

### Roofing Right Costs No Less —But It Is Far Cheaper

SOME shingle roofs keep out the worst of the weather if you patch them up every summer. They ought to last at least ten years, if they're well cared for. Some metal shingles are made of pretty good IRON. They make passably good roofs for maybe fifteen years—IF you paint them every year—two coats.

BUT—these "Oshawa" Special Galvanized STEEL Shingles of mine are GUARANTEED to make a REALLY good roof for twenty-five years (and that means a NEW roof for nothing if they leak a single drop in all that time).

AND—You needn't ever paint an "Oshawa"-shingled roof,—the heavy galvanizing, the 28-gaugesheet steel, the four-way lock, makes paint needless. True these "Oshawa" shingles cost

about the same at the go-in as good cedar shingles or as ordinary metal shingles. (You notice nobody but me calls their shingles STEEL—metal is a handier word.) But my shingles are not only guaranteed for 25 years—in writing, with a new-roof-for-nothing penalty and \$250,000 back of my say—so they are also guaranteed to be rain-proof, snow-proof, wind-proof, fire-proof and lightning-proof.

As a matter of cold fact, they are good for a century. How are you going to make weather-proof steel rust or rot?

Wouldn't it really pay you to send a postcard for a free book that tells the whole story in plain words? My shingles cover thousands of the finest barns and houses and public buildings all over Canada. Though the same 25-year guarantee goes with every roof, we've never been called on yet to make it good. Read the book, won't you?

### "Oshawa" Galvanized Steel Shingles

A New Roof for Nothing if this one Leaks by 1933.

57 Kent Street, Lindsay. Phone 52. We will send postpaid and free samples of Pedlar Art Steel Ceilings and Side Walls, of which we make more than 2,000 designs. ESTAB LISH 1861

### DOMESTIC HINTS

A drop of olive oil put into the eye will remove any foreign substance. To keep icing for cake from becoming sugary, add one teaspoonful of vinegar. Chocolate, though nourishing, often causes dyspepsia when the digestion is weak. A new toothbrush should be soaked in cold water for ten or twelve hours before it is used. One cupful of sugar will sweeten one quart of any mixture which is to be sold cold or frozen. The beaten whites of eggs will be found an excellent substitute for cream in salad dressing. When patching a garment that has faded lay the patch wrong side out as it will not show so plainly. In buying mutton see that the fat is clear, very firm and white; the flesh must be close of grain and ruddy. Mud stains may be removed from tan leather shoes by rubbing them with slices of raw potato. When dry polish in usual way. After cooking cabbage add to it, just before serving, one small half cupful of thick, sour cream. This is much better than vinegar. Place a cup containing vinegar on the stove near the pan in which you are cooking cabbage or onions and the odor will not spread all over the house. The flavoring of shrimps is improved if boiling water is poured over them a short time before they are served. It must be drained away immediately. Dirty finger marks on light paint may be quickly taken off by rubbing them with a bit of clean flannel dipped in paraffin, and then with a clean soft cloth. Bottles and glass jars for preserves, etc., can be best cleaned by filling half way with cold water and putting in small pieces of white potato and shaking well.

### Much Pleased with It

The Peterboro Review says:—"Mr. Richard Martin, of the Water Works Department has returned from Lindsay where he was engaged in making some connections in the new ozone filtration plant that is now almost complete. The capacity of the tank is 1,500,000 gallons, and when completed Scugog water is expected to be really drinkable. Mr. Martin states that he believes the plant will be a success, and the city officials are greatly pleased with it. Mr. Martin hinted that if Peterboro were to install a new plant that the slow sand filtration with a capacity of 10,000,000 gallons would be as suitable as any. Mr. Martin speaks highly of the treatment he received."

### Lindsay Girls at Peterboro

In referring to a recital in St. Joseph's convent, Peterboro, on Thursday evening, the Examiner says:—"Miss Ella Brady of Lindsay, sang delightfully a double number. The first was Lane's "Carmencita," and the other a "Lullaby."

### Will Probably Tender

It is rumored that several well-known contractors have been in town for the past few days looking over the site for the proposed new dam and locks to be erected here by the Dominion government. It is understood that when the contract is let for these undertakings the work will be pushed with all possible speed.

### Saturday Market

This morning's market was splendidly attended, and there was a plentiful supply of produce. Butter brought 26 and 27c; eggs, 24c and 25c; chickens, 75c and 80c; ducks, 90c to \$1; geese 10c per lb; cream, 15c to 30c; potatoes 40c to 45c; hogs \$12 to \$14; live hogs \$6; sage 5c bunch; apples 50c bag; potatoes 60c bag.

### OBITUARY

### JANE A. DEBOIS.

The death occurred in Toronto on Friday Oct. 23rd, of Jane A. Debois, widow of John Debois, aged 74 years. The funeral will take place from the residence of her son, Henry Debois, George-st., south ward, on Sunday afternoon at 3 o'clock, to Riverside cemetery. Service will be held at the house at 2.30 o'clock.

Vinegar improves with keeping, and should be bought in quantities.

### The Churches

Services Held in the Various Town Churches Sunday.

