If your druggist has not stocked them yet, send us 50c. and we will mail you a box.

NATIONAL DRUG AND CHEMICAL CO. OF CANADA LIMITED. MONTREAL.

### Workmen Dug Up Human Bones

Remains of Indians Discovered Recently at Cannington

Last week, while some workmen were at work excavating under Cannington public school for the purpose of installing a furnace, and when down about seven feet, they ran across some bones. These bones were in an advanced state of decay. Mr. Sam Ainsworth, who happened to be present at the time, carried two of them to Dr. Blanchard's office where on examination it was discovered that one of the bones was what is termed a cuneiform bone, and is out of a human foot. The other bone is supposed to be the lower end of the femur or thigh bone. The solution of finding such bones is, that in years gone the Indians trekked from Lake Simcoe to Lake Scugog, and in so doing followed the height of land, or what in later years became Simcoe street and next the Cameron road. In the days of the Indian trail they used to camp in and around what is now known as the village of Cannington, and in that way it is supposed that one of the tribe had died, and was buried where the public school now stands.—Gleaner.

### Bad Hail Storm in Ops Township

Ops township was visited by a bad hail storm yesterday afternoon and resembled somewhat the storm which devastated a portion of Manvers township last week.

About 11.30 o'clock the heavens became darkened and it was not long afterwards until the hail began to fall heavily. This, accompanied by a strong wind, created sad havoc in the township, more especially in West Ops, where the storm is said to have been most intense.

The hail fell in such quantity as to completely cover the ground and it could be picked up in handfuls. The crops, as a result, fared badly, and many farmers, it is said, sustained heavy losses. The Post was informed this morning by a resident of West Ops that the farms of Chas. Collins, Hugh Gunn and Sharpe fared badly, the crops being levelled to the ground.

If affliction were the same as originality genius would be commoner than commonplace.

**40 YEARS PROOF**  
You don't need to experiment in treating Spavin, Ringbone, Curb, Splint, Capped Hock, Swollen Joints, Old Sores, or any Lameness in man or beast.

**KENDALL'S Spavin Cure**

has been the world-wide remedy for 40 years.

Johnville, Que., Jan. 9, 1906.

I have used your medicine for nearly forty years, and now I take the liberty to ask you to forward one of your books to me. I once had a horse with two Bog Spavins. I tried your Cure and at the end of four months he was as sound as the day he was foaled.

Yours respectfully, John Smith.

Get a bottle—6 for \$5. Get our book "A Treatise On The Horse" at dealers or write us.

**Dr. B. J. KENDALL CO., Emsbury Falls, Vt.**

### Aldermen Inspect the Foundation

Went in a Body to Look Over Work at New Union School

Last night the members of the Town Council, before convening for committee work inspected the new cement foundation for the Union School.

There has been considerable dissatisfaction expressed by the citizens over the appearance of the work, and the aldermen decided to investigate in order to see if the complaints were justified.

After a careful inspection the consensus of opinion was that the foundation was far from being satisfactory. It was decidedly out of plumb and its appearance was anything but pleasing to the eye. The aldermen returned to the Council Chamber very much dissatisfied with the work.

The Post, in conversation with a member of the Board of Education, last evening was informed that the contractor had stated that the foundation was not nearly completed. It required to be evened up, and plastered, and when the work was finished it would prove highly satisfactory to all concerned. The Post was further informed that the architect had expressed himself as being responsible for the work and felt satisfied that when the foundation was completed it would prove a first-class job.

### Henry Houzer's Painful Injuries

Eight Year old Boy Met With Accident Wednesday

Yesterday afternoon Henry Houzer, the eight-year-old son of Mr. J. Houzer met with a painful accident. He was playing in the rear of Mr. P. J. Campbell's residence when in some manner he sustained an injury to his left arm. The arm was badly dislocated and the little lad suffered great pain.

A physician attended his injuries, and the boy passed a very restless night, the pain from the injured member being almost unbearable.

### Of Interest to Duck Hunters

Duck season will be soon at hand, and there seems to be some doubt existing among local nimrods as to what is the open season for this game. According to the Ontario Game and Fisheries laws the open season is from the 15th day of September to the 15th day of December, both days inclusive.

### Aftermath of The G.T.R. Strike

Men are Nearly all Back to Work and Trains are all Running

The G.T.R. trainmen were conspicuous by their absence on the streets to-day, as nearly all of them have gone back to their work. There are a number, however, who have not been taken on as yet, and it will be some weeks before all are at work.

The Post was informed to-day that over a dozen striking trainmen had secured positions on the C.P.R. which would necessarily mean their removal from Lindsay.

