NEWSY LETTER FROM SUNNY ALBERTA ROBT. BRYANS GIVES UP FARMING

To the Editor:
Dear Sir,—As it is some time since I have written the Post, and having many times read the news of interest of other parts, I thought if you could spare the space in your valuable columns I would give them a little news from this province.

Everything looks prosperous. Crops are extra good where good seed and good farming has been practiced, although quite a number sowed oats that had been frozen last year, and the frosted oats would weigh 48 lbs. to the bushel, and would look good. In fact few men, if any, can tell the oat that is slightly frosted from the one that has matured properly. Still the frosted oats do not grow, and sometimes will sprout, and die down. In those cases quite a lot of land was sown the second time.

We have had a lot of wet weather. The Edmonton district always seems to get a lot of rain in June and July. I may say some oats are turning a little, although very little. Hay has been cut, as it rains about every other day lately, if not every day, and it will likely be August 1st before haying will be in full blast, owing to the wet weather. Farm lands are advancing in price lately. Mr. Hughie McPhee, formerly of Orillia, sold 5 quarters of land unbroken or unimproved, 800 acres for forty thousand dollars, an average price of \$50 per acre. It is located nine miles of the city limits, or 12 miles from the centre of the city of Edmonton. Land that was offered at \$50 per acre three years ago unimproved, is today selling at \$100

per acre. People who first come west can not understand why prices are advancing so, and wonder what there is to keep it up. If they saw the produce of hay, grain, horses, cattle, hogs, sheep, and poultry, also the forest produce of coal, marl, sand stone, and other valuable products, and a very small amount still developed, they would then see the west is only in its infancy.

Speaking of the City of Edmonton, it is growing very rapidly. The recent census shows a population of about fifty thousand, or a little over. I may also state the building permits taken out in June amounted to two million dollars and each year shows a large increase over the previous one. I may say there are at the present time a large number of big buildings, some steel and some of brick and stone under construction, as well as large and small residences and other smaller stores being erected in all parts of the city.

My farm where I live is only 6 miles from the city and I know the city fairly well, and have watched its growth for the last six years. I may also state that Mr. William Robinson and wife and 2 children, of Fenelon Falls, called on a number of friends, including Mrs. Robinson's brother, Mr. Roy Hadley, of Spruce Grove; also her two sisters, Mrs. Geo White and Mrs. Jas. Vinore, of Stony Plain. They were accompanied by Mrs. Robinson's father, Mr. S. O. Hadley, who kept a general store at Gooderham for twenty

years. Mr. Hadley is smart, and looks very little older than when in Gooderham some 17 years ago. I may also state that Mr. Robert Bryans, formerly of Lindsay, and who for years was interested in the lumber business, has sold his farm at Agricola P. O., Alta., for a good sum, and has purchased some property in the City of Edmonton, where he has moved to retire and spend a quiet time from the care of farming.

Hoping that you may be favored with good crops and good weather, and that the electric storm period has passed you for the season, I remain with best wishes to all old friends.

J. J. HADLEY,
Winterburn, Alta., July 23.

PURELY PERSONAL

(From Tuesday's Post)

Mr. and Mrs. Jas. James and Miss Honor of Port Hope and son, Mr. F. F. James, N. J., made the Post a call on Saturday. The party motored from Port Hope in Mr. Frank James' motor, which he brought over from Rochester that he might visit his friends in Canada.

(From Thursday's Post)

Miss Vera Mitchener and Miss Helen Cliff, who are summering at Pleasant Point, were visitors in town today for a few hours.

Mrs. John Pochin who has been visiting friends in Lindsay and vicinity for some time, returned to her home in Buffalo this morning.

Mr. Leslie Scully, of Cleveland, son of the late Dr. Dan Scully, is the guest of Mr. and Mrs. T. Brady, corner Lindsay and Glenelg-sts.

Mr. Bert Guiry, of Guiry Bros., wholesale and retail dealers in paints, varnishes, etc., of Denver, Col., is the guest of Mr. and Mrs. M. H. McGeough. He is an old Lindsay boy.

A most delightful dance was given last evening at the summer residence of Dr. C. E. Ball Point, when Miss Ruth Caven entertained a number of her friends from the city and the surrounding district.

(From Friday's Evening Post)

Mrs. James Bryson, of Lindsay who has been visiting her sister, Mrs. (Rev.) Copeland, Norwood, returned home on Monday afternoon.

Mr. and Mrs. Geo. Walker, of Lindsay, are visiting at the home of Mr. and Mrs. Thos. W. Morrison, Norwood.

Mrs. John O'Keefe, of Cavalier, N. Dakota, is visiting relatives in town and is the guest of her sister, Mrs. P. J. Murphy, South Ops.

Miss Mary O'Keefe, daughter of Dr. O'Keefe, of Grand Forks, North Dakota, is the guest of Mrs. P. J. Murphy, South Ops, and other relatives.

Misses L. and M. Howe of the east ward left this morning per C. P. R. for an extensive visit in the West. They intend returning in about six weeks.

Colonel, the Hon. Sam. Hughes, Mrs. Hughes, and their daughters, Misses Ruby and Aileen Hughes, left on Sunday night for a three weeks' trip in the West.

