INSPECTORS TO FIND TEACHERS

The Department of Education has issued a circular to inspectors dealing with the supply of qualified teachers, and giving instructions as to what conditions will warrant the issuing of temporary certificates to non-qualified parties. It is especially pointed out that "the success of the Minister's policy is largely dependent upon the loyal, tactful and strenuous efforts of the inspectors to give it effect."

Where teachers possessing professional first and second class certificates cannot be obtained a third-class or a district certificate will be deemed sufficient. Failing such qualifications, the inspector must satisfy himself of and certify to the fitness of any other available party.

Before permits will be granted the trustees must have advertised in newspapers with Provincial circulations. The inspector shall judge as to the reasonableness of the salary offered.

The approval of the department will be merely a matter of routine. The inspector himself will have practically final power in dealing with the issuing of temporary certificates.

Except for very special reasons no limited or expired third-class or district certificate will be validated beyond June 1913, and no temporary certificate will be granted beyond the current term.

School Boards who made engagements with teachers for a year are advised to have the school year from midsummer to midsummer and not the calendar year as the period under contract.

The instructions are prefaced with a preamble concerning the increase of salaries paid of late years, and of the number of qualified teachers actively engaged in professional work. The average salaries of men teachers for 1911 was \$24 greater than in 1910; that of women teachers was \$32. The respective increases over 1905 were \$106 and \$120. In 1910 there was an increase of 820 in the number of first and second class teachers employed over 1909. No 1911 statistics are yet available, but 1,314 students were trained and the regulations now require newly-certificated teachers to pledge themselves to teach at least the first year of graduation in Ontario.

Inspectors are urged to do everything in their power to reduce to a minimum the number of non-qualified teachers employed during the year 1912-13. Their success in this matter will be considered a test of their competency.

BORN

MAWBY—To Mr. and Mrs. Arthur Mawby, Palmerston ave., Toronto, on the 29th of May, a daughter.

Mr. A. Y. Hopkins of Kinmount is in town today.

LOT OF TEACHERS IMPROVE STEADILY

The Ontario Teachers' Convention, which assembled in Toronto last month, deplored the conditions which prevailed in connection with Provincial teacher supply. Hon. Dr. Pyne, Minister of Education, in considering the situation for the school year beginning in September, 1912, notes several improvements in the situation in a circular just issued.

Salaries of male and female teachers are steadily increasing. Further whereas before the abolition of County Model Schools, third-class teachers were replacing higher class teachers the movement has now been completely reversed and the first and second-class certificate holders are taking the positions.

An equally important decrease is noted in the number of teachers with temporary certificates. Moreover, in order to secure, for a time at least, hereafter, the supply to which the schools are entitled, the regulations now require all newly certificated teachers to pledge themselves to teach in Ontario for at least the first year of their subsequent teaching experience.

MUST HAVE CO-OPERATION

In his review of the situation, the Minister, however, points out the necessity of School Board co-operation. A special appeal is made to wealthy inspectorates to appreciate their duty. To facilitate the raising of the teaching standard and to increase the salary basis of the Province the minister submitted a new series of instructions for inspectors dealing with the appointment of teachers. School Boards are also requested to enter engagements for a school teacher from midsummer to mid-summer.

MAJOR MILLER IS MAKING HIS MARK

The Lindsay Collegiate Institute is indeed very fortunate in having on its staff such a man as Mr. R. A. Miller, Major and instructor of the cadet corps, who has again trained his men even under the stress of bad weather and other adverse conditions so that Col. Ogilvie was able to pronounce them the best he has seen so far in this province. The achievement reflects great honor on the town, on the school, on the cadets and on their leader. The corps has always been spoken well of by the military inspectors for many years past and the boys have taken a pride in the work. In most other years the weather has been good enough to get in an amount of outdoor manoeuvring, but this year Major Miller has been able to give his corps only one or two outdoor drills during the past two weeks. That he is striving by all the means in his power to get the best out of the cadets and that he takes a great interest in his work is evidenced by his gift of a fine silver shield to the winning Company, Company B, under Captain Nugent.

