

Do You Own a "PARKYTE" OR ARE YOU A SLAVE TO ILL-HEALTH?

A "PARKYTE" Sanitary Chemical Closet

in your home is the strongest kind of insurance against the germs of disease. It is a preventative against epidemics and contagion in the summer, and an absolute necessity the year round.

Requires neither water nor sewerage; can be placed in any part of your home; costs less than a cent a day, and lasts a life-time.

Endorsed by the leading physicians and health officials; specified by the most prominent architects, and adopted by whole municipalities.

Over 15,000 have been installed in Canadian homes in less than one year. Ask your dealer for prices.

The Parkyte Sanitary Chemical Closet is made in Canada by PARKER WHITE LIMITED, Winnipeg, Man.

Branches—Toronto, Montreal, Calgary and Vancouver, and is sold by

D. CINNAMON - LINDSAY

WE HOE OUR OWN ROW

Canada cannot withdraw from a trade agreement with the United States, once formed, say the anti-Reciprocity shouters. But Canada is just now withdrawing from a fisheries treaty with the States that has not proved satisfactory. We tried it for two years and a little over; it doesn't suit us; so we call the deal off. And we will do exactly the same with the Reciprocity pact if it doesn't suit us.

JOHN CAMPBELL AT LITTLE BRITAIN ROUSING MEETING FOR MR. BEGG

An excellent meeting was held last evening at Little Britain, in the interests of Mr. Jas. B. Begg, the Reciprocity candidate. Convincing arguments for the great pact were given, and theories advanced against it by a few present, conclusively shown to be altogether unfounded.

CHAIRMAN'S REMARKS.
Mr. Albert Davidson was elected Chairman, and made fitting remarks on the speeches that were to follow, saying that as it was a great question, care should be taken to see to what extent benefits would result. There is talk of the immense wealth of Canada, but there was none particularly visible around here. Yearly the population is declining, and the schools are almost forced to close on account of the lack of students. People were heading for the towns and cities where money can be more easily made, and talents aren't wasted with so little returns as on the farm. Protection was really taxation at present in some lines, and it was not thus fulfilling its proper function. Taken as a whole, and in the majority of cases the prices are higher in Buffalo than they are in Toronto, and Canadian farm production is a way ahead of Canadian consumption. Attention was then drawn to the literature which Col. Hughes has been circulating, and the absurdity of the statements contained in it exposed.

CANDIDATE WELL RECEIVED.
Mr. Jas. B. Begg then made a very strong address to the electors, and pointedly showed why it was to the interests of the farmer to vote for Reciprocity and soon with his clear arguments had every one in favor of it, when objections to it were shown to be incorrect.

PRACTICAL FARMER'S ADDRESS.
Mr. John Campbell, a pure bred

LAI'D UP FIVE YEARS
Until Half a Bottle of Father Morrissey's Liniment Cured His Shoulder.

Mr. Jos. J. Roy, a prominent tinsmith of Bathurst, N.B., July 16, 1909:
"I cannot let this opportunity pass without letting you know what benefit I received from your Liniment. For five years I had a sore shoulder, which prevented me from working or from sleeping at night. I had tried everything possible and still could find no relief, until I was advised to try a bottle of your liniment, which I purchased without delay. I only used one-half of the bottle when I was completely cured, and now I feel as if I never had a sore shoulder. I would advise anyone suffering from Rheumatic pains to give your liniment a trial, for I cannot praise it too highly."

A liniment that will do that is the liniment you want. It is equally good for sore throat or chest, backache, toothache, ear ache, sprains, sore muscles, cuts, bruises, burns, frost-bites, chapped hands or chilblains. Rub it in, and the pain comes out. 25c per bottle at your dealer's, or from Father Morrissey's Medicine Co. Ltd., Montreal, Que.
Sold and Guaranteed in Lindsay

SATURDAY RALLY AT CAMERON

Saturday night one of the most successful meetings of the campaign was held by Mr. Jas. B. Begg, at Cameron. The hall was filled to overflowing by an audience of farmers who had gathered to hear the reciprocity pact discussed.

Mr. Alex. Henry made a most efficient chairman and the audience listened very attentively to the clear cut well defined, and convincing addresses delivered.

Mr. Begg, the Reciprocity candidate was given a rousing reception and delivered an address that made a deep impression on his hearers.

Mr. Thos. Stewart was also warmly received and dealt with the great trade question in most satisfactory manner. He pointed out conclusively that it meant better conditions for the farming community and the country at large. Statistics were given in order to prove that reciprocity was all that was claimed for it, and the silly arguments advanced against it by its opponents were effectively shattered by the speaker.

The meeting closed with cheers for the King and Mr. Begg.

"The March of the Cameron Men" on Sept. 21st will be to the assistance of Mr. Begg and Reciprocity.

Linden Valley News Items

Miss McKay, of Whitby is visiting her brother Mr. Alex. McKay this week. Mrs. Netherton, of Lindsay, spent a few days the guest of her daughter, Mrs. Neison Weldon.

