PLEASANT POINT

(Special to The Post.)
The harvesting is progressing rapidly in this vicinity at present and if the weather continues to be fine, the crops will soon be stored away under shelter. Owing to the dry spring and forepart of the summer, the grain is light this year in many places, and some are inclined to look upon this as a "hard" year.
Mr. I. Sanderson has been busy of late thrashing alsike clover in this vicinity.
Mr. John Calvert, of Renbore, spent a few days in this vicinity recently.
Miss Elizabeth Flynn is visiting friends in Toronto at present.
Mr. Fred Graham, of West Ops, called on friends in this locality on Sunday. It is about a year now since Mr. Graham met with the misfortune of having his two ankles injured in a runaway, and we are glad to see him so well improved.
Miss N. May Endicott, of Lindsay is spending a few days with relatives at Lakeview Farm.
Mr. John Hogan, of North Ops, is greeting a fine solid brick house this season, and when completed will be one of the finest dwellings in this region.
Miss F. M. Peel, of Lindsay, spent a few days with her friend, Miss E. Byres, recently.
Several from here took in the regatta at Sturgeon Point last Thursday.
Miss Leta Brien of here spent the week end with South Emily friends.
Mr. Wm. Brien, who has recently returned from Windsor, after spending the winter and summer there, called on friends at Dundas lately.

Massey's Body is Found

CORNWALL, Aug. 10.—(Special.)—Arthur Massey, who disappeared as completely as the earth had opened him up, was found last Monday night, his body having been located. As was feared, he met a watery grave in the St. Lawrence River. Massey went out for a row on the river and did not return. The boat with his coat and hat were found a couple of days afterwards, and search parties have been out continuously since looking for the body. It was found on Saturday evening in a bay at Cornwall. In Massey's pockets were two dollar bills and a one and eighty-five cents in silver. His watch had stopped at 25 minutes to 12. An inquest was not held. The funeral took place on Sunday afternoon to St. Columbo's cemetery.

Diaz at Vancouver

VANCOUVER, B.C., Aug. 10.—(Can. Press.)—Gen. Felix Diaz of Mexico, who says he is going to Japan for the sole purpose of thanking the Mikado for a favor done the Mexican Government some time ago, arrived here this evening and sails on the Empress of Russia on Wednesday.

Cures Every-day Ills

There are a good many things the matter when the liver fails to do its work. The whole system is clogged. Therefore a remedy that restores the liver to proper activity does several kinds of good. Our

Nyal's Fig Sen. Laxative

cures constipation, headache, indigestion, and all the dull and debilitated conditions that mark a clogged condition of the system. It does all these things by overcoming torpidity of the liver and by expelling waste matter from the system.

HOUSING OF HOUSA COUNCIL

lots 10 and 11 in concession 7 regarding the deepening of the Ditch on the side-road.—Carried.
Motion by Neil Ferguson and William Hinch, that the Reeve and Deputy Reeve be a committee to meet a committee from Fenslon and Ops Councils, and also members of the Rogers Hancock Drain and any other persons interested in continuing the waters of the above named drain to a proper outlet.—Carried.
The council took up the estimates for the present year, and they find that the requisition from the Village of Little Britain is the same as last year, asking for a special levy of 2.5 mills including a rate of .5 mills for a Library rate. The Village of Oshawa is asking for a special levy of 3.9 mills for current expenses and .5 mills for library purposes. The County requisition is some \$1000 dollars higher this year than last, the school section rate is also some \$1200 dollars higher this year than last, while the Township requirements will be considerably higher on account of the excellent season for road building and the urgent request for road improvements. The council are depending somewhat on the surplus from last year to help them out a little and will increase the rate only a trifle. The automobile has proven itself to be a wonderful road destroyer, the rapid motion of the wheels causing a suction of the loose dust, and after a machine traveling at 20 or 25 miles an hour can be seen a cloud of dust from one concession to the next one. This loose dust is deposited in the fields or houses adjacent to the road and the stones are left bare.
By-Laws No. 718, 719, and 720 were introduced and read in the usual manner providing for levying and collecting the several rates mentioned.
Mr. Gillies rendered accounts amounting to \$195. Mr. Yerex rendered accounts amounting to \$348, this includes labor for building the gutters at lot 17, con. 5, also making culvert pipes. Mr. Martindale rendered accounts amounting to \$348 for grading purposes.
The Reeve was authorized to renew the insurance on the Town Hall property, after which the council adjourned till the second Monday in September for the appointment of tax collectors and for general business.
J. B. WELDON, Clerk.

