RUPTURE

J. Y. EGAN, Specialist of Toronto

A WORD OF CAUTION.

Prostration is the most common error of ruptured people. In most cases they do not realize the risk they are running. You may have been ruptured for some time and not have been ruptured for better or worse. But noticed any change for better or worse. Even if not remember, no rupture stands still. Even if not slip while lifting or coughing and let more of the bowel escape. In such a case strangulated hernia may result in death. Many people come to me constipated, nervous, irritable, suffering from indigestion and constant colds. They seldom change this to their rupture, but that is where their ill-health originates. A rupture strains the whole physical organism and is a constant nerve irritant, a breeding place for the germs of typhoid, and frequently causes rheumatism, paralysis and sterility. Your rupture cured will make you feel like a new being; your nerves will recover their normal tone and your rundown condition replaced by vigor, the joyous health. Act at once and remove the daily danger of death which, like a threatening thundercloud, hangs over the head of every ruptured person. Don't delay, to suffer and die. Let me help you thousands in the past fifty years have done for thousands in the past fifty years I can do for you to-day. A rupture is a fact what a cure means to you—vitality, immediate security, comfort and a perfect physical condition. This is all yours to-day for the asking. Out-of-town patients can consult me and return home same day relieved of all rupture trouble permanently. No operation, pain or loss of time. Tear off free coupon now.

Free Consultation Coupon.

This coupon, upon presentation to J. Y. Egan, rupture specialist, 321 West King Street, Toronto, who will visit the towns (on dates mentioned below) will entitle the bearer to free consultation and examination of his or her case. Ask at hotel office for number of my consulting room. Note dates.

PALESTINE

(Special to The Post.)
The recent rain done a great deal of good to the crops.

Haying is the order of the day at present.

Miss Tena McNabb spent a few holidays visiting her many friends.

Miss Effie McMillan is spending her holidays at home.

On Wednesday, June 29th, a very surprising event took place when the pupils and members of the Palestine Mission Band assembled in the school room. A special programme was given by the children, and at the close Miss Rachel McMillan presented our retiring teacher, Miss Truman, with a handsome leather suit case, and Miss Alice Greaves a beautiful fountain pen and hand painted hat pin, while Miss Margaret Logan read the following address:

Dear Miss Truman.—We, the parents and pupils of the Palestine school take this opportunity of expressing in a very small measure our appreciation of your services, as our teacher during the past two years and a half.

We have ever found you a very sympathetic and kind friend, a very conscientious teacher, and in every day school life, by precept and example you have shown us wherein lies the "true life." The life of the soul, which alone is to live forever.

We realize how often we disappointed you in our work, and gave you needless trouble and work.

We therefore wish you to accept these slight tokens as thoughtlessness of our esteem and gratitude, and with it our best wishes wherever your lot may be cast in the future.

We can say with confidence that in years to come you will not be forgotten by us, and we hope that your kindly interest will continue in us, even after we have grown up and left the Palestine school.

Signed in behalf of the school and Mission Band, Margaret Logan, Rachel McMillan, Alice Greaves.

Afterwards cake and lemonade were served.

Miss Truman has gone to take up a course on nature study in Guelph. She will be missed in Palestine.

PLEASANT POINT

(Special to The Post)

We are having rather damp weather to suit the hay-makers at present, but it is giving the other grain a chance to grow and before long the effects of the dry spell will have disappeared.

A large number of people from this vicinity spent the 12th in Lindsay and though the most of them received a good ducking they say they had a fine time.

We are sorry to say that Mrs. Francis Brien is on the sick list, being bedfast with an attack of bronchitis.

A serious accident was narrowly averted here last Friday when a team and wagon, owned by Mr. Jas Brien ran away. Mr. Brien was busy drawing in hay, and was on the way to the barn with a load when it upset, scaring the horses. Mr. Brien was thrown off and the wagon passed over one of his legs, but owing to the position in which he was lying the leg was not broken, which otherwise undoubtedly would have been the case. Mr. Brien received other slight injuries, but we hope to see him about again before long.

Mrs. John Carew, of East Emily, spent a few days with friends here recently.

A couple of men from Oshawa passed through this vicinity last week, buying up cattle. They made several purchases and had their cattle shipped on Saturday.

The binders are to be heard these days cutting the fall wheat, which has ripened quickly lately.

Mr. Edward Hore, of the Manitoulin Island, is visiting friends in this vicinity at present. It is several years since Mr. Hore left here and we are glad to see him once more.

Scotland Yard Detectives Blamed

London, July 18.—The press is devoting columns to the Crippen murder case. The most remarkable feature has been the sluggishness of Scotland Yard in its preliminary stages. The case was laid before the authorities on June 30 with ample evidence that Dr. Crippen had made contradictory statements respecting his wife's disappearance and death, and her friends both in England and America suspected foul play. There was an interval of ten days before Crippen's flight with his typewriter. During that interval the detectives received a fresh series of misstatements from him, which ought to have warned them to keep him under constant surveillance, and yet they did not take any precautions to prevent the escape of the suspected criminal.

The excuse offered for this astonishing negligence is that they wanted to frighten him into flight and thereby force him to incriminate himself. If they had been clever, they would have induced him to run away and kept watch on him, so as to arrest him at an opportune moment. As it is, they are now dependent on the co-operation of the amateur detectives of the press, and are overwhelmed with hundreds of false clues, based on mistaken identity, in every section of the kingdom.