The trainmen held an open meeting yesterday afternoon which was largely attended. Addresses were delivered by several trainmen, Rev. Ben. F. Wilson, Socialist orator, Wm. Warren, J. Houzer and others.

During the afternoon Messrs. J. Houzer and A. J. Ashmore presented the trainmen with a freezer of ice cream, which was greatly relished. The men desire to thank these gentlemen for their kindness and consideration.

At the session of trainmen held yesterday Conductors Purvis and Ringland were appointed a deputation to go to Montreal to present the views of the local trainmen, at a conference to be held in that city.

There was great activity around the G.T.R. station last night and this morning. The yardmen were on duty and the different train crews were kept busy getting their trains ready for their runs.

All the passenger trains are now running on time, and the freights are beginning to move again.

It will not be long before the old order of things will prevail and the inconvenience and trouble caused by the strike will be forgotten.

### Over the Bridge In One Day

Traffic Over Wellington-st. Structure on Wednesday August 3rd

The Dominion Government has had an official at Wellington-st. bridge to ascertain the amount of traffic over that structure in one day. The following is the result of his observations yesterday, August 3rd:

Persons on foot	1570
Double rigs (light)	41
Double rigs (loaded)	36
Single rigs	121
Autos	14
Cattle	2

### Peterborough Cheese Board

The regular fortnightly meeting of the Peterboro Cheese Board was held Wednesday morning, with the president, W. C. Switzer, in the chair.

There were 4,514 cheese boarded and the prevailing price was 11 1-16 cents but a few factories sold at 11 cents.

### Removing Weeds In Scugog Lake

John Carew Lumber Co. Gets Contract From Port Perry Council

Port Perry Star: The John Carew Lumber Co., of Lindsay, have contracted with the corporation to remove the weeds from the water front. The work will be done with a drag of timber and boom clains drawn with a strong side wheel steamer. It is expected that the job will be begun this week.

Over praise makes its object ridiculous; over blame makes its author ridiculous.

### THE STRIKE ON THE G. T. R.

THE MEN'S ORIGINAL DEMANDS.

Standard wages, taking effect May 1st, 1910.  
Standard mileage basis of pay, taking effect May 1st, 1910.

THE COMPANY REFUSED BEFORE THE STRIKE.

Refused standard mileage basis of pay.  
Refused standard rules.

WHAT THE STRIKE SETTLEMENT IS.

The eighteen per cent increase said to be equivalent of Board's award, the increase to take effect not on July 18th, but May 1st, 1910.  
Standard mileage basis of pay, to take effect January 1st, 1912.  
Standard rules, to take effect January 1st, 1912.

### Concrete Too Hard For Him

Muskrat and Family Anxious to Hibernates at Locks During Winter

A rather unusual sight was witnessed on Tuesday just below the new locks, when a full grown muskrat was seen looking over the ground evidently being the father of a family, and looking for a location for his winter home. The old chap put in most of the day inspecting the new lock and dam, and was evidently not well pleased with the cement construction, as it prevented him getting his work in. He has evidently decided to build lower down, as he has not been seen since Tuesday.

### Had the Fish Under His Arm

Art Rathmell Had Unique Experience on Sturgeon Lake

Arth Rathmell has shown himself some fisherman and his exploits on Sturgeon Lake near Pleasant Point, on Wednesday reads like a contribution from the Ananias Club. It is true, nevertheless, and can be vouched for by several reliable citizens.

Art, with several others, was enjoying a fish near Pleasant Point on the day in question. He was sitting in his canoe waiting developments when he felt a pull on the line. The fish proved tricky, however, and while Art was going through the process of landing his catch, it made a break for liberty and overturned the canoe.

Art, of course, was precipitated into the drink, and any other man would let the fish go, and think only of safety; but not so with Art. His friends began to think that he was down quite a time, and were just in the act of going to his assistance when his head appeared above the water and he exclaimed, "Well boys, I got her anyway." Imagine the surprise of the fishermen when Art ed under his arm—the same one that showed them a good sized lunge tuck had overturned his canoe. This is the banner fish story of the season, and the best of it is, it's true.

### Crops Conditions In the West

Mr. Robt. McFarlane has returned from an extended trip to the Great West, having spent some time in the four Western provinces. In conversation with The Post to-day, he stated that crop conditions were most discouraging in the greater part of Saskatchewan, in Brandon district, and in Southern Alberta. In the northern part of Alberta there was a fair crop. Further reference to Mr. McFarlane's impression of the West will be made in another issue.

## The Home Bank of Canada
