An Interesting Cutting Device

Apparatus Cuts Part of a Pipe Without Interrupting Service

Yesterday at the waterworks pump house the cutting machine borrowed from the city of Peterboro for the purpose of cutting several of the mains for the purpose of making necessary connections, was seen in operation. The machine has previously been described in these columns. It was purchased a year ago by the Peterboro water commissioners at a cost of \$750, and has already made five cuts in the mains in that city.

It is a somewhat expensive device, but as Mr. Martin, of Peterboro, says, "It is worth its weight in gold." Formerly in cutting the main the water would have to be turned off, leaving the town at the mercy of a conflagration, should one occur during the cutting operations. With this machine the work can be done with full pressure on the mains. Yesterday afternoon at three o'clock Supt. Hammond started cutting operations on the twelve inch main at the pump house for the purpose of making connections with the filtration plant. There was seventy pounds pressure on during the process of cutting. The main is about 5/8 of an inch thick, and the machine had an eight inch piece cut out of the pipe by half past four, without the slightest inconvenience to the service and without the waste of a quart of water. The proceedings were watched with interest by his worship Mayor Begg, Mr. J. D. Flavell, water commissioners, and Secretary Ray.

On the corner opposite the pump house the machine had previously cut a six-inch hole in a twelve-inch main, three-quarters of an inch thick, in forty minutes. The next cutting will be made on Kent-st., in front of Dundas & Flavell's mill.

Commencement at the Academy

Annual Commencement at St. Joseph Academy Last Night.

The academy hall of St. Joseph's convent was filled to the doors last evening on the occasion of the annual commencement exercises. Long before the programme began the hall was filled to overflowing and those who came later had to stand out in the hall. The manner in which the programme was carried on, in perfect order, won for both teacher and scholars, loud applause. From all sides words of praise could be heard for the way in which those who took part in the proceedings acquitted themselves.

The singing and playing was of a fine quality and kept the audience's closest attention. A recitation entitled "The Building of the Ship" by Miss J. Jordan won the well-merited applause of the audience, as did the other numbers on the programme.

At the close of the concert the prizes, medals, and diplomas were distributed by Rev. Father Collins to those who had won the honors. Rev. Father Casey congratulated the winners of the prizes on their good work during the term. The concert always had a good name, and he

was glad to see that the students were maintaining it. Rev. Father Collins congratulated not only the girls who had won the prizes, but every student who was an attendant at St. Joseph's convent. He was glad to see so many that had won prizes and congratulated them from the bottom of his heart. Mr. Morson and Mr. Baker also congratulated the winners on their splendid work after which the delightful concert came to an end by the singing of "God Save the King."

Following is the programme:
1. Vocal—"Cheerfulness"
Misses Smith, McDougal, Fleury and O'Boyle.

Peterboro Cheese Brought 12 3-16c

A Considerable Quantity of the Fromage was Unsold

The salesmen at the meeting of the Peterboro cheese board Wednesday morning didn't get the prices they wanted from the buyers, and as a result the cheese boarded by many factories was unsold. There was quite a drop from the amount boarded at the last meeting, which was 3,165 boxes, and Wednesday morning's total was only 2,674. The high figure was 12 3-16. The following were the buyers in attendance:—Messrs. Fitzgerald, Gillespie, Whitton, Cook, Weir, Morton, Watkin, Riddell and Grant.

The bidding opened by Whitton at 11 1/2, went up to 12 1/2 by Mr. Fitzgerald. There was no advance, and Mr. Fitzgerald took Warminster, Central Smith, Bensfort, Shearer, Warsaw, Mr. Weir went 12 1/2, and named Keene, Selwyn, Lakefield, Pine Grove, Lang, Cedardale. He bid 12 3-16 for further selections, and called Maple Leaf, Myrtle, King Edward, East Emily, Oakdale, Daisy D., Otonabee, Union, Young's Point, Fraserville, North Dummer, Trewn, Cavanville, Brickley, Shamrock, Ormonde, Villiers, Killarney, Westwood. Several refused. Mr. Cook then bid 11 1/2. Mr. Whitton put it up to 12. He named Westwood, Oakdale, Villiers, King Edward, Otonabee, Union, Maple Leaf, Myrtle, Young's Point, Fraserville. All refused. Laughter was caused by Mr. Cook, of Cook & Sons, offering 11 1/2. Mr. Watkin bid 12 1-16. He wanted King Edward, Maple Leaf, Myrtle, Fraserville, East Emily, Trewn. None accepted.

