JEROME WAS ACQUITTED

Distinguished Lawyer Honorably Discharged

COATCOOK, Que., Sept. 9.—Wm. Travers Jerome was acquitted last night of the charge of having gambled on Thursday last on the station property of the G. T. R. here while waiting for the immigration authorities to pass on the case of Harry K. Thaw. In discharging him the court apologized for the humiliation to which he had been subjected.

The hearing before Magistrate Henry Mulvena of Sherbrooke, lasted less than an hour. It began at 7.35 o'clock, and at 8.20 the court said: "Sir, you are honorably discharged."

Joseph Beaulieu, a Coatcook lawyer, who said he variously represented justice, the people and the criminal code, interrupted the afternoon session, but when he endeavored to renew the tactics last evening he was ruled out of court. After taking the evidence which was trifling, the prosecution asked for a conviction. The defence did not even sum up its case.

WM. TRAVERS JEROME.

Magistrate Mulvena leaned back and pondered, for not more than 50 seconds, "In rendering judgment," he said, "I shall be very brief. I believe every right-minded man in Canada regrets and feels the humiliation at the indignity which has been placed upon you. It is excusable neither in law nor in fact. The evidence adduced at the hearing gives no reason for the charge which was laid against you, nor for the indignities which you have suffered."

"I believe, sir, in all the circumstances, you will not attribute the apparent offence offered you while in a friendly country, in the discharge of your duty as a public officer to the real thinking people of this community. You are, sir, honorably discharged."

When acquitted Mr. Jerome thanked the court, spoke flatteringly of his reception in Canada, and added that he did not attribute his arrest and detention to the immigration officials. He took a late train from Coatcook last night in order to be in New York tomorrow, and will return to Montreal later.

May Extend Rare Privilege. MONTREAL, Sept. 9.—If the judges of the Court of King's Bench prove willing the hearing of the Thaw appeal against the immigration act may prove to be unique in still another manner.

When formal application was made for the writ of habeas corpus directed to the immigration officers last Friday, Mr. Lafamme also had a lengthy private conversation with Judges Gervais and Cross, in the course of which he made a special request that, if the case came before the court, Wm. Travers Jerome should be allowed to speak.

Although American lawyers have no right to speak in a Canadian court, Mr. Lafamme considered that, under the circumstances this courtesy might be extended to Mr. Jerome. As the makers of the appeal show a desire to depart from the usual custom, it is practically within the jurisdiction of the court to permit this if it sees fit, in which case still another new departure will be, evolved in the already unique Thaw case.

J. K. Greenshields, K.C., was engaged in a famous forgery case a few years ago in New York. At that time, although he was the chief counsel for the defence, he was not permitted to take part in the proceedings before the court. By way of returning good for evil, Mr. Greenshields has added his request to that of Mr. Lafamme that Mr. Jerome be permitted to handle the State of New York's interest before the court in person.

WESTERN FAIR OPENS. Fine Attendance Marks First Day of London's Exhibition. LONDON, Ont., Sept. 9.—The Western Fair opened in earnest yesterday. The exceptionally fine weather that prevailed gave promise of a good attendance Monday, and hopes of the directorate in this respect were not disappointed. The grounds and buildings were in excellent condition, and, taken by and large, the exhibits were considered by visitors to be considerably in advance of other years.

IN THE NORTH AFTER SWINDLER

Chief Chilton's Exciting Search for James Ray

Early Sunday morning Chief Chilton accompanied by Detective Cummings left town northward in Mr. Jas. Isaac's car to trace the bank swindler Ray. At Fenelon Falls it was discovered that a man answering his description had stepped off the Saturday train from Lindsay and had taken dinner at the Brooks House. However he had left on the northern afternoon train with a doctor from Wilberforce, so the police headed for Kimmount to ascertain if their man had reached there. At that village a number of people remembered seeing a man answering the description in company with the doctor, the baggage man and an implement man giving particularly clear details of the supposed Ray. The train was lost at this point, for no one knew whether he had left by train for Haliburton or taken the stage to Minden, so as the latter seemed more likely the motor car was driven to that place.

At the hotel was a suitcase similar to the one the "wanted" man was said to be carrying, and the manager gave a description of its owner that tallied remarkably well with the desired man. Everything looked bright indeed, for it was learned that he was a cattle buyer and had drawn money from the Standard Bank at Lindsay on Friday, but when this man was located about the village he was found to be a different individual to the one desired.

Greatly surprised, but not disheartened at all, the party headed for Haliburton and sought information from every possible source, but it was quite futile, so Wilberforce seemed the next best point to pick up a clue from and the car was headed that way.

The doctor referred to was interviewed and he said the man had told him that he was going to take the stage from Kimmount to Minden, which, doubtless, now, he did not do. The party then proceeded to Gooderham then on to Kimmount and from there decided to go to Burnt River and take a chance that their man had got off there and had driven to Cobcoconk. The local driver at Burnt River said that a man of the "Ray" type had driven from there to Cobcoconk and that he would likely be in the village. The machine was at once headed for Cobcoconk where the police traced the man answering the description but he had left for other points on Saturday. His attire was rather unkempt, and his face had needed the attentions of the barber badly.

As nothing could be done further the party returned to Lindsay after covering 150 miles over rocks and rough roads in the northern wilds, having obtained a clue that with likely bring results in a day or two when the man pursued through the country will be located and it will then be seen to whether he is the one wanted or not.

Port Hope Guide: The gang of gypsies who passed through here on Tuesday caused some excitement in Coborne. One of the female members of the troupe put over a neat one on a merchant of that town. Entering his store, she asked him if he wanted his fortune told. On his acceding she told him that she had to have a coin to tell the fortune. Not having a coin he handed her a roll of bills. The fortune told, she handed the roll back. A short time after he thought of counting it, when he discovered that four or five dollar bills were missing. He had to call in the aid of the chief of police, who caught the gypsies near Grafton, and recovered the money from the chief of the band. The lady sleight of hand artist could not be found.

