

BLANKET SALE

Out of several car-loads of blankets being manufactured for the Departmental stores, there are blankets which get slightly soiled. We offer these to our retail customers at special prices. There is a nice lot now on hand to choose from, both single and double, also crib blankets, and there will be others during the fall and winter. This is an opportunity to secure a comfortable supply of bedding at a moderate outlay.

Optical Information

Needed help is denied many eyes because of the wrong that glasses once used become always necessary.

In many cases they may be used occasionally—like a tonic—with benefit and comfort.

Yet there are cases where the constant use of glasses is as necessary to health as food is to life.

Don't Misjudge

The correct test of a drug store is the manner in which prescriptions and medicines are being prepared. The public has a right to demand competent conscientious and faithful service where life and health are involved.

To meet this demand has been the constant effort of this store. How well we have succeeded is proven by the constant increase in our business. The number who intrust us with their prescriptions and general drug wants continues to grow larger. It is evident that the public appreciate our efforts to give better goods and better service than can be had at most drug stores. Get it at

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the mucus stage—they break, or head of those early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Gold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Herin probably lies Preventics' greatest efficiency. Sold in boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you
