burned off his entire body, wandered into Harburn.

Everywhere creeks and springs are dried up and large numbers of farmers report the loss of cattle sheep which wandered in search

horses into the fire-swept districts. being opened and "caching" were | commenced.

Some idea of the strength of the fires may be gained from the fact that for a distance of between twenty and thirty miles around the fire zone the atmosphere is dense smoke-laden, resembling a fog. The fire flows bither and thither under the influence of air rents created by the heat of the

The intense heat of last week has rendered bush and forest as dry tinder, and only the slightest breeze is necessary to carry the devouring | 24. element over a fresh tract.

It is ten years since this district was last swept by fires.-Globe.

Submitted Fire Alarm Proposition

Last night Supt. Doan, of the Bell Telephone Co., interviewed the council in reference to a proposition submitted by that Company for the installation of a fire alarm service in the homes of the firemen.

Mr. Doan had three schemes for submission to the council-the in stallation of a telephone, the placing of an extension bell to ring a signal or box alarm, or the mechanical gong The total cost per annum for eleven

phones was \$165, which included in stallation and maintenance; \$88 for the the extension scheme and \$275 for the mechanical gong. Cobourg had into stalled the phone and it was found turys. fly from the fire to the neighbor- to work admirably. village this week. Owing to the continued dry weather, water is getting very scarce in these parts.

A number of the campers are arriving home, and all report having a big time.

The intense heat on Sunday evening kept a lot of people away from the Methodist church. Query, what's wrong with the lights?

Miss Coad, of Oakwood, is the guest of her cousin, L. Wood this

The num of the threshing machine is heard again, and the grain turning out good.

> ---VALENTIA. (Special to The Post)

Miss Vivian Glassford of town, is spending a few days under the parental roof.

Miss Davey, of Salem, is visiting her uncle, Mr. Wm. Davey, of the South Ward.

The two Misses Clark, of Oshawa, are spending their vacation with Mr. and Mrs. J. K. Partin, of Woodville

A number of our enterprising farmers have firished harvest which is much earlier than usual. The straw is rather light but the grain is well day. filled, and the crop will be fair, but threshing which is now in full swing friends in Lindsay. will not last long. Alsike clover as rule is a light crop. A great deal o it will not yield much over a bushel per acre. Messrs John A. Swain and J. K. Parkin received about five bushels of alsike clover per acre.

warm of late, which makes flowing difficult. A large acreage of fal wheat will be sown if rain comes in time to prepare the soil.

Mr. and Mrs. Rev. A. H. Hore and Master Harold, of Strathcona, are spending their holidays on the old homastead.

In the absence of our pastor, the erton. Rev. J. U. Robins, who is taking his vacation the pulpit of out Methodist Church was ably filled by Mr. Sparling of town, whose practical and inspiring address was much appreciat- day. ed by those present. Mr. Sparling is not a stranger in this vicinity, b

always receives a cordial hearing. is doing excallent work.

The trustees of our North Ward town. The lumber camps are not sending | School have given Mr. Wm. Deshane | Mr. Murray Wilson, formerly of of Little Britain, the contract of Cannington, has accepted a position and just enough supplies to serve painting the exterior work of the in the public school at Prince Althe gangs are available. Trails are school house, which will add much to bert J Sask. bas its appearance as Mr. Deshane is an! excellent painter.

BOLSOVER.

(Special to The Post.) The farmers of this vicinity are

nearly through with their harvest, and the hum if the threshing machine can be heard. Rev. S. McLean, of St. Mary's, is

at present visiting his mother in the village of Kirkfield and is to preach in the Presbyterian Church, Kiekfield and Bolsover next Sunday, Aug.

The Trent Valley Canal is going under certain repair here which will be of great benefit to our town. It is reported that Roy Steele and

John Corvie are about getting a threshing machine. We wish them success.

The trip by boat from Bolsover to Barrie last week was a decided success. The Bible Class is to be given credit for their management.
