

CURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N. S., writes: "For many years I have been troubled with chronic Constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the one ailment that caused so much trouble, yet at last I read about these Indian Root Pills.

That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial. They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."

For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c. a box.

WOMEN DO NOT WANT THE BALLOT

PAPER READ BY MISS WIGGINS AT W. C. T. U.

In the Evening Post, of May 31st under the heading of Votes for the Women, Hon. I. B. Lucas, minister without portfolio in the Ontario Cabinet says:

Though I am not in sympathy with the militant tactics of the suffragettes on the other side of the ocean, I am not in favor of granting the franchise to women, and when a reasonable number of women show that they want to vote, no government can afford to refuse it to them.

And it is often said that when the majority of women want the ballot, they will get it.

Now, every improvement in the condition of women thus far has been secured, not by a general demand from the majority of women, but by the arguments, entreaties, and continual coming of a faithful girl sister few.

And in each case, the advocates of progress, have had to contend, not only with the ridicule of men, but with the indifference of women, and often with active opposition from some of them.

There was a time when a married woman could not make a will and her wages belonged to her husband, and a married woman had no right to her own property.

When such women as Miss Anthony and Lucy Stone began to try to secure for married women these rights, they were met with these statements, that they had all the rights they wanted, and "Do you think I would give myself, where I would not give my property?" So indifferent were the average men and women to this injustice that it was years before married women obtained property rights.

When the agitation for the higher education of women began the majority of citizens treated it with indifference and ridicule. They seriously believed that a college education for women would take away her desire to be a good wife and mother. When at last, the Oxford examinations were thrown open to women, the dean of Chester, went and preached a sermon against it. He said, "By the sex at large, certainly, the new curriculum, is not

asked for, but way go further in citing these cases? They all merely show that human nature is fully as conservative in women, as in men. The persons who take a very strong interest in any reform are generally few, among men or women, and they are habitually regarded with disfavor by most of those whom the proposed reform is to benefit. It is said women do not desire what is called their emancipation. Mrs. Taylor says "Custom hardens human beings to any kind of degradation, and submission is inculcated on women from childhood, as the peculiar attraction, and grace of their character. "It is a simple historical fact, that the majority of women have never rebelled, no matter how unfair the conditions in which they have been placed.

Many changes for the better have been made during the last half century in the laws written and unwritten relating to women. Everybody approves of these changes now because they have become accomplished facts. But not one of them, would have been made to this day if it had been necessary to wait until the majority of women asked for it. The change now under discussion—votes for women—is to be judged on its merits. Women have a vote in every other corporation, in which they are shareholders. G. W. Curtis said: A woman may vote as a stockholder upon a railroad from one end of the country to the other, but if she sells her stock, and buys a house with the money, she has no voice in the laying out of the road before her door, which her house is taxed to keep and pay for." And to ask that the franchise be given to women on the same terms and conditions as it is given to men, is not asking too much, as it is in harmony with every instinct of true liberty and every principle of a country. In the light of history the indifference of most women and the opposition of a few must be taken as a matter of course.

It has no more rational significance now, than it has had in regard to each previous step of women's progress.

WHAT IS SO RARE AS A DAY IN JUNE?

We are Giving Extra Special Bargains for the Rare June Days.

DRESS GOODS AND WASH FABRICS

Tokio Wash Silks

These are Figured, 27 inches wide; extra new for cool Summer Dresses; colors of Coronation Blue, Shell Pink, Pale Blue, Cream, Navy, Pale Green, Tan, Brown and Black; regular 50c. Sale price..... 35c yard

Lindsay Marble Works

Cambridge-st. North of Fire Hall For all kinds of Granite and Marble Monuments. Get prices and see designs.

P. CHAMBERS, Prop.

BEAVERTON AS A DRY TOWN

Woodville Advocate—The first month of Beaverton's experience of local option has passed and the Express man in taking a stroll among the village business men, incidentally took occasion to ask the result of the by-law upon their respective businesses for the month.

May is seldom a good business month in this section, spring work is in full swing, everyone is busy and business is usually dull. This year the season has been unusually rapid, necessitating a still closer application to home duties, but with all our merchants report generally a better May than for several previous years with only two exceptions.

To the public, however, the result has been markedly an improvement—the town is clean. There are now none of the loafing half drunken men sauntering about the streets. None of the oaths and ribaldry, which was common at nights from the same drunken source. This is gone, and while we do not desire to be understood to say that drunkenness has completely disappeared, great care is now taken that it does not flaunt itself in the public streets as heretofore. All this is most satisfactory, and in every sense worth the effort that has been made to obtain it.

One feature of the month which has not been so flattering to at least some of our citizens, is the persistent effort to impress the public with a belief that public convenience is absolutely wanting in Beaverton, and indeed in some cases, travellers have been advised by citizens of this town against coming here. What they could expect from this course is difficult to see. The by-law is in force, and will remain so for at least three years. An old Scotch proverb says, "Tis a dour burn that fouls its ain nest."

