THE LINDSAY POST.

WELCOME

We extend a hearty invitation to our many customers to come and inspect our first display of New Fall Millinery this season.

This is a season when the milliner's taste is going to count, for the smoothness of the models lie in their use of somewhat startling but artistic trimming touches. Upstanding frills of ribbon, velvet, silk or metallic laces circles the crowns of some of the smartest of the models.

The touch of tango yellow or olive green or Gabelin's blue is the very touch of La Mode herself.

We are showing a large selection of Misses' and Women's Ready to Wear garments made from imported tweeds in brown or grey, soft blanket cloths in tan, navy and grey in a large variety of fashionable styles. None are too expensive but all strictly new.

BELOW ARE A FEW OF THE ITEMS

Gold Rush in British Columbia.

VANCOUVER, B.C., Sept. 15.—Confirmation of the recent gold strike on Saybala Creek, near Telkay, B.C., has been brought to the latter point by prospectors. Bedrock has not yet been reached. Panning in the creek shows coarse gold in every case. There is a big rush for Aldermere and Telkey.

Constantine's Paris Visit.

PARIS, Sept. 16.—It is officially announced that King Constantine of Greece, will visit Paris incognito on Sept. 20, when he will be received by President Poincare. The visit may be intended to counteract the king's visit to Germany and his remarks there in praise of German military tactics in the Greek campaign, which gave offence to French instructors.

WEDDING BELLS

CUDDAHEY-GILES

On Tuesday morning, Sept. 16th, at St. Mary's church at 7.30 a. m., by the Ven. Archdeacon Casey, Jno. Joseph Cuddahey and Mary E. Giles were united in marriage. The bride was becomingly dressed in a grey tulle made suit, with black picture hat and was assisted by Miss Nellie Cuddahey, sister of the groom, who was dressed in a grey tailor made suit with hat to match. The groom was supported by his cousin, Mr. Stephen Callaghan. After the ceremony the happy couple drove to the home of the bride's parents, Mr. and Mrs. Wm. Giles, Kent-st., where a sumptuous breakfast awaited them, after which amidst showers of congratulations and confetti they left for a short honeymoon to Toronto and Niagara Falls. Only the immediate friends of the contracting parties were present. Many beautiful and costly presents were received, showing the popularity of the bride and groom. On their return they will reside in West Ops.

NEW CANCER CURE.

Misothorium Treatment Has All Germany By the Ears.

MUNICH, Sept. 16.—All Germany is obsessed with the idea of procuring misothorium as a panacea for cancer. It is stated to have power emanating in rays similar to but much more effective than radium. The cost seems almost as great. The substance is derived from thorium waste in the manufacture of gas mantles, and is used in a tiny portion enclosed in a silver covering, in which extremely small holes are pierced. The silver box is then placed upon the part affected by cancerous growth, and, it is said, will slowly but effectually remove all traces of the disease. There is hardly an important town in the country which did not vote a large sum from the public funds for the purpose of purchasing some of the costly material. Where public funds are not forthcoming concerts, bazaars and such like are the means adopted for raising the money for the purpose.

Atlantic Companies' War.

OTTAWA, Sept. 16.—The Atlantic steamship war is dealt with in a report of the Trade and Commerce Department yesterday. In all probability, the result of the quarrel that has broken out between the North German Lloyd and the Hamburg-American lines with regard to the division of the North Atlantic emigrant passenger traffic will be to provide this fall additional facilities for the transportation of Canadian produce to German ports via Boston and Baltimore at low rates.

New Turkish Loan.

PARIS, Sept. 16.—The Petit Parisien learns that a Franco-Turkish agreement is about to be concluded authorizing a Turkish loan of 700,000,000 francs (\$140,000,000) in France. The agreement deals also with the question of Turkish customs, and provides for railway concessions to French companies in Eastern Asia Minor and Syria.

Two Are on Trial.

VANCOUVER, B.C., Sept. 16.—General interest in the New Westminster assizes opening yesterday, centres in the case against Charles Dean, charged with complicity in the \$270,000 Bank of Montreal robbery, two years ago yesterday. Martin Powell, also charged and recently extradited from Detroit, will arrive at New Westminster to-day.

Hangs Himself From Beam.

WOODSTOCK, Sept. 16.—William Lee of Light street, who has been employed for the past twenty-five years as candy-maker at the Bean & Westlake Biscuit Co., committed suicide early yesterday morning, by hanging himself from a beam. For some time past, the deceased had had fits of depression, owing to ill-health.

He Outaged.

"So Burroughs owes you money? Well, I think he'll pay you back some day, but you can't make him hurry." "Don't you believe it. The mere sight of me walking along the street has made him hurry several times lately."—Philadelphia Press.

Catching Her.

She (pointing)—Before we were married you often used to catch me in your arms. He—Yes, and now I catch you in my pockets.—London Telegraph.

Fastest Man Ever Traveled.

PARIS, Sept. 16.—With the wind behind, Aviator Guillaux Sunday flew with a passenger from Savigny en Craye, his home, to Paris, a distance of 190 kilometers, in 50 minutes, representing a speed of 143 miles an hour. This is the fastest rate at which a human being ever traveled.

PROCEEDINGS OF MARIPOSA COUNCIL

The members were all present, and the minutes of the last meeting were read and approved. Mr. George Barry was present and informed the council of a dangerous washout at the corner of lot 5, con. 9, also some culverts on the side road south required some repairing. Mr. Robert Hodgins, of Manilla, wished the council to purchase some 12 inch tile for the road side at Manilla. Mr. Angus Gillies, David Culbert, John Martin, and J. J. Sloan apply for the office of tax collector. Mr. Charles Jenkins reports Mr. Samuel Starr having fallen, in the dark, and sustained bridge at lot 18, con. 5. The taining seven injuries at the party Clerk read a communication from Mrs. Hannah Cox, of Rice-ton, Sask., protesting against her portion of the expenses in connection with the Spray drain. Mr. Albert Scott informed the council of having built 60 rods of wire fence, also that the water from the road allowance was doing damage to his farm. Mr. A. L. Minthorne writes respecting the notice the council gave Mr. William Channon to remove the stones from off the road allowance which he placed there (Mr. Minthorne informs us) for the purpose of taking them to the stone crusher the next time it is in these parts. The Reeve remarked that any ratepayer could use the same excuse and make the roadside a dumping ground for all the stones

in the township. Mr. A. G. Catman reports the township part of the Kinghorn drain as being completed. The treasurer reports that the council will require more money to meet all liabilities, and an emending by-law was prepared to borrow an additional two thousand dollars, if necessary.

RESOLUTIONS PASSED

Motion by Messrs. Edwin Rogers and Charles Jenkins, that the Reeve and Messrs. Rich and Ferguson be a committee to meet Mr. Scott and others, on the side road between lots 20 and 21 in con. 2 regarding the water running from the road on to Mr. Scott's farm, the meeting to be on Friday, Sept. 26th, at the hour of 2 p. m.—Carried.
