

HIGHLY COMMENDED

Have had many pairs of glasses but these last are the best we ever had, these new lenses are just fine.

These new lenses are far superior to the others, we like them splendidly.

There is no comparison between the other glasses we had and these new kind of lenses. We do not regret going the price and getting the best. No trouble to wear them all the time and the two sights are so convenient.

The above are some of the recommendations we have had in the last month for our new lenses.

If your glasses are not giving you satisfaction you would like, try a pair of these new lenses, they will surely please you and the special discounts this month, add to your opportunity to improve your eye comfort.

MONSTER DRIVE IN GULL RIVER WATERS

The largest boom of logs that have passed through the Gull waters in over thirty years is now on its way between Minden and Norland. It is the property of Messrs Mickle & Diamond and is bound for their big mill at Fenelon Falls.

There is such a large quantity of timber that the lumbermen are bringing it through in three sections, the first of which passed through Gull Lake a day or two ago. It alone is larger than most drives that have been brought down during the past eight or ten years. The rest of the drive is at Minden and will be brought up to catch the front section as soon as can be arranged.

The water in Gull Lake, which was very low at the beginning of the season is now higher than usual. Sturgeon Lake may receive a large quantity of water, brought down with the drive, in the course of a couple of weeks.

TENDERS for that part of East Half Lot 32, Concession 10, Township of Eldon, owned by the late William McEachern, containing about 70 acres, or portions thereof, will be received by the undersigned up to September 15th, 1914. No tender necessarily accepted. For further particulars and conditions of sale, apply to J. W. Shields, Victoria Road, or McLaughlin, Peel, Fulton & Stinson, his Solicitors.

Retail Produce Market

Following prices ruled at the farmers' Saturday market, held in the market hall, Lindsay: Butter-25c. Eggs-21-22c. Cream 30c. Spring chickens-30c. Wild raspberries-12c. lb. Hens-20c. Ducks-22c.

THE MARKETS

CHICAGO, July 28.—War excitement today resulted in wheat transactions far up in the millions and in a swift rise of values. The market closed feverish at the topmost point reached, 3 1/2 c above last night. Other net gains for the day were: Corn, 1/4 c to 2 1/4 c; oats, 1 1/4 c to 1 1/2 c, and provisions generally 5c to 2 1/2 c.

TORONTO GRAIN MARKET. Wheat, fall, bushel, \$1.00 to \$1.05. Barley, bushel, 60 to 64. Oats, bushel, 45 to 46. Rye, bushel, 65 to 67. Buckwheat, bushel, 70 to 72.

TORONTO DAIRY MARKET. Butter, creamery, lb. ex., 25 to 27. Butter, creamery, solids, 23 to 24. Butter, separator, dairy, 22 to 23. Eggs, new-laid, 24 to 25.

WINNIPEG GRAIN MARKET. WINNIPEG, July 28.—The wheat market was again in a wild and excited condition, following the announcement that war had actually broken out between Austria and Servia. Another factor which added to the bullish feeling was the continued high temperatures over the Canadian west and northwest states.

The weather map shows extremely high temperatures everywhere prevailing over the west, excepting Northern Alberta. At Winnipeg 92 was registered and at other points they were all higher, reaching 101 at Brandon and Moose Jaw. The average was around 95 degrees.

Opening prices were 1/2 to 3/4 c higher for wheat, and gradually advanced until prices were 2 1/2 to 3 1/2 c higher, easing about 1/2 c later. About 1 o'clock shorts had covered and excitement abated, prices declining in part all round. On the close there was another wild jump in prices over the previous high point. Closing figures for wheat were 4 1/2 c to 6 1/2 c higher.

