THIS IS TO BE A "FLAG ELECTION." IS IT? WELL

Great Britain has just signed a sweeping arbitration treaty with the United States. In the event of a European war, the treaty with Japan would safeguard the Far East and the treaty with the United States, which makes that country virtually an ally, would enable Great Britain to use all its fleet in European waters. Query: If His Majesty King George has signed an arbitration treaty with the United States, involving the highest questions of national honor and security, what sense is there in saying that it is disloyal or dangerous for Canada to make a tariff agreement with the United States? British Cabinet Ministers have pronounced in favor of reciprocity between Canada and the United States. Are the Conservatives more loyal than the King and his ministers?

Reciprocity Meeting At Woodville

Reciprocity received a big impetus at the remarkable meeting held last night at Woodville in the interests of Mr. J. B. Begg, the Reciprocity candidate. The hall was crowded with an appreciative audience who had come to hear the great pact discussed by men who were qualified to speak on the subject. The audience was an attentive one and each and every man present drank in the irrefutable arguments adduced by the different speakers.

The reception tendered Mr. Begg, was in the nature of an ovation and he has every reason to be delighted with the warmth and sincerity with which he was received.

Mr. Newman, the well known cheese man of Eldon, made an ideal chairman and delivered an inspiring address in opening the meeting.

Convincing addresses, replete with statistics of a telling nature, were delivered by Messrs. Thos. Stewart, A. O. Hogg, C. E. Weeks, Mr. Annis, of Mariposa, and an oldtime Conservative, and Mr. Begg the Reciprocity candidate.

The large audience present was a satisfied one, and the hearty cheers given at the close indicated that all was well with Reciprocity in Eldon.

OBITUARY

RECIPROCITY RALLY AT COBOCONK

Cobocok, Sept. 11, 1911.—A public meeting was held here on Tuesday night of last week, by Mr. J. B. Begg the Reciprocity Candidate. The weather was most unfavorable owing to the downpour of rain yet the hall was well filled.

Mr. R. J. McLaughlin and Mr. Begg addressed the meeting and both gentlemen gave clear and convincing arguments which were listened to with marked attention. If the reception the addresses received is any index to the way the votes will go on election day, Cobocok will give a good account of itself.

J. W. FOY AND SON BADLY INJURED AUTO COLLIDED WITH STREET CAR

The following from to-day's Globe refers to a former resident of the town and proprietor of the local Foy Shoe Store. Mr. Foy and his son were on their way to Lindsay when the accident occurred.

"Mr. J. W. Foy, 64 Harvard avenue, and his son, James, were seriously injured about 3 o'clock, yesterday afternoon when their automobile collided with a King-st. car, near Jones Ave. Mr. Foy was driving the auto himself, and had just turned the corner of Jones Ave. and Queen-st., when the car struck the machine. He was going east.

"The street car, which was going west, struck the auto at an angle and carried it for a distance of two rods, down the wet street before it was stopped. Had the auto not skidded, both occupants would certainly have been killed. As it was, the boy Foy, who was in the back seat of the auto, was hurled over the front seat and rendered unconscious. His father was on the right side of the front seat and owes his life to this fact, as the left side of the auto was crushed in.

"Mr. Foy and his son were rushed home in another motor-car, immediately, and, on examination, it was found that the boy's collar-bone was broken. Mr. Foy is badly shaken up, but has no broken bones.

"The car was a new one and the damage is estimated at \$1,000.

QUAKER OATS COMPANY NAILS ANOTHER TORONTO NEWS CANARD

Some time ago the statement was assiduously circulated by certain newspapers and speakers that the passing of Reciprocity would result in the closing of the large plant of the Quaker Oats Company, employing some eight hundred men, in Peterboro. This was absolutely denied by Mr. Robt. Stuart, head of the Company, and he pointed out that the Quaker Oats Co. favored Reciprocity.

As the Peterboro plant is the only plant the Quaker Oats Company have in Canada, one would have thought that the misrepresenters would have been content with Mr. Stuart's statement of his position. However, on September 1st the News published the following paragraph, displayed on its front page:—

"LET CANADA GROW"
"The Quaker Oats Co., which has its Ontario plant in Peterboro, has intended to erect a large plant at Winnipeg, or some point in the Canadian West. If Reciprocity is adopted the Company will escape the expense of building a plant West of the lakes. It will supply the Western Canadian market with cereals made at its United States plants."

The Star wired Mr. Stuart as to the truth of this statement. To-day the following telegram was received from him:—

Charlevoix, Mich., Sept. 10.
"I directed answer to your telegram of the first, but find it was not sent. The Quaker Oats Company intend establishing a plant in the Canadian Northwest, but have not decided on location. Reciprocity will hasten the selection."
(Signed.) ROBERT STUART."

