O'Loughlin & McIntyre

CASH AND ONE PRICE.

A Reminiscence of the Point

How Our Worthy Postmaster Saved Himself and His Wife

The accident which occurred Friday to Mr. and Mrs. Fisher recalls to mind one which happened three or four years ago, and which was not at the time reported.

Mr. Henry Gladman, our esteemed postmaster, who has always been a successful and enthusiastic fisherman, accompanied by Mrs. Gladman, were out-trawling opposite their summer home and when fully a quarter of a mile from shore the canoe was upset in some unaccountable way and they were both precipitated into the water, and would have drowned had not Mr. Gladman's good sense come to his assistance. He directed Mrs. Gladman to hold on at one end of the canoe while he got astride of the other, and with a paddle in his hand succeeded in reaching the shore without assistance.

While considerably over the three score and several more Mr. Gladman can handle a boat as well as most of men half his age.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a tea-spoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O.
 Sold by Druggists.
 Take Hall's Family Pills for constipation.

Old Boys and Girls on Civic Holiday

Will Run an Excursion and have a Big Time

Civic holiday will be held this year on August 10th. As yet the local authorities have arranged no program, but it is likely that a good list will be gathered together before the day arrives. The Lindsay Old Boys and Girls will run an excursion to town on that day from Toronto, and will likely bring a brass band with them. They will also bring a baseball team with them and will arrange a game with one of the local teams.

They will have full control over the sports of the day, and will have the fair grounds for that purpose. The local management will soon have to get busy and make preparations to extend to the visitors the heartiest welcome possible.

A New Industry Canning a Cow

A Great Opening for a Poor Animal's Foot—Can was Opened and Milk Obtained

A curious mishap befell Mr. J. Brokenshire's cow Thursday afternoon. While feeding in the pasture it happened to put its foot down on a tin can which was lying in the field and could not draw it out again. It tried several times to shake it off but it was stuck fast and there to stay. All day the poor animal limped around the field and with every step the tin became tighter. When the owner came at milking time, he noticed the tin on the cow's foot at once and set to work to get it off. After securing the animal he got a pair of shears and cut the tin large enough to get the cow's foot out. When the operation had been performed the cow walked away at a trot to be free from its load, after which it yielded up its milk in gratitude to its deliverer.

A Great Musical Aggregation

Lindsay's Second Band Scores a Distinguished Success

There were some citizens of the town who did not believe that Lindsay had two bands, but the fact was proved them on Friday when the Coldstream Guards Band played on the park in place of the regular band, which is in Quebec. About half-past seven the crowds began to gather at the park, but it was not until after eight o'clock that the notes of "How Dry I Am," intermingled with "Highland Laddie" floated over the balmy air and told the anxious crowd that the procession was coming.

At the corner of William and Kent streets the band halted and gave the crowd an old time selection, which was well received. They then marched in stately order to the park, where the performance was begun. The musicians were dressed in all kinds of attire and presented a picture like the reuben band did when they followed a wagon trail into town, throughout the evening.

THE NEW FEATURE

IN THE

Great Free Trip Contest

From July 15th to July 29th, Inclusive
All Ballots Count Double Value
BUT ONLY FOR FOURTEEN DAYS

The Post is bound to make its trip to Quebec Contest one of the most memorable events in the history of newspapers in Lindsay. We are already assured of its success, but we must have it the greatest success or we will not be satisfied.

To-day we commence a new feature in our great Contest—the Double Value Vote Contest, which will mean we will allow double value for all subscriptions sent us until 9 p.m. on Wednesday night, 29th inst, when the value of votes will be reduced to their original value. Therefore, it will be to the interest of the contestants to get their votes in at once. This will add interest to the contest and cause more energy and enthusiasm to be put forth by the contestants, and will no doubt produce many surprises. All will have an equal opportunity in this feature of the Contest, the principal advantage will be to those who get the greatest number of votes in before 9 o'clock on Wednesday evening, July 29th. Good hard work is what will accomplish the desired end, and that is a commodity which any one can produce. The reward is worth any amount of hard work, as this is going to be a memorable trip.

RULES OF THE CONTEST:

The four candidates who receive the highest number of votes in the Town of Lindsay, which is District No. 1, will be the winners in that district. In each of the other districts, which are described elsewhere, the two ladies receiving the highest number of votes will be the winners.

Following are the general rules which are to govern the contest. As soon as you have read them, do not lose any time in getting your nomination blank filled in properly, so as to be ready to obtain from your friends the first ballot, which appears in this issue.

AGE.—Any woman over eighteen years of age and under fifty on July 1st, 1908, may become a candidate by being properly nominated.

NOMINATING.—Each candidate must be nominated on the properly filled out nominating blank which is printed in The Daily and Weekly Post, or copies of nominating blanks may be obtained at this office. Each candidate must be nominated by some responsible citizen of the District, in which the candidate lives and be endorsed by one other who can be found at his or her residence or place of business.

THE BALLOTS.—Ballots cast for persons not properly nominated will be destroyed. See that your candidate is properly nominated and listed before you cast your ballots for her.

A ballot will be printed in The Post each day. This will count one vote. Ballots cannot be changed or transferred after they are received by The Post. Special ballots will be issued for all payments on subscription, provided the subscription is brought up to date, or in advance. Thus—a subscriber paying one year arrears and another in advance is entitled to a ballot for two years and so on, according to the table printed on this page.

Ballots will be dated and numbered with an expiration date, they will not be counted unless received at The Post before twelve o'clock p.m., on date of expiration. Ballots sent by mail must be sent to the Free Trip Editor, The Post, Lindsay, Ont., and postage must be prepaid.