The cash demand for contract grades of wheat was good, and all offerings were eagerly picked up. Oats of No. 3 and No. 4 feed grade were also in urgent demand. Flax was also wanted, but few offerings. Cash grain closed: Wheat, 4 1/2 c higher; flax, 2c to 3c higher. Wheat—No. 1 northern, 96 1/2 c; No. 2 northern, 94c; No. 3 northern, 91c. Oats—No. 2, 29 1/2 c; No. 3 C.W., 27 1/2 c. Barley—No. 4, 51c; rejected, 47 1/2 c. Flax—No. 1 N.W.C., \$1.67; No. 2 C.W., \$1.64; No. 3 C.W., \$1.52.

MONTREAL GRAIN MARKET. MONTREAL, July 28.—The wheat market was again very excited today, war being declared and exporters here withdrew from the market and made no offers over the cable. Last night business in this respect was very quiet.

The strong feeling which developed in the market for oats yesterday was more pronounced today, and prices scored a further advance of 1/4 to 1/2 c per bushel with a good demand for car lots. The improved demand from foreign buyers for spring wheat flour was renewed again today, and as prices were fully 3d to 6d per sack higher, a fair amount of business was done for both prompt and future shipment.

There was also a better demand from local country buyers and business on the whole was more active. The trade in mill feed continues fairly active, the situation, the feeling being strong with a good enquiry from Vancouver, which was refused for finest creamery, and in cheese over the cable was quiet. Demand for eggs is good.

MINNEAPOLIS GRAIN MARKET. MINNEAPOLIS, July 28.—Close: Wheat—July, 77 1/2 c; Sept., 83 1/2 c; No. 1, 81 1/2 c; No. 2, 79 1/2 c; No. 3, 77 1/2 c; No. 4, 75 1/2 c. Corn—No. 2, 29 1/2 c; No. 3, 27 1/2 c. Oats—No. 2, 29 1/2 c; No. 3, 27 1/2 c. Flour—Fancy patents, \$4.70; first clear, \$4.75; second clear, \$2.80. Bran—\$1.9.

DULUTH GRAIN MARKET. DULUTH, Minn., July 28.—Close: Wheat—No. 1 hard, \$1.03 1/2; No. 1 northern, \$1.02; No. 2 northern, \$1.00 1/2 to \$1.01; July, \$1 bid; Sept., 94 1/2 c bid.

CHEESE MARKETS. STIRLING, July 28.—At today's cheese board 505 boxes were offered; all sold at 12 1/2 c.

CAMPBELLFORD, July 28.—At today's cheese board 595 boxes were offered; all sold at 12 1/2 c.

ST. PASCAL, Que., July 28.—At the St. Paschal Dairy Board here today 550 boxes of cheese sold to George Hodge at 12 1/2 c, and 15 of butter sold to Ayer at 24c.

DEATHS. KINNEAR—At the Sick Children's Hospital, Toronto, on Wednesday, July 22, 1914, Wilbert R. Kinnear, beloved son of James and Annie Kinnear. Funeral from Bates & Dodds' private chapel, 931 Queen west, Toronto, last Friday, July 24, at 2 p.m., to Prospect Cemetery.

LIGHT UP THE ALLEYWAYS

The numerous cases of burglary and petty thefts in Lindsay recently have emphasized the necessity of the lanes and alleyways in rear of our business blocks being properly lighted at night. At present it is comparatively easy for thieves to operate at the rear of our business houses, owing to the absence of lights, and even if they were detected in their preliminary operations, it is comparatively easy for them to make their get away. Would it not be a good idea for our business men to get together with a view to having the lanes sufficiently lighted? The cost would be a mere bagatelle, and such a precaution against burglary might save a merchant many times the expenditure entailed.

BLOODSHED IN IRELAND

Rioting has occurred in Ireland as the result of a gun-running incident. It was not in Belfast, however, that blood was shed, but in the capital city of Dublin, and those who were killed and wounded were Nationalist volunteers and sympathizers. Gun running and the bare faced arming of the Irish people should never have been tolerated in the first place, and had the Asquith Government taken stern measures at the beginning, the Dublin tragedy would not have occurred. The incident illustrates the determination of the people of the south of Ireland to emulate their northern fellow-countrymen in the defence of principles they hold dear. While the unfortunate incident is to be regretted, it is fortunate indeed for the future of the Irish cause, and the peace and welfare of the country, that it occurred in Dublin.

