

Three Distinct Advantages of ENSIGN FILMS!

SPEED—You will find Ensign films quicker than any other make, hence with less light you get better results.

COLOR VALUES—Your Ensign prints will show the smallest color values in shallow tones, retained, showing detail which are lost in ordinary films.

KEEPING QUALITIES—We guarantee Ensign films for eighteen months. Ensign films fit all standard sized cameras. We have in stock constantly 12 different kinds of box and folding cameras.

Fortunes Made In Sawdust

A German scientist recently declared that we were wasting good food in throwing away egg shells, and it seems we are doing much the same with sawdust. Scientifically treated, there is a veritable gold mine in sawdust, explained by A. Zimmerman in a lecture before the Royal Society of Arts. The sawdust is subjected to chemical treatment under pressure, and of the resulting products sugar, of "saccharose," is an important constituent, the amount being about twenty-five per cent. This cannot, as yet be refined into crystalline household sugar, but it serves as a valuable cattle food. This alone gives a high value to the coveted wood substance, and there can also be extracted from it large quantities of proof-spirit, acetic acid, furfural, methyl-alcohol, and other volatile products. Moreover, the product of wood possesses all the properties to make it a cheap base from which to manufacture rubber. This is not merely the fairy story of some enthusiastic inventor. Its coming before the Royal Society of Arts stamps it as a highly important scientific development. The main point in doubt about it is whether there is enough sawdust to serve as raw material for such a seemingly profitable industry. Mr. Zimmerman gave some amazing figures of what could be obtained from the treatment of 200 tons of sawdust per week, but the supply is not unlimited, and apparently we shall have to give up wasteful ways of using sawdust, such as stuffing dolls and covering the floors of public-houses with it.

WEDDING BELLS

Le CRAW—ADAIR.

A very pretty wedding took place at the home of Mr. and Mrs. William Adair, of Norland, on Wednesday evening, August 14th, at 7 p. m. when their daughter, Lula, was united in marriage to Mr. James Le Crawl, of Norland, also. The ceremony was performed by the Rev. Gaudier, of Cobocoon, in the presence of only the immediate relatives. The bride looked charming in a gown of sheer white violet with trimming of Carrick-macross lace, and wore a tulle veil with orange blossoms. The young bridesmaids were unattended. After the usual congratulations following the marriage ceremony the company partook of a sumptuous repast.

A beautiful collection of costly presents attested to the popularity and esteem of the young couple. Amongst those gifts from the bride's father was one hundred dollars, in gold coin, while Mr. E. F. Le Crawl, partner in the mercantile business, gave a handsome silver tea service. The happy couple left the following morning on a two-week's canoe trip on the beautiful northern lakes. Both of the young bridesmaids are highly respected and have lived all their lives at Norland. On their return they will reside at their paternal residence "The White House," Norland, where Mr. Le Crawl, of the firm of Le Crawl Bros. controls a successful mercantile business.

Ernest Mason, employee of a Toronto firm, was drowned at Goderich through a boat capsizing.

Tourists at Cameron Point

At Cameron Point, Fenelon Falls, most of the cottages are occupied as usual this summer.

Mr. Harvey Jenner has sold his cottage to Judge McGillivray, of Whitby.

Mr. Wilkinson, of the Parliament Buildings, Toronto, is occupying Mr. Cook's cottage.

Col. the Hon. Sam Hughes and family have paid occasional visits to their cottage.

Rev. A. R. Park, Mrs. Park and Miss Hilda Dickens have been tenting near Mrs. Hill's cottage.

Mr. Perry, manager of the Nerlich Wholesale Co., Toronto, with Mrs. Perry and their family, is spending the holidays with Mr. Nerlich.

Rev. W. A. Cameron, of Bloort Street Baptist church, Toronto, spent some days with Mr. H. B. Tapscott.

Misses Christine and Dorothy Barlow are visiting with their aunt, Mrs. Hill.

