HOME BANK HAS GREAT GAINS DEPOSIT INCREASE A MILLION

Assets Have Grown Over \$2,300,000 During the Year—A Well Known M. P. and a Prominent Young Business Man Go On the Board

ANNUAL MEETING—LARGE ATTENDANCE

The annual meeting of the Home Bank of Canada was held at the head office, 8 King street west, Toronto, Tuesday at 12 o'clock.

The Vice-president, Mr. Thomas Wilson, was elected to the chair, and Mr. C. G. Smith was appointed secretary of the meeting. The following report of the directors was then submitted:

DIRECTORS' REPORT Four quarterly dividends at the rate of seven per cent. (7 per cent), per annum have been paid and provided for; \$200,000 added to the rest, making that account \$650,000, and \$40,000 set aside to be written off bank premises, which will leave a net balance of \$100,470.31 for profit and loss account.

Towards the close of the year, an agreement was entered into with the directors of La Banque Internationale du Canada, for the purchase of the assets of that institution, to be paid for by shares of the Home Bank at the price of \$128 per share. These assets were carefully and thoroughly inspected by experienced officers of the Home Bank, whose valuation was accepted by La Banque Internationale. The agreement was submitted to the shareholders of that bank at a general meeting, and approved, and then having received the approval of the Governor-in-Council, was formally carried into effect on the 15th day of April last. The result of this purchase is that the balance of our unsubscribed capital has been taken up, a substantial sum received for the rest account, and a connection established in Montreal and in the Province of Quebec which should prove valuable, and ten branches taken over and continued.

Authority was given under bylaw No. 8 to establish a pension fund and you will be asked to vote a sum for that purpose. Some necessary changes in the bylaws will be submitted for your approval and also a bylaw to authorize the increase of the capital stock to \$5,000,000.

During the year Mr. Parkyn Murray resigned from his position on the board and Mr. C. B. McNaught was elected a director in his stead. No new branches of the Home Bank were opened, but arrangements are being made to open two more offices in the City of Toronto. One hundred and sixty-five (165) shareholders have been added during

election. It should be added that the interest always taken by Mr. O'Keefe in the affairs of the Bank contributed largely to its success.

Mention should also be made of the death of Mr. R. B. Street, late inspector of the Bank. Mr. Street's connection with the Home Savings and Loan Company, the predecessor of the Bank, dated back to the year 1879, and he was ever a faithful and efficient officer.

The financial stringency which prevails throughout the business world, chiefly caused by the Balkan war, not yet completely settled—is felt in Canada, and aggravated by the unwise and unwarranted speculation in real estate, until recently so widespread, and also by the great expansion of the business of the country. This stringency is likely to continue throughout the year, and more especially during the season when the crops require to be moved, but should prove more or less beneficial by checking over-borrowing on the part of our municipalities, and putting an end to speculative trading of all sorts. The large and steadily increasing immigration into Canada, the extensive railway construction, and the sound conditions generally of business and of the manufacturing and other industries, can be taken as a reassuring factor.

Crop conditions in the Northwest may be considered fairly satisfactory, the acreage being somewhat increased, and from the most recent reports, an average crop may be looked for.

The advisability of establishing a Pension Fund has been for some time under consideration, and it is felt that it should be no longer deferred. That Pension Funds are considered useful and necessary is evidenced by the fact that they have been in existence for years in almost every bank in the country. Where this fund is established bank officers feel that long and faithful service will be rewarded and a competency more or less adequate secured for themselves or their families, and this necessarily creates a feeling of loyalty that must prove beneficial to the institution.

The Grain-Grower's Interests. In the discussion which followed the general manager's report, Mr. John Kennedy, vice-president of the Grain-Grower's Grain Company, addressed the meeting and referred to the three weeks' trip he had taken through the North-west Provinces before he arrived to attend the meeting of the Home Bank.

Mr. John Kennedy, one of the Home Bank, and second vice-president of the Grain-Grower's Grain Company, addressed the meeting and stated as follows: "I am pleased once more, at this very important meeting, to report good progress from the West, and to say that the Grain-Grower's Grain Company—the Home Bank's biggest customer in the West and one of its largest shareholders—is having another successful year, and will handle more grain than the previous year, which was 28,000,000 bushels."

"The leasing of the Manitoba Government system of line elevators, comprising 176 in number, was a very wise move, and gives every indication of being beneficial to producers at all points where they are located."

"The action of the company in also leasing from the C. P. R. one of their terminal elevators at Fort William, with a capacity of 2,500,000 bushels, is proving quite successful, and is giving us a wider knowledge of the grain trade. It is gratifying