The meeting adjourned without further bidding.

Obituary

JOHN H. McCORMICK

The death occurred yesterday at the Ross hospital after a week's illness from pleuro-pneumonia of Mr. John H. McCormick, of Victoria-ave., at the age of 53 years, one month and twenty-two days.

The deceased was born in Mariposa township, and came to Lindsay about eighteen years ago. He leaves behind him to mourn his loss, a sorrowing wife and two children—Mrs. Stanley James and Mrs. Herb Luck, Lindsay. He is also survived by two brothers and three sisters. These are Mrs. L. McLeod, Collingwood; Mrs. G. B. Rennie, of Oakwood; Mrs. H. Ferguson, Woodville; Wm. H., Mariposa, and James of Michigan.

The late Mr. McCormick was a valued employee of the G.T.E., and was a member of the A.O.U.W. and Home Circle. In religion he was a Presbyterian.

The funeral will take place Friday afternoon at 3 o'clock to the Riverside cemetery.

CHAS. F. GLOVER.

The death took place, in Gloverville, N.Y., on Monday, October 19, of Mr. Chas. F. Glover, of that city, son of Mr. Peter Glover, East City, Peterboro, and cousin of Mr. Alex. Paton and the Misses Paton, Lindsay. The deceased, who was forty-six years of age, left Peterboro some years ago and located in Elmira, N.Y., where he lived for a short time. A little over two years ago he moved to Gloverville, where he has since resided.

The deceased was twice married and leaves behind him a widow and son, Charles, and daughter, Florence. Interment took place in Elmira, N.Y., on Wednesday. He visited Peterboro at intervals, the last occasion being two summers ago, when he had great pleasure in looking up many old Ashburnham acquaintances. He was a very open-hearted man, and will be

greatly missed by many friends. His sister, Miss Jessie Glover, of Rochester, was with him the past week.

The sad death took place on Saturday, day of Vincent, the seven-year-old son of Mrs. Frank Scott.

The funeral took place this morning at 8.30 from the family residence, King-st., to St. Mary's church, thence to St. Mary's cemetery. The sympathy of the community is extended to Mrs. Scott in her sad bereavement.

The funeral of the late Jane A. Debois took place Sunday afternoon from the residence of her son, Henry Debois, George-st., south ward, at three o'clock to the Riverside cemetery, and was largely attended. The services were conducted by Rev. J. H. Real, of Queen-st. church.

ALEXANDER FRASER

The funeral of the late Alexander Fraser took place on Wednesday, October 7th, from the family residence, and was largely attended. The deceased was 65 years of age, and leave a widow and three daughters to mourn his loss, viz.: Mrs. Sangster, of Trenton; Miss Fraser, a graduate of Harper's hospital, Detroit, and Miss Evelyn at home. The late Mr. Fraser was born in Inverness, Scotland, and came to this country with his parents when 5 years of age. The family settled in the county of Glen-garry, where several brothers and sisters still reside. About forty years ago he came to this district and opened up a blacksmithing and carriage business, which he carried on successfully until a few years ago, when he was appointed postmaster of the village of Kirkfield. He was a fine specimen of manhood, open and kind hearted, and one of the most popular and respected citizens of that neighborhood. He was a staunch Liberal and fought many a battle for his party, but never allowed politics to interfere with his friendships, and among his warmest friends. In religion he was a Presbyterian, and his remains were interred in the Presbyterian cemetery at Balsover.

