

END OF OUR TIMBER RESOURCES

We are accustomed to prate about our inexhaustible forests, and to imagine that in our day at least, Canada will have an abundant timber supply. J. R. Dickson, B. Sc. F., of the Dominion Forestry branch, speaking before the Manitoba Horticultural and Forestry Association recently, brought out some very interesting facts.

WILLING TO ARBITRATE. Servia Reported to Be Ready to Accept Intervention. LONDON, June 24.—It is reported from Sofia that Servia has yielded to the exhortations of Russia and the powers to accept Russian arbitration on the basis of the ante-bellum treaty. An Old Time Playful Prisoner. Over a century ago there occurred in London what the Annual Register called "a most unparalleled atrocity." It was only the theft of a pocket handkerchief from a pocket, but the circumstances of the deed explain the vehemence of this denunciation. Four men were on their trial for assaulting a man in his house at Ponder's End, putting him in fear and stealing from him, and one of them relieved the tedium of the trial, which lasted eight hours, by picking the pocket of one of the turnkeys as he stood in the dock. An official had the presence of mind to order the restoration of the handkerchief, and the prisoner had enough presence of mind to obey "with the most careless indifference," but the court, we read, "were horror struck." Justice, however, pulled itself together sufficiently to sentence all four men to death.