Become Fascinated With Dog

DENVER, Col., Aug. 11.—A novel contest was started today over the will of Alfred H. Miles, a Colorado pioneer millionaire and nonagenarian, by his grandchildren. The contestants charge that the love for a little dog was instrumental in causing the aged pioneer to give his estate to a brother. They charge that the old man became fascinated with a dog; that he would sit for hours and caress the little animal; that this affection became a mania with him, and that the brother took advantage of this affection and compelled the nonagenarian to execute the will before he would permit him to have the companionship of the animal.
The contestants are Emma Marshall, granddaughter; Edna Garrison, great-granddaughter; and William A. Garrison, great-grandson.

Chinese Government Victorious

SHANGHAI, Aug. 10.—(Can. Press.)—The government moved strong forces down the river yesterday and today, and landed them north of the foreign settlements. The rebels at Kiangnan have been driven in upon the Wu-Sung settlements with insignificant losses. The rebels are extending to Wu-Sung. While the government forces are advancing from four directions.
A number of war junks at Wu-Sung attempted to go over to the government, but all of them except one were burned by the rebels.
It is stated that the government is in control and has restored order at Nanjing.

Cool Wave in West

REGINA, Sask., Aug. 10.—(Can. Press.)—The weather turned cool Saturday, followed by showers Sunday. Maximum temperature today 63, minimum 50, precipitation .23. No damage has been done to crops.
BRANDON, Man., Aug. 10.—(Can. Press.)—With fourteen hours of steady rainfall, crop conditions have been benefited to some extent. Some crops have been reported ripening too fast.

Nest of Postage Stamps

WAYNESBORO, Pa., Aug. 10.—Penn. Mar's postmaster, John N. Stickle, in searching among old papers found a mouse's nest had been made almost entirely of postage stamps.
In the nest were four young ones. The loss to the postmaster is about \$15. He now has had his stamp drawer lined with tin.

Went Subsidy for Dry Dock

OTTAWA, Aug. 11.—(Can. Press.)—The Amalgamated Drydock and Engineering Company of Vancouver is applying to the department of public works for a subsidy for the construction at Vancouver of a floating drydock capable of accommodating the largest class of vessels now doing business on the Pacific Coast, and it is necessary the promoters will receive the encouragement of the Dominion government. The chief engineer of the department of public works will make a report on the plans of the company as soon as they are filed with the department.

Lightning Losses

GALT, Aug. 11.—(Special.)—William Harkness, a farmer on the West River road, had his barn struck by lightning yesterday and destroyed, together with a large amount of grain and costly implements. His horses were saved, but the pigs and fowl cremated. Loss was \$5000, partly insured.
John V. Eldred, 9th concession of Beverly, suffered a loss of several cattle by lightning.

TROOPS IN CHARGE

Milan, Italy, Is Almost in a State of Siege.

BIG STRIKE CONTINUES

Thirty Thousand Soldiers Have Invested the City and Are Occupying the Workmen's Quarters—Movement is Becoming Political One—Leaders Urge That Lombardy Secede.

MILAN, Aug. 10.—(Can. Press.)—Today was the seventh day of the general strike here. Although a state of siege has not been proclaimed, the workmen's quarters are occupied by the military forces and martial law practically is in full force. The troops concentrated here are from Lombardy and Venetia. They have raised the strength of the garrison to 30,000. Strong contingents of infantry, supported by cavalry and artillery, hold the strategic points and prevent the strikers from reaching the centre of the city.
The movement is changing from an economic to a political one, like that which arose in 1898, and the leaders are encouraging the separatist ideas, arguing that Lombardy, a most prosperous region, is unjustly being made to support the poorer districts of the south. Pope Pius is discouraging the clergy and Catholics generally from sympathizing with the separatist agitation.

