ADVERTISE IN THE POST

**PLEURO-PNEUMONIA AND BRONCHITIS**

Brought Mrs. Baker to Death's Door. Father Morrissey's No. 10 Saved Her.

Of the many hundreds of cures wrought by Father Morrissey's No. 10 (Lung Tonic) few are more remarkable than the saving of the life of Mrs. John S. Baker, of 164 Rockland Road (North End), St. John, N.B. She wrote on Oct. 16, 1909:

"I wish to express my gratitude that I am living today, saved from the grave by Father Morrissey's No. 10 (Lung Tonic). This time last year I had pleuro-pneumonia and bronchitis, and had been given up to die, and had my lungs tapped in the City Hospital, and never expected to walk again; I was continually getting worse every day. I came home from the hospital, and everyone was watching for me to die. I tried everything but there seemed to be no cure for me. I began taking Father Morrissey's No. 10, and the second day I could eat without pain. I used 22 bottles of No. 10, as I was run down right into consumption, and for six months was just a shadow until I began to use it, and now I am in good health, and surprised most of my neighbors by gaining so quickly. I feel it my duty to publish it everywhere I can, as with all I can say I cannot recommend it too highly—it was a life saver to me, and I am very thankful to recommend it, as it is worth all it is said."

Father Morrissey's No. 10 is very different from the many preparations that simply relieve a cough. No. 10 relieves the cause of the cough, restores the membranes of throat and lungs to a healthy condition, and tones up the whole system, giving strength to resist future attacks.  
 Trial bottle 25c.—regular size 50c.

**JOHN J. BELL ENDS HIS LIFE**

A distressing fatality occurred last evening on St. Patrick-st., East Ward, when Mr. Joseph Bell in an attack of temporary insanity, ended his life with a revolver.

The deceased, who was employed with the Sylvester Mfg. Co., laid off work yesterday at noon and committed the rash act about six o'clock in the evening. The unfortunate man has had several attacks of insanity and several times threatened to end his career. The sympathy of the community is extended to his wife and little child and other relatives.

The funeral will take place on Friday afternoon at half past two from his late residence to Riverside cemetery.

**PICTURE THEATRES ESCAPE HIGH LICENSE**

Moving picture theatre proprietors are going to escape with a yearly license fee of fifty dollars instead of one hundred dollars as at first proposed. An order to this effect has been passed, and alterations must now be made in the printed regulations being issued.

The license fee last year was \$25, and in drawing up the regulations this year, it was proposed to advance the fee to one hundred dollars for the year, and to make an operators' fee \$5. The order in council therefore lets the proprietors down, with an advance of \$25. The operators, instead of having to pay \$5 now secure a license upon the payment of one dollar. This amount is payable, no matter when the license is taken out, but the proprietor pays only for the proportion of the license year remaining, when he starts operations.

The order in Council also provides that the censoring of films will not be commenced until July 1st.

**TROOPS INSPECTED**

Quebec, June 1.—On the historic Plains of Abraham yesterday afternoon, the entire contingent designated to represent Canada at the coronation of King George, with the exception of the detachment of the North-West Mounted Police, who have already sailed, were inspected. The troops, including both mounted and dismounted divisions, made a fine showing, and large crowds of people assembled to witness the parade through the streets.

The troops arrived from the camp at St. Joseph de Levis in the morning and assembled on the terrace whence they marched out to the plains. They were minutely inspected by Adj. General; Lieutenant Colonel H. McLean, commander of the contingent, and other officers.

After the parade the men marched back to the ferry where they re-embarked for the camp. We go on board the steamer, Empress of Ireland on Friday.

**Electric Restorer for Men**  
 Phosphonal restores every nerve in the body to its proper tension; restores vim and vitality; cures all mental and sexual weakness averted at once. Phosphonal will make you a new man. Price \$2 a box, or two for \$4. Mailed to any address. The Scottell Drug Co., St. Catharines, Ont.  
 For sale at Higinbotham's store.

**LONDON IS PREPARING FOR CORONATION DECORATIONS BEING RUSHED FORWARD**

London, June 5.—The usual dignity and stateliness of the British capital's public buildings, principal parks and streets, are being sacrificed to the demands of coronation visitors and sightseers. The whole neighborhood of Westminster, including the yards of Westminster Abbey and the Parliament Buildings, is covered with huge unsightly wooden stands, most of the way from Trafalgar Square to the Abbey. The chief Government offices are almost hidden in the same unattractive fashion. St. James' Park, near Buckingham Palace, is similarly covered, as well as the principal streets through which the procession will pass.

