EXPLODED TOO SOON.

Premature Blast Is Cause of Loss of Ten Lives.

KINGSTON, June 27.—Ten Italian workmen were killed yesterday morning in the construction camp of the C.P.R. railway, ten miles out of Parham, on the line of the railway, and 46 miles from Kingston. They were working in a cut when a premature explosion of dynamite occurred.

Michael Guirrey, foreman of the camp, with a fellow workman assisting, had all preparations made to let off a heavy blast, when in some unknown way a spark was generated, causing the explosion. Some of the bodies were buried under tons of debris, and searching was continued all day. Last night all but two had been recovered.

Johnson Bros., the contractors, stated that the exact cause of the accident would never be known, as the foreman had met death. The names of the Italians could not be secured. One of the Italians who had a narrow escape went temporarily insane, and it required three workmen to keep him from doing himself bodily harm.

Dr. W. W. Sands, coroner of Kingston, will hold an inquest. It had been the intention to open it yesterday afternoon, but owing to the instructions of Dr. Harley Smith, the Italian consul at Toronto, it was held over. Dr. Sands conferred with J. L. Whiting, the county crown attorney, who instructed him to comply with the Italian consul's instructions. The firm of Denton, Grocer & Field, Toronto, will send a lawyer down in the interest of the consul. The C.P.R. will also be represented.

In view of the frequent fatal accidents to foreigners at railway construction camps in this district, the Italian consul wants to be represented at investigations into any future fatalities.

CHIEF ENGINEER NAMED.

C. B. Brown To Take Charge of the Federal Railway Lines.

MONTREAL, June 27.—The appointment is announced of Mr. Colingwood B. Brown to the position of chief engineer of the Government railways in Canada. Since graduation in civil engineering in Cornell fourteen years ago, Mr. Brown has been in the employ of the C.P.R., filling various engineering positions from rodman to principal assistant engineer, a post to which he was appointed two years ago, and which he now resigns to become head of the Government railways engineering department.

Mr. Brown is very well known both in eastern and western Canada, having been in turn resident division engineer at Calgary, division engineer at St. John, N.B., and Montreal, before becoming chief assistant of the C.P.R. Although a graduate of an American college Mr. Brown is a Canadian. He was born at Kingston, Ont., thirty-six years ago, and is thus a comparatively young man. Later he resided with his parents at Oshawa and Ithaca, where he took his college course.

The management of the Intercolonial and Prince Edward Island Railways feel they have secured a particularly able and experienced man in the new chief engineer, who will take up his residence at Moncton on the 1st of July.

SKIN IS CALLED FOR.

Between 200 and 300 Volunteers Are Needed In Buffalo.

BUFFALO, June 27.—Over 10,000 square inches of skin must be given for grafting purposes if the death list of the Huested elevator explosion fire is to be kept from reaching far more appalling proportions, according to conservative estimates of physicians in attendance on the injured at the various hospitals.

To meet this demand the services of between 200 and 300 volunteers will be required. In individual cases a friend or relative has offered his skin, but the Huested catastrophe leaves no alternative but public appeal, which hospital authorities will be made as soon as the exact conditions are known.

No more bodies had been recovered from the ruins yesterday and firemen were still pouring water into the wreckage.

Can Prosecute Unions.

WASHINGTON, June 24.—President Wilson yesterday signed the summary of a proposed bill with a statement declaring that he would have vetoed, if he could, the provision in it exempting labor unions and farmers' organizations from prosecution under a certain \$300,000 fund, designated for the operation of the Sherman anti-trust law.

The President characterized the exemption as "unjustifiable in character and principle," and called attention to the fact that the Department of Justice possessed other funds with which to enforce the anti-trust law.

Rhino Is Exhumed.

BRANTFORD, June 24.—The carcass of the big rhinoceros which died while here with Barnum and Bailey's circus last week, was exhumed yesterday and shipped to Toronto, where it will be prepared for the Toronto University Museum. The shipment weighed over a ton.