Mr. and Mrs. Watson and Mr. and Mrs. R. A. Wylie and children have been visiting at Mrs. Gynn's.

Mr. Will Bell and his sister, Miss Lottie Bell, spent two weeks at the park.

Mrs. T. Miller and her daughter, Elva, and Miss Dickson, of Toronto are spending some time with Mrs. Barrington.

A very good tennis court has been made.

Miss Maude Fairchild is spending a couple of weeks with her teacher, Miss Tapscott.

Mrs. James Hawlett has returned to the city for a few days.

Enforce the Noxious Weeds Act

The Galt Reporter is carrying on an energetic campaign against weeds. Galt prides itself on its residential section. But "scores of citizens who are endeavoring to keep their lawns and gardens clear of weeds are hampered in their labors by the lot next door, from which seeds from noxious weeds pour into adjacent territory after the ripening days have been reached."

One remedy, says the Toronto Star, is found in a Provincial statute which gives municipalities power to cut weeds on vacant lots, boulevards, and roadways, and assess the cost against the owners. Another remedy is tax reform. At present the man who neglects his lot gets off with light taxation. His neighbor who builds a house, plants trees and flowers, makes a beautiful green lawn, waters it, and keeps it free of weeds, is penalized for all these improvements. The law puts a premium on neglect and want of thrift, and punished industry and public spirit.

In connection with the above, it might not be out of place to remark that the noxious weed edict passed by the Lindsay town council is not being enforced as it should. The noxious weeds continue to flourish in abundance, and no apparent effort is being made to enforce the law. The town authorities are as much to blame as the individual citizen. For proof of this statement, one has only to visit the McDermott park site, where weeds are allowed to grow at their own sweet will. The condition of this property is not a credit to the town.

NORTH COUNTRY FIERY FURNACE

The north country is a "fiery furnace" said a gentleman from the north country to a Post reporter this morning. Forest fires, he stated were raging with terrific fury in Haliburton—especially in Guilford township.

The whole country was enveloped in a heavy pall of smoke, and if rain did not stay the progress of the flames, there is no telling where they will stop.

The fire was now closing in on Donald, being only a mile from the chemical plant.

Major Bennett At Bobcaygeon

Major Bennett, of Kingston, who is spending a few days in this district inspecting the 45th regiment, was in Bobcaygeon Saturday and today looking over the arms and accoutrements of the companies stationed at that village. Col. F. Holmes Hopkins accompanied Major Bennett.

SUSPECT WAS NOT ASSAILANT

This morning C. P. R. Detective Weller arrived in town with a former Sells-Floto Circus hand named James Cochran, who had been arrested on Saturday at Peterboro at 11 o'clock while trespassing on the C. P. R. property, by Detectives Weller and Newhall.

The man claimed that Wairton was his home. He jumped the circus Thursday morning at 2 o'clock and he was brought to Lindsay in connection with the assault on McLaughlin at the circus grounds Tuesday night.

After the man had been thoroughly examined and questioned by Chief Chilton, he was allowed to go on the condition that he would make tracks for Wairton without any delay.

GERMANY AND AUSTRIA QUARREL

(Special to The Post)

VIENNA, Aug. 15.—A dark cloud has been hanging over the triple alliance for some time, and anxiety is shown in well informed quarters over the development of the dissensions that have arisen between Austria and Germany, and to some extent Italy.

The origin of these differences is betrayed in an utterance attributed to the German Emperor:

"I do not want Austria to rattle with my sword. Whether he really said this or not, the fact is that the recent course of Austria's policy, particularly her efforts for a revision of the Bucharest treaty, was regarded without the approval of Germany and even with German disapproval."

Emperor William's congratulatory telegram to King Charles and his declarations of friendship with Serbia and Greece, and his making King Constantine a field marshal in the German army, are visible expressions of the new direction which German policy is taking on the Balkan question, all of which is causing great uneasiness in Vienna.

Wm. E. Garlough, of Cornwall was killed by a load of stables falling on him when his team ran away.

