

The Soldier Boys Return Home

The 45th Regiment Arrived On Friday Morning

The 45th Regiment under command of Col. Sylvester, returned home by Canadian Pacific Railway last Friday day. The train reached town about 9.15 with its scarlet-coated ranks, and in a few minutes ranks were formed, and a decidedly creditable body of men marched up town to the strains of an enlivening air by the band.

The regiment showed decided improvement in its appearance over that presented on its departure, as a result of hard, steady training, under its competent officers.

As they marched along Kent-st the 45th showed steadiness in steps and alertness in bearing that were highly creditable and many encomiums were showered upon them as they passed along.

Barriefield camp practically broke up last Thursday when the 45th regiment pulled up their tents and started for home.

At 7.30 the boys lined up, and proceeded by the Lindsay band, they started on their march homeward. After about half an hour's walk along the dusty road they arrived at the C.P.R. station, where a fine train of colonist sleepers was awaiting them. They boarded their own cars in a very orderly manner, and after loading the horses. They started on their trip.

In a short time the men settled down and one by one they fell off to the land of nod. The train made fast headway, and stopped at only a few stations along the way.

At half past three Peterboro was reached but very few of the men awoke to see the sights. The next stop was made at Burlington, which was reached at half past four. A long delay was made here to give the boys a chance to see the sights. It was about eight o'clock when the train pulled out of that point and the last stretch of the journey began.

Fishing is Good in Stoney Lake

A Party Has Good Luck with the Finny Ones

During the past week the fishing at the east end of Stoney Lake has been excellent, and some fine lunces have been captured. The premier luncer has been won by Mrs. W. J. Morrow of New York, and Mr. John King of Peterborough. The other day while trawling near that island they succeeded in hooking and landing a lunge that tipped the scales at twenty pounds. Mrs. Gould, of Toronto who is spending the summer at Woodside Hall, last summer home, was also successful in landing a fine eighteen pound lunge, and Mrs. Bliss of Buffalo, has captured one recently which weighed sixteen pounds.

Work on Canal At Rosedale

Operations Commenced on the New Slide—Drill and Dredge at Work

The foundation for the new residence of the lockmaster at Rosedale is rapidly nearing completion. No doubt this will be one of the most up-to-date dwellings in the village and situated as it will be on the bank of the canal, will add materially to the appearance of the waterfront.

The steam drill and the dredge are still at work in the upper portion of the canal. The work will take some time to complete, but will greatly facilitate the movement of steamboats and other craft on these waters.

Work has been begun on the new slide. A large pier is being built above the slide in order to shut off the flow of water, and as soon as this is completed work will be begun on the slide proper.

Suggestions for Left-over Biscuit

If there is anything that puzzles the ordinary domestic cook it is the problem of how to dispose of the left-over biscuit. A cold biscuit has few attractions for those who like good things to eat, and I have yet to meet anybody who is willing to admit that the really liked them after they had been warmed over, and yet when properly utilized, the "disgraced" cold biscuit actually becomes a blessing rather than a burden to the cook. According to my own experience, the first step in making use of stale biscuit is to toast them, after which they may be disposed of in several ways. In preparing the biscuits for toasting, however, do not split them, but instead, slice them across the grain. Thus cut, and browned on both sides in a fairly hot oven, the left-over biscuit will make just as

Lindsay Won the Final Golf Match

Playing at Home, Lindsay Golfers are Victorious

Peterboro golfers visited Lindsay Thursday and met the locals on the links in a friendly game, the latter winning by the score of 7 to 6. Following is the score:

Table with 2 columns: Name and Score. Lindsay Golfers: G. A. Little (4), G. H. Hopkins (1), F. Wilfred (1), J. D. Fivelle (1), Dr. Sutton (1), J. G. Edwards (1), G. Matthe (1), W. T. C. Morson (1), A. Fivelle (1), E. Knowlson (1). Peterboro Golfers: S. Roy (1), C. Hill (1), R. Neil (1), A. H. Stratton (1), C. Moore (1), W. H. Denham (1), F. Matthews (1), E. H. D. Hall (1), W. H. Blagden (1), M. Acdell (1).

Closed with Fight But Only a Sham

The 45th Regiment Closed Its Work with Sham Battle

The closing exercises of Barriefield camp were held Thursday when a sham battle was the feature of the day. The boys always take a keen interest in the battle and nearly every body was on hand yesterday. The scene of the battle was at Kingston Mills and here the enemy were hidden. After a long march the defence met the enemy and a fierce battle ensued. It was a hard one to judge, but the decision was finally given in favour of the red coats. The 45th did great work and brought honor upon the regiment.

Meetings of St. Paul's Band of Hope

Officers Decide to Hold Public Meetings on Wednesday Afternoons

A meeting of the directors and officers of St. Paul's church band of hope was held last Thursday at the home of Mrs. Lytle, Glenelg-st., with a full attendance. Several new officers were added to the list, and other business in connection with the band was arranged, including the programme for the coming season. It was decided to hold public meetings each Wednesday afternoon in St. Paul's schoolroom, to which a cordial invitation is extended to all.

