Father Morrissey's Remedies
New on Sale in Ontario

When Father Morrissey, the famous
priest-physician of Bartibogue, N. B.,
died a year ago last spring, he left his
prescriptions to the Sisters of the Hotel
Dieu, at Chatham, to be used for the
benefit of humanity and of the church.
Not being in position to make up and
distribute the prescriptions themselves,
the Sisters arranged with a number of
gentlemen, who had been Father Morrissey's
friends, to do it for them. These gentle-
men working under the name of the "Father
Morrissey Medicine Co., Limited," had by
the first of the year placed the remedies in
nearly every store in the Maritime
Provinces.

So gladly were they received, and so
satisfactory has been their record of cures,
that the Sisters and the Company have
decided to place them on sale through-
out Canada.

Father Morrissey's "No. 7," for Rheu-
matism and the Kidneys—"No. 10,"
Cough Cure and Lung Tonic—"No. 11,"
Stomach Remedy—"No. 26," for Catarrh,
and "Father Morrissey's Liniment"—can
now be obtained from most dealers in this
Province. If you do not keep them write

EARTHQUAKE AT SAN FRANCISCO

San Francisco, July 3.—Two earth-
quake shocks, the heaviest since the
big shake of 1906, and separated by
only a few seconds, jarred the central
portion of California and western
Nevada on Saturday. The first sharp
shock experienced at 2:01 o'clock, was
followed in a few seconds by one of
similar intensity, each lasting about
five seconds. Only trivial damage has
been reported from any section, but in
San Francisco and other cities in the
affected area, a panic seized upon
crowds in stores and restaurants, and
there was a pell-mell exodus from the
large buildings.

One peculiar feature of the earth-
quake was that it did not appear to
follow the old "fault" in the earth's
crust, which has been the playground
of trembles in the past, but extended
from the seacoast eastward to the
Sierras, including hitherto exempt
mountain areas. It was felt to the
northward of Sacramento in the Sacra-
mento Valley, southward as far as
Fresno, and to the east to Carson and
Reno, Nev., the former place experi-
encing the heaviest shock in its his-
tory.

The mean time clock at the ob-
servatory of the University of California
stopped for the first time since the
great quake of five years ago.

The deep booming reverberation
which usually marks disturbances of a
widespread character, accompanied
the first tremor. In San Francisco the
groaning and cracking of the steel
structures played a large part in
frightening people.

HAMILTON GRAND STAND BURNED
(Special to the Post)

Hamilton, July 3.—The \$125,000
grand stand of the Hamilton Jockey
Club, along with the judge's stand
and a railway platform, was destroyed
by fire early Saturday morning.

The cause of the fire is unknown,
but incendiary is suspected. P. Maloney,
superintendent of the Jockey
Club grounds, whose residence ad-
joins the grand-stand, retired at two
o'clock Saturday morning and at that
time there was no sign of fire. About
half an hour later he was awakened
by the barking of his dog and the
cracking of flames. Rushing out of
his house he beheld the mid-section
of the stand in flames. He immedi-
ately attempted to notify the fire de-
partment, but could get no response
from the telephone operator for some
time. As soon as telephone com-
munication was established the Sand-
ford avenue fire brigade responded to
the alarm, and reached the scene in
a few minutes. Secretary Louden was
also notified and lost no time in get-
ting out.

Although the firemen, Secretary Lou-
den and Supt. Maloney all worked
heroically to subdue the flames it was
soon apparent that nothing could be
done to save any part of the grand-
stand and the attention of the fire-
fighters was then concentrated on
Supt. Maloney's residence and the
betting ring, both of which buildings
were seriously threatened. Heavy
streams of water were turned on these
structures and both escaped any seri-
ous damage, although the superinten-
dent's house was severely scorched.

STORY OF LINDSAY COUNTERFEITERS
TORONTO PRESS OVERWORK IMAGINATION

The following appeared in today's
Globe:—

"The green goods men who met
David Watson, of Orillia, by ap-
pointment in a swamp and sold him
packages of bogus bank notes may
yet find their way behind prison
bars:

"Watson, who passed through Tor-
onto on his way to Kingston told
the police here as well as Detect-
ive Parkinson, of the Dominion Pol-
ice, Ottawa, that he believed the
men he dealt with belonged to Lind-
say.

"Detective Parkinson has been mak-
ing inquiries around Lindsay, and
has discovered some of the bad
bills. Some were passed in Toronto
last spring, and more in Buffalo,
where the gang who 'shoved the
queer' appeared to have agents.

"The Buffalo police are also co-
operating in the search for plant
of the counterfeiters.

"More than one police officer
have been taken to Lindsay to in-
vestigate the making and circula-
tion of counterfeit money.

"A number of convictions were
secured there a few years ago by
Detective Parkinson and J. E. Rog-
ers, now Superintendent of the Pro-
vincial Police."