Major Miller is just as great a favorite with the boys and girls in his classical work as in the work with the cadet corps and from all reports is getting first class results there also.

B. COMPANY WINS THE MILLER SHIELD

The Lindsay Collegiate Cadet Corps were inspected yesterday afternoon at the Agricultural park by Col. Ogilvie, of Kingston. The afternoon was ideal but the ground was in wretched condition, parts of the field were covered with water to the depth of several inches. Through this water up to their ankles the soldiers-in-making cheerfully marched. After the manoeuvres at the grounds they marched down Kent and William streets and looked neat and soldierly in their school uniforms.

Keen interest was taken in the inspection by the citizens of the town, as a large number witnessed the drill and were greatly pleased with the appearance and discipline of the Collegiate cadets.

The competition between the various companies for the Miller shield was very keen, Company B captained by Cecil Nugent winning by a close margin from Company A, captained by Stuart Flavell.

The Miller shield which is suitably inscribed, was donated last year by Mr. A. E. Miller, the drill instructor to the company scoring the highest number of points at the inspection. Company A won the shield last year over B. Company by a small margin.

INDIGESTION RIGHTLY CURED

By Toning Up the Stomach to do the Work Nature Intends it Should.

Indigestion should not be neglected for a moment, for by depriving the body of its proper nourishment through the food, the trouble grows steadily worse. Neither should stimulating medicines, which ruin the already weak stomach by making it work beyond its strength, be used; nor pre-digested foods, which do not excite a flow of the digestive fluids; and by disuse cause the stomach to grow weaker. Nowhere is the tonic treatment by Dr. Williams' Pink Pills more clearly useful. The principle of this treatment is to enable the stomach to do its own work by building up the blood and giving tone to the nerves. When these are once restored to their normal health indigestion disappears and the cure is permanent. Here is an experience with this treatment: Mr. John Brenestal, Calgary, Alta., says: "For years I was an almost constant sufferer from indigestion, and naturally because there was much nutritious food which I could not eat owing to the pain and discomfort which followed, I was becoming much run down. I tried many medicines, but none of them helped me until I began the use of Dr. Williams' Pink Pills. After taking a few boxes I was much better and in the course of a couple of months was quite well, and could eat any food set before me."

If you are a sufferer from indigestion, or any trouble, due to bad blood or weak nerves, you can begin to cure yourself today by taking Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

CADETS TO BE GIVEN REAL MILITARY TRAINING

(Special to The Post.)

Ottawa, May 31—Rules and regulations governing the cadet training camps throughout Canada this year are being drafted by the Department of Militia. While they are not as exacting as the regulations of the Canadian Militia, they will provide for a good deal of practical training. The work, however, is being made attractive for the boys and entertainment is not being forgotten. It is the aim of the department to give them a slight knowledge of military tactics with the most wholesome surroundings. The Hon. Sam Hughes, Minister of Militia, gives his assurance that the cadets will be as well looked after as they would be in their own homes.

Constables Visited Coboconk

County Constable Wm. Thornbury, and Constable John Short were in Coboconk Saturday night attending to their official duties at the circus grounds. The officers state that everything was quiet. No arrests were made and state that the showmen carried themselves in a very creditable manner. The circus was well worth witnessing and a large crowd witnessed the show on Saturday afternoon.

Notice to Creditors

IN THE MATTER OF THE ESTATE OF COLIN N. McDONALD, late of the Township of Eldon, Farmer, deceased.

NOTICE is hereby given that all persons having any claims or demands against the late Colin N. McDonald, who died on or about the 7th day of March, 1912, at the Township of Eldon in the County of Victoria, are required to send by post prepaid or deliver to the undersigned, solicitors herein for Lachlan McDonald, the Administrator, their names and addresses and full particulars in writing of their claims and statements of their accounts and the nature of the securities, if any, held by them.

