MARKET REPORTS.

Liverpool and Chicago Wheat Futures Close Higher—Live Stock—Latest Quotations.

CHICAGO, June 25.—Wheat prices rose to-day in response to crop damage news from the northwest, both sides of the Canadian line. The close was steady, 1/2c to 3/4c higher than Saturday night. Corn finished unchanged to 1/4c up, oats varied from a shade off to a shade advance, and provisions at 5c to 12 1/2c decline.

The Liverpool market closed to-day 1/4d to 1/2d higher than yesterday on wheat, and on corn bid to 1/4d higher. Berlin wheat closed 1/4c higher, Buda Pest 2 1/2c higher. Paris 1/4c to 5c higher, and Antwerp 1/2c lower, all compared with Saturday.

Montreal Grain and Produce.

MONTREAL, June 25.—The export trade in all lines of grain is dull. There was not a single bid received from foreign buyers for wheat to-day, and a sale of only one load of oats was made. The local trade in the market is firm. A sale of 10,000 bushels of No. 3 Canadian western was made at 45 1/2c overpayment and business is slow. Millfeed steady. There was an improved demand for butter for shipment to the west. Considerable business was worked over the cable in cheese and the tone of the market is steadier. Eggs fairly active and demand for provisions increasing.

Corn—American No. 2 yellow, 52 1/2c to 53c.

Oats—Canadian western, No. 2, 51 1/2c to 52c; western, No. 3, 49 1/2c to 50c; No. 1 extra feed, 50 1/2c to 51c.

Barley—Manitoba feed, 64 1/2c to 65c; malting, 1 06 to 1 07.

Buckwheat—No. 2, 1 06 to 1 10.

Flour—Manitoba spring wheat patents, firsts, 3 50; seconds, 3 30; strong patents, 3 50; winter patents, choice, 3 40 to 3 50; straight rollers, 3 40 to 3 50; bags, 2 40 to 2 50.

CATTLE MARKETS.

Toronto Live Stock.

TORONTO, June 25.—Receipts of live stock were 61 cars, containing 800 cattle, 456 sheep, 493 calves and 400 hogs.

Butcher Cows.

A good quality sold at from \$5.50 to \$6. There were two fairly good-looking lots, but the trading was desultory at times. Mediums ranged from \$4 to \$5.50, with canners taking the usual low quotations of \$3 to \$3.50. Some of the latter were not inviting buyers at even the prices named.

Steers and Heifers.

In this grade the quotations were more firm, with the supply being about equal to the demand. The good quality was rated at \$8, with only an occasional one fitted to bring this figure. The range was on the fair grade, at from \$7.50 to \$7.90. The mediums were quoted at from \$7 to \$7.40.

Bulls.

The top-notch ones brought from \$5.50 to \$6.50, while the medium grades were bid in at \$3. Only a few good ones were on the market, with a number of yearlings of a minor class.

Calves.

The supply was above the number that has been coming in recently, and the price ruled about the same. The good grades brought from \$8 to \$9. The common ones ranged from \$4 to \$7. In total the quality was slightly under the usual offerings.

Sheep.

Heavy ewes held steady around the \$4 to \$4.50 mark. The usual briskness in the sales was lacking. Light ewes were quoted from \$4.50 to \$5.75, with just fair offerings. Spring lambs were quoted at from \$3.25 to \$3.50, a slight drop from Monday's price. Bucks went in at figures of from \$4 to \$4.25.

Hogs.

There was no deviation from Monday's quotations. The supply was fairly good, and the price ruled about the same. The good grades brought from \$8 to \$9. The common ones ranged from \$4 to \$7. In total the quality was slightly under the usual offerings.

Milkers and Springers.

In milkers the supply was better than on several previous market days, and the prices of from \$10 to \$10 did not change. Springers were of about the usual number, with no change.

Stockers.

Only a few were picked for feeding purposes, as generally when the stocker is fit for a fairly high quotation it is sold for beef. One drove of short-feed cattle was taken at a fair figure of from \$5.50 to \$6.

East Buffalo Cattle Market.

