

### Not Merely a Better Roof but the ONE Roof that's Right

BEFORE you make up your mind that a cheap-for-price sake roof is all that you can afford just now—

Last year half-a-million dollars wouldn't cover the damage lightning did to Canadian barns. Not one cent of that loss would have occurred if the buildings struck—barns, mostly—had been safeguarded by "Oshawa" Galvanized Steel Shingles.

## "OSHAWA" GALVANIZED STEEL SHINGLES

A new roof for nothing if they leak by 1933

But this roof of mine will be a good roof for a HUNDRED years—and that's no mere talk. We GUARANTEE it for twenty-five years.

The saving in reduced insurance rates alone will pay their cost in a very few years. With all this, an "Oshawa" shingled roof costs only as much as a cedar-shingled roof, and outlasts it ten to one.