FIFTEEN MILLION ROSES

The rose gardens at the White City, Shepherd's Bush, this year, will, it is claimed, be the finest in the world. Messrs. Paul are laying them out on an elaborate plan. One design represents a coronet with a white crown, salmon pink and scarlet base, and centres of a brilliant orange scarlet. Large stars will be made of the scarlet American rose "Richmond," and some trees of "Juliet" roses, fiery scarlet and yellow, gloriously scented, have been planted. It is estimated that the rose gardens will show at least fifteen million blooms.

Starved Nerves

The Cause of Neuralgia—It Must be Treated Through the Blood

Neuralgia is a cry of the nerves for more and better blood. It literally means that the nerves are being starved. Like every part of the body the nerves receive their nourishment through the blood. There is therefore no doubt that Dr. Williams' Pink Pills will cure the worst cases of neuralgia. They actually make new, rich, blood carrying to the starved nerves the elements they need, thus driving away the sharp torturing pains which nearly drives the sufferer wild. So many cases of neuralgia have yielded to treatment through Dr. Williams' Pink Pills that every sufferer from this dreaded trouble should lose no time in giving the pills a fair trial. Mrs. Sophia H. Johnson, Mozan, Sas says:

"For upwards of ten years I was a periodical sufferer from neuralgia. It located in the side of my face and in the jaw, which would actually click every time I opened or closed my mouth. At times the pains would be almost unendurable, and as time went on, my whole nerve system seemed to be effected I was constantly doctoring but the doctor did not seem to be able to give me permanent relief, and at last I decided to try Dr. Williams' Pink Pills. I got a half dozen boxes and before they were half gone I felt much better, and by the time I had used them all every symptom of the trouble had gone and I was enjoying a comfort I had not known for years. I have since remained in the best of health and can only say I owe the joy of living without pain to Dr. Williams' Pink Pills.

Sold by all medicine dealers or by mail at 50c. a box or six boxes for 2.50 from the Dr. Williams Medicine Co. Brockville, Ont.

TORONTO LACROSSE PLANS

Eddie Powers, defence fielder for the Torontos, has turned down an offer to go West to play lacrosse this summer. Powers may be captain of the Torontos this year. Very few changes will be made in the Toronto line up, the management evidently figuring they have the material. If the boys will only get out and work. Holmes, the goalkeeper for Parkdale Hockey Club, is the most likely man to guard the nets in place of Atton.

MEANT DEATH FOR THE TRESPASSERS

General Superintendent Osborne, of the C.P.R. divisions from Smith's Falls to London, Toronto and Hamilton, and northern divisions, sent out today a circular to all officials, train men and track men. The circular contains the following special clause: "Government statistics having shown that 75 per cent of the people killed in Canada during the past year were trespassers, you are hereby instructed that trespassing on the company's right-of-way must not be allowed, even though it may be necessary to evict the aid of the law in suppressing it."

WHAT THE MINISTER SAID

Did Not Improve Matters for Calhoun Clay

A story has been told of a colored minister who, while holding a meeting in a chapel, became wrought up to such a high pitch of excitement that he cried out, "I see befo' me ten chicken-thieves, includin' Calhoun Clay!" Instantly Calhoun Clay rose and left the church. He was very angry. The next day he brought powerful influence to bear upon the minister, who promised to apologize. So, at the meeting in the chapel the next evening the old minister said, "I desire to retract mah last night's remark when I said I see befo' me ten chicken-thieves, includin' Calhoun Clay. What I should have said, dear brethren and sistern, was—I see befo' me nine chicken-thieves, not includin' Calhoun Clay!"

Congregational Union.

Kingston, June 13.—The Congregational Union closed its sessions last night. An invitation received from Zion Church, Montreal, for the next meeting place, was accepted. Rev. H. I. Horsey of Ottawa, who spoke on the ministry and social and moral reform, expressed great regret that Parliament had re-sanctioned professional gambling on racetracks, and that the law did not prohibit the sending and reporting of racing information.

Popular Elections of U. S. Senators.

Washington, June 13.—The Senate, by 64 to 24, passed the resolution amending the constitution to provide for election of Senators by direct popular vote. The Bristow amendment, giving to the Federal Government supervision of such elections, was adopted 46 to 44, the vice-president casting the deciding ballot. The House has already passed the resolution.

STORM VISITED MANY CENTRES

(Special to the Post.)

Philadelphia, Pa., June 13.—Three persons were killed, several seriously injured, wires were prostrated, trees uprooted and buildings damaged by an electrical storm which visited this city and vicinity last night. The wind attained a velocity of 42 miles an hour.