Quite a number of the ladies of our neighborhood attended the Ladies Aid meeting at Mr. J. C. Coad's on Wednesday last.

We understand that Miss Alice Dale is recovering from her long illness of lever. We hope she will soon be out around again.

Mrs. (Rev.) W. J. Moors and little Miss Marjorie of Swarthmore, Sask., are visiting her sister, Mrs. J. W. Hancock.

Miss C. Trevelin is at present spending a week at Cameron on the guest of her sister, Mrs. Langford.

The Women's Institute meeting was held at the home of Mrs. Albert Jewell, of Eden, on Thursday, August 31. Papers, were given by Mrs. Hiram Rogers and Miss Ella Dale on "Value of Change of air and Scenery." We were then favored with a reading by Miss Alice Anderson, then Mrs. B. Jewell rendered a solo accompanied by Mrs. Alex. Anderson.

The pumpkin pie and pickles were well discussed. A solo was then given by Mrs. W. R. Cruess accompanied by Mrs. B. Jewell, this was followed by a paper on "Some Advantages of a Country Home," by Mrs. Jess Gorrill and a solo rendered by Miss Stella Hancock. Prizes were given to the young ladies of the Institute for the best collection of pansy and Asters.

For Pansy Miss Junie Cruess carried the first, Miss Georgie Dale winning second, and Miss Stella Hancock, third.

For Asters Miss Georgie Dale received the first, Miss Junie Cruess gaining second, Miss Alice Anderson third and Miss Alice Weldon the fourth.

Several visitors were present at the meeting.

Mr. and Mrs. G. Cruess and Miss Evylyna Cruess, of Lindsay, spent Sunday in our neighborhood.

Mr. J. Haight, of Lindsay, spent Sunday at Mr. David Rogers.

Miss Tillie Hancock is spending the week under the parental roof.

Miss Ruby Cullis left on Tuesday to take a course in Business College.

The corn-cutters have started their work in our neighborhood.

Mrs. C. Lapp and daughter, Miss Florence of Little Britain, spent Monday at Mr. George Welden's.

Miss Lawrie McCorvie, of Toronto, was the guest of her sister, Mrs. W. R. Cruess, on Sunday.

Visitors at the Ex were, Miss Jessie Coad, Messrs. Dean Coad, George Weldon and Marvin Rogers.

Bridge to Be Repaired

Review.—The Pigeon Lake bridge will be temporarily repaired and the order of the work being proceeded with was given yesterday, when a committee from the Victoria and Peterborough County councils and Peterborough city council met.

Ald. Metheral and Ald. Graham made up the local committee. It was decided that a new bridge should be constructed and the three councils should take this very important matter into consideration.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian-Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.

Newsy Notes From Cambray

(Special to This Post)

Mr. and Mrs. Frank Wood and son, spent the past week among friends in Toronto and Rochester.

Mrs. Bagshaw entertained friends from Montreal last week.

Mr. John Clark was in Toronto last week and visited the Exhibition.

Mrs. Deyman, Gooderham, was the guest of her parents, Mr. and Mrs. J. Irwin last week.

Miss Webster is enjoying a few holidays with friends at Peterboro.

Mrs. U. Tompkins, Cannington spent a few days last week among friends in this vicinity.

Mrs. H. Rogers was the guest of her son in Toronto for a few days of last week.

Whilst Mrs. Burton was sweeping the floor on Saturday, she fell and dislocated her shoulder. Dr. Ray was called and gave medical aid.

Mr. John Deyell, Moot Horeb, called on friends in the village on Friday last.

Miss Vera Frier was at home to a number of her young friends on Friday afternoon.

Miss Ada Tompkins, Toronto, spent a few days last week with her mother, in the village.

Rev. Mr. Conkle, Sonya, will take charge of the service in the Presbyterian Church next Sunday morning.

Mrs. N. Murchison and son Edward spent a few days this week with her friends in Toronto.

Miss Sadie Oliver, Toronto, is spending her vacation under the parental roof.

Mr. and Mrs. G. Bagshaw and Master Lorne spent Sunday with friends at Fenelon Falls.

OBITUARY

MRS. M. HESLIN

The death took place in Chicago on Sunday, September 3rd, of Mrs. Michael Heslin, a former resident of Ops township and sister of Mr. M. H. McGeough, of Lindsay.

The deceased left here some years ago and settled in Arthur County, Wellington, afterwards removing to Chicago. She leaves behind to mourn her loss, a family of five daughters and one son. She is also survived by one sister, Mrs. Thos. Mulvaney of Chicago, and six brothers, Michael H. of Lindsay, Bernard, Ops township; James and Daniel, of Toronto, Thos. of Minneapolis, and John of Au Claire, Wisconsin.

CONSERVATIVE CANDIDATE HONESTLY ADMITS THAT BORDEN WILL BE DEFEATED

Wilcox in North Essex Confesses the Weakness of His Party—Laurier and Reciprocity to Win—Makes a Personal Plea

Windsor, Sept. 6.—A splendid political meeting was held at Belle River last night.

