

WEDDING BELLS

SCHLARBAUM-MILLS

On Wednesday, June 18th at 4 o'clock p. m. the home of Mr. and Mrs. Thos. H. Mills, Havelock, was the scene of a very pretty wedding, when their only daughter, Flora Ethel, was united in marriage to Mr. Alvin Schlarbaum, B. A. B., of Hawkesbury, Ont., elder son of Mr. and Mrs. J. Schlarbaum, Galt.

The ceremony was performed by Rev. Geo. H. Copeland, of Norwood, assisted by Rev. J. R. Reel, of Havelock, formerly of Lindsay, in the presence of about 65 relatives and friends. The bride, who was given away by her father, wore a gown of cream duchess satin, with seed pearl and sequin trimming, bridal veil and orange blossoms, and carried a shower bouquet of roses and lilies of the valley. The bridesmaid was Miss Rena Morton, of Campbellford, and looked charming in a gown of pink marquisette over pink satin, carrying a bouquet of pink roses.

Little Helen Irwin, of Campbellford, made a pretty flower girl and ring bearer, in pale pink silk, carrying a basket of sweet peas. The groom was ably assisted by Mr. Douglas D. McAlpine, B. A., Sc. of Toronto. Miss Elsie Radden, of Campbellford, played Mendelssohn's wedding march.

After the ceremony a dainty wedding supper was served. The groom's gift to the bride was a piano, to the bridesmaid a cameo ring, to the flower girl and pianist, each a pin set with pearls, to the groomsmen initial cuff links.

The bride was the recipient of many handsome presents. The house was artistically decorated with evergreens and cut flowers. Guests were present from Galt, Preston, Campbellford, Trenton, Harrison, Lindsay and Norwood.

Later Mr. and Mrs. Schlarbaum motored to Peterboro, leaving by train for Toronto and Galt, afterwards taking the boat for a trip down the St. Lawrence, carrying with them the best wishes of a host of friends for their future welfare and happiness.

AINSWORTH-McFADDEN

Head Lake, June 23—On Monday morning, June 9, at the Roman Catholic church, Victoria Road, Rev. Father J. F. O'Sullivan united in the holy bonds of matrimony Miss Mary McFadden, youngest daughter of Mrs. James McFadden, of Digby, and Mr. Wm. Ainsworth, of Rathburn.

The bride was given away by her brother Edward. The groom was ably assisted through the happy event by the bride's brother, Leonard, while Miss Annie Fitzgerald was the bridesmaid. The bride was very becomingly attired in a beautiful rich silk. After the ceremony the happy couple with the groomsmen and bridesmaid were driven to her mother's home in a Ford motor car, where a great many of the happy couple's relations and friends gave them a big reception.

After dinner dancing began, and everybody seemed so happy that the light fantastic was kept up till the stars became dim next morning. The presents to the bride were numerous and costly, showing the very high esteem in which she is held in this and other sections of the country.

This is the second time that Cupid has shot his arrow into this home in quick succession. The first to come under his unerring aim was Miss Violet Ann McFadden, sister of the bride, who was married to Mr. Wm. Wiley of Carden, on May 12th. Rumor has it now that still Cupid is busy in the same section, and we look for another happy event shortly.

The groom's gift to the bride was a diamond ring, to the best man a valuable stick pin, to the bridesmaid a pearl brooch.

Mr. and Mrs. Ainsworth intend going west shortly. May their path through life be happy.

PLANNING FOR BIGGER LINDSAY

Continued from page 5.

not come across any streets as bad as Lindsay's. In Kent-st. we were going to have the prettiest street in the world. With the poles removed and the thoroughfare lighted, the placing of a fountain, which he characterized as a "wart" would be out of place. To put it in the centre of the street would simply disfigure the thoroughfare and it would be out of place from an artistic point of view.

Mr. B. J. Gough said the object of the Association had been fully explained. He felt it was deserving of the support of the citizens. Mr. Carew was right from his point of view, as was also Mr. Hopkins. He would like to see the fountain on the site suggested. If it was not a satisfactory site it could be removed. Personally he was prepared to do all in his power to improve the town in any way.

Mr. J. Carew said there were four corners on the site suggested. Three of the business men on these corners were in favor of the fountain being placed there. Two or three who wanted to be obstructionists started to pull down the fountain before it was put up. If the people do not want it, of course it will not be placed there. There would have to be legislation enacted by the council regulat-

ing auto traffic on our streets, and this would be a great protection to our citizens instead of a nuisance.

Mr. G. H. Hopkins suggested that the Civic Improvement Association go ahead with the laying of the water pipes, etc., and the location of the fountain could be settled later.

Mr. G. H. M. Baker said he would go one better, and suggest that the fountain be installed, and then let the people express their verdict on the location.

Mr. J. D. Flavell said no one was prepared to say what it would look like, but an architect conversant with the matter and also one familiar with the different designs. Personally he leaned towards the open street.

Dep.-Reeve Dobson enquired if Messrs. Baker and Carew thought how far from the sidewalk the fountain should be placed.

Mr. Carew—In the centre. It would permit of two vehicles and two cars to pass on either side. The citizens' way was his way. If they did not want it there he would get in the game and place it wherever desired.

Mr. G. H. Hopkins—Put in the water pipe for the proposed fountain, and the question as to whether it should be installed there could be settled later.

Mr. Thos. Brady asked if any citizens present had ever visited any cities where fountains were placed in locations similar to the one proposed here. Personally he would like to see an open street. The fountain would be very nice at the public library.

Mr. Curtis said he travelled in all the leading cities and wherever he found wide thoroughfares fountains were installed. They were a source of protection. The scheme is a good one, and if the fountain was installed 10 feet wide there would be 39 feet each side.

Reeve Kyle said he saw a monument in Buffalo right in the centre of a 94 foot street. The proper thing to do was to bring in an architect, and abide by his decision.

Mr. J. Hughes said he often compared Kent-st. to Whitechapel street in London. On all the wide streets in that city there is either a fountain or cluster lights. A fountain was a source of protection during a period of traffic congestion. It would be a great benefit to the town to have the fountain on the proposed site.

Mr. Felix Forbert favored the proposed fountain on the site suggested.

Mr. J. D. Flavell—In London, the fountains were rest spots. Our traffic is not sufficiently congested to suggest the erection of a fountain for utility purposes.

Mr. Curtis—On every broad street in Paris there were fountains for ornamental and protective purposes.

Dr. Vrooman—Whatever the majority says I will approve. It would be a mistake to put anything on our main street to obstruct traffic. If it was placed there the citizens would regret it in time.

Mr. W. W. Staples said all unit on beautifying Lindsay and encouraging the Civic Improvement Association. He would second Baker's resolution.

Dep.-Reeve Dobson—If the fountain is installed, and is not satisfactory to the Civic Improvement Association would remove it without any vengeance to the citizens.

Mr. Carew said the Association was going to pay for the fountain, would remove it without any vengeance to the citizens. Why would three business men favor the site?

Mr. Wm. Fee wanted to know benefit would be derived from a fountain. Would it be an eyesore? If you are going to up the town, build it up with things.

Mr. J. G. Edwards said the committee had received some suggestions written by a lady which favored the scheme adopted by the Association. More of them would be sent for the different committees to read.

A resolution was finally adopted appointing His Worship Mayor, Reeve Kyle, Messrs. J. Carew, J. D. Flavell a committee to consult with a landscape gardener, architect regarding the placing of the fountain on the site suggested. At the conclusion of the meeting a large number joined the Association.