Duke of Sutherland Ill.

LONDON, June 24.—The Duke of Sutherland is critically ill. The duke is one of the largest land owners in Great Britain, and has been in Canada, where he possesses a large estate in the west.

Six Drowned at Edmonton.

EDMONTON, Alta., June 27.—Roden C. Hooper, manager of Marshall Wells Co., and wife, Early Meredith, superintendent of Marshall Wells Co., and Mrs. Case, wife of Manager Case of the west end branch of the Imperial Bank, and mechanic, were drowned last night when a motorboat upset in the river. Mr. Case was saved.

KINMOUNT

(Special to The Post.)

Weather continues dry and very warm. Rain is badly needed as the pasture fields are nearly bare. Hay will be a short crop in this neighborhood.

Tourists are once more moving in and going on to their summer quarters.

Miss Ivy Gilmour, who has been a teacher in training at Peterboro Normal, is home again after close of session.

Dr. White visited Lindsay on business last week.

Mr. Jack Askey left last week for the Muskoka Hospital. We trust he may soon return fully recovered.

Our soldier lads are back again from Barriefield, where they had a pleasant and profitable time.

Miss MacKay, of Woodville, is visiting at Mr. John Austin's, sr.

Mrs. Alex Morrison spent several days in Lindsay last week. She was a delegate from the local branch of the Women's Institute to a meeting of the order in Lindsay. She reports a good time there.

Mr. and Mrs. Quibell and family left last week to take up residence in Fenelon Falls.

Miss Amy White is spending a few holidays with Fenelon Falls friends.

Mr. James Wilson took a trip to Lindsay today.

Mrs. T. B. Robertson and her two little girls are visiting for a few days with Mr. and Mrs. N. G. MacEachern.

Mrs. R. A. Levia returned last Friday after a pleasant visit with friends in Michigan.

Miss Robson, of Verulam, accompanied Miss Mary Oswald, teacher at Fells, to her home here, and is spending a few days with Mrs. Oswald.

The High tea and concert given by the ladies of the English Church in Hopkins' grove, was a success. The evening was a nice one and everyone present enjoyed themselves. Addresses were delivered by Rev. Mr. Galvin, Mr. John Austin, sr, and Dr. E. A. White.

Miss Mae Chessell leaves on Wednesday morning to attend the summer school for teachers at Bracebridge.

We are pleased to note that Mr. R. O. Frost was among the successful ones in the final examination before the Medical Council, and he can now add M. D. to his name.

Two marriages were celebrated in the R. C. Church here lately by the Rev. Mr. Galvin. On Wednesday last Mr. M. Curtin to Miss Maggie Grainey, daughter of Mr. Chris. Grainey.

Today Mr. Joe Byrne, to Miss Gertrude Allen—May their future be pleasant. Their joys many and sorrows few.

Mr. and Mrs. E. A. Wellstood and family spent Dominion Day with Minden friends.

Mrs. Jas. Morrison and Miss Minnie Moore spent last week with Peterboro friends. They returned on Saturday accompanied by Mrs. Morrison's sister.

HAS THROUGH TICKET.

Canadian Immigration Officials Cannot Touch Johnson.

MONTREAL, June 23.—Jack Johnson, the negro pugilist, accompanied by his white wife, Lucille Cameron Johnson, is booked to sail for Havre on the Allan Line steamer Corinthian Sunday morning. Canadian immigration officials located Johnson last night with a view to taking summary deportation action should he fail to comply with the restrictions of the immigration laws.

The negro pugilist in response to a demand of the officials, produced a through ticket to Havre purchased in Chicago. By this bit of strategy Johnson tied the hands of the Canadian immigration authorities. They are powerless to act further than to see that he leaves the country on the ship on which he is booked to sail.

POSTAL CLERKS' RAISE.

General Increase In Wages Announced From Ottawa.