2,602,640 lbs of Cheese Boarded

This Approximate Total Brought \$312,316.80 at Peterboro Board

12 9-16 cents per pound was the highest price paid on the Peterboro cheese board this year. This is a good figure, and is higher than any price last year. The largest total of cheese boarded was at the meeting on July 8th, when 4784 was the total and the lowest at the first meeting of the board on May 20th, when 979 was the aggregate. The lowest price was at the second meeting on June 3rd, when 10 1/2 cents was the best realized.

Ten meetings have been held altogether this year, and the eleventh and concluding one will take place on November 4th. The grand total of cheese boarded this year is 32,533 boxes, and with 80 pounds to the box this makes a total of 2,602,640 lbs. The average price would probably be about 12 cents. This may be a little high, but it is approximately a fair figure to strike. Taking that the 2,602,640 pounds is sold at 12 cents per pound the total sum paid by the buyers to the factory would be \$312,316.80.

So it will be seen that the Peterboro cheese board is of immense value to the county both from the standpoint of the farmer who sells his milk to the factories and from that of the factories which in turn sell to the buyer. This year has been a good one, although the dry weather has proved a drawback.

The summary for the year is given below.
Date. Cheese boarded. Price
May 20 979 10 13-16
June 3 2643 107-8
June 17 4561 11 5-16
July 8 4874 11 9-16
August 5 4222 12
August 19 3818 12 7-16
September 2 121
September 23 3495 12 9-16
October 7 3165 12 1/2

Jos. Maunder Hurt

Mr. Jos. Maunder met with a very serious accident last evening. Mr. Maunder was on board the north train which comes into Lindsay at 6.10 p. m. He wished to jump off at the mill, but the train was travelling at a pretty fast clip. In some way Mr. Maunder was thrown to the ground, inflicting a nasty cut in the forehead. Mr. Maunder was picked up and taken home, where Dr. Wood looked after his wounds. It required several stitches to sew the gash in Mr. Maunder's head.

130 Square Miles Destroyed by Fire

Virgin Pine and Sugar Bushes Devastated by the Devouring Element

Mr. Richard Lees, public school inspector, has been recently through the townships of Dummer, Methuen, and Belmont, where disastrous fires have ravaged woods and fields over an area of 125 to 130 square miles. They started at the east end of Stony Lake and spread rapidly in an easterly direction to the eastern boundary of Methuen. From there they stretched northward from Sandy Lake to the south end of Round Lake leaving a wide belt of smoked and charred ground and trees, causing thousands of dollars loss.

VIRGIN PINE GROVE.

Mr. Samuel Hubbin, postmaster at Oak Lake, states that he has lost \$1,000 by fire passing through a small woods of virgin pine. Other farmers who have splendid sugar bushes fear they have been injured more or less seriously by fire running through them.

BOGS ON FIRE.

Mr. Lees remarked that it was in the dried out swamps and bogs that the worst fires resulted. The ground was burned several feet down and the roots and trees were charred and severed as the ground around them smouldered. These swamps very vividly show the work of the flames. The ground is all ashes and bare, blackened trees have fallen in all directions, many of them being almost entirely reduced to ashes, and those of similar stature have disappeared entirely, swallowed by the flames that enveloped them. When the fire had gone through a woods it would catch the fence, take hold of it, then spread to the adjoining field of stubble, through which it would run in all directions, finally making its way into another woods and thus it crawled and ran according to the nature of the material from field to woods, covering mile after mile in spite of the farmers' efforts. It was a difficult task to check the fire. In one instance a farmer cleared a path through a woods and ploughed through it a score five feet wide. Water carts from threshing machines were pressed into service, and many other efforts were made with varying success.

Lost His Thumb

Robert Northcote, an employee of the punch press department of the C. G. E. works, Peterboro, had the misfortune to have his right thumb completely severed (by having it caught in the press. It was an exceedingly painful injury. Dr. Young was called and had the injured man removed to the Nichols hospital in the Dan Spence ambulance. Mr. Northcote has been out from the
