Defend Shrubs, Trees and Plants

They all have their enemies - enemies that will spoil their beauty even if they do not accomplish their complete destruction. There's a defence against each of these enemies. Slugs, lice, midew, rose bugs, caterpillars, potato bugs, tobacco worms, currant worms, etc., all require different treatment. We have the right insecticide for each and can tell you how to use them all for best results.

IS GREEN ARSENATE OF LEAD and everything else for protecting your vegetation. Let us tell you about them. Look after this matter at once, before it's too late.
