

### Here's The Plumb Bob

It's just another proof that Tubular Cream Separator are right up to the minute—miles ahead of any other. No other separator has it.

### What's It For?

It enables you to level the Sharples Dairy Tubular Cream Separator in a minute—quicker than you could find the spirit level you must use to level all other separators. A glance at the plumb bob, hanging there on the back of the Tubular, will always tell you whether the Tubular remains level. In that way you get the very best work out of the Tubular, for all separators should be kept level to do their best work.

Tubulars have dozens of exclusive fine points and are sold on the level. Being the way in, See how simple, perfect and different from others Tubulars are.

Old Separators taken in exchange. We sell the Sharples Mechanical Milker.

JOHN BRADY - OAKWOOD

### OBITUARY

**ALEX CAMERON.**  
Edmonton, Alta., Sept. 5.—Alex Cameron, who came here six years ago to live with his son, Archie, died last night, aged 88. He lived sixty years at Kirkfield, Ont.

**PETER MITCHELL.**  
Lindsay lost one of its best known citizens on Friday evening in the passing away of Mr. Peter Mitchell. The summons came at his late residence, Kent-st., at 7.45 o'clock. The funeral will take place on Monday afternoon at 2 o'clock to East Oakwood Cemetery.

**THOMAS MITCHELL.**  
Mr. Thos. Mitchell, a well known and highly respected citizen of Omemee, passed away on Sunday afternoon at his son's home, Pleasant Point. The deceased had been ailing for some six months, during which time he suffered considerably, but showed every sign of recovering partially until Saturday, when he had an attack of apoplexy, which rendered him unconscious until his death. Mr. Mitchell was born in 1851 on his father's farm, east of Omemee. There he lived until he married Miss Emma Jones, his first wife, after which he settled on his farm on the fourth line of Emily, two miles east of Omemee. His first wife died some twenty-eight years ago, leaving two children, Miss Florence Mitchell, of Toronto, and Mr. N. Everett Mitchell, of Pleasant Point, both of whom were present at the time of his death. He married again some years later; his second wife and one daughter, Miss Violet Mitchell, survive the deceased. He is also survived by three brothers, David and Robert, of Omemee and Eli of Burke's Falls, Ont., and two grandchildren.

The funeral took place on Tuesday afternoon to the family burying grounds at Omemee, and was well attended. Rev. H. Bryant, of Lindsay held services before the funeral, and spoke highly of the departed one. The floral tributes were beautiful, showing forth in a small manner the deep sympathy extended to the family by their many friends.

**RICHARD GREENAWAY.**  
The death of the late Richard Greenaway which took place at his home at Concord-ave., Toronto, at 3 o'clock Wednesday morning, was received with general regret by his many friends and acquaintances at Linden Valley and Eden where the deceased had lived most of his life, retiring from farm work partly on account of poor health and moved to the city two years ago, where he had been in fairly good health up until a couple of months ago, when all earthly aid and loving hands could do seemed to be in vain, as a complication of diseases seemed to have set in until death relieved him of his suffering. He leaves to mourn his loss a beloved wife and one adopted son, Mr. Roy Greenaway, of Saskatoon. The remains were conveyed by G. T. R. to Woodville on Thursday morning, where Mr. Stoddard met them and brought them to the home of Mr. W. J. Greenaway, of Eden, where the funeral services were conducted by the Rev. Mr. Lambert, of Oakwood, after which the remains were followed by a large number of friends to the Eden cemetery, where interment took place. The pallbearers were his nephews, Mr. Garnet Treleven, Mr. Roy and Jack Cullis, Mr. Ebley and Allie Greenaway, of Eden, and Mr. Greenaway of Woodville.

**HORNER—On Wednesday, September 3rd to Mr. and Mrs. Harold Horner, Glenig-st., a son.**

### PRACTICALLY GIVEN UP TO DIE

### "Fruit-a-tives" Cured Kidneys and Bladder

**WILLIAMSTOWN, ONT., JULY 27th, 1910**  
"I have much pleasure in testifying to the almost marvellous benefit I have derived from taking 'Fruit-a-tives'. I was a lifelong sufferer from Chronic Constipation, and the only medicine I ever secured to do me any real good was 'Fruit-a-tives'. This medicine cured me when everything else failed. Also, last spring, I had a severe attack of Bladder Trouble coupled with Kidney Trouble, and 'Fruit-a-tives' cured these complaints for me, when the physicians attending me had practically given me up.

