CAMPAIGN OPENED

Sir Wilfrid Laurier Addresses Ten Thousand at Sorel.

BORDEN AT BRIDGEWATER

Premier Gets Enthusiastic Reception and Says He Has No Anxiety as to Result of Election — Will Not Change His Policy—Opposition Leader Gets Good Reception at Bridgewater, Nova Scotia.

Montreal, Sept. 8.—Picturesque as ever and enthusiastic to a degree, Sir Wilfrid Laurier in his address to ten thousand people in Sorel Saturday and no difficulty swaying them to his smallest word.

Sir Wilfrid was not communicative as to the time of the elections. He said: "Today I call upon you to work in the coming election as in the past for that party which stands for equal justice and liberty to all. And I would urge you to be ready for the elections, whether they come in 1908 or 1910, for whenever they come our policy will always be the same in this respect."

Sir Wilfrid appeared to be in splendid form, and spoke with all his old-time vigor and good humor. Sir Wilfrid was supported by Hon. Rodolphe Lemieux, Hon. J. P. Brodeur, Hon. Jacques Bureau, and a whole host of lesser notables who crowded the platform.

As to the result of the election, said the Premier, "I have no anxiety, any more than I had in 1904, and for the rest, whatever may be the result, neither my voice nor my course of policy shall be changed. I have given my life to my country, and in the future, as in the past, I shall be able to say the words of the popular song: 'My country is my love!'"

Bridgewater, N.S., Sept. 8.—L. Borden opened his Nova Scotia campaign at Bridgewater, Lunenburg County, yesterday, under the most auspicious circumstances. There were large crowds in evidence from all over the county. When Mr. Borden and party appeared the assembled crowds gave a welcome which continued for some minutes after he had entered the rink and ascended the platform. At this time there must have been about 1,500 people in the rink, and they kept coming from outlying towns for some time after the meeting began.

S. E. Mackay, president of the Lunenburg Conservative Association, introduced the speaker. Dr. Marshall, the Conservative candidate, who contested the riding at the last local election, addressed the audience briefly. He said a tribute to Mr. Borden—a statesman-second to none, who is recognized by both Conservatives and Liberals at Ottawa as head and shoulders above everyone in political life in Canada.

He asked for a clean election, and said that either money or rum were used in this behalf he would resign the minute the facts were proven. Of his work as leader of the Opposition, all he would say was that he had given to it the best of his strength, said Mr. Borden, his time, and his ability, and he could say that when questions arose in Parliament when country and party come in conflict he had sacrificed and would sacrifice the latter.

Went to Work Here. London, Sept. 8.—(C.A.P.)—What was at first thought to be another unemployed demonstration at Trafalgar square transpired to be merely a swarm of applicants for the posts of mechanics and fitters for the Canadian Pacific, whose offices are situated contiguous thereto.

It was stated that in consequence of the rush of men from the United States only 150 were required here, but there had been a thousand applicants, which, considering they are skilled workmen, was remarkable.

He spent most of his time between this city and Toronto.

The National Flag of New Zealand

Placed From a Window in the Y.M.C.A. on Monday

A flag hung from the window of the Y.M.C.A. on Monday which attracted considerable attention. It was the national emblem of New Zealand, and is the property of Mr. W. A. Ellis, at present a resident of Lind say but who has resided in New Zealand for a quarter of a century.

The flag is a very pretty one. It bears the Union Jack on a background of blue; with the four stars of the southern cross or four stars of the constellation so called because the four stars of the southern cross were a welcome sight for the traveler or mariner on his way to the antipodes.

DIFFERENT KIND OF RURAL PLAN

"Quincy Adams Sawyer," coming to the Academy of Music for one night on September 9th is said to be wholly different from any other New England play, and advantageously so. It has been treated with special individuality of perception and judgment, and the company was reported by the critics there to be chosen with excellent regard for their ability in this line of country character impersonation. The story of the young play man in the country is so naturally handled that everyone perceives the varied romance and humor of the different situations and laughs and sympathizes with equal spontaneity.

Lacrosse Sticks Hung Up

The members of the local lacrosse club have hung up their sticks for the season. The action of the executive of the Trent Valley League in ordering home and home games to end a tie in the district put the kibosh on the game here. The local club would have fought to the finish, and would have proved good losers. The league has proven a colossal farce, and is in the same class as the Midland base ball league both of which should be reorganized on a better basis.

The fencing has been completed around the Warner property recently acquired by the South Victoria Agricultural Society.

Miss Fidgety

The Bobcaygeon Independent says that "a motor boat went through that place last Friday and attracted great attention. She was the Miss Fidgety and a very fast party she was. She has been cutting quite a dash around Stony Lake and Chemong, and left here at a 22 mile an hour clip that threw the spray over the passengers in a shower. The wheelman has a glass shield like those on autos, and the passengers wore rubber coats. She went to Lindsay to be loaded on the train for Toronto, where she will display her capacity for swiftness during the exhibition on the bay. If the C.P.R. were to make a loading way there it might become a general point for the transportation of boats and yachts."

Broke his Finger

While entering the rear door of his store at Corby on Friday, Mr. W. Gilbert slipped on a board and fell with his whole weight on one of his fingers, dislocating it. Correction

In the report of the convention yesterday Mr. McLaughlin was reported to have said that North Victoria in last election gave a Liberal majority. This was not correct. What Mr. McLaughlin did say was that including the township of Galway the whole Conservative majority in both constituencies was nearly wiped out and Col. Hughes majority was almost most altogether accounted for by the addition of East Haliburton and the loss of Galway.

OXOMULSION

THE FOOD THAT BUILDS

A thin, puny baby will contract every disease known to infants, for it lacks vitality to stem the tide of sickness. It needs something more than the mother's milk. Doctors know this and recommend OXOMULSION, for it contains the flesh, bone and muscle forming elements so necessary to the growing child. The formula is given with every bottle. Oxomulsion is pleasant to the taste and baby will take it as readily as it will milk. Insist upon having Oxomulsion, for no other emulsion is as good. For sale by all druggists in two sizes, 35c and \$1.00. Prepared only by The Oxomulsion Co., corner Spadina and Phoebe Streets, Toronto. If baby ails, write us for advice.