EAST BUFFALO, N.Y., June 25.—Cattle—Receipts 50 head; active and steady. Veals—Receipts 200 head; active and steady. Hogs—Receipts 2000 head; active; 10c to 15c higher. HENRY CLENDINNING ON CROP OUTLOOK

"The prospects for hay are not so good as they were a month ago," said Henry Glendinning, of Brock township. "New meadows are thin as a result of the drought of last year, and while there was rapid growth on these in early spring, a check came as a result of the frosts in early June. Clover is good on light land, but on heavier soils it does not look so well. Alfalfa looks better than other hay crops, but this is mainly because as a rule it is on drier land. Pastures have suffered a check lately from the same cause that has put back the meadows. A lot of fall wheat has been ploughed up, and taking this into consideration, there will not be over half a crop in that line. Spring grain generally is doing well, save where water has stood upon it, but our immediate section is comparatively free from that trouble. The corn acreage is larger than that of last year, but it is not so large as it would have been had the spring been favorable for planting. We have planted 24 acres, but only 10 or 12 of that planted was up last week. What was up looked well, but there have been some complaints of corn not coming well. Mangels went in late, but were pretty well up by the 21st and looking well.

ARCHDEACON CASEY PREACHED SERMON

Review: With all solemnity and that respect due all who passed from this earth after a life of work for others, the funeral of the late Rev. Father Conway took place this morning, High Mass being said at St. Peter's Cathedral, after which interment took place at St. Peter's cemetery.

With His Lordship, Bishop O'Connor on the throne, Rev. Father McColl officiated as celebrant of the mass. Deacons of Honor were Father Murray of Cobourg, and Father Cline of Oshawa, Father Fitzpatrick, of Kenmore was Deacon and Father Keely, of Norwood, sub-Deacon, Rev. Dr. O'Brien was Master of Ceremonies. Ven. Archdeacon Casey, of Lindsay, during the course of the sermon said, "We are here to honor and remember our departed brother and priest, Father Conway. A priest is the instrument of Jesus Christ in the sanctification of souls. He is a man separated from mankind to administer on earth for God. He dispenses the mysteries of the Lord, baptizing children, visiting the sick, and administering the communion. It was because Father Conway was a priest that we loved him.

"Now he rests from his 83 years of life and 57 years of saving souls for God.

"How many souls has he caused to enter into God's presence because of his never ending work? How many, now old, has he prepared for their confirmation and sent to their first communion?

"It is remarkable that in all his ministry, that he never refused the call of the dying. Whether in winter or summer, fine weather or wet, storm or tempest, he always went to administer the communion. It is remarkable because he performed all his journeys when there were no railroads or stages, only a horse, and he always went no matter how far. His human frailties were taken up by his greater work.

"Let your prayer be offered up, and your next communion be taken, remembering our dear and departed brother, Father Conway."

Other priests present were: Rev. Father McGuire, of Downeyville; Rev. Father Scanlon, of Grafton; Father Phelan, of Peterboro; Father Brethren, of Hastings; Father Whibbs, of

PARK SITE FOR ARMORY

The Post has interviewed a number of citizens regarding the placing of the new armory on the north side of Victoria Park, and they all favored the proposition.

It was pointed out by a number of them that the park was town property, and therefore the municipality would not be saddled with the expense of purchasing a site. It was important that the armory should be centrally located and as the sites selected cost altogether too much money, the park was the most suitable place for the structure. One gentleman argued that the armory would spoil the park, but when informed that the structure would be

of brick with a front finished in cut stone, he finally expressed himself as favoring the park site.

A number of gentlemen interviewed while favoring the park site, felt that the park space would be badly congested if the armory was erected. The north end of the park is very seldom used and besides, in the near future the town should have another park.

The finances of the town will scarcely permit the council going ahead and purchasing a site for the armory. The majority of the council favor the park site, and in all probability it will be finally accepted.

ORILLIA IS NOW ONE HOUR AHEAD

(Special to The Post.)