OTTAWA, June 25.—Hon. Louis Pelletier, Postmaster-General, has announced that, dating from April 1, letter carriers, porters and all clerks not in the graded classes will receive 25 cents a day more than formerly.

The letter carriers and porters will receive further benefit from the new regulations. They will receive \$2 per day now at the start, with an opportunity to reach the maximum wage, \$3 per day, in four years. Formerly it took eight years to climb to the maximum. The \$20 bonus which these men have been getting each year has been cancelled and an additional week's holidays substituted, so that the men who bear the brunt of the heavy work of the Department will now be on vacation for three weeks. To meet this change the delivery staff will be increased.

SOLD CHILDREN COCAINE.

Montreal Youth Charged With Peddling In Schools.

MONTREAL, June 23.—Mortimer Gleason, a young fellow showing the fearful effects of the constant use of cocaine, appeared in court yesterday, charged with peddling the drug among school children.

He made a pathetic appeal to the police to supply him with some "coke," but his begging fell upon deaf ears.

Gleason is an old "snowbird." He got into trouble here a while ago by attempting to throw cocaine over the jail wall to some of his friends who were cooped up inside at work on the stone pile.

Eight Hurt In Auto Wreck.

HAMILTON, June 23.—On the Plains road, outside Freeman's post-office, an automobile, the owner of which was unknown at the time of going to press, turned turtle and fell into the ditch on Sunday afternoon. There were eight occupants in the car, two of whom were so seriously injured that they were removed to the hospital.

Lost Life While Cooking Dinner.

MONTREAL, June 23.—Geo. Arkwright undertook Saturday to cook his own supper while his wife attended to the children. While frying potatoes, the pan upset, and he sustained fatal burns.

His wife was also badly burned while she wrapped her blazing husband in a blanket.

Brantford Carpenters Win.

BRANTFORD, June 23.—Union carpenters here were granted their demands in a new agreement with the Builders' Exchange after several weeks of negotiations, although the ultimatum to strike had been given twice. The carpenters will work nine hours a day and will receive 35 cents per hour.

PLANNING A TREATY.

Russia and the U. S. Favorable to a Trade Pact.

WASHINGTON, June 25.—Responding to a suggestion made some time ago by the Russian Government, Secretary Bryan has informed Ambassador Bakmeff that he would be glad to enter into negotiations for a new treaty of trade and commerce between America and Russia.

No attempt has been made actually to open negotiations as yet, and it is understood that the ambassador, who has communicated Secretary Bryan's message to his Government, is awaiting instructions from St. Petersburg.

Secretary Bryan stated that the exchanges had not passed beyond the expression of a mutual desire to have a new treaty up to today and that there had been no attempt to outline the basis of a new convention.

It had been reported from St. Petersburg that President Wilson had notified the Russian Government that his administration would be willing to enter into a new treaty only upon the condition that American citizens be "freely admitted" to Russia.

Tragic Family History.

Mary Jane Casemore, recently arrested in Winnipeg, charged with murdering her infant child, has a tragic family history. Her father, James Casemore, was a farmer near Teeswater, Ont., and after coming to Winnipeg, was killed by an unknown robber eight years ago. Her mother committed suicide with carbolic acid, and her grandparents were killed by a train at Blueville, Ont.

Ancient Money.

In 200 B.C. money was five times more valuable than it is now. In the eighth century, after the abandonment of the mines of Spain and Attica, it had risen to six and a half times. In the seventeenth century it got up to the maximum of seven and a half times our present scale. Soon after the discovery of America, when great quantities of metal began to circulate in Europe, it rapidly declined. In 1514, only twenty-two years after the first voyage of Columbus, it had fallen to four and a half times. In 1536 it went down to two and a quarter times, and in 1640 was nearly at our present day value.

Mr. Bradley Mowry, sr., of Gravehurst, for many years a resident of Lindsay, spent Sunday and Monday the guest of Mr. Wright M. Goodwin, at Sturgeon Point.