At Allentown, Pa., the cyclonic wind prostrated live wires which fell on a house on Union street. The building was a frame one with corrugated iron lining. As David S. H. Gackenbach, aged 30 years, and Hannibal J. Dotterer, aged 24 years, were leaving the building, they came in contact with the metal and were instantly killed. John Wagner, aged 40 years, was killed in going to the rescue of the men. Miss Carrie Allender was badly shocked.

Killed by Thunderbolt.

Cortland, N.Y., June 13.—James M. Davis, a stock dealer of North Pitcher, was killed by a thunderbolt while riding yesterday afternoon in a carriage near Cincinnati.

Lightning Played Pranks.

Kingston, June 13.—A severe electrical storm passed over Kingston yesterday afternoon. The rainfall was very heavy, many cellars on downtown streets were flooded. Lightning put the street railway system out of business for two hours. At the moving picture shows lightning played great pranks with the operating machine. Luckily no buildings were struck.

Storm Damage at Baltimore.

Baltimore, Md., June 13.—A terrific electrical storm, with rain, hail and wind, broke over Baltimore at six o'clock, putting practically all telegraph and long distance telephones to the north out of commission and doing thousands of dollars' worth of damage to property in the suburbs. The storm was of short duration, but after a brief interval another heavy rainstorm set in, which lasted for several hours.

Barn Burned by Lightning.

Inglewood, June 13.—A violent thunderstorm passed easterly over this vicinity about four p.m. Sunday, doing considerable damage. Archibald McGregor's fine barn, half a mile out, was struck by lightning and entirely consumed with contents, including a colt. Loss about \$5,000, some insurance.

WAS SHE FORTY-FOUR?

A young man had just chaffingly declared that a woman could not keep a secret. "Oh, I don't know!" said the lady. "I've kept my age secret ever since I was twenty-four." "Yes," he replied; "but one of these days you will give it away. I am sure of it as that I am standing here." "Well," she said, with confidence, "I think that when a woman has kept a secret for twenty years, she comes pretty near knowing how to keep it."

Insurance Against Windstorms

I can insure your property against windstorms, tornadoes and cyclones in good reliable companies.

R. G. CORNEIL, No. 8 William-st. LINDSAY

TORONTO TO HAVE A DRY DOCK

Ottawa, June 13.—J. B. Miller of the Polson Iron Works was here yesterday to see the Minister of Public Works in reference to the subsidy which is to be given to the dry dock which is to be built at the foot of Frederick street.

The plans for the dock have been approved by J. G. Sing, the departmental engineer at Toronto and provide for a dock to cost \$300, and big enough to take care of the largest boats on the lakes. Mr. Pugsley is expected to give an early assent to the proposal.

Expect Government to Help.

Kingston, June 13.—In an interview yesterday Prof. John Watson, vice-principal of Queen's, who has just returned from Ottawa, ridiculed the suggestion that raising the denominational restrictions on the university would in any way divorce religion from its education. Dr. Watson said that the late Principal Grant, had he lived, would have continued to press for the nationalization of Queen's, which he strongly advocated in 1900. Dr. Watson believes the Ontario Government will have to give aid to the university.

New College Professor.

St. John, N.B., June 13.—Rev. Geo. M. Campbell, D.D., district secretary of the Canadian Bible Society, has accepted the offer of a professorship at Mount Allison College, and will take the chair of homiletics and practical theology at the beginning of the college year next autumn.

Used a Monkey Wrench.

St. Catharines, June 13.—Albert Durand yesterday afternoon appeared before Judge Carman charged with aggravated assault on William Baker on Wednesday last aboard the steamer Wacouah. Evidence showed that Durand used a monkey wrench to good effect on Baker's head, following a lively argument between the two men. Durand was sentenced to 30 days' imprisonment in the county jail.

Children Cry FOR FLETCHER'S CASTORIA

In the Surrogate Court of the County of Victoria

Revised Statutes of Ontario, 1897, Ch. 2, Sec. 38.

In the matter of the estate of Alexander Cathro, Merchant Tailor, Deceased. Take Notice that creditors and all persons having claims or demands against the estate of Alexander Cathro, late of the County of Victoria, Merchant Tailor, Deceased, who died on the 10th day of May, A.D. 1911, are hereby notified to send by post, prepaid, or otherwise, to the undersigned solicitors for the Executor of his Estate, on or before the Tenth day of June, A.D. 1911, particulars of their debts or claims, and the names, addresses and descriptions, and particulars of any security for their debts or claims (if any) held by them.

And notice is hereby also given that the said Executor will proceed to distribute the assets of the said deceased among the various parties entitled thereto, and regard only to the debts or claims of which they shall then have had notice, and they will not be liable for the assets or any part thereof so distributed to any persons who have debts or claims which shall not then have been notified to the said Executor.

Dated at Lindsay this 22nd day of June, A.D. 1911.

MOORE & JACKSON, Solicitors for the said Estate.
