# SUCCESSFUL RURAL SCHOOL FAIRS AT DUNSFORD AND LITTLE BRITAIN

The first Rural School Fair held at Dunsford on Sept. 12, has passed into history as an unqualified success. At ten o'clock D. A. MacKenzie, the trusty lieutenant, W. T. Hunter, arrived on the scene with their coops and tent, and by eleven o'clock one hundred barred chickens were in coops ready for judging and four busy teachers were putting the finishing touches on their exhibits in the twenty by twenty tent. Lunch baskets were then served and visitors and exhibitors enjoyed their dinner in good old style, after which the crowd turned themselves to Mr. S. Thurstons field opposite the station where a programme of sports was run off. The sports were in progress at the various exhibits and at the conclusion of the prizes were awarded to successful competitors. The exhibition as a whole reflected great credit on the work of the teachers and the competing schools while the audience, spoke well for the interest of the people of Dunsford district in the first profession of the agriculturist. Mr. MacKenzie and his associates with him in establishing this fair, have every reason to be gratified and encouraged at the success which has attended their efforts.

## LITTLE BRITAIN

The Rural School Fair held in Little Britain on Friday, Sept. 13th was a grand success. Owing to unfavorable harvest conditions, the attendance was not so large as at Dunsford the previous day, but the competition in all classes was just as keen and the poultry exhibits a shade better, due probably to the fact that the cluckers were older and consequently better matured. In this group the teachers and pupils are to be congratulated on the excellence of their exhibits. The judges had no easy task in picking the winners. The program was the same as at Dunsford, Mr. W. T. Hunter placed the awards in the poultry, while Mr. D. A. MacKenzie and Mr. W. H. Stevens, P.S.I., placed the awards in the tent.

The sports were looked after by Messrs. Lapp, Cranly, Shaver, Sweetman and Dr. Hall.

# WEDDING BELLS

THOMPSON—MURPHY

St. Mary's church was the scene of a pretty wedding this morning, when Miss Katherine L., daughter of Mr. and Mrs. P. F. Murphy, town, was united in marriage to Mr. George J. Thompson, only son of Mr. and Mrs. M. Thompson, Toronto. The ceremony was performed by the Venerable Archdeacon Casey in the presence of a large gathering of friends and relatives.

The bride, who was given away by her father, wore a smart tailored suit of cream imported serge and black picture hat with French feather. She was attended by her sister, Miss Teresa, wearing a blue tailored suit and black hat, while Mr. T. Farrell, of Toronto, assisted the groom.

During the signing of the register, Miss Mary Flurey sang, "Because," most beautifully.

After the ceremony the happy couple motored to the home of the bride's parents, Albert-st., where a dainty wedding breakfast awaited them. The house was nicely decorated with white and pink asters, palms and ferns.

Mr. and Mrs. Thompson left on the 10.50 G.T.R. train for Detroit and points west, the bride travelling in navy blue diagonal serge and pretty hat to match. The presents were numerous and costly, showing the high esteem in which the young couple were held.

The groom's gift to the bride was a black lamb ulster, to the bridesmaid and best man, signet rings. On their return they will be at home to their friends at 150 Beatrice-st., Toronto, after October 1st.

CURVIN—FREDERICK

Campbellford Herald: A quiet wedding took place on Wednesday morning, Sept. 4th, at 11 o'clock, at the home of Mrs. Rosella A. Frederick, when her youngest daughter, Orpah Lena, was united in marriage to Ar. Thomas Elmer Curvin.

The ceremony was performed by the brother of the bride, Rev. A. B. Frederick, assisted by Rev. W. B. Tucker. Miss Leah Frederick, sister of the bride, acted as bridesmaid, and Mr. Wilfred Vermilyea, of Regina, was best man. The bride wore a dress of white paillette silk and her veil was of embroidered white net with wreath of orange blossoms. She carried a bouquet of white roses. The bridesmaid wore a dress of pink crepe with picture hat to match and carried a bouquet of sweet peas. The wedding march was played by Miss Jennie Fee, of Lindsay. Only the immediate relatives of the bride and groom were present.

After the ceremony a wedding dinner was served, after which the couple left on the afternoon train for Oshawa, Toronto, Niagara Falls and Lindsay. The bride's travelling suit was of navy blue broadcloth with hat to match. The groom's gift to the bride was a cabinet of silver, to the bridesmaid a handsome travelling case and to the groomsmen a set of cuff links. The bride was the recipient of many beautiful and useful gifts.

Mr. and Mrs. Curvin have a large circle of friends in this vicinity who join us in best wishes for their future prosperity.

# FALL FOOTWEAR WILL COST MORE REASON FOR ADVANCE IN PRICE

The recent advance in the price of footwear prompts the premeditated query, "Why have I to pay more for shoes?" The manufacturer is asking the tanner why he charges more for leather, and the tanner is vainly hides and skins, not at lower figures, for he realizes they are so scarce, but at any price.

To understand why the shoes will cost the retailer more this season, one has to go beyond the manufacturer to the tanner, and beyond the tanner to the source of supply, and review the conditions for some years past.

HIDES AND SKINS SCARCE

Shoe manufacturers depend upon the tanners for leather. Tanners are dependent upon the supply of hides and skins, and today they face an acute situation. Ten years ago hides and skins were plentiful, because there were big ranches, raising hundreds of thousands of cattle, and there were fewer manufacturers making a smaller quantity of shoes. Animal leather was not used in the manufacture of automobiles, and for other commercial purposes, outside of shoe-making, to nearly the extent it is today. Each year there is a greater demand for leather by more shoe manufacturers, making more shoes, and the supply of hides and skins is becoming smaller. Small farmers and grain raisers are taking the land of the cattlemen. Skins cannot be obtained from foreign parts except at high prices, and then not in quantities desired. Supplies are very scarce. With production curtailed and demand increased prices mounted, naturally. Today hides and skins cost tanners 40 to 75 per cent more than they did ten years ago.

TANNING MATERIALS HIGHER.

Oils, extracts, acids, chemicals, and other tanning materials have advanced in price 50 per cent. Help costs as much as 75 per cent more. It requires twice as much money to run a tannery today. Although the tanners have to pay much more for their raw material, and in wages, leather has not advanced correspondingly. So, now the tanner has had no choice but to advance the prices on all the leathers. 10 per cent. This has been done.

It is the shoe manufacturer who has to pay the advance. The makes of shoes has also to pay more for cotton linings, and findings, while he, too has to pay more for his help. Men receiving \$10 a week ten years ago, make at least \$15 today. RAPIDLY CHANGING STYLES A

NO TRUST OR COMBINE

There is absolutely no trust or combine among either tanners or shoe manufacturers. It is simply a case of manufacturing and selling costs being higher and raw materials scarcer than ever before in the history of the trade. So, to continue in business, prices must be advanced. The margin of profit secured today is materially lower than it was ten years ago. Both tanners and shoe manufacturers are forced to depend for a living on a larger volume of business done on a very narrow profit.

A thin coat of potash left on the sink overnight once a week will remove the ugly yellow stains that will not yield to kerosene. It should be applied with care, as it is poisonous.

# KEEP CHILDREN WELL DURING THE SUMMER

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery, and stomach troubles are rife at this time and often a precious little life is lost after only a few hours' illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevent stomach and bowel troubles, or if the trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont. ...
