illness of Col. Hon. A. J. Matheson, the new provincial law, regulating moving picture films and machines will not go into effect until June 20. It was to come into force on Thursday, but the absence of the Provincial Treasurer made it necessary to have a postponement. The Board of Censors will be named, probably at the end of the week. Another law to come into force on June 1, is that taxing stock transfers. The illness of the Provincial Treasurer has also delayed, to some extent, the work of preparing the necessary schedules and the making of arrangements for the collection of the tax.

HAS DR. NESBITT TAKEN HIS LIFE?

Toronto News:—I am convinced that Dr. Beattie Nesbitt is dead. He is not the type of man to return a fugitive from justice. He was a university man, proud of the political influence that he once exercised; proud of his former membership in the Legislature confidence in himself and ambitious. I believe he has committed suicide and that he will never be heard of again on this earth.

This startling statement was made at the Junction cattle yards this morning by a former political colleague of Dr. Nesbitt's. He knew the supposed fugitive former president of the Farmers' Bank immediately and had a good insight into his character. His medical knowledge would suggest certain convenient means of suicide," he added, "I also know that since the night of his flight from Bala, with the police hot on his trail that no line of message has been received from him. Dr. Nesbitt is dead. That is my conviction.

ISLAY

(Special to The Post)

I wonder what has happened our former correspondent to The Post. Has he left our district and gone to a more southern clime, or is he still in our midst but too busily engaged in agricultural pursuits to find time to report the news of our burg? I will endeavor to give you a few items from time to time as we like to see our vicinity represented in the columns of your valuable paper.

Our genial blacksmith Mr. D. Tomie has been unable to attend to his duties for some weeks owing to rheumatism in his arm, but we are pleased to state it is now recovering, and his many friends hope that he will be able to resume work as usual.

The Islay branch of Women's Institute held their annual meeting at the home of Mrs. D. R. Spence, when the necessary business was transacted. The election of officers resulted as follows: President, Mrs. H. Boyd; 1st Vice-Pres. Mabel Currius; 2nd Vice-Pres. Mrs. D. R. Spence; Sec. Treas. Miss Lois Naylor, re-elected; Branch directors, Mrs. M. Moynes, Mrs. W. Webster and Miss Addie Elford. The June meeting meeting will be held at the home of Mrs. Marshal Moynes, on the second Wednesday. All the ladies are cordially invited to attend these meetings.

Mrs. Jessie McNabb of Ops, is spending a few days at the home of her mother.

Miss White of Cambary, was the guest of Miss Alma Cowieson on Sunday of last week.

Miss Lizzie Elford of Linden Valley, is visiting at the maternal home.

Victoria Day passed off very quietly in our burgh.

Several from this vicinity attended the concert at Glenarm on Friday evening last, given by the Ladies' Aid and report a pleasant time.

MR. LLOYD-GEORGE

Who eloquently reviewed the progress of the British Empire in a speech at the Imperial Conference.

BOLT HIT CHURCH AND STRIPPED HAT

Villa Nova, May 31—While the congregation of the Salem Methodist church at Nober were engaged in worship on Sunday afternoon, lightning struck and demolished the chimney and demolished the church, scattered the stove pipes through the building, stripped the linoleum from the floor, and finally gave a fine electrical display on the wire frame of a hat worn by one of the fair worshippers.

When the exhibition was over the covering of the millinery creation had been completely stripped from the hat, but the wearer was not hurt.

During the same storm the steeple of the Teetersville Methodist church was struck, and the large barns on the farm of Jas. Slight were destroyed with heavy loss. The electrical storm was very severe all through this part of the country of Norfolk.

LINDEN VALLEY

(Special to The Post)

Miss Reenie Callis of Toronto, spent the holiday at her home here.

Mr. Alex. Horn, of Lindsay, spent the 24th at his sister's, Mrs. J. T. Birchard.

Mr. Maurice Rogers spent the holiday in Cannington.

Miss Elsie Coad of Toronto, spent Thursday at her uncle's, Mr. Chas. Coad's.

Mrs. Richard Greenway of Toronto, spent Thursday with her sister, Mrs. J. Callis.

Mrs. Fannie Weldon of Lindsay, spent the week with her son, Mr. Geo. Weldon.

Mrs. J. McEwen of Woodville, spent the holiday with her parents, Mr. and Mrs. J. Jewell, who have been on the sick list for the past week. We are glad to hear that they are recovering.