Today the Milan Street Railway Co. succeeded in sending out 98 cars. The normal number daily in operation is 700. The strikers tore up paving stones and piled them on the tracks and also attempted to erect barricades, but they were charged by the cavalry and compelled to disperse. The cars ran through the day, escorted by policemen and squads of cavalry.
Numerous acts of vandalism were committed today, such as the tearing down of lamp-posts and the cutting of gaspipes. The authorities, however, are assured of sufficient gas to illuminate the town indefinitely. There is no scarcity of bread. The newspapers continue to appear, the printers having refused to go on strike.
Fifty thousand strikers held a meeting today, and after listening to inflammatory speeches decided to continue the general strike. It was also decided to organize the movement throughout the kingdom and to proclaim a one-day strike in every city and town some day this week.
The government believes the strike here is a failure and that the workmen will soon be obliged to return to work because of lack of funds. Tonight the police are arresting all persons who have criminal records.

Octogenarian Dead

KINGSTON, Aug. 11.—(Special.)—Mrs. McCormick, aged 82, is dead. Tomorrow, the day of her funeral, will mark the fifty-fifth anniversary of the day she and her husband moved into their home on Centre street, which they occupied continuously. Sixty-four years ago she was married to her husband, who survives.

Wudna Suit the Kilt

In the early days of the territorial army there was a boom in recruiting for it. In one part of the highlands almost every man in the district joined the local battalion of "kilts," and the men were signed on without medical examination, it being quite usual in some country districts to wait until the annual camp before medically examining recruits. On arrival in camp it was noticed that one man was wearing the trews at drill instead of the regulation kilt, and, being asked the reason, he explained that he had left his kilt at home. "Why on earth did you do that?" inquired his company officer. "Well, ye see, sir," replied the recruit, "I'm afraid I wudna suit the kilt vera weel, as I've got a wooden leg."—Glasgow News.

TROOPS WITHDRAWN

ARMED DEPUTIES TAKE PLACE OF SOLDIERS at Calumet
CALUMET, Mich., Aug. 11.—(Can. Press.)—One thousand of the 2300 troops which have occupied the copper mining district of Northern Michigan are on their way home and their places will be filled by armed deputies. The sheriff has recruited his forces up to about 1,000, and believes he will be able to take care of the strike situation unless there comes a severe clash between strikers and the men returning to work.
The strikers renewed their pickets today around Calumet and Hecla and the Quincy mines, where it was reported work was to be started, but only pumpmen and shaftmen were sent underground, and the pickets did not try to stop them. An attempt will be made to resume actual mining to-morrow.

Killed in Auto Wreck

MONTREAL, Aug. 11.—(Can. Press.)—Mrs. Ovenden, wife of H. R. Ovenden, secretary of the Carter Centenary Memorial committee of Montreal, was instantly killed near Knowlton, Que., this afternoon when a 100 horse-power automobile, in which she was riding, turned turtle. Mrs. Ovenden was accompanied by her brother-in-law, Z. V. Martin, a wealthy paint manufacturer of Chicago, Mrs. Martin and their son, who was driving the car.
Mrs. Ovenden's head struck a huge boulder at the roadside, and while the other occupants of the car were badly shaken up they escaped serious injury.

Sweden Conceded Rights

WASHINGTON, Aug. 11.—(Can. Press.)—Sweden was today conceded the right to send wood pulp and paper into the U. S. free of duty. The state and treasury departments have decided that the recent decision of the customs court that nations having "most favored nation" treaties with the U. S. were entitled to free wood pulp and paper, because that privilege was granted to Canada, is applicable in principle to Sweden. Claims of other countries not directly parties to the customs court suit are under consideration by the government. Russia will not be given free entry, because of the abrogation of the treaty of commerce and navigation of 1832.
