DOMINION \$1 BILL HERE

The new Dominion one-dollar till has reached Lindsay and several citizens have the new pieces of paper money. It has been issued at this particular moment to make sure the Governor-Gen:ral and his gracious lady, who are completing the'r term did not miss the compliment intended for them. Their portraits appear in the centre of the bill instead of the sides as was the case of the last one inf1903 upon the face of which Lord and Lady Aberdeen appeared. The picture of the log jam and the hold preevy men on the river has been superseded by large portraits.

The new doliar bill somewhat resembles the four-dollar bill of 1902. though there is really no danger of mistake. This latter note has a p'c ture of the lock at Sault St. Maria in the centre. A curious fact about th's issue is that it was a correction of the \$4. issued in 1900, which carries a picture of the American Sault instead of the Canadian, as intended. Few people are aware of the exact distinction between Dominion bills and ordinary bank notes. The Domin
