Hughes is Again Returned Majority Will be About 873

Comparative Statement of This and Last Elections as far as Heard From

The election is over and Sam Hughes has been elected, proving again the utter futility of the Liberals in placing a man in the field in the last few days of the election and pitting him against a man who has canvassed and nursed the riding continuously for four long years.

During the day, despite the occasional rain which fell and the consequent muddy roads, the workers on both sides worked with great animation and throughout there was manifested the best of good feeling between the contending parties as they worked to their utmost capacity each for the success of his favorite candidate.

Early in the evening it was apparent that Col. Hughes' re-election was assured, and there was consequently

much jubilation on the part of his supporters. This happiness was very shortly dampened, however, by the returns which came over the wires showing that without doubt the government of the day would be sustained, and that Sir Wilfrid Laurier would be enabled to finish the great undertakings in which he is engaged for the development and betterment of the country, and very shortly all the light in the Conservative committee rooms were extinguished and the enthusiasm of a few moments before was much subdued. Corresponding cheerfulness grew more and more manifest in the Liberal committee rooms as the news was flashed over the wires conveying the glad tidings that the government would have a substantial majority with which to carry on the business of the country.

So far as obtainable, the figures for Victoria and Haliburton are as follows:

MAJORITY DECISIVE

People Again Handsomely Endorse Sir Wilfrid.

THE PLURALITY IS FIFTY

Government Will Have Majority In Every Province Except Ontario—Slenderband Meets Its Death Blow With Seven Among the Has-Beens—Mackenzie King Victorious In N. Waterloo.

Toronto, Oct. 27.—The following are the returns of yesterday's elections, according to provinces:

Province	Libs.	Cons.
Ontario	39	47
Quebec	51	12
Nova Scotia	11	7
New Brunswick	11	2
P. E. Island	3	1
Manitoba	4	6
Saskatchewan	8	1
Alberta	4	3
British Columbia	1	3

Majority 50
Elections to be held—7.

In Quebec the elections resulted in a condition of as you were. The Liberals and Conservatives each gained five seats. The net result of the polling really was the changing of a few seats from one column to the other, and the defeat of Mr. Bergeron, one of Mr. Borden's lieutenants from that province.

The most remarkable reversal of the verdict of 1904 took place in Nova Scotia. That province returned "the solid eighteen" an unbroken delegation of Liberals in 1904, while this time the figures indicate the election of eleven Liberals and seven Conservatives. The other Maritime Provinces make up for this loss by a greatly increased representation of Liberals. Prince Edward Island, which returned three Conservatives and a Liberal in 1904, this time sends three Liberals and a Conservative. New Brunswick gives an answer to the campaign of slander waged against Mr. Pugsley and his supporters by returning eleven Liberals and only two Conservatives.

From the Maritime Provinces as a whole, therefore, there are 25 Liberals and 10 Conservatives.

The Ontario Turn-Over.

The totals for Ontario are 39 Liberals and 47 Conservatives, precisely the same figures as when the House of Commons was dissolved. The general result is the same, but there has been such a shaking up of seats as few expected. Here are the Liberal and Conservative gains in this Province:

Liberal gains—Brantford, Cornwall and Stormont, West Kent, South Ontario, North Perth, Prince Edward East Simcoe, North Waterloo, Wentworth. Total—9.

Conservative gains—South Bruce, North Grey, West Hamilton, Nipissing, North Ontario, Parry Sound, East Peterborough, North Simcoe, Centre York. Total—9.

These are the results so far secured from the various constituencies. The assured Liberal victories will be much greater.