WOMEN NEED A SAFE TONIC

And There is Nothing Better Than
Dr. Williams' Pink Pills for
Toning up the Blood.

It is said that women's work is never done, and it is a fact that whether in society or in the home her life is filled with more cares and more worries than falls to the lot of man. For this reason women are compelled to watch the growing pallor of their cheeks, the coming of wrinkles and the thinness that becomes more distressing every day. Every woman knows that ill health and worry is a fatal enemy to beauty, and that good health gives the plainest face an enduring attractiveness.

What women fail to realize is the fact that if the blood supply is kept rich and pure, the day of the coming of wrinkles, and pallor, dull eyes and sharp headaches is immeasurably postponed. Dr. Williams' Pink Pills are literally worth their weight in gold to growing girls and women of mature years. They fill the veins with the rich, red blood that brings brightness to the eye, the glow of health to the cheeks, and charms away the headaches and backache that render the lives of so many women constantly miserable.

Mrs. William Jones, Crow Lake, Ont., says: "I feel that Dr. Williams' Pink Pills saved my life. I was so badly run down that I could hardly drag myself around. I was so bloodless that I was as pale as a sheet, and you could almost see through my hands. In fact the doctor told me my blood had all turned to water. I was taking medicine constantly, but without benefit. My mother had so much faith in Dr. Williams' Pink Pills, that she bought me two boxes and urged me to take them. How thankful I am that I followed her advice. Before these were gone I began to feel better, and I continued using the Pills until I had taken five more boxes when I was again enjoying the blessing of perfect health, with a good color in my face, a good appetite, and I feel sure a new lease of life. I will always, you may be sure, be a warm friend of Dr. Williams' Pink Pills."

If you are weak or ailing begin to cure yourself today with the rich red blood Dr. Williams' Pink Pills actually make. If you do not find the Pills at your dealer's send 50 cents for a box or \$2.50 for six boxes to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be sent you by mail, post paid.

ANNUAL REGATTA GREAT SUCCESS

The Sturgeon Point Cottagers' Association had an ideal day Thursday for their annual regatta, which was the ninth successive year the event has been held.

Two large crowds came down from Lindsay on the Lintonia, and the 45th regimental band arrived on the afternoon boat, and made the day a great deal pleasanter with their selections at intervals throughout the program.

The cottagers from all round the lake were there to a man and the shore was lined at every point of vantage, despite the fact that the Chemong Lake cottagers were not able to attend on account of having made no arrangement for boat service. The races commenced promptly on time, and were run from the opening until supper time as nearly as possible to the program schedule.

Any changes that were made were to allow those entering in several events to finish one race before the next was called. The calm water made it ideal for the paddling races but the sailing events had to be put off till the end of the day when a light wind sprang up for a while.

The Kawartha Lakes championship, for the possession of the Trent Valley Navigation Co's cup was the only sailing race decided. The others will be run probably a week from Saturday after the boys arrive home from the Stoney Lake and Chemong regattas. This year the championship went to Mr. Hollingshead, of Pigeon Lake, after a very exciting race. Second place was taken by Mr. R. H. Hopkins, the former holder of the cup, who has won out several years in succession and was only five seconds behind at the finish.

Stuart Flavell took third and displayed some expert seamanship. The other two entries were E. O'Brien of Pigeon Lake, and R. McLean, Sturgeon Point. The five dinghies made a very beautiful sight sailing neck and neck around the course.

In the tandem canoe paddling race for boys there were four entries and a very good finish roused the crowd to great excitement. First went to A. Milner and J. Wallace, while second was taken by Gordon Elphie and H. Barr.

The most interest for many people centered around the open motor boat race for the championship of the Kawartha Lakes and the Dundas Bay Flavell cup. It was expected there would be a number of surprises in this race, on account of several new boats and a fast one that was rumored would come up from the lower lakes. The course in this case was nine miles from start to finish and good time was made by the entries. Mr. Otto Higgs, "Admiral" again carried off the prize this year with a speed of about twenty-four miles per hour.