Even the church yards present a double row of stands, and the houses and clubs on St. James street, Piccadilly, are fronted with stands. The big Rothschild House, near the entrance to Hyde Park, is half concealed by a wooden structure, and Hyde Park is being transformed into a camp for the troops. The southwestern section, opposite the fashionable quarter, is already filled with tents and horses. A complete corridor of barriers with gates has been built on all streets leading to the line of parade, so that the police may prevent too great crowds from assembling and encroaching on that territory. Military contingents from distant colonies have begun to arrive. The many uniforms and the picturesque costume of Indian potentates are already giving the town a festive appearance.

Carpenters and decorators will have no holidays these days, since an immense amount of work remains unfinished for the coronation. The columns surmounted with angels and griffins in Whitehall are more effective than decorations at any previous coronation, and masts with gilt crowns, evergreen garlands and red caps seen in Piccadilly, St. James street, the Strand and other thoroughfares already offer promise of an artistic spectacle. The masts and columns are linked together by wire cables, with electric globes, and will supply a basis for the best scheme of illumination ever seen in London.

New Zealand's and other archways, are nearly finished, but the paperies will be kept back until coronation week. In Westminster the decorations are costing \$13,000 a mile, or more than \$4 a yard, and will include ten thousand lamps in that distance.

Rehearsals of the coronation music have already begun in the church house. The principal novelties are a hymn, "Rejoice in the Lord," by Sir Frederick Bridge, with a refrain from the Lutheran "Ein Feste Burg." At the end of the festival a "Te Deum," composed by Sir Hubert Parry, and an offertory anthem by Sir Edward Elgar, will be heard. These works have been tried at rehearsal, and Handel's "Zadok, the Priest" has been sung with orchestral accompaniment.

The master of the horse has ordered trials of the royal carriages during next week. The first general rehearsal of the principal tableaux in the Abbey will take place before another Saturday, with dummies in place of the King and Queen.

The Abbey is still filled with carpenters and litter, but the work remaining unfinished is chiefly concerned with decoration.

**COUNTY POLICE COURT AT BOBCAYGEON**

Bobcaygeon, Independent: County Magistrate F. D. Morrow, held a court at the town hall on Monday and John Quigley who had a bit of a difference with John Alcock, was fined \$5 and costs. Messrs D. Morrow, and Syler Lambert were also before the court, being mixed up in an affair with Constable McMullen. The mix up arose out of a joke. Dan Morrow drew some goods from the station on the evening in question, and shortly after Mr. N. Tully, who was on the swing bridge as, told Morrow in a joke, that McMullen had half a notion to pull him for drawing booze. Before he could stop him, Morrow flew over to the fire hall, and asked McMullen what he meant, words ensued, and a scrap, in which Lambert got involved. Mr. L. V. O'Connor, of Lindsay, appeared for Morrow and Lambert, and endeavored to show that the whole affair was a misunderstanding. The magistrate, however, held that it was a serious matter to assault or interfere in any way with a constable, and the administrative of the law must be upheld. He would have to impose a fine of \$2 and costs on Morrow, and \$10 and costs on Lambert. Much evidence was taken, and the case took a considerable time.

Recruiting Sergeant:—"Do you know anything about drill?"  
 Recruit:—"Ay course. Didn't I just tell you I worked in a quarry three five years past?"

**TWO HAMILTON ITALIANS DROWNED**

Hamilton, June 5.—Frank Corena, aged 22 and Rafaelo, two Italians, were drowned in the bay at the mouth of the Des Jardines Canal here about 3.30 yesterday afternoon. The drowning occurred about 100 feet from shore in water about six feet deep. In company with three other Italians, named Fred. Ballassari, Gabriel Virgilio and Rafael Worgante, the two men who lost their lives, were rowing in the bay, when they attempted to change seats and overturned the boat, throwing all the occupants into the water. None of the men except Ballassari could swim, but Virgilio and Worgante clung to the overturned boat for a few minutes until assistance reached them from shore. The two drowned men were unable to get hold of the boat and sank before the men on shore could get to them. Immediately after the accident the police were notified and Patrol Sergt. Cruickshanks and Constables James Clark and Mountain were despatched to the scene. Search for the bodies was begun, and about six o'clock the body of Corena was brought to the surface and taken to the city morgue in the patrol wagon. Dragging for the other body was continued until dark, without success.

