## Lindsay Central Fair Can. Royal Dragoons And Other Big Features

Next Thursday, Friday and Saturday, Sept. 18, 19 and 20, Lindsay's Great Central Fair—the banner fair of the Province (outside of the Toronto Industrial and Central, Ottawa), will be with us. This year's show promises to be the grandest that has been—the record breaker of a long list of successful fairs which have marked the history of the South Victoria Agricultural Society.

This year the energetic and self-sacrificing band of directors have been working overtime in order to make the fair a bumper, and that their efforts will be crowned with success goes without saying. New and up-to-date features have been secured and the thousands who are expected to take in the three days' event will be handed a surprise package in this year's excellent programme.

### CANADIAN ROYAL DRAGOONS.

The attraction par excellence of this year's fair will be the appearance of that superb military attraction, the Canadian Royal Dragoons. At heavy expense the directors have secured the Canadian Royal Dragoons. An attraction, which heretofore has been seen only at Toronto Exhibition, and one which should in itself attract hundreds of visitors. The musical ride and intricate drills put on by this finished organization of twenty-four (24) mounted men in beautiful military costume has called forth more applause and real appreciation than any one feature yet witnessed. The entire spectacle will appear just as seen at this year's Toronto Exhibition. Three performances—Friday afternoon, Friday night and Saturday afternoon. Do not fail to witness this most refined, instructive, and highly interesting scene.

### SPEEDING-IN-THE-RING

The absence of speeding-in-the-ring contests at Lindsay's great fair, or any other fair for that matter, would be like the Merchant of Venice without Shylock. This year some \$750 will be offered in the track events, and the fast ones from all over the province will figure in the trials of speed. The track is in first class condition, and those who visit the fair will witness some of the finest racers in the province battling for the big purses.

### PLATFORM ATTRACTIONS

Agile and clever Japanese acrobats and other high class vaudeville attractions have been secured at great expense, and these will be shown in front of the grand stand both afternoon and evening during the fair.

### THE GREAT MIDWAY

Then there will be the varied and wonderful attractions on the Midway. This feature of the show is gaining in popularity each year and this year the great tented avenue will be greater and grander than ever, with something doing all the time.

### DISPLAY OF FIRE WORKS

On Friday evening, Sept. 19th, a grand pyrotechnic display of fire of Hamilton, in front of the grand stand. This will prove one of the stellar attractions of the fair. The Dragoons will be on hand the same evening, so that two grand features will be seen for the one price of admission.

### BAND CONCERT DAILY

The Citizens' Band has been engaged for the fair, and afternoon and evening will render choice and varied musical programmes that are sure to please.

### PARADE OF PRIZE ANIMALS

A full parade of prize animals, horses, cattle, etc., will take place in front of the grand stand on Saturday at 4 o'clock. This parade has become a feature of the fair, giving busy visitors to the fair, who otherwise would not see the prize-getters, an opportunity to see them all.

### ADMISSION FEE

In the lane leading to the gate the horses got beyond control and ran till they came near to the gate when the occupants were thrown out. We are glad to report that both are recovering as expeditiously as can be expected.

At present the stock is being shown at the Ottawa Exhibition.

### CONFESSES TO MURDERING BOY

#### Man Accused Tells Story of Crime

(Special to The Post.)  
 Brantford, Ont., Sept. 10 — James Taylor, the half breed Indian arrested last night in connection with the fiendish murder of little Charles Dawson, confessed his guilt early this morning. "I did it because I thought the kid would squeal on me," he replied nonchalantly, when asked why he killed the boy.

Taylor's act was apparently committed to hide another crime. He said he used a small half inch pen knife, and pointed out where he had thrown the knife. The man showed the utmost callousness in describing how he killed the boy, and seemed not to realize the seriousness of his position. He is mentally defective.
