CIVIC HOLIDAY AUGUST FOURTH

Lindsay's Civic Holiday will be on Monday, August 4th. At the council meeting last night His Worship Mayor Beal stated that several citizens had approached him regarding the change of date from the second Monday in August to August 4th (the first Monday).

Grand Organizer Was Present

Last night a meeting of Lindsay's new Orange Lodge, No. 32, was held when a goodly number of candidates were initiated. Bro. George McCartney, Organizer for the Grand Orange Lodge of Eastern Ontario, was present and assisted in the proceedings.

BEAVERTON MAN HEAVILY FINED

Advocate: Three weeks ago Constable Morrison, of Beaverton, waylaid Joseph Elliott, of this place and took from him two jars containing two gallons of whiskey and confiscated the liquor. A charge was laid before J. P.'s McKee, McLennan and McRae of Elliott having purchased the liquor from an unlicensed person as he was known to have been in Sunderland on that day.

The case came up for trial, when an adjournment was granted to enable the accused to obtain a lawyer, and was again adjourned until Friday last when it again came up for hearing. Elliott requested a still further adjournment which this time was declined, and at the close of hearing the court imposed a fine of \$20 and costs, being fully satisfied that Elliott had procured the whiskey in Sunderland, but from whom it was not able to determine.

CHILDREN'S SHELTER IS ASSURED

On Wednesday the committee from the County Council dealing with a question of a children's shelter for the county, composed of Messrs. Kyllie, McWatters and Dobson took an option of \$2600 on the residence in the southeasterly part of the town, formerly owned and occupied by the late Col. Deacon.

The property, which consists of an excellent brick house and three acres of land, with splendid shade trees, will make an ideal centre for the proposed shelter. The meeting of the committee on Wednesday was also attended by Mrs. E. E. Sharpe, secretary, Mrs. Geo. Milne, treasurer, and Mrs. Wilkinson, of the Children's Aid Society.

Arranging For Annual Regatta

The Sturgeon Point Cottagers Association have decided to hold a preliminary meeting this evening at Sturgeon Point to decide upon a date for the Annual Regatta.

Officers will also be elected and other important business transacted such as the naming of events and prizes for the day and the appointment of committees. The date as usual will be set as early in August as is possible so that the season will be at its height when the regatta takes place and all the cottagers can enjoy it.

But for the breath of suspicion, gossip would die a natural death.

VERULAM FARMER'S HEAVY LOSS

It was a short, sharp storm that struck this section on Wednesday afternoon, about three o'clock. Some of the folks had been drawing in clover hay all morning, Mr. Jos. Anderson among them. He was hustling in a load, seeing the storm coming, and had just got inside the barn when a streak of lightning sizzled and cracked, and made the pitchforks kick in their hands. Joseph and his brother Leslie went over to the house, and as they were entering the barn of James Keiso on the opposite side of the road, burst into flames. The flash had struck it, and started it inside. There was very little wind at the time, but no help could be given to stop the fire. It was a fine barn, with good surroundings of sheds and stock, frame ice house, etc. A few loads of hay were in it. The loss is fully \$1200, and it is said that there was an insurance of \$475. It is a bad loss to Mr. Keiso, just at a time when the barn will be needed. Thirty-five years ago, the barn that stood within a few feet of this one, was struck by lightning one Sunday afternoon, and was destroyed with all the season's grain just harvested.—Independent.

YOUTH STRUCK WITH A STONE

On Thursday afternoon while the steamer Stoney Lake was at Sturgeon Point, with the St. Andrew's church Sunday School excursion, a number of boys on shore threw stones into the boat. One of them hit a little boy in the eye, smashing his glasses, and cutting the eyelid.

MRS. DR. MCKAY WAS REMEMBERED

The ladies of the W.F.M.S. of the Presbyterian church, Woodville, met at the home of Mrs. F. C. Edwards, Saturday evening and presented Mrs. (Dr.) John McKay, who has been one of its most active workers for a number of years, and who is about to remove to St. Catharines, with a little token of their esteem and appreciation in the form of a dozen initial silver tea knives and spoons, and cut glass perfume bottle.