DELAY IN REMOVING POLES

It now appears that the delay in the removal of the Great North-western Telegraph Co's poles from Kent-st. has been shifted from the shoulders of the Company and the Board of Railway Commissioners to the Anglican Synod of Toronto. Citizens will naturally wonder what connection a religious body has with such a question, but the fact remains, nevertheless, that it plays an important part. The Synod has control over certain property on Russell-st. through which the town is desirous of securing a right of way for the Company's wires, as per terms of the ruling of the Board of Railway Commissioners, and although the Town Solicitor has written that body on different occasions, no action has been taken with a view to considering the town's request. Nothing can be done until the Synod takes action, and it begins to look as if the poles will remain on Kent-st. for some time yet.

SIR JAMES WHITNEY IS SILENT

The continued silence of Sir James Whitney on the Gamey revelations is occasioning much adverse comment. Mr. Gamey professes to control the Provincial Government patronage on Manitoulin Island and no one justifies or excuses his conduct in exacting contributions from holders of fishery licenses on the Island even though it was done in the form of demanding that they purchase stock in his mining company. Nor is any justification or even excuse offered for his securing contributions in the same way from over 140 license holders or men interested in the liquor business. But men are asking, why does not Sir James take action? It now turns out that the facts in connection with the fishery licenses were laid before Sir James months before he took ill. He knew the facts from men in his own party. Why did he not take action then? Did he think that the matter could be kept quiet and the public would learn nothing of it? Why does he not take action now? Why did Mr. Hearst, who knew the facts, go into Manitoulin and demand Mr. Gamey's re-election? Men are asking, does Mr. Gamey know so much about the inside history of some of the Government's transactions that the Government is afraid to take action?

Mr. Gamey's friends will, no doubt, claim that if Mr. Hanna can levy toll on Government contractors who have claims before him for settlement as in the case of the Taylor, Scott matter, why should not Mr. Gamey, Mr. Hanna's particular friend, levy toll on the fishery license holders and the liquor license holders? The Government shielded Mr. Hanna. Mr. Gamey no doubt depended on similar protection. New Brunswick is investigating and exposing such men and Government papers are denouncing their conduct. Why are the Government organs silent in Ontario? What will Ontario do, is the question men are now asking themselves.

ON THE TRAIL OF GAMEY

When the Legislature meets its first duty should be the expulsion of Mr. R. R. Gamey for conduct calculated to bring the legislators of Ontario into contempt. The Globe has hoped that the exposure of the way in which the member for Manitoulin drew upon a number of his fishermen constituents for Elizabeth gold mine stock that they did not want and regarded as of no value, would induce Sir James Whitney to order the investigation the fishermen demand.

But the Premier of Ontario has not moved a finger to protect the fishermen or to compel restitution. He evidently thinks it quite right that a member of the Legislature should ask his constituents to assist him by taking up his drafts on sight. He has nothing to say when it is shown that Gamey personally peddled the same mining stock among liquor-license holders all over Ontario, and realized from his campaign many thousands of dollars. He will probably have nothing to say when The Globe adds that in following up the trail of the member for Manitoulin among the liquor license holders it has discovered that in at least one constituency—the name of which the Premier can have at any time for the purposes of investigation—Mr. Gamey was accompanied in his stock-selling mission by the License Inspector, and that in an-

other he had both the Chairman of the License Board and the Inspector as "properties" with which to dress the stage and impress the license-holders. So brazen were his methods in a western county that the Conservative member bitterly resented the intrusion, and if placed on the witness-stand would no doubt tell an interesting story.