**FATHER GAVE HIS LIFE FOR CHILDREN**

Windsor, June 5.—William Parsons, aged 39, a machinist employed in Detroit and whose home is at Fletcher, Ont., was carried into St. Mary's Hospital Saturday, his spine fractured, both legs broken and his body a mass of bruises, as a result of his heroic attempt to prevent a team of frightened horses from dashing into a crowd of children who were watching a circus procession for North York. After he was placed on the operating table, having literally given up his life to save the children, among the group being two of his own.

The accident occurred in Detroit on Jefferson avenue, near Beaufait, while both sides of the street were lined with children. The whistle of the steam calliope caused a team of horses, attached to a heavy truck, to take fright, and the driver was unable to control them. The animals made a wild dash straight for the group of little ones. Parsons happened to be standing nearby, and without hesitation he ran into the maddened horses, but was forced to loosen his hold and fell to the pavement. The forward wheel of the truck passed over his head and his body across his back, breaking his spine. The runaway team was caught before doing any damage.

**CORONATION FASHIONS**

Never has a year been so much open to criticism from the fashion point of view as the present one. The opening season witnessed the arrival of the notorious harem skirt, which as quickly passed out of fashion as it came in. Later on a broad staring black and white striped material was put on the market to be worn with a very short black coat over it. Early in the year the battle of the roses and sweet pea was hotly waged, resulting in a victory for neither and the ultimate triumph of the coronation owing to the Queen's selection of that flower. The tight skirt of last year has been out-rivalled by an even narrower garment which will make progress of women almost an impossibility. Although we are said to have passed the days when extremes in fashions met with ridicule from the sterner sex were a common occurrence, it is to be feared that we are still swayed by every breeze that blows from the fashion centres abroad. Colors have never been more vivid or sparkling; it is no uncommon thing to see a scarlet hat with its crown covered with flowers of royal blue, and in the front an ostrich plume of red, white and blue appears as an indication of what will be worn during June. All these things go to show the great change that has come over the fashion world in England, and if it continues we will have equalled Paris if not outdone it very much in this blending of artistic colors and designs.—Weekly Telegraph.

**Cobwebs in the Morning.**

Cobwebs in the head on rising in the morning is the result of a Lazy Liver, one or two mornings in succession and sick headache follows.  
 Father Morrissey's Liver Pills will clear the Brain.  
 These Pills are a purely vegetable compound prepared with great care, and are without doubt the very best pills for general use, on the market. The greatest care has been given to selecting the ingredients, being entirely vegetable, they act upon the liver and bowels in such a manner as not to disturb the other functions of the body as many pills do.  
 As a Liver Invigorator, Blood Purifier and General System Renovator, they are unequalled. Sick headache is invariably brought on by a sluggish liver, constipation or irregular bowels; these pills are a cure for sick headache in any form.  
 Pimples, eruptions and yellow skin are often caused by a lazy liver; one pill three times a week, will soon clear the complexion.—Price 25c per box.

**The Implement OF THE NATION**

**A NECESSITY TO ALL CLASSES.**  
 To the Farmer, in his Business and Home Life.

 meets every requirement.

430 Subscribers connected with the LINDSAY EXCHANGE. Rural Service throughout the district. Rates to meet the requirements of all.