The Globe's article is incorrect in
some particulars. Inspector Parkin-
son, of the Dominion Police, was
in town on Wednesday, June 21st,
and his visit here was only known
to Acting Chief of Police Short
and a representative of the Post.
The newspaper man had a long talk
with him on the date in question,
and knew the object of his mission
here. Inspector Parkinson stated that
none of the bad money had been
circulated in Lindsay. The officer

CANCER CURE

Most Remarkable Cure READ IT! READ IT!
Moore Park, Man., Feb. 18, 1910

R. D. Evans, Esq.
Dear Sir—Before calling on you we
found that my wife was suffering from in-
ternal cancer and also cancer of the breast.
I surely looked to die like a hopeless case,
being told so often there was no cure for
cancer. My wife at no time is very robust
but the thought of losing her was very
harrowing to me. As I said, my wife is
not a rugged person, but thanks to your
WONDERFUL DISCOVERY for the
cure of cancer she is as well today as she
was before the terrible disease made its
appearance. A most wonderful thing to
be cured of both internal and external
cancer at the one time. There is not the
slightest sign of the cancer returning.
People who professed to know told me
the cancer would return in two or three
years, but they are wrong, for it is longer
than that now. I should have written to
you before but always neglected it, but
now I tell you with all confidence, your
discovery cleared away all traces of cancer,
and I send you this public citation so that
others may be blessed as we were.

Yours very truly,
SIMON FRASER.

Given Up by Family Physicians
Feb. 9, 1904

This is to certify that after seven months
of the keenest suffering it was decided by
my doctor (Dr. — of Brandon) that I had
cancer of the intestines. As I was too
weak for an operation, death seemed in-
evitable; and indeed was eagerly looked
forward to as a release from the terrible
pain and sickness through which I was
passing.

However, having been informed that
Mr. R. D. Evans had a plaster that cured
cancer, we (with the physician's consent)
had Mr. Evans come and apply the plaster
in his own way. The growth was large,
and for four days the plaster was applied
as steady as I could bear it, with the re-
sult that I am today alive. I feel that I
owe my life to the plaster as applied by
Mr. Evans.

More than that, I have since met many
people likewise afflicted and personally at-
tended quite a few who were declared to
be dying of cancer. Many of those are
free from their dread disease. While some
have died of cancer, but because the
vital organs were too far gone to per-
mit health to return. But in several cases
the attending physician declared them to
be free from cancer. I am willing to
answer any questions put to me on this
subject, and sincerely hope that many
more may be saved from the terrible suf-
fering caused by this loathsome disease.

Yours in sincerity,
MRS. E. P. FLETCHER,
DeBarr, Col. Co., N.S.
P. S.—This cure was made when Mrs.
Fletcher lived in Brandon.

Discoverer of the EVANS CANCER CURE

Prompt and Effective

Another Startling Cure Effected by the
Evans Cancer Cure—Strong Testi-
mony from Rapid City.

I, Ald R. D. Evans received the following
letter from Rapid City, under date of March
17, 1905. The letter speaks for itself.

Rapid City, March 17, '05

R. D. Evans:
Dear Sir—Regarding the cancer which ap-
peared on my lip and afterwards spread to
a large lump on my neck, which caused me
very great pain. I was advised by a friend
who knew you to try your Cancer Cure, and
I am glad I did. I am as well today as ever
I was, and I have the cancer in a bottle of
alcohol instead of in my lip. Two doctors
pronounced it cancer and told me the only
remedy was the knife. I should like every
person suffering from cancer to know about
your cure. Use this as an advertisement to
the good of others.

Very gratefully yours,
JOSEPH GALLOWAY,
Rapid City P. O.
(Copied from the Brandon Saturday Times.)

Divine Interference
Victoria, B.C., Sept. 21, 1903.

Mr. R. D. Evans, Brandon,
Dear Sir—In reply to yours of the 15th
inst., requesting testimony of my wife.
My wife was operated on in St. Joseph's
hospital, Victoria, B. C., five doctors be-
ing present at the operation. The doctors
having opened her found her stomach a
mass of cancerous growth and could do
nothing for her. Having questioned them
why they did not try to cut it out, they
said they would have taken her life im-
mediately; they telling me about how
long she would last. Having heard of your
remedy I got her home as quickly as
possible, and as soon as possible started
applying the plaster on her head.

No one could possibly get lower than
my wife was and live, as we watched for
days and hours expecting the last. Today
my wife is positively cured; that is the
words the doctor used as he has kept
coming to examine her. He says that
either divine interference or the plaster
cured her, and he doesn't doubt but what
it was the plaster. My wife is the talk
of the town, being looked upon as a wonder.
I am thoroughly convinced the plaster
cured her. I can give you date, and ad-
dress of nurse and doctor should you wish
it. As full details would fill a small book,
any other in ornate I will be pleased to
forward should you wish it.

I am yours truly,
JAMES PARFITT,
112 North Chatham St.,
Victoria, B. C. Canada.

Send this to some sufferer. Tell them there is a cure for Cancer. Write to