SAVED FROM DROWNING. Aid at Homewood Sanitarium Nearly Loses Her Life. GUELPH, Sept. 9.—Miss Kennedy, a maid employed at the Homewood sanitarium, narrowly escaped a watery grave in the River Speed yesterday morning, and had it not been for the timely appearance of two young men who dragged her out she would have been drowned.

They'd Like to Kill Him. BERLIN, Sept. 9.—The Socialist Dr. Liebknecht, has manifestly got badly on the nerves of the officers of the Krupp Company, who apparently fear some further disclosures. The Vorwaerts yesterday said that one high Krupp officer challenged Dr. Liebknecht to a duel with pistols, which naturally Dr. Liebknecht refused, but the Tageblatt suggests that the challenge was really an ingenious scheme for silencing an uncomfortable opponent.

First Shipment of New Wheat. PORT ARTHUR, Sept. 9.—The steamer Doric, of the Northern Navigation Co., the first to carry grain from the 1913 crop down the lakes, cleared with 15,000 bushels of new wheat for James Richardson & Son, Goderich, from the Canadian Northern Elevator yesterday.

R.M.C. Syllabus Antiquated. KINGSTON, Sept. 9.—The Minister of Militia is dissatisfied with the syllabus of the Royal Military College, which he thinks is not up to date, and will see that it is improved. He is not satisfied with the work being done by the military staff of the institution. The curriculum is behind the times and the college does not give the educational training that it should. Col. Sam Hughes had a conference in Ottawa with the acting commandant and Prof. I. E. Martin, the latter for years in charge of the mathematics department. Prof. Martin is to report to the Minister as to changes essential in the syllabus. He will probably be made director of studies.

Domestic Is Arrested. BROCKVILLE, Aug. 5. (Special).—A county constable placed under arrest at McIntosh Mills a young woman named Annie Curtis, charged with setting fire to barns owned by J. Flood, by whom she was employed. Three or four fires were started and all extinguished with little damage except to one building, the roof of which was burned off. Miss Curtis, whose parents reside in the neighborhood of McIntosh Mills, was brought here this afternoon and formally arraigned on a charge of arson. She was remanded to jail until Friday for a hearing.

Girl Student's Death. KINGSTON, Sept. 9.—Miss F. A. Forrester, Queen's student, died on Sunday evening. She held a scholarship from Alexandria High School and had been in the University two years. She was 21 years of age.

END COMES TO-DAY.

This agreement was reached last night at 11.45 p.m., when it became apparent that it would be impossible to carry the plan to pass the measure before adjournment.

Beautiful Crops The Prospects. Winnipeg, Sept. 8.—"I shall be greatly disappointed, after all the wheat crop is in, in the western provinces, if it does not average over 19 bushels to the acre," declared J. Obed Smith, Superintendent of Immigration in London, who made an extensive trip through the west.

CHILD DEAD IN FIRE. Disastrous Blaze Visits Timmins and Sweeps Dwellings. TIMMINS, Sept. 9.—Fire Sunday cost the life of a child and gutted several frame buildings which comprised the first business section opened in Timmins in the early days. The loss is estimated at about \$20,000. The fire broke out in the upper story of the Ottawa House, a frame hotel, and got a good start before it was discovered. A stiff wind was blowing and the entire centre of the town appeared to be in danger at one time.

Body Was Cut Up. New York Police Find Part of Torso Floating in River. NEW YORK, Sept. 9.—The chest and back of a woman was found floating in the Hudson River, along the New Jersey shore opposite this city, on Friday. For All Canada. WINNIPEG, Sept. 9.—Hon. L. P. Pelletier stated yesterday that when the parcel post service was established on Jan. 1, it would extend to every part of the Dominion, east and west. There would be no half measures.

Fire Beats Shipper. KINGSTON, Sept. 9.—A warehouse in Saskatoon was destroyed by fire, and in it was a large quantity of brooms, owned by J. M. Hughes, of Kingston. They were insured. Saskatoon had been advised to ship goods out to buyer but fire arrived first.

CONSERVATIVE WAS ELECTED

Light Vote Cast in East York Election. (Special To The Post.) TORONTO, Sept. 9.—Mr. Geo. S. Henry, Conservative, was elected member of the Provincial Legislature for East York yesterday, defeating Mr. A. Chamberlain, the Temperance Liberal nominee. The vote was 1,774 to 1,158, with a few more subdivisions to hear from, thus reducing the majority obtained by Mr. Alex. McCowan at the last provincial general election by 166. The rural subdivisions, many noted for their Conservative tendencies, gave Mr. Chamberlain emphatic support.

Majority for Henry, 616. City divisions: York Township 480 153, Richmond Hill 299 49, North Toronto 272 119, Markham Village 49 60, Scarborough 432 232, Scarborough Township 316 273. Totals 1774 1158. Little interest was taken by the general electorate in the campaign, and only one-quarter of the electors took advantage of their franchise. Since the last general election the riding has grown, numerically, by leaps and bounds. Some idea of the apathy evinced by the urban electors is gained by the fact that the Deputy Returning Officer, assistants and scrutineers waited at subdivision 85, Mr. John Vincent's house at 22 Redwood avenue, in vain for an elector to cast his ballot. Not one individual helped to relieve the monotony of the weary wait by taking advantage of his registration in the constituency. Not a vote was cast in many other city subdivisions before the noon hour was struck, and even then not 20 per cent of the electors put in an appearance.