**LONG DISTANCE EVERYWHERE.**  
 For full particulars consult the Local Manager.

**The Bell Telephone Company of Canada.**

**HON. MR. AYLESWORTH MAKES SPEECH WILL RUN IN CASE OF SUMMER ELECTION**

Newmarket, June 5.—If there is a general election this fall Sir Alan Aylesworth will probably be the Liberal candidate for North York. If Parliament runs its course he will carry out his intention to retire. That seems to be the situation in this riding after the nominations on Saturday, when the Minister of Justice was named as candidate with T. C. Robinette, K.C., as alternative. The Town Hall was very well filled and there was an abundance of enthusiasm among the Liberal cohorts. While reciprocity was admittedly the great question before the country yesterday and was discussed by Mr. Robinette and A. H. Clarke of South Essex, references to it were incidental to Sir Alan's aximadversions of the tactics of the Conservative party in the House of Commons. The Government would not dissolve Parliament unless the opposition forced them to that extremity. Mr. Borden was not so much to blame, "it rests upon the wild men, some uncontrolled and uncontrollable men who sit about him."  
 Sir Alan declared himself in favor of applying the gag.  
 "The Government has no intention of bringing on an election at the present time," he stated. "That is not going to happen, you may take it as coming from me, unless the public business of this country is deliberately obstructed so that it cannot be carried on by the men you send to Ottawa to do your work."  
 "If His Majesty's loyal Opposition wants an election, they can have it; they know how to get it."  
 "Bring on your election if you like, and we shan't turn our backs to them."  
 "We are perfectly prepared to meet them on this question of reciprocity—yes, and to beat them." (Loud applause.)  
 "The situation does not rest with Mr. Borden. It rests with the wild men, some uncontrolled and uncontrollable men who sit about him, who have hopes of safe constituencies for themselves, who play the act of Samson and pull the house down about their ears."  
 When the nomination was called Eugene Cane, Newmarket, offered the name of the Minister of Justice with the provision added that in the event of Sir Alan not being able to contest the election, T. C. Robinette, K.C., should be the Liberal standard-bearer without a further convention. John McCabe King, seconded the motion, which was received with cheers and long applause.

**SOME USEFUL HINTS**

A solution of salts of lemon applied with a camel-hair brush will remove marking-ink from linen.  
 Linoleum may be kept bright by using sweet milk and water to wash it; it is also a preservative.  
 A little cold tea used occasionally to window plants, helps to keep the soil rich and free from worms.  
 To clean baths and bed-room ware rub with dry salt on a piece of coarse flannel. This does not injure the ware.  
 Starch made with soapy water prevents the iron from sticking and imparts a glossy surface to shirt-fronts, cuffs, etc.  
 To keep windows bright in summer time, they should be well cleaned and rubbed with pure glycerine. Polish lightly with a clean dry cloth.  
 If tea or fruit stains are spilled upon table-linen, cover at once with common salt, which will absorb it; when washed the stains will be entirely gone.  
 Turpentine is excellent for getting rid of beetles. Sprinkle about plentifully, they will then soon disappear; moths and other insects also have a hatred of it.  
 Curtains that have become yellow and dingy, can be restored by boiling for half an hour in strong soap-suds, which is half skim milk and half water, then wash in the usual way.  
 Deliberately Shot at Greeks.  
 Woburn, Mass., June 3.—Deliberately firing at three Greek brothers, Louis Vincenzo, an Italian, shot and killed Thomas Calazas, probably fatally wounded John Calazas and wounded slightly Charles Calazas on the farm of Ellis H. Marshall here yesterday. Vincenzo ran into the nearby woods before the astonished laborers who had witnessed the tragedy, realized what had taken place. The police officials, however, were notified within a short time and last night the woods of Woburn, Winchester and Arlington were scoured by a posse.  
 Fifteen farm hands were resting in one of the farm buildings during the noon hour. Thomas Calazas was taking a nap when, without warning, Vincenzo is said to have drawn a revolver and started firing. Anger because the Greeks were employed instead of Italians is given as the cause of Vincenzo's attack.

**FOUR MONTHS IN CENTRAL PRISON**

Ignored Protest of Typos.  
 Toronto, June 2.—The Trades and Labor Council held their regular meeting at the Labor Temple last night and discussed many matters, although little action of any kind was taken. The report of the legislation committee declared that the Government inspectors had disregarded the Typographical Union's letter protesting against poor lead gas protectors in some local printing houses. One of the members had heard that one of the Government inspectors had asked: "What fool wrote that letter?"  
 Seized Two Miles of Nets.  
 Brockville, June 3.—Fish and Game Overseer George Toner has shipped to the sectional headquarters in Belleville 29 sets of 20-rod gill nets and one set of hop nets, the fruit of the seizures from illegal fishermen on the St. Lawrence for the month of May. These would aggregate in length almost two miles.  
 Delegate to Stockholm.  
 Listowel, June 2.—Dr. Pearl Sproull, a young lady from this town, who went to London, England, to take a special course, has been named as a delegate of the Women's Societies to the International Congress of Women, which meets at Stockholm, Sweden, on June 16.

**Children Cry FOR FLETCHER'S CASTORIA**
