

### Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All counterfeits, imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, ail Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

### GENUINE CASTORIA ALWAYS

In Use For Over 30 Years  
THE CENTAURO COMPANY, 77 NASSAU STREET, NEW YORK CITY.

### Biliousness

is certainly one of the most disagreeable ailments which flesh is heir to. Contained in the bile is the cause of the mouth-—nausea—dizziness—these combine to make life a burden. The cause is a disordered liver—the cure is Dr. Morse's Indian Root Pills. They go straight to the root of the trouble, put the liver right, cleanse the stomach and bowels, clear the tongue and take away the bitter taste from the mouth. At the first sign of biliousness take

### Dr. Morse's Indian Root Pills

Recently a man was refused admittance into Canada at Sault Ste. Marie. When he got back to the other side, the United States officials didn't like his looks and he spent a day and a half on the ferry before the officials of the "Land of Liberty" relented and recognized him as a fellow citizen.

### RAUNCHING NEAR COBOCONK AND KIRKFIELD

Those counties that constitute the northern sections of older Ontario, which have gone pretty much to waste of late years, since the timber industry died away, are being utilized for another purpose. At least a beginning has been made to utilize the somewhat rough and hilly land up there for the raising of live stock. Mr. John Sheridan, who already owns about 5,000 acres of ranching land in the vicinity of Kirkfield and Cobocok, has added another two thousand three hundred acres to it, which he purchased from Mr. Hugh Cameron, a ranch owner of that district.

### PETERBORO BOASTS OLDEST ORANGEMEN

Examiner: A Mr. Armstrong of Toronto claims to be the oldest Orangeman in that city. He is 91 years of age and claims to have been an Orangeman for 70 years. While he may be the oldest Orangeman in Toronto, he is not the oldest by any means. Peterboro can claim the honor of having for a citizen the oldest Orangeman in this district, if not in the Province.

### PORT HOPE HAD DISASTROUS FIRE

Guide:—The planing mill on Queen St., of Mr. L. E. Hall, was considerably damaged by fire at 1.30 o'clock this morning. The interior of the building was all burned, and the machinery, consisting of a planer, and sticker was completely destroyed. The belting and pulleys were also so much burned that they will be of no further use. The loss to the building is \$200, with no insurance, but the loss to the machinery, which amounts to about \$1,000 is covered by insurance in the Gore Mutual.

### CANNINGTON STATION WAS THREATENED

Gleaner:—Wednesday morning at about 11.30 the town bell rang the alarm which brought our citizens on short notice. The cause was fire in the roof of one of the G. T. R. grain storehouses. Mr. George McGar discovered it shortly after the morning train had gone north. He gave the alarm to Mr. Jos. Merrifield, station agent, who telephoned to town for help. In a few minutes the fire engine and company were on the scene, but before their arrival Messrs. Joseph Merrifield, Wm. C. Halward and a number of boys had succeeded in quenching the fire with several pails of water, but not until about a foot and a half or two along the edge of the side of the roof for about 12 feet had been burnt.

### HAVE RECEIVED FENIAN RAID GRANTS

The remark is frequently heard and the question asked: "How is it that some of the veterans have received their \$100 and others have not?" The answer is given in a telegram from Ottawa of the 23rd inst. It says: "The issuing of the Fenian Veterans' one hundred dollar grant is proceeding very slowly. In two weeks but 450 grants have been paid. This delay is not due to any lack of applicants, but rather because of the number of letters or requests being received at the Militia Department from men who believe that they are entitled to the money, although they actually were never in active service. A number of these applications have to be carefully examined and returned and the process of sorting the good from the bad is a slow one."

### MEASURING RAINFALL HOW IT IS DONE

Few people really understand how rain is measured says London Tit Bits. We often read in newspapers that so many inches of rain have fallen during a certain period, but it is difficult to realize what an inch of it actually means. The British Rainfall Association have years' records of rainfalls in all parts of the United Kingdom. They have reports from several thousand stations, which are sent by people who "work" the business as a kind of hobby. There are several wood structures now in use for measuring rain, and these are known as gauges. The most skillful is a contrivance with a funnel at the top, through which the water passes into a cup-receiver. The weight of the rain automatically works on a sheet of paper, wound round a cylinder, and when it has marked in this fashion, two-tenths of an inch, it tilts over and empties the contents. The pencil returns to its former position and the same little device is repeated incessantly until the rain ceases to fall whilst the pencil continues to register on the paper attached.

### STORK BRINGS 15 POUND TRIPLETS

(Special to The Post)  
Montreal, July 22—When the stork dropped into the home of B. Shapiro, 1573 Esplanade avenue, yesterday, he established a new weight record for Montreal. Mrs. Shapiro gave birth to the third set of triplets added to Montreal's population this year. The set consisted of two boys and one girl, and their total weight was fifteen pounds, two ounces. The previous record, held by triplets born three weeks ago to Mrs. William McEhran, was thirteen pounds, fourteen ounces. Mrs. Shapiro, the Messrs. Shapiro, jr., and Miss Shapiro are all doing well.