AND TAKE NOTICE that after the 25th day of May, 1912, the said Lachlan McDonald will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which he shall then have had notice, and that the said Lachlan McDonald will not be liable for the said assets or any part thereof to any person of whose claim he shall not then have received notice.

Dated at Lindsay this 25th day of April, 1912.

Mr. S. Hadden, of Lifford was in town a few days last week.

Among those from a distance who attended the Masonic meeting in town Friday night, were: Mr. Sinclair of Oshawa, District Deputy Grand Master; Mr. E. Fitzgerald, of Fenelon Falls; Messrs. Alfred Stephens, W. Oliver, Geo. Dawkins, Wm. Newhall, of Gelert and E. Wellstood, of Kinmount.

Another of the old settlers passed away on Saturday, June 1st., 1912. Mr. John Kernolian, sr., aged 82 years. He lived on the Scotch Line, in Anson Township for a number of years. He is survived by his wife, four sons and one daughter; Mrs. Hugh Taylor, of Minden. The sons: John, Samuel, Alex, and Andrew, all of Minden. The funeral took place on Monday to Mind?n cemetery.

PICTON CHINAMAN STRIKES IT RICH

Sing Lee, the bright young Chinaman, who has been in the laundry business in Picton for four years, left on Monday of this week for Calgary, Alberta, where he will probably locate. Lee has struck it rich. Previous to coming to Picton he lived in Calgary. Five years ago he bought "a field." It was on the line of the main street of the town, but miles from the centre of things. But Calgary did not stand still; rather it grew and expanded by leaps and bounds. Lee paid \$5,000.00 for his "field." A month or so ago came an offer from the prairie city of \$25,000 for Lee's town lot. He only smiled, shook his head knowingly and whispered that he would take \$50,000; nothing less. Wednesday of last week came the second offer. His "field" was now on the main street, centrally located, in a fine district. An American company wanted to build a fine hotel; this to be their site. They offered Lee \$85,000 for his lot. "If it's worth \$85,000 it's worth \$100,000; me write," stolidly said the knowing Chinaman. Now he's off to Calgary to watch his interest.

The Better Sort of Suits For Men Who Know

To men who can appreciate the little fine points which go to make up correct dress our clothes appeal most strongly.

There are Clothes and Clothes

We offer you the better sort of clothes. They cost no more than the other kind. Price the same, but everything else different. We ask you to test what we claim and so prove our claims correct.

SAWMILLS BURN AT PENETANGUSHINE

(Special to The Post)

Penetanguishene, May 31—A fierce fire broke out this afternoon at the sawmills of the C. Beck Manufacturing Company of Toronto, destroying the building and plant, and throwing about seventy-five men out of work. A definite estimate of the damage has not yet been made, but the loss will be very heavy as the plant included a large quantity of new machinery. The fire started about 3 o'clock in the engine-room, a brick building, and spread rapidly to the sawmill, which was a frame structure. When the fire brigade answered the flames had gained such a headway that it was several hours before they were got under control. It was not until seven o'clock that the fire was extinguished.

Two houses adjoining the property were badly scorched, but the damage was chiefly to the property of the

Beck Company, which is situated in that part of the town known as "The Keen."

The sawmill which is burned near the Penetanguishene Hotel. The flames were confined to the mill, which the fire originated.

ROCKEFELLER'S INCOME IS \$140 PER MINUTE

New York, June 1—John D. Rockefeller is now worth more than \$90,000,000, according to estimates published by the World today. The solution of the Standard Oil Company, it is said, has added more than \$100,000,000 to the oil king's holdings in the past year. The newspaper statisticians figure that his income is about \$60,000,000 a year or more than \$140 a minute.

Mr. Chas. Graham, architect of Toronto, spent last evening in town the guest of his father, Mr. John Graham.