Mr. Oliver Wilcox, the Conservative candidate in the north riding of Essex created the sensation of the evening in his speech when he emphatically declared that he believed the Liberal

Government would be returned to power and that reciprocity would come into force.

"What difference does it make?" he asked. I believe that Laurier will carry the country, and you will have reciprocity, and there a vote for me will not matter."

WILL PUT \$200 A YEAR IN THE POCKET OF EVERY MAN ON A 100 ACRE FARM

Reciprocity Means \$2 an Acre Per Year, No Less Than Half the Present Rental Value to Every Ontario Farmer

Mr. W. C. Good, a prominent farmer of Brant County, writes the Star as follows:

"My opinion is that the ordinary farmer in Ontario may fairly expect to obtain 10 per cent more on the average than he has been getting, if the Reciprocity agreement is ratified. Assuming this, on a gross income of \$2,000 on the 100 acre farm, (which is above the average, but not out of the

way with proper farming) the additional income would be \$100 a year.

The cost of many lines of manufactured articles will also be cheaper, though at present not very materially so. Taking things on the whole, I should say that the average Ontario farmer stands to gain \$2.50 per acre per year by the ratification of the pact. This is about half the current value."

DYNAMITE EXPLOSION AT BURNT RIVER WORKMEN SUSTAINED SERIOUS INJURIES

A serious accident occurred early yesterday afternoon at the Burnt River quarries, when Harry Major, one of the workmen engaged about the works, was badly injured by a dynamite explosion.

Major, who is an Englishman, had put in a charge of dynamite, which, on account of a defective cap, failed to go off, even after repeated trials. He returned to examine the hole, and was clearing some loose rock away with his fingers, when the explosion suddenly took place, literally flaying his face, chest and one forearm, and throwing his tools fully thirty feet into the air.

MALLEABLE IRON WORKS WOULD BE SPLENDID INDUSTRY FOR THE TOWN

In connection with the establishment of a malleable iron works factory in Lindsay, mention of which is made in the last issue, the Post interviewed Mr. Wm. McComb yesterday afternoon.

energy with a view to making the industry an assured thing.

It is proposed to organize a malleable iron works company in Lindsay with a paid-up capital stock of \$75,000.00, which will provide for a working capital of from \$25,000 to \$30,000. The most modern and efficient equipment for a factory of ten tons capacity daily would cost \$26,000. A factory of this capacity would employ from forty to fifty men, all at good wages. The building, which would be fire-proof, and built of the best material, would cost \$16,000 to erect. The dimensions would be, approximately, 200x50 feet, and the structure would be one storey high. This building would be large enough to contain the machinery necessary for an output of twenty tons daily. The idea in making it so large is that when the Company wants to double the capacity of the plant, it can be done without the expense of additional building. The additional machinery necessary to double the capacity of the plant would cost \$26,000. When the output would be increased to twenty tons daily, the number of men that would be employed would be from 70 to 80, all at good wages. Notwithstanding the increase of freight rates on coal, malleables could be manufactured from \$1 to \$2 cheaper here than by any other company, for the reason that the equipment of the proposed factory would be more modern than that of any other factory in Canada. The profits would average \$12.00 per ton.

MAKES HAIR GROW

Higinbotham, your druggist, has an invigorator that will grow hair or money back.

The time to take care of your hair is when you have hair to take care of. If your hair is getting thin, gradually falling out, it cannot be long before he spot appears.

The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots, and acts so quickly that people are amazed.

And remember, it destroy the Dandruff germ, the little pest, that saps the life that should go to the hair from the roots.

SALVIA is sold by Higinbotham, your druggist, under a positive guarantee to cure Dandruff, stop falling hair and itching scalp in ten days, or money back. A large bottle costs 50c. The word SALVIA (Latin for Bage) is on every bottle.

APPLES ARE WANTED

We sold last year to the United States \$122,810 worth of apples, which cost us 75 cents per bushel, for duty alone. In 1908 we sold \$317,904 worth, in face of the high duty to be paid. They always want Greenings, at good prices, while in the European and Canadian Northwestern markets, they are not wanted at anything like their full value. Mr. J. G. Anderson, who brought about 30,000 barrels of the output of the Norfolk Fruit Growers' Association last year sold his Greenings to go to Chicago, paying 75 cts. per barrel duty.

SIFTON SAYS PRICES ARE HIGHEST IN U. S.

"There is the question of Cattle, and that is one question in respect of which there is no doubt that the farmer will get a benefit under this agreement for the present at least. It is only a short time since the country was sufficiently settled to have a sufficient production to organize this business. In fact we have hardly got to that point yet. The result is that there is at the present time a very poor market for cattle in Western Provinces. The best creamery butter sells at a higher price in the United States. In poultry the higher grades will be higher. As far as eggs are concerned the prices of the better grades are higher. Hay is the one product that is substantially higher. Barley is higher." — Mr. Sifton in House of Commons.