Mixed Train Runs Off The Track

Accident Happened Near Stouffville—No One Injured.

The mixed train (No. 60) which leaves Lindsay at 12.05 p. m. daily in charge of conductor Mercer, and which is due here at 5 a. m., met with a slight accident near Stouffville at an early hour Friday morning. One of the cars suddenly left the rails, and the combined efforts of the train crew could not place it in position again. A message was sent to Lindsay for assistance and the auxiliary was soon on its way to the scene of the accident.

The car was rapidly placed on the track again and the roadbed repaired after a delay of six or seven hours. The train reached Lindsay about 10.10 this morning.

A number of the local merchants were somewhat uneasy after hearing of the accident, as they had goods on the train for which they were waiting, but fortunately the run-off was not as bad as was reported.

Love in Disguise

This is the euphonious name of a dish that is sufficiently tasty to deserve a place of honor in the private menu-book of every housewife. To make it, stuff a calf's heart, cover it with a layer of well-seasoned forcemeat, and wrap it round and round with strands of vermicelli. When thus prepared, steam until the vermicelli begins to soften nicely; then finish cooking by baking. Serve with a rich brown gravy.

The Galway Fair Held at Kinmount

Fairly Good Attendance and Many Excellent Exhibits

The Galway Agricultural Society held their annual fall show at Kinmount on Friday and was fairly well attended. There were quite a number went out by special train from Lindsay, among whom were Mayor James Begg, Geo. Curtis, John Carew, D. Trew, W. C. T. Morson, G. H. Wilson, W. Simpson, J. G. Jolly, W. White, J. Brown and a number of others.

Marathon Race at Beaverton

The Best Road Race that has Yet Been Held

The third annual ten mile road race was run at Beaverton on the 7th and was by far the best yet held. Promptly at 2.30 p.m. H. S. Cameron got the men away, and from that moment until long after the last straggler had found his way home there was but one thought in the minds of the crowd that lined both sides of Simcoe-st. The telephone lines were kept hot and the crowds here awaiting were kept accurately informed on the progress of the race and the position of the contestants at the various turns of the course. The first man to cross the tape was the Indian Jas. George from Georgina Island, his time being 61 minutes. This he could have made considerably less had it been necessary, as he finished fresh and strong.

Elopement Occurs at Peterborough

Young Couple Marry Despite Opposition of Parents

The report of an elopement of two Peterboro young people has been received and from the facts as they are stated their seems to be no doubt that it is a case of the old saying that "love laughs at locksmith's" and parental opposition.

It is learned that the young people have been well acquainted for some time, although the girl's parents objected to the Lohario in the case. Both live on Sherbrooke street and although the girl's parents tried to keep her from seeing her "beau," their efforts were of no avail. The result seems to have been the opposite to what they wished and finally terminated in the disappearance of the young couple, a few days ago. Where they went to has not yet been learned, or whether they intend to return to Peterborough. It is, of course understood that they ran away to get married since there were objections at home.

Ennismore Has Serious Bush Fire

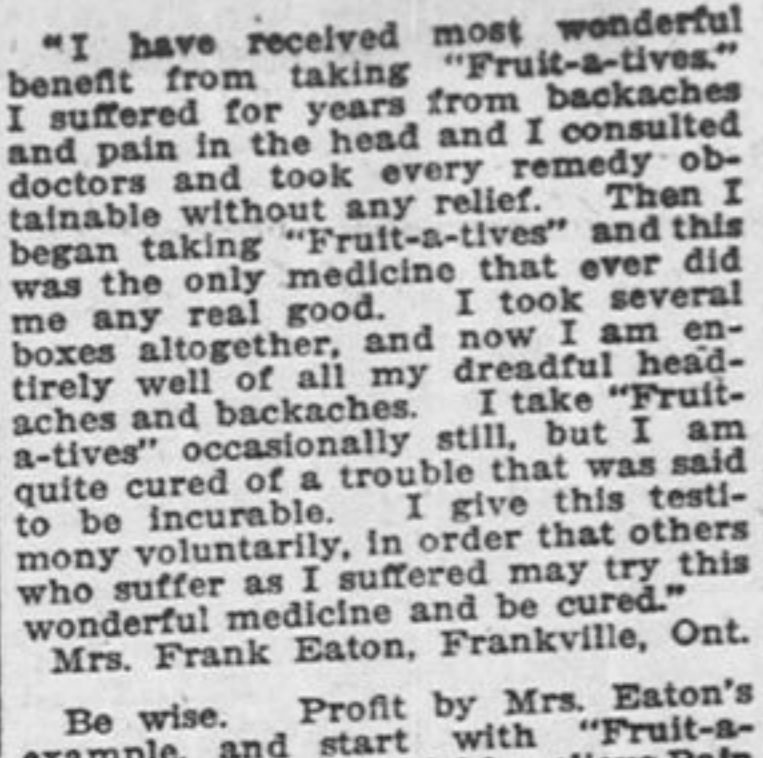

Is Raging in Woods on Two Properties

The word was received on Friday morning from Ennismore that a bush fire was raging in the wooded property of Mr. Edward Corkery and Mr. Wm. Crough between the bridge and the Cross. While it was not extremely large, there was, however a danger of it spreading to more extensive woods. The neighbors have been fighting it during the last few days and are on the alert to keep within a small boundary.

