Halifax Firemen Injured.

Halifax, N.S., Sept. 17.—Two fire men were seriously injured last night in a fire that gutted three buildings on the Market Wharf and came dangerously near sweeping away the southern end of the waterfront. The men were fighting the flames on a ladder when the burning roof fell on them, burying both in the debris. They were rescued with difficulty and taken to the hospital.

Never quit when failure stares you in the face. A little more energy often changes a failure into a great success.

A Corn Roast What It Means

This Fall Pastime is Growing in Great Favor

For the jaded mind and the heavy breast, for the old who wish to renew their youth and the young who dwell on courtship and romance, for the dyspeptic and the fallow-cheeked book worm, there is no better pastime than a corn roast. The husking bee, quilting party, plowing match and melon hunting events are all good in their time. They save a people from that starchy, cold, manner which demands a high collar and a modish dress, but they do not combine all the qualities of Bohemianism, joviality, poetry and feasting, that belong to a bonfire, a sizzling ear of corn and a ruddy cheek. There is color in the setting that impresses itself vividly on the memory.

One of these corn roasts was held here the other night at Pleasant Point. Above the moon was reigning in all its splendor and glory. Below shadows crept mystically here and there where the light did not cast its strangely sentimental beams. On the shores overlooking the placid surface of Sturgeon Lake, blazed a fire built of logs and limbs. The red flame shot fitfully heavenward, and the smoke curled here and there to the vagaries of the breeze. Around the burning pile, like campers in the northland sat the corn roasters—a merry, fun-loving group—turning an ear as the Indian did a cut of venison on his spit. To the north, and against the dim horizon, glowed the lights of distant Fenelon Falls, and through the clear night air could be heard the rhythmic lap of the waters as though to lend a note of music to the mellowness of the hour.

With laughter and talk the roasters continued till at length the butter was attacked with an aversive appetite that only corn roasters can exhibit.

Just an evening with the geni of nature, the fellowship of happy souls, but an evening that becomes a fond recollection when we are old and the dews of an autumn night are damp and chill.

Important to Ladies

It is not often an opportunity occurs at your door to see the latest Parisian and New York styles in hair goods, yet such is the case, as Prof. Dorenwend, of Toronto, is visiting this town, and invites your inspection of these goods at his private apartments reserved at the hotel.

These hair goods styles, when properly adjusted, protect and ornament the head soften and beautify the expression of the face, and consequently tone up an aged appearance. Be sure and see them at hotel Benson house, on Saturday, Sept. 24th.

Late Jos. Cooper Borne to Tomb

Impressive Funeral Services at Cambridge-st Methodist Church.

The funeral of the late Jos. Cooper took place this afternoon from his late residence, Victoria-ave., and was attended by a large concourse of citizens of town and district. The cortege proceeded to Cambridge-st. Methodist church, where services of an impressive character were held, conducted by the pastor, Rev. J. P. Wilson, assisted by Rev. Dr. Bishop, of Belleville, a former pastor. The services opened with the singing of the hymn, "When I Survey the Wondrous Cross" after which Rev. Dr. Bishop led in prayer.

The beautiful hymn "One Sweetly Solemn Thought," was exceedingly well rendered as a quartette by Mrs. Ford Moynes, Mrs. Dr. Nesbitt, Mr. A. B. Parrish and Mr. H. Brinnell. Rev. J. P. Wilson then read a portion of scripture, after which Rev. Dr. Bishop read the second lesson.

The hymn "Nearer My God to Thee" was then feelingly rendered by the congregation.

Then followed two eloquent and touching tributes to the deceased by Rev. Dr. Bishop and Rev. J. P. Wilson, in which the exemplary life of the late Mr. Cooper was referred to as an inspiration for others to emulate and follow. Their remarks were listened to with rapt attention by the congregation.

After the singing of a hymn the funeral cortege proceeded to Riverside cemetery, where interment took place. The pall bearers were Messrs. D. E. Cooper, W. E. Rundle, Prof. W. S. Milner, J. D., William, and J. W. Flavell.

The floral tributes were many and beautiful, a back being used to convey them to the city of the dead.

The Consumption of Coffin Nails

Inland Revenue Report Shows a Big Increase in Cigarette Smoking

Ottawa, Sept. 19.—Restrictive legislation does not seem to have much effect in curtailing the sale of cigarettes in Canada, judging by the figures of the past year's domestic production of them in Canada. The Inland Revenue Department reports that the manufacture of cigarettes in Canada was last year over a hundred million greater than in the previous year.

This means that the people of Canada, especially the young man, expended over four million more dollars for cigarettes in 1909-10 than in the previous year. This may reflect the increased prosperity of the country, because it is quite evident in the months of depression two years ago that the first item of exercise which reflected the necessity for a curtailment of personal luxuries was that of cigarettes.