As Crippen disappeared only four days before the horrible discovery of the mutilated body of the woman under the coal cellar, the scent is fresh, and the arrest of the suspected murderer is highly probable, especially as every newspaper is seeking to frighten the typewriter into betraying him in order to escape her own responsibility as an accessory before or after the fact.

COUNTING BY TENS.

And a Suggestion as to Why We Buy Things by the Dozen.

Did it ever occur to you as strange that while we count by tens we buy so many articles by the dozen? If we ask the price of apples, oranges, oysters, eggs, collars, handkerchiefs and many other things we will be told so many cents or dollars a dozen, or if large quantities are wanted so much a gross, which means a dozen dozen.

How do you suppose this has come about? It was this way: Nearly all savage people count by their fingers—that is, if they want to tell you they have seen two wild beasts they will hold up two fingers, and if ten they will hold up both hands, and if twenty both hands twice, and so on. Babies also learn to count by their fingers and toes, and to many people it seems as if that were the only possible way.

It is, however, rather a clumsy way, as you find out when you try to divide ten. Say, for example, you have ten apples. You can only make an equal division among two or five persons, while if you have twelve you can give an equal number to two, three, four or six. We find the same inconvenience in dividing a dollar and often have to pay 12½ cents.

If we had been born with two, four six or eight fingers or toes, like some animals, it is possible that we should have counted differently, but it does not now seem likely there will ever be any change in the ten or decimal system, as it is called, especially since the Arabic numerals now used nearly everywhere are based on this system.

Jewelry in the Laundry.

"Yes, these are genuine diamonds, all right," said the owner of a downtown laundry as he drew a pair of heavy links from a gentleman's shirt. "Often happen? Why, look here!" and he drew open a small box and displayed a dozen links and collar buttons. "These came in this week. Some are valuable, some are not, but a dishonest dealer could really make a small fortune in a year's time. We don't find much jewelry in women's apparel. They are not as forgetful as men in this respect."

The Nox Tasteless Liquor, Drug and Tobacco Cure

We have yet to hear of one failure to cure where a fair trial has been given. Can be given without the person knowing it, is harmless and absolutely without taste. Mother, sister or wife, you would be doing a great work by giving this remedy to some members of your family. We will mail a full month's treatment for five dollars. The Scobell Drug Co., Dept. L. BY-LAW NO.

A BY-LAW TO AUTHORIZE THE BORROWING OF \$10,000.00 FOR THE PURPOSE OF THE CONSTRUCTION OF STEEL AND CONCRETE BRIDGES.

WHEREAS it is, in the opinion of the County Council, desirable to construct certain steel and concrete bridges for the County of Victoria;

AND WHEREAS for that purpose the sum of \$10,000.00 is required to be raised, over and above the ordinary current expenditure of the County;

AND WHEREAS, to raise the said sum of \$10,000.00 it will be necessary to issue debentures of the Corporation of the County of Victoria for the sum of \$10,000.00, which is the amount of the debt intended to be created by this by-law, the proceeds of said debentures to be applied to the said purposes;

AND WHEREAS it is desirable to issue the said debentures at a time and to make the principal of the said debt repayable by yearly instalments during the period of twenty years, being the currency of the said debentures, the said yearly sums being of such respective amounts that the aggregate amount payable in each year for principal and interest on the said debt, shall be as nearly as possible equal to the amount payable in each of the other nineteen years of the said period, as set out in schedule "A" hereto annexed.

AND WHEREAS the total amount required by "The Municipal Council" to be raised annually by special rate, for paying the said debt and interest as hereinafter provided, is \$735.82.

AND WHEREAS the amount of the whole rateable property of the Corporation of the County of Victoria, according to the last assessment and equalized assessment rolls thereof, is \$15,981,578.00.

AND WHEREAS the amount of the existing debenture debt of the said Municipality is \$60,000.00, whereof no portion of the principal interest is in arrears and the sinking fund thereof now amounts to a sum of \$8,739.96.

NOW, THEREFORE, THE MUNICIPAL COUNCIL OF THE CORPORATION OF THE COUNTY OF VICTORIA ENACTS AS FOLLOWS:—

- That for the purpose of raising the sum of \$10,000.00 to be used for the purpose of the construction of steel and concrete bridges for the County of Victoria, debentures of the Corporation of the County of Victoria shall be issued on the Twentieth day of December, A. D. 1910, in the amount of \$10,000.00, with interest yearly at the rate of Four per cent per annum, that is to say, the principal and interest in equal annual instalments of \$735.82 each, the said sum of \$10,000.00 the annual instalment required to pay the said sum of \$10,000.00 interest at Four per cent per annum in twenty years, as shown in said annexed schedule; the said debentures shall be payable on the Twentieth Day of December in each of the years 1911 to 1930 inclusive, at the office of the Treasurer of the County of Victoria, at the House in the Town of Lindsay.
- Each of the said debentures shall be signed by the Wardens of the Corporation of the County of Victoria, and he is hereby empowered, authorized and instructed to sign the same, and to issue the same, hereby authorized to be issued and to cause the same to be attested by the treasurer of the said Municipality. And the clerk of the said Corporation is hereby authorized and instructed to attach the seal of the Corporation to the said Debentures.
- That during the currency of the said debentures there shall be levied annually by special rate on all the rateable property of the Corporation of the said County of Victoria, the sum of \$735.82 for the purpose of paying the amount due in each of the said years, for principal and interest, in respect of the said debt, as shown in the said schedule "A" hereto annexed.
- This by-law shall come into force and take effect on the day of its passing thereof.

PASSED at Lindsay this 15th Day of November, A. D. 1910.

Clerk and Treasurer.
