Liberals May Gain a Seat or So

St. John, October 18.-Eight Liberals and five Conservatives reprereason for supposing that the Libermay be much better off, for all indications are that if changes come at all they will be in favor of the party of Sir Wilfrid Laurier.

Many men of both parties incline to the belief that there will not be single change in the province, and that every one of the thirteen representatives of the last House will re-elected for all are seeking re-elec-

The constituencies represented by Liberals in the last Parliament were Restigouche, Gloucester, Northumberland, Kent, Westmoreland, St. John County, Carleton and Victoria-Madawaska. The Conservative seats were York, Charlotte, Queen's-Sunbury, King's Albert and St. John City.

Both parties have now full tickets in the field in all the constituencies excepting Victoria-Madawaska, where the retirement of Col. Baker, M.P.P., has made it necessary for the Conservatives to find somebody willing to carry their standard. It matters little who they name, for the present Liberal member, Pierre Michaud, is sure of his re-election by a substantial majority. Victoria-Madawaska is the constituency long represented by the Hon. John Costigan, and he is today the active fighter for the Liberal candidate. Any opposition to Mr. Michaud is purely

Now they have nominated a young and unknown lawyer, and it is not believed that he has any chance of success, though the county voted strongly for the Hazen Government last spring. St. John is two constituencies, the

city represented by Dr. J. W. Daniel, Conservative, and the city and county, represented by Hon. Wm. Pugsley, Minister of Public Works. Mr: Pugsley's re-election there is not the slightest doubt. CONSERVATIVES DIVIDED.

W. S. Loggie, in Northumberland, is being opposed by Hon. Donald Morrison, Speaker of the Provincial Hon. John Morrissey, the local Minister of Public Works, and the only liberal in Premier Hazen's Cabinet, who it was hoped would oppose Mr. Loggie because Mr. Loggie opposed him, is remaining inactive. This gives Mr. Loggie all the advantages in a fight that otherwise might have been most difficult, and there is little doubt of his success by a substantial

majority. The Liberals are attacking the Conservative stronghold with vigor, and while on the face of it the indications are that Messrs. Fowler, Crockett, Ganong and Wilmot will be returned, nong in Charlotte has as his opponent W. F. Todd, who lives in own township, St. Stephen. Mr. Ganong has always won his election there. The Liberals hope this year to divide the town and to hold their majority outside. Whichever wins, the contest will be close.
