ment.

From Saturday's Post. Last evening a very pleasant event took place at the residence of Mr and Mrs. R. J. Menzies, Albert-st, Dundas anh Flavelle's store, some when almost the entire staff thirty in all, assembled to bid them farewell, before their departure for Saskatoon. The affair had been very quietly arranged, and Mr. Menzies was leaving the house when the surprise greeted him. After all had assembled, Miss Jessie McLean stepped forward, and read the follow-ing address, the presentation being made by Mr. E. C. Armstrong.

Mr. R. J. Menzies. Dear Mr. Menzies:

We. your fellow employees, of the firm of Dundas and Flavelle's, Ltd., have learned with regret of your intention to sever your connection as (n) of our number. For twenty years, through all their various changes you have worked s'de by side with us, and your happy joyous manner, and general disposition He 's survived by his wife and four has won for you a very warm spot in our hearts.

We regret your departure, but our best wishes go with you, and we know that in the great west where you intend making your future home, your untiring efforts. will win for you success of truest kind.

We ask you to accept this steamer trunk and suit case as a membrance of your old fellow employees of Dundas and Flavelle's,

Grow old along with us, The best is but to be,

Dr. F. Merchant Takes Important New Post,

COWLEY TO SUCCEED HIM

Several Educational Appointments Are Announced by Ontario Government-Chief Inspector of Schools Fills New Position and R. H.

Cowley and Dr. Waugh Moves Up to Fill the Vacanicies.

Toronto, June 1.-A number of important educational appointments were announced by Sir James Whitney yesterday. The first is the appointment of Dr. F. W. Merchant as director of industrial and technical education for the province. It is understood that the Government will, later on, allow Dr. Merchant to spend some months abroad, with a view to his acquiring such other knowledge as he may require in his new position. He will combine with this offic: the inspectorship of normal and model schools, a post which he at present occupies.

As chief inspector of public and separate schools, Dr. Merchant is succeeded by R. H. Cowley, M.A., at present continuation school inspector. The growth of continuation schools, which last year numbered 138, has necessitated the appointment of a second inspector, for which provision was made by the Legislature last session. The Government has appointed Dr. John Waugh of the Ottawa Normal School staff, and formerly inspector of Ontario County, to succeed Mr. Cowley, and the additional inspector is G. K. Mills, B.A., now pubic school inspector for North Simcoe. H. A. Dorrance, Orangeville, Dufferin County: F. M. Clement, Dutton, Ligin County; H. C. Duff, Markdale, Grey County; J. E Smith, Simcoe, Norfolk County; W. E. Edwards, Newmarket, York County; and E. S. Hopkins, Norwood, Peterboro County, have been named teachers of agriculture in high schools.

ADRIFT ON LAKE. Three Toronto Boys Spend Unhappy Time In Boat.

Toronto, June 1.-After being tossed to and fro in a little 14-foot dinghy on Lake Ontario, without food and with the sparsest of clothing, for one day and two cold nights, G. E. Macklem, aged 19, of 345 Indian road; Edward Fleury, 29 Brooklyn avenue, and W. G. Harvey of Roncesvalles avenue, were cast ashore yesterday morning near Grimsby. Signting a farm house they lost no time in securing a good country breakfast, and in 'phoning to Toronto relatives of their safe, but hardly timely landing on soil far from where they had set sail.

The unfortunate trio left Toronto Monday afternoon about 4.30, and sailing out the western gap followed the course taken by the wind. Little did they realize the peril they were in until their skill proved insufficient to steer their little craft against the stiff gale which had taken them far from city lights by the time the red glow in the western sky had vanished Helplessly they tossed all night on the waves, living in the hope that some steamer would pass their way. The light came, but no vessel appeared within hailing distance. The night again fell and with the warm TWO MEN KILLED.

M.C.R. Train Is Derailed Near Bridgetown.

