## LOCAL EFFECT OF THE GREAT STRIKE ON THE GRAND TRUNK

The local effect of the trainmen's strike was to delay more or less seriously the departure of trains due to clear from the G.T.R. station.

The news of the declaration of the strike was received in town late last night and it spread like wildfire among the railway men.

This morning the silence about the G.T.R. station was as "deep as death" compared with the bustle and confusion that usually prevails. None of the early morning trains pulled out, as they could not be manned by a crew of qualified officials, a conductor and two brakemen. The Haliburton train arrived at the station in charge of Mr. E. J. Kingsley while No. 21 from Port Hope in charge of Trainmaster J. D. McMillan came into the station shortly after 9.15 o'clock.

These were the only trains that passed through during the day and passengers who assembled at the station for the purpose of boarding the outbound trains accepted the condition of things philosophically, and many of them took advantage of the C.P.R. to reach their destination.

**CAR SHOPS CLOSED.**

The numbers of local conductors and brakemen who were effected by the strike was considerably augmented by the closing down of the local G.T.R. shops by the officials of the road. The employees, together with the strikers, gathered in groups about the streets to-day discussing the situation. They were a good natured body of men, and while they regretted exceedingly the circumstances which forced them to quit work they were a unit in declaring that their demand was a just one.

A Post reporter interviewed a couple of men, but they refused to give any statement for publication as did also the local G.T.R. officials.

**HARMONY PREVAILS**

The men are standing pat and considerable harmony prevails among them. There are all sorts of rumors prevailing regarding the importation of strike breakers, but these are foundationless.

**WHEN WILL IT END?**

When will it end? is the query that is heard on all sides. Local citizens are already beginning to grumble about the non-arrival of their mail matter and there was considerable disappointment expressed when the Toronto papers failed to arrive. A bundle of Toronto World's came in by C.P.R., but they were gobbled up as if by magic.

**WILL ARRIVE AT 2.30.**

The 10.48 G.T.R. train in charge of Trainmaster McMillan, so states a despatch will arrive at 4.30 this afternoon. A further despatch states that the 8.15 train will arrive here on time.

**QUIETNESS PREVAILS**

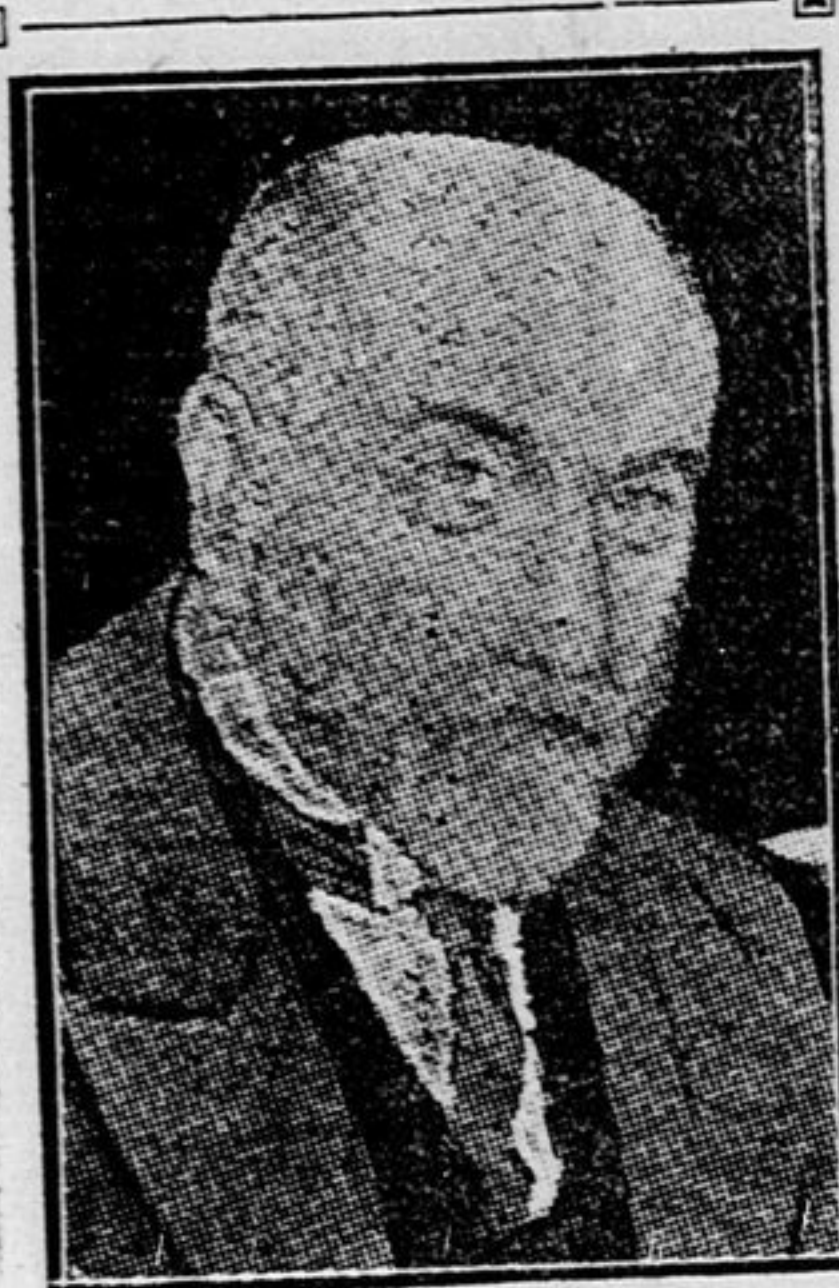

A despatch received this morning states that there is the utmost harmony prevailing among the strikers. They are conducting themselves in an orderly manner all along the line. G.T.R. officials have very little to say regarding the situation.