Dr. Cavan's "Nahma" took second, in 29 minutes, 33 seconds, while Roy's "Pierce Bud" got third 37 seconds later. Fourth place went to G. W. Hall's new launch which had just been put in the water before the regatta and had not been properly turned up.

The four entries in the naked tandem made a fine fast race and interest ran high. Mr. Wilford Knowlson, and Miss Grace Knowlson carried off first prize by their exceptionally good work, which was very pretty to see, while Mr. Carleton Warner, and Miss Jean Flavell captured second place.

As usual there was a great deal of fun over the crab race, and a good number of entries. The finish was reached with W. Knowlson, C. Warner and R. Martin ahead in the order named, while Gordon Gynn, of Pigeon Lake, H. Wallace, H. Barr, and G. Flavell came close after. The thirty-two foot motor boat race was won easily by Dr. Cavan's "Nahma" with Boyd's "Pierce Bud" skimming along at almost a twenty mile clip, less than a minute behind on the six miles, and R. Hopkins "Viking," 3rd H. Morrison.

Four entries in the gunwale race came in as follows: H. Wallace, W. Knowlson, C. Warner, A. Stewart.

One of the most interesting events of the afternoon was the ladies' tandem paddling race, and the cheering and excitement ran particularly high for the few minutes it was on. The young ladies were all expert canoeists and handled their crafts very

Society Brand Clothes

We are Agents for the Celebrated
"Peabody's Overalls"

"A Peabody Garment was worn last year by one out of every five men in Canada."

DUNDAS & FLAVELLES LTD

Advanced Optical Science

The demand for accuracy in glasses, keen competition and the desire to arrive at only absolutely correct results have resulted in our placing in our Optical Department the latest improved Geneva Telescope and Opto Imoscope Combined.

This instrument enables us to see the diseased conditions, if such exist, of the interior of the eye, accurately measure all defects, and all this without asking the patient a question.

This is the only instrument of its kind in this part of the province and this is the latest invention in the field of advanced optical science.

Free examinations with this wonderful machine are conducted daily in our optical room from 9 a. m. to 5 p. m.

We supply glasses only when absolutely necessary, and many times have we directed the patient to a physician for treatment when we have found glasses to be useless in giving the desired results.

R. L. MORGAN Druggist and Optician, Lindsay, Ont.

Clearing Sale!

Commencing Saturday, Aug. 16, 1913, a clearing sale of the balance of all the odds and ends of summer goods must be cleaned out to make room for new fall stock. You cannot afford to miss this opportunity of saving at the attractive price at which these goods are marked down.

Come and be convinced. A full line of the very choicest groceries always in stock.

We will buy any produce you have to sell and sell you anything you want to buy and our prices are right.

We invite a call.

R. Harry Deyman

OAKWOOD - ONT.

LINDSAY BOY LEAVES C. P. R.

Sir Thomas Shaughnessy Monday afternoon officially announced the retiring of W. T. Robson, General Advertising Agent of the C.P.R., whose resignation was sent in in May. Mr. Robson is associating himself with a life insurance company.

Mr. Robson has been eight years in the company's employ, having commenced his duties as an advertising agent on March 1, 1905. On August 1, 1912, he was appointed to the position he now holds. Prior to coming to Montreal, Mr. Robson represented the MacLean Publishing years of age.

Company of Toronto, as advertising agent in the United States. He is a son of Mr. W. M. Robson, of Lindsay.

Mr. Robson's successor is Mr. John M. Gibbon, until recently a C.P.R. representative in London, Eng. Mr. Gibbon, who has just completed the section of the round-the-world tour on the C.P.R. from England to Montreal via the Pacific, was in charge of the office today. Changes in the department are expected to follow.

The Rev. W. T. Wilkins, of Kingston Presbytery, has completed 50 years as pastor of St. Andrew's church, Trenton. Mr. Wilkins is 59 years of age.