The object of the member for Manitoulin in making friends of License Inspectors is quite obvious. Even the law-abiding hotelkeeper knows that a License Inspector who "takes a pick" at him can be a constant source of worry and annoyance. The friend of an Inspector is a good man to conciliate, and something like one in ten of the liquor license-holders of Ontario seem to have decided that buying Gamey's gold mining stock would be good business for them.

Does Sir James Whitney think it an honest and decent thing, and in consonance with the dignity of the Legislature, that Mr. R. R. Gamey should continue to take License Inspectors with him when he sells mining stock to hotelkeepers? If the Premier is silent still, The Globe and the people of Ontario WILL BEGIN TO SUSPECT THAT MR. GAMEY IS TREASURER NOT ONLY FOR THE ELIZABETH MINE, BUT FOR THE ELECTION FUND OF THE CONSERVATIVE PARTY. SPEAK NOW, SIR JAMES?—Globe.

swear that the statements herein contained are true."

There was an embarrassing pause and then one of the party explained that his order could not be carried out.

"I don't suppose you can sign the certificate?" he asked dubiously.

"Oh, yes I can, too," cried Miss Loriano, and, kicking off her right shoe, she grabbed the penholder in her toes and dashed off her signature.

Alderman John S. Gaynor married the couple. When the proceedings reached the stage where the declaration is made, "With this ring I thee wed," the armless lady presented her left foot, which was encased in a glove-like stocking, and the mystery was solved.

RING PUT ON TOE OF ARMLESS BRIDE

There was much perplexity at Borough Hall, Brooklyn, recently, when the armless lady from a Coney Island side show was joined in wedlock with the "spot-the-spot" man of her concern. The bride was Miss Loriano, twenty-four years old, of 2884 West 15th street. The bridegroom was Charles Gerardi, of the same age and address.

Attended by a party of friends, the couple went to the marriage License Bureau to Deputy Clerk Maher, and, after he had filled out the blank, he turned to the bride-elect and said: "Hold up your right hand and

WHERE THE GOOD CLOTHES COME FROM

GREENHURST BAY

(Special to The Post.)

A large number of Lindsayites visited our burg Sunday. All were surprised at the progress made along the building line and were seen taking note of the tasty cottages and the boarding house that have been built within a year.

Mr. McCrae brought about 20 young people in his yacht.

Mr. and Mrs. Bateson were guests of Mrs. Cathro over Sunday.

Mr. Ed. Nesbitt and Howard Nesbitt visited Garnett Corley at Hillcrest Lodge, returning Monday morning.

Miss Lizzie Hawe, of town, visited Mrs. I. Glass at Hazeldene Lodge over Sunday.

Mr. Oliver Smith, O.L.S., of town, was a guest at the boarding house.

A party consisting of Rev. Mr. Rollins, Mr. G. Corley, Mr. I. Glass and two other gentlemen had a very exciting time near Pleasant Point the other day. In a very heavy storm the engine played out, leaving them at the mercy of the waves. After a good drenching and hard work paddling they landed the craft on the rocks near the wharf. They report some damage to the wheel and bottom of boat. The worst part was the walk back, 3 miles, but all were glad to get to land safely.

Mr. B. Morrow, County Registrar, Peterboro, Miss Morrow, and Mrs. A. J. Gough, of Toronto, motored to Lindsay on Monday in Mr. Gough's handsome car.

PURE BRED LIVE

STOCK CENSUS

The Ontario Department of Agriculture is engaged at present in preparing a Pure Bred Live Stock Census of the province. This will include the Name and Address of the breeder; the number of pure bred animals of horses, cattle, sheep and swine owned; the number of males and females; their ages, etc., under 1 year, 1 year and under 2, 2 years and under 3, 3 years and over; and

the information thus gained will be published in bulletin form and distributed throughout the province. This will not only benefit the buyers, who will know just where to go to secure what they require, but the breeders themselves will get a good deal of free advertising, and this should result in more sales and better sales.

Those breeders in Victoria County who wish to take advantage of this opportunity should supply us with the information mentioned above. We would like to have the list complete by September 15, 1914.