I am now over eighty years of age and I can strongly recommend 'Fruit-a-tives' for Chronic Constipation and Bladder and Kidney Troubles."  
**JAMES DINGWALL.**  
'Fruit-a-tives' is the only medicine in the world made of fruit juices—and is the greatest kidney, bladder and liver medicine ever put on the market.  
50c a box, 6 for \$2.50 trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

frey O'Brien. The bride, who entered the church with her father, looked charming in a gown of white charmeuse and shadow lace. Her tulle veil was most becomingly arranged with a coronet of orange blossoms. She carried a shower of white roses and lilies of the valley. A small reception was afterwards held at the summer home of the bride's parents, Mr. and Mrs. Boyd left Bobcaygeon on the afternoon train for a brief honeymoon trip. They will reside in Toronto.—Independent.

### GILSON—DEVITT.

The Queen-st Methodist Church was the scene of a quiet wedding at 7.30 o'clock Wednesday morning when the marriage was solemnized of Miss Jane Grey (Jennie) only daughter of Mr. John Devitt, of town, to Mr. Arthur Gilson, of Ops.

The ceremony was performed by the pastor of the church, Rev. Mr. McMillan.

The bride, who was given away by her father, wore a pretty traveling suit of brown with hat to match.

Her only ornaments were a pearl brooch of her mother's and a five stone ruby ring, the groom's gift.

The bride was attended by Miss Jean Wilson while Mr. Joseph White ably supported the groom.

The happy couple left on the morning train for Toronto and Hamilton. On their return they will take up their residence at Eden-Valley.

### Water Flow Was Interfered With

Peterboro Times.—The construction of a coffer dam at Fenelon Falls is said to have been causing considerable trouble on account of holding back the water at that point and causing a lack of it below. Mr. J. H. McClellan, the superintendent, was not consulted and as soon as he discovered what was going on, had stop logs removed so that the normal water level below Fenelon Falls will be maintained. It is said that the contractor, who is building the new dam at Fenelon Falls had no authority for tampering with the flow of the river.

**CARTER'S LITTLE LIVER PILLS.**  
CURE SICK HEAD ACHE

**WEDDING BELLS**  
ST. GEORGE—BOYD  
A very pretty wedding was solemnized at Christ church, Bobcaygeon, on Wednesday afternoon September the third, when Miss Marjory Sterne St. George, elder daughter of Mr. and Mrs. William Sterne St. George, of Saint Louis, Mo., was married to Mr. Winnet Wormbe Boyd, youngest son of Mr. and Mrs. Mossom M. Boyd. The ceremony took place at half past one, the Reverend Edmund Greaves officiating. The church was prettily decorated with ferns and white flowers. There were two maids of honor, Miss L. Doris Boyd, sister of the groom, who wore white shadow lace and a blue nioche hat. Miss Katharine St George, sister of the bride who wore pink charmeuse and a pink nioche hat, both carried shower bouquets of pink roses. The groom was attended by his brother, G. Cust Boyd. The ushers were Messrs. Thornton Boyd, Stanley Mills, Joseph Walton, and Geo-

### Wealthy Farmer Found Shot Dead

(Special to The Post.)  
London, Sept. 8.—Herbert Purdy, 48 years old, a widower, with two little children and one of Aldbord's wealthiest farmers, was found dead in his barn today with his face shot off.

Metcalf, the hired man, says Purdy took his shot gun and went out to wait for a mink which was killing chickens. Metcalf went with him but Purdy, he says, sent him back.

Metcalf adds that when he heard the gun go off he rushed out and found Purdy dead.

An investigation is to be made.

### POLICE CALLED TO ARREST TRAMPS

At six thirty this morning a phone message from the north part of the town was received by Constable Parks, saying that a couple of tramps had been seen walking along the track and asked the milkman, (who phoned the message) for a drink of milk.