The statistics show that last year created a new record, both in the manufacture and the consumption of cigarettes. There were manufactured in Canada, 457,095,138 cigarettes as against 356,756,150 in 1908-9 and 384,809,344 in 1907-8. The importations of British and foreign cigarettes continues to decrease. They amounted to 13,598,000 in 1907-8, to 11,539,660 in 1908-9, and to 12,616,333 last year.

Poultry Men Held Meeting

Matters in Connection With the Annual Poultry Show Were Considered

A meeting of the Poultry and Pet Stock Association was held last evening with President B. L. McLean in the chair. In the absence of the secretary, J. P. Ryley, Mr. John O'Reilly filled that position.

Considerable business was transacted in connection with the next poultry show, which promises to be the most successful in the history of the society.

A committee was appointed to revise the prize list and also a committee to fix up the coops as well as secure a number of new ones.

The question of awarding a number of special prizes was also discussed, and it is expected that action will be taken along this line.

A feature of the meeting was the number of membership tickets disposed of.

EAST OAKWOOD

Rev. Mr. Woodger, of Dunford, preached two very instructive sermons last Sabbath.

Mrs. Dr. Dyer, son and daughter, are spending their holidays at the home of her father, Mr. T. Grimston.

The following young ladies from this vicinity are leaving this week to attend college and the normal school, Miss Florence Graham, teacher at Ops leaves to attend the University next year, Miss M. Hardy for Peterboro Normal, and Miss Brown, teacher at Oakwood, leaves for Toronto Normal.

Several farmers attended Toronto Exhibition this year and found considerable improvement in the last few years.

We understand Mr. T. J. Webster lost a valuable horse last week.

Mr. P. Webster has been buying some stock this last couple of weeks.

Many from here intend going to Lindsay fair on Friday and Saturday.

Presentation at Sturgeon Point

Captain Pearson, of Manita, Remembered in a Substantial Manner

Sturgeon Point, September 20th.—This being the boat's last appearance here, some of Capt. Pearson's many friends took the opportunity to show in some small measure their appreciation of the steamer Manita and its obliging crew. When the Manita arrived here the Sturgeon Point people were in waiting at the lower dock. Mrs. Robt. Miller then stepped forward and presented Capt. Pearson with an umbrella and Mr. Jas. Marshall played He's a jolly good fellow, and should old acquaintance be forgot, on the concertina, the crowd joining in the singing. Capt. Pearson, who was greatly taken by surprise, thanked the friends for their thoughtfulness, and hoped to be on the same run, again next year. The steamer Manita with a fairly good crowd on board, started out for Peterboro, to remain away for another year.

When the Manita reached the Wharf-st. wharf in Peterboro, those on board, including Mr. Jos. Brown, Reeve of Sturgeon Point, bade Capt. Pearson good-bye until the opening of navigation next year.

The Captain has been courteous and obliging, not only to the cottagers at the Point, but to the citizens in general, which tended to make an outing on the Manita doubly enjoyable.

Is Highly Recommended

Independent: Just at the expiring moments of Mr. Kennedy's term, our school trustees at Nogey's Creek, succeeded in obtaining a teacher in the person of Miss Stella Jordan, of Lindsay. Miss Jordan comes to us with high educational ability, and highly recommended by Mr. Broderick, I.P.S., who is one of the best authorities on matters of the public schools in the province. We bespeak for Miss Jordan the hearty co-operation of both parents and children.

Summer Cottages at Stoney Lake

High County Constable Cochrane, of Peterboro, Gives Interesting Statistics

It may surprise most people to know that there are over two hundred to be exact, there are two hundred and three cottages at Stoney Lake. This large figure may cause some surprise, but Mr. Geo. Cochrane, High County Constable, has gone into the statistics and counted the cottages and the information comes from him. It is remarkable that even among the people who spend every summer at Stoney Lake, there is scarcely one who has been able to guess anything like the correct number. Most of the estimates are away under the correct mark. One lady who has spent many summers at the lake guessed that there might be twenty-five. The captain of one of the Stoney Lake boats said one hundred and fifty, but most of the guesses were below that figure.

Mr. Cochrane, from his cottage, Crown Point, on Eaglemont, can count no less than fifty-one cottages, so that number at least, is under his official vision and the inmates must preserve law and order. From no other point on the lake can so many cottages be seen.

Mr. Cochrane has carried his conclusions still further. Giving to each cottage an average of fifteen people, per year including visitors, a most conservative estimate, he points out that there are at least 3,000 in the cottages of Stoney Lake, each season. Add to this the population of the boarding houses and hotels and the people brought by excursions and the result shows that on an average day in the height of the season the summer population of the gem of the Kawartha chain is at 5,000—Examiner.