### MARRIED

THURSTON—ROBERTSON — On the 24th, at the residence of Robert Robertson, by Rev. W. G. Smith, Arthur Hazel Thurston, and Jessie M. Robertson, all of Verulam.

### WILSON'S NO LONGER TERRORIZE PROVINCE PRACTICALLY RID OF TRAMPS

In the last few years there has been a successful attempt on the part of the Ontario Provincial Police to stamp out hoboism and other undesirable activities at the United States border. On the 1st of November, 423 knights of the road have been requested to proceed to their stay on the other side of the border, and during the year previous the number was 569. Niagara Falls and Sarnia are the points of entry preferred by these gentlemen, and a few of them are also turned out at Fort Erie and Sault Ste. Marie.

### TRACTION ENGINE ON THE FARM

Weekly Sun:—The invention of farm machinery has had a profound effect on the welfare of mankind. The last great invention of that kind affecting the temperate zone was the binder. The open prairies have now brought another: the traction engine or tractor with the disc plow, which is enabling the rapid development of the West.

### CHILDREN CRY FOR FLETCHER'S CASTORIA

Sick headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Headache, Distress after eating, Pain in the Side, etc. While their most remarkable success has been shown in curing

### SICK HEADACHE

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

### ACHES

Ache they would be almost priceless to those who suffer from this distressing complaint, but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick heads

### WHY BARN'S ARE STRUCK BY LIGHTNING

A writer in Rural New Yorker, in discussing the causes of lightning striking barns, says that a vacant barn is seldom struck by lightning, but a barn full of hot hay or grain is often struck. His theory is that the heat rising from the barn full of new hay and grain makes the air light and offers a channel for the lightning to travel in. Dust particles, a current of moist air, or a current of hot air will afford such a channel. Moral: Throw open the barn doors to the end that air inside and outside the barn may be uniform.

### MONACA CLUB IS OFF FOR HOME

(Special to The Post.)  
Fenelon Falls, July 24—The Monaca Club left on Wednesday per special train, having spent less than three weeks at their camping grounds near the Falls. They are a jolly crowd and kept up their reputation as such during their stay. They also kept up their reputation as fishermen, landing plenty of the lunge and gamey bass. Perhaps the band music helped.

Druggist and Optician

### OBITUARY

LILLIAN BRIEN  
A life full of promise and hope came to a sad termination at the Ross Hospital on Saturday when the Great Messenger claimed as his own Lillian Brien, a member of the staff of nurses, aged 23 years and 11 months.

The deceased young lady contracted a severe illness while in the discharge of her duties, and notwithstanding the best medical treatment death ensued.

The news of the young nurse's death was received with the keenest regret. Ever since her entrance to the Ross hospital she had endeared herself to the staff as well as the patients by the sweetness of her disposition and her amiability and kindness. She was one of the successful nurses at the recent graduation exercises and her relatives and friends looked forward to a successful future for her in her chosen profession. They are prostrated as a result of her early demise, but nowhere is the grief more intense than at the Ross Memorial Hospital.

The deceased young lady was a daughter of Mr. Robt. Brien, of Verulam, and besides her father she leaves to mourn her loss a sorrowing mother, one sister Laura, and two brothers, Walter and Lawson, the latter on the staff of the local Bank of Commerce.

The funeral took place from the family residence, lot 4, con. 1, Verulam this afternoon, at 2.30 o'clock, and proceeded to Dunsford cemetery.

### CAN'T GARNISHEE FENIAN RAID GRANT

Ottawa, July 21—The \$100 government grant to the Fenian Raid veterans cannot be garnished. So declared the judge-advocate-general Col. H. H. Smith, in reply to a question from the militia department. His answer reads: "In no case may money payable by the crown be garnished or attached, not even when such money is in the nature of a debt. The money in question, the Fenian Raid grant, is a mere gift; it is in the nature of a pensionary allowance, and not even a volunteer himself may bring suit for its recovery, so no suit by way of attachment or otherwise may be brought against the crown by his creditors."

### PORT PERRY MEN HAD CLOSE CALL

During the thunder storm on Wednesday of last week Mr. James McHoull, produce buyer, was struck by lightning. He was standing just outside the barn of Mr. Anthony Wells, on the 10th con. of Reach. A flash of lightning came, and both Mr. Wells and Mr. McHoull were knocked down, but Mr. Wells got up again immediately. Mr. McHoull did not remain unconscious for any length of time, but was at first unable to speak, and it was some time before he could move. He suffered considerably, and still feels the effects of the stroke. Mr. Arthur Sweetman was standing in the barn at the time, but escaped unhurt.—Star.

### SOWING HIS WILD OATS REAPING A HARVEST OF SORROW

How many young men can look back on their early life and regret their misdeeds. "Sowing his wild oats" in various ways. Excesses, violation of nature's laws, "wine, women and song"—all have their victims. You have reformed but what about the seed you have sown—what about the harvest? Don't trust to luck. If you are at present within the clutches of any secret habit which is sapping your life by degrees; if you are suffering from the results of past indiscretions; if your blood has been tainted from any private disease and you are exposing your past; if you are suffering as the result of a mispent youth and are in need of a refuge and they will tell you honestly if you are curable.