VOTE ON POWER PURCHASE BYLAW FIXED FOR THURSDAY, OCTOBER, 12

A special meeting of the council was held last evening for the purpose of giving the by-law re the purchase by the municipality of the local power plant, its first and second reading appointing the deputy returning officer for the taking of the vote and fixing the date of its submission to the people.

It was moved by Reeve Vrooman and seconded by Ald. Naylor, that the 12, day of October be the day fixed for the taking of the vote of the electors of the town of Lindsay on the by-law to authorize the purchase by the Corporation of the Electric light and power plant, franchise and rights, water power and appurtenances and all the property used in connection therewith and the goodwill of the L. H. & P. Co. Limited, and to authorize the issue of debentures for the sum of \$230,000, to pay for the same.

The deputy returning officers were also named for the taking the said vote.

Considerable discussion took place on the question, Deputy Reeve Lewis Ald. Clarke, McClary and Babcock contending that there was no necessity of dealing with the proposition until the electors had given their verdict on the Seymour Power Co. by-law. It was also pointed out that the town would have thirty days after the expiration of the opt on on the local plant to carry out their part of the agreement.

His Worship, Mayor Beal, Reeve Vrooman, Deputy-Reeve Dobson, Ald. Naylor and McCrae pointed out that the town had no time to lose in the matter. If the Seymour proposition was turned down by the electors, they would then have an opportunity to record their verdict on the other by-law. It was also pointed out that the report of the Hydro-Electric would, in all probability, be before the people, and it was expected that additional information would be forthcoming regarding the power possibilities in the north.

The above resolution was put to a vote and resulted in a tie. His Worship, Mayor Beal, gave the casting vote and the measure will go to the people on the date mentioned.

The by-law was then given its first and second reading.

GOT HIS LIQUOR ON SATURDAY

To The Editor of the Post:—
Dear Sir:—Kingly give me space for the following correction re the Moir case in police court, Monday morning.

From your item, the impression might be taken that Moir got his liquor on Sunday. Such was not the case. He bought a bottle on Saturday night intending to return to Lorneville by the 6-30 train. He missed the train, however, and so remained in town over Sunday when he consumed the contents of the bottle. I made full inquiries into the matter with Moir and assure you that the above facts are exact.

Thanking you Mr. Editor, I am
Yours Truly,
WM. THORNBURY,
License Inspector.

ADDRESS OF MR. J. B. BEGG TO THE ELECTORATE

To the Free and Independent Electors of Victoria and Haliburton:

GENTLEMEN,—In the acceptance of the nomination as candidate in the interests of the present Reform Government, I feel that I have no apology to offer, inasmuch as I never sought the position although I had been interviewed regarding it on several occasions.

I have been in this riding all my life, and my record is before you both as a private and a public citizen. I have served the county town as a municipal officer for a number of years, being the first Reeve of the town and afterwards filling the Mayor's chair for three years. I also served in the County Council and in the different positions I have striven honestly to advance the best interests of the county.

I pride myself that I am one of the people—have worked hard from early boyhood, not only on the farm, but at other callings, and what I have earned honestly. My sympathies, therefore, have always been with those who toil hard and long and who constitute the vast majority in this riding.

I need not be at much pains to define my position in this contest. I stand shoulder to shoulder with the Liberal Government on the great question of Reciprocity, which is the national question chiefly involved in this contest.

I believe that this important trade measure will be of far reaching benefit to the farmers of the country, and through their prosperity to all other interests—manufacturing, financial and commercial, as well as to those of the mechanic and workmen.

The round of benefit accruing from Reciprocity is natural. Good crops and good markets mean money for the farmers, who constitute seven-tenths of the population of the Dominion, which, when spent with our merchants, means increased orders for our manufacturers and increased employment for our workmen. Reciprocity will prove an injury to no class or interest, and will prove a boon to this the banner agricultural district of the Province.

I am in hearty accord with the other great principles of the Liberal party and promise to support any measure that I believe to be for the benefit of the people—of the Dominion generally—of this riding particularly.

I believe, gentlemen, judging from my record as a citizen of this riding, that I have the business capacity to give you good service, and justify the confidence I now ask you to place in me, I presume to claim your support.

I believe that I can be of great benefit to this riding as a member of the House of Commons, both in the matter of general legislation and in watching and caring for the interests of the people of Victoria and Haliburton.

Trusting that I may be favored with your effective support, I have the honor to remain, gentlemen,
Your obedient servant,

JAMES B. BEGG
Lindsay, August 28th, 1911.