Orillia, June 25.—The daylight saving measure came into force on Saturday evening at 10 o'clock, and on Sunday the Protestant churches conducted services according to Orillia time. There was very little confusion and the attendance was well up to the mark. In the church of England both the attendance and collections were larger than the same Sunday a year ago. On Monday, the largest factories, including the three Tudhope factories started at seven, Orillia time, and the great majority of the men were well satisfied at the close of the day. The stores all practically closed on Orillia time, while some of them opened on standard time. At seven Monday evening a baseball match was played between Orillia and Midland in Couchiching Beach Park, and a crowd of possibly 1500 people watched a nine-innings game in daylight. The game was fast, clean exciting and close as the score of 7 to 6 for Orillia shows. Many who did not before see how the new scheme would work had a practical demonstration and many of the men in the smaller factories who preferred the old time wished they too, were free to go. The cheering of the immense crowd at the game could be heard all over town. The town league games will be run on local time and another game with an outside team will be arranged for at an early date. More people fell in line this morning. Those who failed to do so are having more trouble than those who did. The majority of the citizens are now heartily in favor of the scheme.

OMEMEE HORSES ON A RAMPAGE

Omemee has had some very exciting times in the past week. What might have been a very serious accident occurred one evening last week, when Mr. Allan Fee's horse ran into Mr. Alfred Brown's. Mr. Brown and the two girls were thrown out and the horse ran home. Fortunately all came through quite safely, only receiving a few scratches. Mr. Brown's buggy was damaged considerably.

On Wednesday last Mr. W. Magee was coming down the grade at the mill and, unfortunately for him, the bottom boards of the wagon slipped forward onto the horses. They, becoming frightened, ran at full speed up the side street to the weigh scales, where they took the main street. They were caught in front of Mr. W. Robinson's house, dragging part of the wagon after them. Evidently they were going to the store houses, anxious for work.

STRICT LAW FOR WIFE DESERTERS

J. J. Kelso, superintendent of the Provincial Department of Neglected and Dependent Children, calls for more stringent legislation for the protection of wives and children from husbands and fathers who desert them. "The section of the criminal code dealing with this matter is not at all satisfactory," says Mr. Kelso, in a report to his Ministerial chief, Hon. W. J. Hanna, and for a number of years past the subject has engaged the attention of prominent workers. A request is now being made to the Department of Justice at Ottawa for a re-drafting of this section, and as it is clearly in the interests of the whole community, it is hoped the needed amendments will be granted.

Farm for Sale by Tender

TENDERS will be received by the undersigned until August 1st 1912 at Noon for that very desirable Farm, belonging to the Estate of William Aylmer Lang, deceased, namely: The West Half of Lot number Two in the Fourth Concession of South Monaghan containing 100 Acres more or less.

This property is situated about 2 1/2 Miles from Fraserville on the line of the Grand Trunk Railway upon good roads. It is about 5 Miles distant from Millbrook and about 1/2 Miles from Hale's Bridge on the Otonabee River. The soil is a good clay loam and surface generally rolling. It is watered by wells and cisterns. It is a first class general purpose farm.

The buildings are in good condition; the residence is of beick, fine and large and heated by furnace. The school of the section is on the adjoining lot and there are several other good schools within the immediate vicinity. It is conveniently situated also in regard to churches.

No tender will necessarily be accepted.

The successful tenderer will be required to pay down ten per cent. of his bid upon being notified of the acceptance of his tender, the balance of the purchase money to be paid at the expiration of thirty days without interest.

Ploughing possession can be given on the 1st of September, and full possession to suit purchaser.

D. H. CHISHOLM, Port Hope, Solicitor for Sarah Jane Lang, Administratrix.

THE BLUE Serge Suit

There is nothing that will take the place of the Blue Serge Suit for Summer Comfort—its the ideal suit for warm weather.

The Serge Suit slips on so easily; feels so cool on the warmest day; looks so cool and never irritates by losing its shape—too well tailored for that.

The fabrics are fine twilled, soft and serviceable. The Blues are deep, rich and permanent.

The Suits have the distinctiveness of custom made clothes because they've gone through the same painstaking process of production.