An appreciative address also accompanied the souvenir, which was neatly responded to by Mrs. McKay.

ELECTRIC LIGHT CO. AND POLE REMOVAL

At the council meeting Monday night a letter was read from the G. N. W. Tel. Co. regarding the removal of their poles from Kent-st, in which the Company stated it could not make permanent arrangements with the Light Heat & Power Co for the use of their poles in rear of the business blocks.

The Post has been informed by an official of the Company that this statement is not correct. The L. H. & P. Co. was perfectly willing to allow the G. N. W. Co the use of their poles in order to cooperate with the council in improving the appearance of the main thoroughfare.

BANKER ON MONEY STRINGENCY

An Orillia bank manager says that while the indications still are that the money stringency will continue over the autumn, Canadian banks and financial interests are less perturbed regarding the outlook, as the result of information from London to the effect that two leading banks of the world's money centre have volunteered advances of \$5,000,000 to assist in moving the western crops this year. The money is to be advanced in 90 day bills, renewable for a second 90 days, thus relieving the strain throughout the crop moving period, the storage period over the winter, and continuing until the grain has been moved abroad. This will greatly lessen the burden on Canadian banks, and will allow local funds that would otherwise be tied up for months to flow into industrial and other trade channels at a period when it is most required.—Packet.

Electric Restorer for Men Phosphonal restores every nerve in the body to its proper tension; restores vitality; restores vigor and all sexual weakness; restores energy and all sexual weakness; restores energy and all sexual weakness; restores energy and all sexual weakness.

SIX MONTHS FOR BATHURST

Six months in the Central Prison was the sentence handed out to Richard Bathurst, Alias Richard Hill Alias Richard Smithers by Police Magistrate Jackson at police court this morning.

Bathurst, it will be remembered, was charged with stealing some marble cutter's tools. He has worked similar games in other Ontario cities and was brought back from Ottawa a week ago Thursday by Constable Short. The prisoner has worked for six different firms since coming out from England, four of whom he tried to defraud.

Improvements to Local Collegiate

On Thursday a committee from the Board of Education inspected the Collegiate Institute. It will be recommended to the Board that new floors be laid in three rooms and also in the hall and that galvanized iron tops be placed on the chimneys. Caretaker Murtagh has everything looking in first class condition around the institution.

CHANCE TO BUY LOCAL DEBENTURES

By reference to an advertisement in this issue, it will be seen that the town is prepared to sell municipal debentures locally at par in sums of \$100 and up, bearing 5 1/2 per cent. interest. Some of our citizens have expressed a willingness to invest their money. The more the merrier.

WEDDING ANNIVERSARY WAS OBSERVED

The tenth anniversary of the marriage of Mr. and Mrs. Leslie S. Maunder, Peel street, Lindsay was most pleasantly celebrated at their home on Tuesday evening, July 8th, from eight to ten o'clock, when about forty invited guests assembled.

The first part of the evening was made most interesting and impressive by reason of the baptismal service conducted by the Rev. J. S. McMullen, of Queen street Methodist church, in which three charming little folks were baptized, namely, John William Maunder, the bouncing year old babe of this home, also little six weeks' babe Wilber Irwin Thomas, and Miss Jean Winnifred Thomas, of two years, children of Mr. and Mrs. R. F. Thomas, of Lindsay street, Lindsay.

Change of License

Application has been made by Mr. Van Woodruff, who only recently took possession of the Grand Hotel, Peterboro, for a transfer of the license to Mr. E. O. McCrohan, of Toronto. The license commissioners will deal with the application on Wednesday, July 23rd. Mr. McCrohan was formerly proprietor of the Pym House.

ANOTHER CIRCUS FOR LINDSAY

Pretty soon we will wake up from business cares and rush to the windows because we will hear strains of music coming down the street—coming with the unmistakable tang and swing of the circus band.

Ed. Howe, the quaint old philosopher at Atchison, Kansas, has given it as his dictum that there is no music in the world like the music produced by they of the red wagons. It all means that the happy season is upon us, and that the delights of sawdust and tinsel are coming back again.

