BAD WRECK ON FRIDAY MORNING WAS SPIKE PLACED ON C.P.R. TRACK?

Toronto Star: Word was received at the C.P.R. offices in the Union Station shortly before noon today that Engineer T. Bennett and Trainmen Vadden and Brown had been seriously injured and several passengers bruised and cut when train No. 608 which left the station at 8.20 o'clock this morning, left the rails at Bethany Junction.

The accident occurred at about 10.40 o'clock, when five coaches followed the engine from the tracks. A special with General Superintendent Arundel, Dr. Beatty and others on board was immediately ordered out and wrecking crews from West Toronto and Havelock were sent to the scene to clear the track, which is likely to be blocked for several hours.

Toronto Telegram: C.P.R. passenger train No. 608 that pulled out of the Union Station at 8.20 this morning, left the rails at Bethany Junction while travelling at a fair rate of speed.

At noon the local officials had very few details of the accident, except that the engine left the rails, pulling the baggage and mail cars and other coaches with it.

The report also stated that Engineer T. Bennett and Trainmen Brown and Vadden had been injured, and that a number of the passengers were bruised and cut because thrown from their seats.

"Was any one killed?" asked The Telegram.

"No," was the reply of the local officials.

A second report stated that the mail clerk was also injured, and that the fireman escaped by jumping.

The officials could not state what caused the accident and said that they had difficulty in reaching the scene of the accident because the telegraph and telephone wires were out of business.

The train was in charge of Conductor J. Barnes, and the coaches were well filled with passengers when they left Toronto.

SURGEONS LEAVE FOR SCENE

A special train left the C. P. R. yards on the Esplanade, on board of which were Dr. Beatty, General Supt. Arundel, and a number of C.P.R. employes.

The wrecking trains from West Toronto and Havelock were sent to clear up the debris.

The locomotive and coaches will require a visit to the shops before being used again.

TROUBLE AHEAD FOR THE MOTORISTS ADDITIONS TO MOTOR VEHICLES ACT

Toronto Telegram: Poor persecuted automobilists! What do you think of this list of rules which a little bird whispers Ontario legislators are about to append to that tyrannical document, the Motor Vehicles Act? Surely the farmers have been busy with Sir James Whitney. Just open your throttle and take a look over them—the regulations, not the farmers.

NEW RULES

1. On discovering an approaching team, the automobilist must stop off side and cover his machine with a tarpaulin painted to correspond with the scenery.
2. The speed limit on country roads this year will be secret and the penalty for violation will be \$10 for every mile an offender is caught going in excess of it.
3. In case an automobile makes a team run away, the penalty will be \$50 for the first mile, \$100 for the second mile, \$200 for the third mile, etc., for the distance that the team runs, in addition to the usual charges for damages.
4. On approaching a corner where he cannot command a view of the road ahead, the automobilist must stop not less than 100 yards from the turn, toot his horn, ring a bell, fire a revolver, hallo, and send up three bombs at intervals of five minutes.
5. Automobiles must be seasonably painted—that is, (they will agree with the pastoral ensemble, and not be startling. They must be green in spring, golden in summer, red in autumn, and white in winter.
6. Automobiles running on country roads at night must send up a red rocket every mile and wait ten seconds for the road to clear. They may then proceed carefully blowing their horn and shooting Roman candles.
7. In case an automobile comes up behind and wants to pass, the farmer will affect deafness until the automobilist calls him a hard name.
8. All members of society will give up Sunday to chasing automobiles, shooting, and shouting at them, making arrests and otherwise discouraging country touring on that day.
9. In case a horse will not pass an automobile, notwithstanding the scenic tarpaulin, the automobilist will take the machine apart as rapidly as possible, and conceal the parts in the grass.
10. In case an automobile approaches a farmer's house, when the roads are dusty, it will slow down to one mile an hour and the chauffeur will lay the dust in front of the house with a hand sprinkler worked over the dash board.

But don't despair. This is only the unctuous advertisement of a Sarnia oil company, who would thus seek to acquaint the chance autoist-reader with the virtues of their lubricant.

LONG STANDING FUED IS TERMINATED GYPSIES' VISIT TO OMEMEE RECALLED

New York, Aug. 16—A feud which existed between the Lucas and Stevens tribes of gypsies for two years has been settled, and yesterday the dove of peace looked down upon the encampments, one at White Plains avenue and Palham Parkey, and the other at Morris Park Avenue and Lebanon street. At the latter camp Queen Lucia rules a tribe of fifty, while King Stevens reigns at the White Plains Avenue camp.

It was the arrival of a baby prince in the Lucas camp that buried the hatchet and started the pipe of peace smoking. Princess Mary, mother of the future ruler of the Lucas tribe, is the daughter of King Stevens and he could not resist the baby cries, that were borne by the breeze from the Lucas camp a block away. He went over to investigate. It was the first time he had been in the enemy's camp since last September, when he went there to beat his son-in-law. The entire family was taken to the Morisania court at that time. But all this has been forgotten now and the war has been declared off.

The two tribes left England several years ago for a tour of the United States, Mexico and Canada.

Their Canadian itinerary concluded couple of weeks' stay near Omemee, at which place they ran foul of the law. After a week's legal proceedings in the Peterboro fair grounds, the tribe was heavily fined, and were ordered to leave. The leader of the tribe was Steven George, and after leaving there the camp split, and a bitter warfare followed, which was partially patched up when the party reached New York.

BEAT UP SON-IN-LAW

They were friends then, and agreed to hold a reunion in New York, when their travels were completed. They selected White Plains Avenue and Pelham Parkway as the place to pitch the festival camp. This was two years ago and the reunion festivities included the marriage of Princess Mary, of the Stevens tribe, to Prince Tom, of the Lucas band. There was great rejoicing and toasts were drunk to eternal friendship. But soon there was nagging, and the white dove soared away beyond the clouds and the hatchet was dug up.

A bitter warfare followed. The tribes liked the Bronx and ceased their wandering and established permanent camps there. Although the

SUFFERED AGONY FROM DYSPEPSIA

"Fruit-a-tives" Makes Wonderful Cure

N. C. STIRLING, Esq.

GLENGOE, ONT., Aug. 15th, 1911.

"So much has been said and written about "Fruit-a-tives" that it might seem unnecessary for me to add my experience. But "Fruit-a-tives" were so beneficial to me when I suffered with distressing Dyspepsia, that I feel called upon to inform you of the remarkable and satisfactory results I have had from using them.

Dyspepsia and Indigestion as everyone knows, can give you more uncomfortable hours and days than most common complaints.

"I am glad to be able to say to you that although in the past I suffered excruciating agony with Dyspepsia, I am now in perfect health.

"Fruit-a-tives" accomplished the desired result and I have to thank them for my very favorable and satisfactory state of health"

N. C. STIRLING.

Why don't you try "Fruit-a-tives"? 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Berry-picking is the order of the day at present, but the pickers seem to be more numerous than the berries.

Mr. Fred Woolridge, jr., tailor, of Cannington, is at present enjoying his holidays.

Mrs. Thomas Slemmon, and daughter Maud, visited friends and relatives at Salem recently. It brought back the white dove, and it has built a permanent nest in the largest tree between the two camps.

King Stevens' pride at becoming a grandfather was so great that he ordered a prolonged celebration. Lights gleamed among the trees about Princess Mary's tent, gypsies moved about in gala attire, and soft music of guitar and mandolin told that war had been turned into a festival.