One of the men answered the description of the missing cheque artist. Constables Foster and Paris hurried to the scene, but the men had fled and not a sign of them could be found.

It was not considered very likely that the bank swinder would be so near to the scene of his work, yet no chances were going to be overlooked.

### Strange Freak of Lightning

On Friday night last about 9 o'clock the home of Mr. Wallace Mc-Masters at Lovett was struck by lightning. Slight damages were done in different parts of the house, one ball coming through the ceiling and alighting on a brass bed-post, following the cross-piece to the other post and took a downward course through the floor setting fire to the carpet which was quickly extinguished by Mr. McMasters. The ball passed within five inches of his daughter's head, stunning her. The family had retired but had not gone to Slumberland when the crash came. It certainly was a miraculous escape for both occupants and building.—Brigston Ensign.

### CANADA'S DEBT SHOWS INCREASE

Ottawa, Sept. 6.—During August the net public debt of the Dominion increased by \$3,681,217, as compared with a decrease of \$3,091,926 in August of last year. The net debt now stands at \$91,750,895 as compared with \$298,009,678 at the end of July. Expenditures on consolidated fund account for the five months ending with August totalled \$39,428,572, an increase of \$4,077,435, as compared with the corresponding period of the last fiscal year. Expenditure on capital account for the five months totalled \$20,215,144, an increase of \$1,513,977 over the corresponding period of last year. The increase includes nearly eight millions in railway subsidies, representing largely amounts paid "on account" to the Canadian Northern in conformity with the seventeen million grant of last session. Revenue, for the five months totalled \$71,628,457, an increase of \$4,725,290, of which \$1,626,968 are due to increased Customs collections, \$500,000 to growing post office revenue, and \$419,435 to Excise, representing increased production of liquor and tobacco.

### NOTIFIED POLICE CHILD WAS LOST

On Friday evening a young child, about nine years old, whose parents live on Ridout street, did not come home from school as usual for supper nor did she appear by bed time.

Thoroughly alarmed, the family notified the police that the little girl was missing, and might have become lost.

The town streets were thoroughly searched and enquires made on all sides but to no avail.

Saturday morning, however, a baker discovered her at a North Ward residence and promptly phoned the parents.

It turned out that the child had gone off with a girl friend for supper and had finally remained all night without sending word home.

### HUGIL DOBSON TAX COLLECTOR

Mr. Hugil Dobson, ex-Deputy Reeve, is now Tax Collector for the town of Lindsay.

At a special session of the council last evening his application for the position was unanimously accepted, on motion of Aid. Smale and Adams and the necessary bylaw confirming his appointment, fixing his salary, etc., will be prepared for another meeting.

A conference will be held between the late collector, a committee from the council, and Tax Collector Dobson, when the rolls will be inspected and the amount of outstanding taxes carefully gone into.

It was pointed out by Aid. Smale that there was over \$5000 of outstanding taxes for which the late collector was responsible under the agreement with the council.

Ald. Adams said that was undoubtedly the hardest lot to collect.

Ald. Smale in dealing with the question of the collection of taxes, said he had felt for some years that the Town Treasurer should not have so large a part in the collection of taxes. It was not part of her duties. The Tax Collector should attend to it without her help, as she was already loaded down with work. In connection with the payment of taxes, Aid. Smale thought arrangements could be made with the Bank of Montreal to have all taxes payable there, where the payments could be verified by a signed statement. It might also be possible to arrange to pay the taxes at all the banks, as was the custom in some centres.

Ald. Smale was not in favor of private bonds for the Collector. The council should insist on Company bonds. In reference to the collection of the outstanding taxes, a separate contract, he thought, should be entered into. In the matter of poll tax, while the normal amount collected was very small, the amount collectable was large. Our young men, Mr. Smale said, should not object to paying this tax. The collector of the poll and dog taxes might be arranged on a commission basis.

Ald. Adams—The collection of the \$5,000 in outstanding taxes could be arranged on a basis by itself.

Ald. Smale—Yes. If we can't collect them for the amount payable to Mr. Jackson, he should pay for this work himself.