Chatham, June 1.-Crushed and scalded to death beneath their engine, Engineer Stephen Quinlan and Fireman Russell Oakes met a terrible death yesterday morning when a passenger train of the M.C.R. was derailed east of Ridgetown. Passenger train No. 9, New York

to Chicago, in charge of Conductor George Marr, due in Ridgetown at 3.32 a.m., was running a few minutes late. The Ridgetown home signal was set "proceed." In an instant the locomotive, tender and four baggage cars were plunged into the ditten, with the engineer and fireman crushed beneath. None of the passengers were injured. Eight coaches remained on the track. few of the passengers being aroused

by the shock. At the distant signal the train came to a full stop, the trainmen state, owing to the board being displayed at "caution." Farther on the engineer found the Home protection signal displayed "proceed." Quinlan apparently had his train well under control, running not more than sixteen miles per hour, which accounts for the absence of shock or disaster to the passenger coaches.

St. Thomas, June 1.—"There is no question about it, it is, a case of train-wrecking," said Supt. Shearer | fails to creat the kind of a home esof the M.C.R. last night, when asked | sential to the wellbeing of both church as to his opinion of the cause of the | and state." wreck of the Chicago special. Mr. Shearer had been at the scene of the wreck all day, and made a thorough investigation into the whole affair. "The fishplates were taken off both ends of the rail and spikes pulled out and the rail removed and placed in the centre of the tracks, and, as far as we could see, its position had not been moved by the wrecking of the train," said Mr. Shearer. He lost no time in informing Crown Attorney Smith of Chatham and Inspector Rogers of the same place about the affair, and they responded by placing a provincial officer in charge of the case. M.C.R. Detective Heenan is also at work, but so far they have no clue to the identity of the perpetrators of the crime. The company will conduct no private investigation, but will assist the authorities in ferreting out the criminals.

WILL REFUSE CHANGES.

Democrats Will Not Accept Amendments to Reciprocity.

Washington, D.C., June 1.-Democratic leaders of the House of Representatives have notified President Taft they will not accept the proposed Senate amendments to the Canadian reciprocity agreement. The Democrats informed the President they will stand by the reciprocity proposition, as it was negotiated, and it was adopted by the House.

This action on the part of the House ieaders means there will be a deadlock between the upper and lower branches of Congress, and that the extraordinary session will be prolonged until late in the fall In the event the reciprocity measure being amended by the Senate, it will be neessary to send it to a conference committee. The House members of the conference will be men who stand out against the Senate amendment indefinitely, or until the upper branch of Congress is forced to yield.

A canvass of the House has developed that the regular Republicans who voted for the reciprocity measure will support the Democrats in their efforts to force the adoption of the reciprocity proposition as negotiated, thus obviating any amendment on the part of the Canadian Parliament. President Taft, who is beginning to realize the obstacles in the way of his pet scheme, is hopeful that the attitude of the House Democrats will have great influence in winning his contest against the Senate amendment.

BANK ATTACKED.

Clerks Exchange Fusilade of Shots With Robbers.

Danville, Que., June 1 .- A daring attempt to rob the Danville branch of the Eastern Townships Bank was made at an early hour yesterday morning by three masked men, who are believed to be part of a gang of yeggmen. who crossed the line from the United States some weeks ago. Shouly be-fore three cities two of the bank cierks, Thorbe and Greenshields, who were sleeping on the premises, were awakened by the sound of breaking glass. On examination of the front entrance of the bank, the two clerks saw three men, closely masked, attempting to gain an entrance into the

Screening themselves behind the desks, Thorbe and Greenshields opened fire on the intruders with their automatic revolvers and for a time there was a fusilade of shots exchanged, the burglars returning the fire with alacrity as they retreated from the building. The sound of the shooting soon aroused the residents of the neighborhood, but by the time any appeared on the scene the yegemen had decamped in the direction of Richmond, leaving no trace of their

Chief McCaskill of the provincial detective department, was notified of the attempt early yesterday morning and despatched one of his men to Danville on an early train to work in conjunction with the local authorities in the attempt to trace the gang.

Acting on information recently communicated to him by Chief McCaskill, J. P. Knight, of the Canadian Bankers' Association, had warned bank managers throughout the province that a well-organized gang of safebreakers was believed to be making for this part of the country and advised unusual vigilance in the safeguarding of branch banks at night. The advice of Mr. Knight was followed by the manager of the Eastern Townships at Danville, and two clerks were detailed to sleep on the premises. The unsuccessful attempt of yesterday morning shows the wisdom of the step.
