

NATURE WILL CURE YOU
Of Kidney Disease, Aided by Father
Morrissey's No. 7.

Kidney trouble is one of the most distressing ailments of mankind, and leads to backache and rheumatism. This is because of the importance of the work done by the kidneys,—work which must proceed normally to insure good health.

These organs are the filters of the body. Their function is to strain out of the blood and eliminate through the bladder the worn out tissue and other impurities gathered by the blood in its course.

When the kidneys become congested and sluggish, these impurities, including the irritating and poisonous uric acid, are not entirely removed from the blood. The result is that the uric acid is deposited in the joints and tissues, causing the agonies of rheumatism and frequently affecting the liver and other organs.

Father Morrissey, the famous priest-physician of Bartibogue, N. B., after much research compounded a remedy which worked hand in hand with Nature. His doctrine, justified by thousands of cures, was that the need is not a patchwork relief, but a treatment that will enable the forces of Nature, working through the kidneys, to accomplish their intended work.

His famous prescription, No. 7, assists the kidneys to work vigorously and eliminate the harmful uric acid from the whole system. In the form of tablets, No. 7 is easy to take, and will effect cures where other remedies have failed. Do not trifle with kidney disease, but take No. 7 Tablets, the treatment that has proved so successful with other sufferers.

CAPITAL IS EN FETE

Ottawa Turns Out to Welcome the Premier-Elect.

Parade That Takes 40 Minutes to Pass Progresses Through Streets and a Hundred Enthusiasts Drag Carriage Containing Mr. Borden, Chief Whip Perley and Members Frupp and Chabot.

Ottawa, Sept. 27.—Ottawa gave R. L. Borden a joyous welcome last night. The Premier-elect was the central figure in a demonstration which for size and enthusiasm was paralleled only by the Liberal rejoicings in 1896, when Laurier was returned to power.

The chief event was a monster procession which escorted Mr. Borden from his house through the main streets of the city and back to his home again.

Several thousand people took part in the parade, while the streets were thronged with cheering crowds, who heartily acclaimed the Conservative leader as he passed in his carriage, drawn by 100 men.

There was no doubt about the wholeheartedness of the tribute paid to Mr. Borden. The procession took 40 minutes to pass a given point, and there was a roar of cheering all along the route. It was a great night for Ottawa Conservatives.

In the carriage with Mr. Borden was George H. Perley, whose tireless work as chief opposition whip did so much to carry the party to victory, and the two elected Conservative members for Ottawa, Messrs. Frupp and Chabot. The parade reached Mr. Borden's house on Wurttemberg street at eight o'clock, and Mr. Borden and his conferees were placed in a carriage, and dragged through the three miles of Ottawa last night, and the city was brimming over with British sentiment.

Some of the banners carried in the parade caught the eye of the crowd, particularly one which proclaimed that "Reciprocity is dead." "We kept Canada in the Empire" was another favorite motto, while the length of life of the Conservative administration was slightly exaggerated in the slogan "Borden forever."

Mr. Borden was obviously pleased and touched by the magnificent welcome. He was kept bowing continuously, and when the crowd had vented their enthusiasm and escorted him home again, it was a tired but happy Premier-elect who, in a few brief words, thanked his fellow-citizens for the honor accorded him. There were no formal speeches.

Hon. William Pugsley, it is stated, will resign his seat in St. John City and go out of federal politics. Mrs. Pugsley made what practically amounted to a statement of his intentions in conversation yesterday. He does not want to sit in opposition with Conservatives in control of his old department, especially when there are prospects of lucrative law work in St. John.

John D. Celebrates. Cleveland, Sept. 27.—John D. Rockefeller yesterday issued his first statement to the public in many years. It came in the shape of a message expressing his gratefulness for a long and successful business career, following the gaining of his first job 56 years ago.

Incidentally it revealed the fact that the Oil King held only one "job" in all his career.

Here is how the statement read: "The flag is flying over Forest Hill today in memory of 56 years ago when I secured my first and only situation, in the forwarding and commission house of Hewitt and Tuttle, on the river. I am very grateful for this memory."

The statement was made by Mr. Rockefeller to his brother-in-law, Geo. Ruddy. The latter telephoned it to the press.

Hewitt and Tuttle years ago was a well-known business firm, with offices on the Cuyahoga River front.

VERDICT IS MURDER. Bruce Farmer Victim of Foul Play, Says Jury.

Warton, Sept. 27.—"We believe that James McCartney came to his death on the 23rd day of September from wounds inflicted on the head by some person unknown."

This was the verdict at the coroner's inquest, presided over by Dr. H. Wigle. Dr. Charles Wigle made the post-mortem examination.

The last time that the late James McCartney, who lived on the 10th line, Albion, was seen alive was Saturday afternoon at three o'clock, when he started off to find some yearlings. He wandered in the direction of the back of his lot which joins that of Wesley Thompson. The yearlings returned home towards evening, but he did not.

The sons then began to search for him, but were not successful. On Sunday the whole neighborhood was aroused, and about twenty-five men searched for him all day without success, but on Monday morning at 11 o'clock Harry Boyle discovered his body at the back end of his lot in a depression of the ground surrounded by trees, about three-quarters of a mile from his home. Foul play was suspected, and evidence was given throwing suspicion upon a man in that neighborhood.

Jennie McCartney swore that she had heard this neighbor declare that if he ever met the deceased in the bush he would "mow him down like a thistle," and further, that he had said he would take the life of the deceased if it took him twenty years to do it.

The sons of the deceased had never heard of any threats against his life. Everything, however, indicated murder. There were a number of small cuts in the forehead, and upon the right side of the head a cut about two inches in length, and the head was badly bruised and swollen. There was no evidence that this had been done by falling on rocks.

Killed in Pistol Fight. Little Rock, Ark., Sept. 27.—Sheriff W. D. Preston of Desha County and Deputy Sheriff Barney Stiel of Little Rock were killed in a pistol battle with a party of negroes near Dumas, Ark., late yesterday afternoon. Three negroes were also killed.

Preston and Stiel were endeavoring to arrest several of the negroes, wanted in Little Rock.

Seized Box of Fish. Montreal, Sept. 27.—The vigilance of the officers of the local branch of the Society for the Prevention of Cruelty to Animals, was rewarded yesterday morning when a box seized at the office of a local express company, was found to contain between twenty-five and thirty pounds of undersized brook trout, which had been consigned from her son at St. Faustine, near St. Agathe, to Mrs. J. Sissons, 28 McGill College avenue, of this city.

Mr. Innes said yesterday morning, regarding the seizure, that while the present was open season for fishing of all kinds, it was against the fish and game laws to catch or kill any thing in the shape of brook trout which was less than six inches in length. The fish in the seized box averaged four and a half inches each, and altogether there must have been a couple of hundred.
