Double Ballot Values

EXTENDED FOR ONE WEEK

THE POST has learned that some of the candidates for the Great Free Trip to Quebec did not learn of the Double Ballot Values offered during the past two weeks soon enough to get into the swing in good earnest, and it has therefore been decided to extend the Double Values for a further period of one week to enable all to get a fair chance to avail themselves of the opportunity. After that, ballots will positively resume their normal value with the exception of those for new subscriptions, an announcement concerning which will be made in a few days.

In the contest we have endeavored to be more than fair with the candidates if such a thing were possible, and it is hoped all will show their appreciation of this further great opportunity.

Remember the date for the closing of the Double Values will positively be August 5th.

The contest finally closes on August 15th. Then the fun will begin.