**CONDITIONS AT PETERBORO.**

Peterboro, July 19th.—Conductors and brakemen are all out here. Conductor Chas. Adam brought up the Belleville train and then went on to Lakefield. On his return he ran a train to Lindsay.

**FARM FOR SALE**

**FOR SALE**—The Farrell Farm, east half lot 7, and south east quarter lot 18 Con. 9, Ops, 150 acres. No better land in township. Sale required to wind up estate. For further particulars apply to STEWART & O'CONNOR.—wif.

JOSEPH MARTIN, Canadian Member of British House, who is on a visit to this country

## EXAMINERS APPEAL FOR ENTRANCE PUPILS

### In Collingwood and Barrie Failures Were Unprecedented—North Bay an Exception

Reports of an unusually large percentage of failures at the entrance examinations continue to come in.

**BARRIE EXAMINERS CALL IT UNFAIR.**

In the town of Barrie 128 wrote, and of these only 46 were successful.

The examiners attached the following note to their report. "On account of the extreme difficulty of the papers in written reading and arithmetic, the Board of Examiners is now in communication with the Education Department in regard to a number of pupils that have not reached the standard prescribed by the regulations, but that deserve, in the opinion of the Board, to be given a pass. The result of the communication will be made known as soon as received."

**THREE-FOURTHS FAILED AT COLLINGWOOD**

Collingwood was even worse. A local paper says: "The results of the entrance examinations cannot but be a disappointment to both teachers and pupils. Of the 123 pupils who wrote here, but 31 have passed, according to the regulations of the Education Department. Of these but four secured honors. On account of the extreme difficulty of the papers in written reading and arithmetic, the Board of Examiners is now in communication with the Education Department in regard to a number of pupils who have not reached the prescribed standard, but who, in the opinion of the board, deserve to be given a pass."

**NORTH BAY PASSED EVERY ONE**

A North Bay subscriber writes: "I read with much interest the articles on the entrance examinations in Friday's News. North Bay public school, sent 29 pupils up for the entrance, and every pupil was successful, and did not consider that the test was a very hard one. I wonder how many schools have the same record. Mr. William Braley is principal of our school, and in three years only three pupils have failed out of the large number sent up. North Bay is proud of this record, and gives the honor to their efficient principal, and the candidates did not think the test hard or unfair."

## Lindsay Market Weekly Quotations

**Liverpool and Chicago Wheat Futures**

A large number of our villagers attended the Orange walk held in Lindsay on the 12th of July, among whom were as follows: Misses. Kate MacIntyre, Myrtle Wakelin, Pearle and Dossie LeCraw, Mrs. Sam Bowhey, and Mrs. Fred Martin, and little daughter Jean Martin, also Mr. and Mrs. R. J. Woodcock.

Miss Dossie LeCraw, of Essonsville is spending her vacation with Norland friends.

Miss Katie McIntyee, of Highland Hamilton, of Toronto, added to the pleasure of the meeting with selection of instrumental music.

The next meeting of this flourishing branch will be held at the home of Miss Ray, Woodville, on Aug. 11th at the usual hour.

MGR. SBARETTI, Papal delegate to Canada, who has left on a trip to the Continent.

## Institute Meeting At Woodville

The Woodville Branch of the Women's Institute held a most successful meeting at the home of Miss Hill on Thursday the 19th. Forty-three ladies turned out to enjoy one of the most interesting programmes our branch has had and enjoy the hospitality of Mr. and Mrs. Hill, who did so much to make the afternoon a success and pleasure to their guests.

After the usual routine of business, a paper on Invalid Diet was read. It was a most practical and useful paper, and pointed out how important a part diet played in building up the wasted tissue of the body. This paper was prepared by Mrs. F. R. Edwards, Woodville.

Another paper prepared by Mrs. Mann, Woodville, on Human Nutrition, was then read. And as we consider how much nutrition has to play in the human body, it is possible that any woman could consider the preparation of food as lowering to her dignity. If so, she should make a study of foods and what they do for the body. As we think of all the elements that build the human body and the food that we eat must, if we be properly nourished, contain the proper proportion of each, woman has a very great work to do right in her own sphere.

Mrs. Thomas, Woodville, and Miss

**VALENTIA**

Dr. Sutton and wife and little child of Omeme, are spending their vacation with his sister, Mrs. John Swain and their numerous friends.

Miss Etta Moffatt, of Toronto, spent Sunday with Mrs. L. Sharpe.

Mr. Philip Mark is repairing his clover mill. He expects to start to thresh in a few days.

Mrs. Ernie Swain and a friend from Port Perry were the guests of Mrs. Wm. Suggitt last Sunday evening.

The farmers are all busy cutting their alfalfa and fall wheat. The alfalfa appears to be fair and the wheat is exceptionally good. It is impossible to state at this early date what the returns from the spring crop will be.

A number of our citizens on the anniversary service of the British Christian church on the 17th inst. They report a fine time.

A scene of considerable interest witnessed by a large number of people on Monday of this week the two champion baseball players Valentia and Manilla met at wood for their decisive struggle the laurels of honor. Ernie eventually the score turned out of Manilla.

Only the borrowed vacation.

One of the newest water motors, the invention of a Canadian consists of a small truck on a track with a broad tail, which strikes the tail, and compresses it by a piston on the head of the truck.