Miss Barbara Dale and Mr. Fred Blair attended the friends quarterly meeting at New Market during the past week.

Mrs. Maria Brass of Oakwood, spent Sunday at Mrs. J. W. Hancock's.

Miss Etie Weldon of Lindsay, spent Sunday at Mr. Geo. Weldon's.

Mr. Albert Rhodes visited his home in Bexley recently.

Mr. Marshall Cruess visited at Cameron on Sunday.

Miss Allie and two brothers, Mr. Heber and Milton, visited at their uncle's, Mr. J. Emmeson recently.

Mr. and Mrs. Geo. Cruess of Lindsay spent Sunday at her brothers, Mr. Wil. Cruess.

MR. N. SMALE IMPRESSED WITH BRANDON THINKS CITY HAS A GREAT FUTURE

The Brandon Daily Sun contains the following interview with Mr. Newton Smale who is at present on a business trip to the west:—

"Among the visitors in the West on Monday was Newton Smale, assistant manager of the Victoria Loan and Savings Co. of Lindsay, Ont. Mr. Smale is one of the old timers of the Midland district of Ontario, and has been prominent in public affairs in that district for many years. This is his first visit to Brandon, and he is delighted with the general appearance of the city and the progress that has been made here.

"I know Eastern Canada pretty well," said Mr. Smale, "and I cannot recall one of the small cities in the East that has anything on Brandon. This city looks to me like an ideal residential place and so situated as to become one of the West's greatest business centres. It is quite evident that Brandon has been doing more than exploiting the East with faraway subdivisions. The very modern appearance of the city and the apparent stability of this place indicates that while other places have been selling their adjoining territory and building lots to Eastern widows, the territory adjacent to Brandon has been raising hard wheat and fine horses and cattle and building up here a commercial centre of very much more than ordinary importance.

It was intimated to Mr. Smale that statements had been made recently that Brandon was not known in the East like other Western points.

"That is true," said the Eastern visitor, "quite true; but I venture to say that there is not a place in Western Canada, that is as favorably known in the East as this little city. There are places that are better known because their outside property has been exploited all over the east, and while the holders of that property are hoping against hope to get their money out of it, they talk about those places more than they do about Brandon. The great majority of them however, are beginning to feel that they are bunched, and I can hardly believe that the publicity that towns get from disappointed investors is going to result in very great profit to these towns.

"Take it from me, the city of Brandon with its fine situation is bound to come into its own, for with its safe, conservative policy of city building this point impresses Eastern people as one of the best business locations in the West. It is felt that the policy pursued here is a policy in which the main view is for the future and adherence to such a policy cannot fail to build up here a large and prosperous business centre."

BUDGET OF NEWS FROM FENELON FALLS GLEANED BY OUR CORRESPONDENT

(Special to The Post.)

Miss Banks, of Toronto, is the guest of Mrs. Dr. Mason.

A wonderful trophy.

RATEPAYERS WANT MORE INFORMATION ON THE LOCAL POWER PROPOSITION

To the Editor of the Evening Post, Lindsay, Ont.

Dear Sir,—

The writer is one of many of our citizens who does not fully understand the power question, which is shortly to be placed before us for decision by vote, and would consider that the "Post" was doing a valuable service to some of its readers if it would ascertain whether our understanding of the power situation is correct.

The report of the Hydro-Electric Commission shows that the power plant, which we are recommended to purchase can be operated at an annual cost of \$28,623, and that the plant has given a maximum output of 910 h.p. It would appear, therefore, that after the purchase price will cost, laid down in Lindsay, about \$27 per h.p. per annum. The report shows that the plant can be further enlarged to give us more power at a lower unit cost than the original Hydro Electric Commission report on the Trent River showed the total power at Fenelon Falls to be about 700 h.p. and until this last report was published, no one ever thought that more than 1000 h.p. could be obtained from the rights of the Lindsay Light, Heat and Power Company. It is certain that the earlier reports were all wrong, and only the last one right, because if not it would appear that Lindsay, with \$27 h.p., will have a poor chance competing against Toronto buying power from the Commission at \$18 and with Peterboro and Trenton which are freely advertising power at \$15?

We should be glad to know whether our council has had this question investigated and with what results. It seems far from wise to commit us to the expenditure of a quarter of a million dollars on the sole opinion of one young Engineer.

We shall be glad if the Post will ascertain the facts for the benefit of its readers.

Yours very truly,
RATEPAYER.