THOSE WHO ARE BARRED OUT.—No employee of The Post or other newspaper, or any member of such employee's family, may be a candidate in the contest.

ACCEPTING THE CONDITIONS.—In accepting nomination each candidate accepts and contracts to abide by all the conditions.

DOUBLE BALLOT VALUES

Two Years' Subscription to Evening Post paid in advance will count	\$6.00	5,000 Votes
One Year's Subscription to Evening Post counts	3.00	2,000 Votes
Six Months' Subscription to Evening Post counts	1.50	800 Votes
Three Months' Subscription to Evening Post counts	75c	300 Votes
Two Months' Subscription to Evening Post counts	50c	180 Votes
One Month's Subscription to Evening Post counts	25c	80 Votes
One Year's Subscription to Weekly Post counts	1.00	800 Votes
Two Years' Subscription to Weekly Post counts	2.00	2,000 Votes
Three Years' Subscription to Weekly Post counts	3.00	5,000 Votes
Five Years' Subscription to Weekly Post counts	5.00	10,000 Votes

The subscription price of The Daily Post through the mail to outside points is \$2.00 a year. The ballot values are the same as the town, with the exception that no subscriptions for less than three months (Fifty cents) will be accepted, unless paid for at the rate of 25c per month.

The last ballot will be printed in the Post on Saturday, August 15th, 1908. No ballot will be counted unless received before midnight, Aug. 15th.

CONTROVERSIES.—Any controversies which may arise will be settled by the Post alone.

The Post reserves the right to withdraw any district where sufficient interest is not being displayed.

THE DISTRICTS

Four candidates will be elected from the Town of Lindsay and two each from the other three districts as shown herewith:
 DISTRICT NO. 1.—Comprising the Town of Lindsay.
 DISTRICT NO. 2.—Including the Townships of Mariposa, Ops, Emily and Manvers.
 DISTRICT NO. 3.—Including the Townships of Eldon, Fenelon and Verulam.
 DISTRICT NO. 4.—Including the Townships of Carden, Dalton, Laxton, Digby, Bexley, Somerville and County of Haliburton.

DAILY BALLOT

In each day's paper will appear one ballot, good for one vote, for a regularly nominated candidate. In order that votes may not be held back until the last week, which might make it impossible to get the clerical work complete, each ballot will have printed thereon a date showing when the ballot expires. Be sure and get your ballot marked and counted before the expiration date.

WILSON & WILSON,
 Lindsay, Ontario

Canned Goods will be Cheaper

War on Between Combine and Independent Canneries

There is to be a merry war between the independent canners and the combine concerns that are affiliated with the big combination that controls the majority of the old established canneries. The prices of peas have been announced, which are about 1 1/2 per cent. lower than the rates of last year.

The independent canneries have fixed their prices at 65 cents, 75c, and 85 cents per dozen for their goods which they claim are the best on the market. To capture the trade the combine's combination, which represents some invested capital of something over \$2,000,000, have made three grades and the lowest one of these is fixed at the prices made by the independent canners.

Ordinarily the Ontario canners have two grades of canned peas. The superior goods sell for 80 cents, 90 cents and \$1 per dozen cans, while the second grades are quoted at 75 cents, 85 cents and 95 cents. The third grade is said to be really the second to meet the cut prices of the independent men.

The canners of the big combination say goods this year will be sold at less than cost of production.

Struck with Fork while Haying

Herb Johnston Injured while at Work Near Janetville

Mr. Herb Johnston, who is engaged with Mr. Thos. Syer just south of Janetville, while unloading a load of hay on Friday morning with a hay fork was thrown off the load and fell on his head and shoulders badly, injuring himself, and was unconscious for over an hour. Drs. McCullough and Johnston are doing all they can for the patient.

Some Population Figures

In 1866 the population of the United Kingdom was 30,000,000 and that of France 38,000,000. In 1896 the figures for France remained unchanged but those of the United Kingdom had grown to 36,000,000. In 1906 France had 39,000,000 people but the United Kingdom had 42,000,000. In considering the significance

mind that the emigration from France is small, while from the United Kingdom it is large. Last year there were more deaths than births in France, difference was only 2000 but the astonishing thing is that there should have been any excess of deaths. The decline in the birth rate is steady. The number of births in 1901 was 857,274 and it has fallen off every year, last year the figures having been 773,069. This means that unless some remedy is found, the French race will die out, for as the people grow older the relative number of deaths will necessarily increase.

BABY'S GREAT DANGER DURING HOT WEATHER

More little lives are lost during the hot weather than at any other time of the year, diarrhoea, dysentery, cholera, infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. During the hot weather months Baby's Own Tablets should be kept in every home where there are small children. An occasional dose of the Tablets will prevent stomach and bowel troubles. Or if the trouble comes unawares the prompt use of this medicine will bring the child through safely. Mrs. J. Renard, New Glasgow, Que., says: "One of my children had a severe attack of diarrhoea, which Baby's Own Tablets promptly cured. I know of no medicine so good for stomach and bowel troubles." Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams Medicine Co., Brockville, Ont.

Record Beaters Issue Challenge

Our Cement Gang Lay Eight Hundred and Fifty Feet per Day

One of The Post's reporters on his daily rounds got into conversation with the foreman of the cement gang who are employed laying the walks in Lindsay. He learned the men built about eight hundred and fifty feet of walk in a day on an average and have it marked and rolled at that.

There are six men working on the job under the direction of Mr. Thos. Begg. They are Messrs. W. Conlan, J. Miles, G. Ingle, E. Carr on the board, Mr. Fred Baldwin as finisher and Mr. R. Reed as helper. The men would like to meet with the same number of men who can beat this record, which as yet they have failed to do.