"ONLY MEDICINE THAT DID ME ANY GOOD"

"Fruit-a-tives" Cured Backache After Doctors Failed Utterly.

"I have received most wonderful benefit from taking 'Fruit-a-tives.' I suffered for years from backaches and pain in the head and I consulted doctors and took every remedy obtainable without any relief. Then I began taking 'Fruit-a-tives' and this was the only medicine that ever did me any real good. I took several boxes together, and now I am entirely well of all my dreadful headaches and backaches. I take 'Fruit-a-tives' occasionally still, but I am quite cured of a trouble that was said to be incurable. I give this testimony voluntarily, in order that others who suffer as I suffered may try this wonderful medicine and be cured."

Be wise. Profit by Mrs. Eaton's example, and start with "Fruit-a-tives." They will quickly relieve Pain in the Back, and stop Headaches because they keep bowels, kidneys and skin in perfect order and insure the blood being always pure and rich.

Three New Princess Dresses

Among the many new princess and semi-princess dresses there are three that stand out prominently from the others.

The first is a close-fitting princess dress with two seams in the front and two in the back that run from the shoulders to the bottom of the skirt. The mousquetaire sleeves are small and close fitting, and are made in the material of the dress. The gown is quite devoid of trimming, except for a deep V-shape opening at the neck, and filled in with a sheer chemise.

Notes of the Camp

In its Barriefield camp notes the Kingston Whig says: While chopping some wood, Pte. Lecraw, of the 45th regiment struck his foot and inflicted a cut that required medical attention. Pte. Woodside, of the 45th Regiment, was injured by a comrade when playing football. They were at close quarters and Woodside received a kick in the face.

Pigs in Blankets

Make a baking-powder dough, using a pint of flour, a level tablespoonful of salt, a teaspoonful and a half of baking powder and sufficient water to bring it to a proper consistency. Roll this into a thin sheet, cut it into small square pieces, and wrap each piece around a roll of sausage meat. Bake and serve very hot. They are extremely appetizing, especially at breakfast.

Forbert Stock Sold

The Frank Forbert boot and shoe stock has been purchased by Mr. James McCullough, of Toronto, who is at present in town. The store will be managed in future by that gentleman who will reside permanently in Lindsay. It is fifteen years since Mr. McCullough has been in Lindsay, and he informed The Post to-day that he had noticed great changes since that time.

Giles' Nomination was very Wise One

The Bobcaygeon Independent Discusses the Recent Action of Liberals. Discussing the recent nomination of Dr. Giles as the Liberal candidate for Victoria and Haliburton, The Bobcaygeon Independent says:

Roofing Right Costs No Less - But It Is Far Cheaper

SOME shingle roofs keep out the worst of the weather if you patch them up every summer.

They ought to last at least ten years, if they're well cared for. Some metal shingles are made of pretty good IRON. They make passably good roofs for maybe fifteen years—IF you paint them every year—two coats.

BUT—these "Oshawa" Special Galvanized STEEL Shingles of mine are GUARANTEED to make a REALLY good roof for twenty-five years (and that means a NEW roof for nothing if they leak a single drop in all that time).

You needn't ever paint an "Oshawa"-shingled roof,—the heavy galvanizing, the 28-gauge sheet steel, the four-way lock, makes paint needless. True these "Oshawa" shingles cost

57 Kent Street, Lindsay. We will send postpaid and free samples of Pedlar Art Steel Ceilings and Slat Walls, of which we make more than 2,000 designs.

Late Statistics re Municipalities

Interesting Information Regarding the Minor Municipalities. Municipal Bulletin No. 2 of the statistics of Ontario municipalities is to hand. According to the bulletin the assessed population of Lindsay in 1907 was 7,275. The area assessed for the same year was 1,550 and the total assessment \$2,437,900.

Notice to Threshers on Crossing Bridges

Planks Must be Laid Before Engines or Machines are Taken Over. The following letter has been sent to threshers throughout the county by County Clerk McNeill and will doubtless prove of interest to our readers generally:

Falling Sickness

Fits, Epilepsy, St. Vitus' Dance, Nervous Troubles, Etc., positively cured by LIEBIG'S FIT CURE. Free trial bottle sent free on application. Write the LIEBIG CO., Phoebe St., Toronto.

Giles' Nomination was very Wise One

The Bobcaygeon Independent Discusses the Recent Action of Liberals. Discussing the recent nomination of Dr. Giles as the Liberal candidate for Victoria and Haliburton, The Bobcaygeon Independent says:

As a matter of cold fact, they are good for a century. How are you going to make weather-proof steel rust or rot? Wouldn't it really pay you to send a postcard for a free book that tells the whole story in plain words? My shingles cover thousands of the finest barns and houses and public buildings all over Canada. Though the same 25-year guarantee goes with every roof, we've never been called on yet to make it good. Read the book, won't you? G. A. Pedlar