BARN BURNED IN OPS TOWNSHIP

During the progress of the storm on Wednesday afternoon lightning struck the barn of Mr. Thos. Pogue, lot 6, con. 10, Ops township, south of Beahoro, and burned it to the ground. A horse and several calves also perished. The barn was a substantial structure on a stone foundation. It is understood that Mr. Pogue had a light insurance.

CADETS HOME FROM BARRIEFIELD

The Collegiate Institute Cadets arrived home from Barriefield Camp on Tuesday after a successful five days' outing.

LIGHTNING BURNS BIG ELM TREE

On Wednesday afternoon during the electrical storm, lightning struck a large elm tree situated on the Collins farm, just across the river from the Pottery Corners, Ops. The tree took fire and burned steadily during the night and also today. It was a stately elm, and was much admired by those who cruised the upper Scugog.

CHAMPLAIN STATUE FOR BOBCAYGEON

Independent: During the debate in the House of Commons on the Trent Canal expenditures, it was incidentally mentioned that a statue to the memory of Champlain might be erected on the Trent waterway. Already Orillia and Fenelon Falls are figuring on their towns being the suitable site for the statue. Well, well, what would you think of that? As if any other place could be mentioned outside of Bobcaygeon. Was it not at the Petrie mill site, the head of the original portage, that Champlain threw back his richly embroidered cloak as he raised his arm to the setting sun, and declared, 'Here is the beauty spot of the continent, the hub of the universe!' Sure thing, Bobcaygeon is the only place on the waterway between the lakes where a statue to the famed explorer could properly be erected. Consider it erected.

ROBY CAREW'S NARROW ESCAPE

Miss Roby Carew, daughter of Mr. and Mrs. John Carew, is showing no ill effects today of her narrow escape from drowning in the waters of the Scugog, but she will remember the episode as long as she lives.

It appears that Miss Carew in company with Misses Aileen and Grace Falen were at the locks witnessing the departure of a launch for the upper Scugog waters. After the craft had pulled out Roby Carew stepped back, losing her balance and falling on the water just above the first lock gate at the eastern entrance. The gate was closed at the time and when Miss Carew sank, it is claimed by those near the spot that she never rose again, the suction of the water wedging her in against the gate. Her companions, however, claim that she rose to the surface once. At any rate when Jack Welsh who was at work painting the bridge and Jar. McFadden, who was sitting at the lock house, ran to the spot there was no sign of the girl. Mr. Welsh could not swim, but Mr. McFadden who is an expert swimmer took off his coat and plunged in to the river which is ten to fifteen feet deep at this point. After two attempts to locate Miss Carew he arose to the surface with the unconscious girl and immediately grabbed the sill of the locks. Jack Welsh had not been idle however and when Mr. McFadden came to the top, he grabbed both of them, and willing hands drew them out of the waters.

CHARGED WITH SERIOUS OFFENCE

A case before County Magistrate Moore this morning was that of a well to do farmer of the north charged with a serious offence. Constable Jones, of Fenelon Falls, made the arrest and brought the man to town. The case was enlarged for a couple of weeks on account of the material witnesses being too ill to attend.

WHO WRECKED FARMERS' BANK

Toronto Telegram:—Walter Duncan, former inspector of detectives of the Toronto police force, has under way a history of the Farmers' Bank case, with an expense as to who got the money. The new book will be entitled "The Wrecking of the Farmers' Bank, or Who Got the Money?" This will be an interesting reading. It will contain a very lengthy statement by W. R. Travers, the convicted bank manager, who is now serving a term in Kingston, and this statement is said to throw light on the fact that some members of the Ontario Legislature on the Conservative side are by no means innocent in connection with the miserable financial wreck.

LOOKING FOR ASSYRIAN WOMAN

Chief of Police Chilton received word from Toronto today to arrest on sight an Assyrian woman who is wanted in that city on a charge of theft of \$50 cash and \$50 in goods from a fellow countryman. The woman is said to be peddling goods in a basket from door to door. Chief Chilton on investigating found she had taken the train for Gooderham and the man sent out from Toronto to trail her left for that place on the first train.