Venerable Archdeacon Casey was in Pembroke on Thursday, attending the consecration of His Lordship Bishop Ryan as coadjutor Bishop of that diocese.

His Lordship Bishop O'Connor, of Peterboro, who took ill in Lindsay on Sunday last, was taken to Peterboro Tuesday. His condition shows no improvement.

LAND OF GOLD AND PRECIOUS GEMS

Fort William, Ont., July 26.—That precious stones are to be found in the country adjacent to the James Bay is made clear in a letter, dated Moose Factory, James Bay, July 4 from Mr. Robert Swanson, of Harold street this city, to Mr. Robert Weigand.

After describing his party's trip Mr. Swanson says: "On our way down I did quite a bit of exploring in the river bed wherever we camped and when we would go ashore for lunch, and in every instance found gold and precious stones, such as rubies, garnets, and we also found a diamond, a small one, but big enough to be certain that it was a diamond."

"We have an expert mining man in our party, so what I have told you is no guess work."

"I feel satisfied that within the next two years, the Missanabe river (commonly known as the Moose River) will be lined with mining men. There are some good reports of the White and East Main River districts. One report is that a diamond was found in the East Main River, valued at \$76,000 and many smaller ones of less value. Another report is that two men on the White River panned out \$360 of gold in half a day, and so on."

MUNICIPAL EXPERIMENT GIVEN BLACK EYE

Campbellford, July 28.—There is an interesting situation at Campbellford on the Trent Canal near Peterboro. The town went into municipal ownership and established a power plant. It had power to sell, and naturally expected that, always sending a Conservator member to Ottawa, it would receive at least fair play from the Government. It expected that the equivalent of the power neutralized by the removal of a dam in the interests of canal construction which had furnished power to several industries that the town had fostered by bonus and exemption, would be obtained from the town.

Instead Mayor Owen, ex-M. P., has received notice from the Government that the power the Government was bound to supply to reimburse the factory owners for the removal of the dam, would be supplied by the Seymour Power Company, operating power development plants in the vicinity. The Campbellford ratepayers who have burdened themselves with taxation to establish the municipal plant, are indignant that their experiment in public ownership has been given a black eye by the government of a party that has charged the Liberal party with alienating the benefits of water powers in the interests of private persons and corporations.

BACK VISITING THE OLD HOME

On Saturday evening Messrs. Timothy, Daniel and Thomas O'Keefe of North Dakota, arrived in town per C.P.R. on a visit to their old home, and were warmly greeted by their old friends.

They left Lindsay in March, 1881, with their father, the late Wm. O'Keefe, of Ops, for North Dakota, and like many other Victoria County residents, they proved successful in their new homes. They have been kept busy shaking hands with their old acquaintances since their arrival, and have noticed many changes since they went to the American west. Their visit will only be of a week's duration, during which time they will close up important business in connection with their father's estate.

Mr. George Miller, representing the Bush Printing Ink Co., Toronto was a business visitor to town today.

Students Qualify For Normal Schools

Results of Recent "Middle" Exams

The Department of Education on Saturday announced the results of the middle school examination for entrance into the Normal schools. The following statement was also issued: The certificates of the successful candidates and the statements of marks of those who failed will be mailed to the principals or inspectors in the course of a few days.

The appeal examiners have already reread the papers of each candidate whose marks would in former years have justified an appeal. Where such a candidate has still failed his statement of marks will be stamped as reread, and no further appeal will be allowed. In other cases of failure appeals will not be refused, if made before September 1st and accompanied by the fee of \$2. In view of the precautions taken, however, it is most unlikely that such appeals would succeed.

INFORMATION
Successful candidates who desire to attend the coming session of the Normal schools are notified that their applications for admission must be made to the Deputy Minister of Education not later than Tuesday, September 3rd.

The Normal schools will open on Tuesday, September 24th at 9 a. m., at which time all candidates must present themselves. Applicants are required to be at least eighteen years of age before October 1st.

Further information regarding the conditions of admission may be obtained from sections 4 and 5 of the syllabus, copies of which may be obtained on application to the Deputy Minister of Education. No candidate will be admitted who does not comply fully with the conditions of these sections. The successful students from Victoria county are: A. E. Anderson, M. A. Balfour, H. A. Brown, A. Brown, H. A. Brokenshire, M. E. Curtin, B. A. Deck, H. M. Dix, C. B. Dewan, L. Ferguson, M. Finnie, A. M. Ganton, S. H. Glendenning, B. Lelande, A. Marsh, E. MacMillan, M. Martin, M. Meehan, H. L. Walsh, P. B. White, T. L. White, H. Woods, M. D. Wray.

COUNT DE LESSEPS IN PETERBORO

Examiner: The Count and Com-
miss de Lesseps were in the city today, having come with a party on a launch trip from Kirkfield, when they are spending the summer at the home of Sir William McKean. Their launch is a particularly fine one and was admired by those who happened to see it at the Wolfe-st. wharf. They remained in the city a few hours. Count de Lesseps purchased a new skiff at the Peterboro Canoe Company, and launch furnishings from J. J. Turner & Sons. He was at one time a prominent aviator, but forsook the sport when he married the daughter of Sir Wm. McKean.

Mr. John Boyd, weighing inspector for Grand Trunk system, was in town today inspecting track and warehouse scales.