Mr. Adams—The first thing for the new collector to attend to, is to get in the \$5,000 outstanding.

Ald. Nicholls—Was a strong effort made to collect the \$5,000.

Ald. Smale—Mr. Jackson has more than collected two years' taxes since his appointment. He has done better than he gets credit for.

Ald. Adams agreed with Mr. Smale in the main. His reference to the banking idea appealed to him, and if it could be carried out it would mean a great saving. In the collection of poll tax he felt that it would be an injustice on the young men who help to keep up the home, pay rent, taxes, etc., to pay a poll tax. Those, however, who have no such obligations, should pay the tax.

Ald. Smale pointed out that cases like this were provided for.

Reeve Kylie agreed with Mr. Smale regarding the loading of the work of tax collection on the treasurer's hands. He could not understand how there could be \$5,000 outstanding. In regard to the poll tax, Mr. Kylie said it was an outrage to think that young men enjoying all the privileges of the town, evaded the paying of this tax. The tax should be raised to \$2 and if he was in next year's council he would see that the Legislature would be memorialized with a view to having the tax increased to \$2.00. Mr. Dobson's position would be no bed of roses if he did not try and collect this tax.

Tax Collector Dobson then addressed the council, thanking the members for the appointment. He assured them he would make every effort to collect every dollar owing the town. He hoped the council would be all gentlemen regarding taxes as they are around the council board. They should set the example. You are all acquainted with me, said Mr. Dobson. I have not neglected my duty in the past, and will endeavor to fulfil it in the future.

The following applications were received for the position:—Messrs. F. McClory, P. Conquergood, J. W. Thorn, J. A. Hall, and S. McGill.

### Will Chlorinate Water

The last samples of water taken from different places in Lake Couchiching, Simcoe and from the town's spring source of supply are all infected and the Provincial analyst has suggested that the water be chlorinated. The Orillia Commission has decided to do this at once and the plant will be put in today.

### SUMMER GOODS

Have moved up rapidly during during the last week. There is still a good choice in Prints, Gingham, Laces, Embroideries, Trimmings, etc., etc.

### Others Are Saving! Why Not You?

Don't buy your fall dress until you see our goods, especially our line of Velvets, plain and corded.

### Watch for Announcement of Millinery Later

Don't forget we have a fresh stock of the best Groceries possible money can buy.

Give us a call

**R. Harry Deyman**  
OAKWOOD - ONT.

### Advanced Optical Science

The demand for accuracy in glasses, keen competition and the desire to arrive at only absolutely correct results have resulted in our placing in our Optical Department the latest improved Geneva Retinoscope and Ophthalmoscope Combined.

This instrument enables us to see the diseased conditions, if such exist, of the interior of the eye, accurately measure all defects, and all this without asking the patient a question.

This is the only instrument of its kind in this part of the province and this is the latest invention in the field of advanced optical science.

Free examinations with this wonderful machine are conducted daily in our optical room from 9 a.m. to 5 p.m.

We supply glasses only when absolutely necessary, and many times have we directed the patient to a physician for treatment where we have found glasses to be useless in giving the desired results.

**R. L. MORGAN** Druggist and Optician Lindsay, Ont.

### RECORD PRICES ON CHEESE BOARD

The Cheese Board meeting this morning gave the highest price paid for cheese this season 13 3-16c.

The bidding was started by Flavelle at 12 1/2 and was raised by Gillespie to 13, but Flavelle raised an 1/8 and asked for a selection.

No one would sell at this figure however and held out for 13 3-16 at which Flavelle took North Ops and Bobcaygeon. Gillespie purchased Star, Dunsford and North Harvey at the same price, while Thompson was compelled to pay the 13 3-16 for North Verulam, Maple Leaf and Red Rock.

The following cheese were boarded:  
Star..... 72  
Dunsford..... 87  
N. Verulam..... 50  
N. Ops..... 75  
Bobcaygeon..... 100  
Maple Leaf..... 53  
Red Rock..... 71  
North Harvey..... 28  
Total..... 536

Mayor Clay, of Windsor, at a lively session of council, hinted at gifts in connection with the sale of city debentures.