#### BAPTIST.

Rev. Mr. Potter, the missionary to the sailors, occupied the pulpit in the Baptist church Sunday evening. There was a large congregation present to hear Mr. Potter's story of his work among the sailors. Mr. Potter took for his text Luke 10, 35. "Take care of him and whatsoever thou spendest when I come again I shall repay thee."

Mr. Potter reviewed at some length the work of the Upper Canada Tract Society, showing the great work which has been done by that society. Mr. Potter said that the society distributed in one year over 25,000 books amongst the sailors and lumbermen. At the close of the service Mr. Potter made a strong appeal to the members of the church for aid in their great work.

#### ST. ANDREW'S.

Rev. Mr. Potter, representative of the Upper Canada Tract Society, and more directly connected with the sailors' missionary movement, occupied the pulpit in St. Andrew's church Sunday morning. Mr. Potter took for his text Paul's epistle to the Philippians, 2, 16. He said he was glad to be back again to Lindsay and present a report of his stewardship to St. Andrew's congregation and the other churches of Lindsay. There is no society, said Mr. Potter, "which is doing so great a work in reaching so many people as the Upper Canada Tract Society. The people of Lindsay have done their share and many men have been saved by the help which was given by the Lindsay churches. Last year Lindsay gave \$51.50 towards the society for which the board of directors of the society are very thankful. Throughout the dominion, from the Yukon to the Atlantic coast, there are only sixteen men of this society to take the gospel to the men who are employed in working on the big vessels and in the great lumber and mining camps in this country. These men, said Mr. Potter are doing a grand and noble work amongst the poor seamen of this country and the most hopeful results are being obtained. The work among our great goals and prisons is also going steadily on and many prisoners come out of the prison gates saved by the work of the missionary. There are only two societies which do this kind of work, which is indeed a mighty work. The sailors' missionary must be without rebuke, for there is no man who takes notes quicker than the sailor. Mr. Potter's work is in that district from Toronto to Montreal and back-wards and forwards he goes preaching to the sailors, lumbermen, etc. It is most humiliating, said Mr. Potter to think that the church of God has only one little church or shelter in this dominion where the sailor can go and be at home while in port. Those who have often reaped the benefit of the sailor and the lumbermen often forget what they have done for them and they are left out in the cold and the storm. The move is now on for a sailors' Bethel in Toronto, and by the help of the people it will be furnished. There are now 414 loan libraries on the different vessels on our great lakes and in the lumber and construction camps of the Dominion. Out of this number St. Andrew's church, Lindsay, has supplied five. These libraries but before the sailor some good books to read, instead of reading the trash which they are often tempted to read. Mr. Potter told some very pathetic stories about this work and made a strong appeal for aid from the citizens of Lindsay.

#### ST. MARY'S.

Ven. Archdeacon Casey preached at both masses on Sunday, basing his marks on the gospel of the day. Prayers were offered up during the day for the late Fathers Labreau, of Penetanguishene, and Collins, of Carleton Place. Next Sunday is All Saints' Day.

#### CAMBRIDGE-ST. METHODIST

Rev. Mr. Benn, of Victoria College, occupied the pulpit in Cambridge-st. Methodist church on Sunday and preached two very able sermons. To large congregations. Rev. Mr. Wilson, pastor of the church, was in Belleville yesterday preaching anniversary services.

#### QUEEN-ST. METHODIST.

Rev. J. R. Real occupied the pulpit in Queen-st. Methodist church on Sunday at both services, and preached to large congregations.

#### Warning

Did you ever see a rabbit climb a tree?  
Did you ever see a lobster ride a flea?  
If you did, then I am thinking it is time for you to hedge;  
It is time to sign the pledge,  
Or do something to quit drinking.

### LAST RITES OF THE CHURCH ADMINISTERED

Miraculous Escape From Death of Mme. Lirette, of Sorel, Que.

"I look upon my recovery from approaching death as a miracle and it was 'Fruit-a-tives' alone that cured me. I suffered from severe womb disease for seven years, and I suffered from severe constipation, great weakness and constant pain all the time. I was treated by six different physicians without any benefit, but took every medicine I heard of, but nothing gave me any relief. My suffering was so intense that for a year I was unable to get out of bed—and I expect me to recover and the last rites of the Church were administered to me. At this time I was induced to try 'Fruit-a-tives' and at once I began to improve and 'Fruit-a-tives' entirely cured me. Nothing did me any good but 'Fruit-a-tives.' I took in all 18 boxes and I am quite as well as ever I was, entirely due to the use of this great medicine." It is put up in a new 25c trial size as well as the regular 50c boxes, in order to enable everyone to try these wonderful fruit juice tablets. Sent on receipt of price if your dealer does not have them. Write Fruit-a-tives Limited, Ottawa.

### Choice Tomatoes at New Glasgow

The Purity League has Large Quantities Contraband Liquor Seized

New Glasgow, N.S., Oct. 24. — It has been borne to the attention of the members of the Purity League for some days that large quantities of liquor were being delivered at the railway station here. The packages bore no names of consignees, being addressed to the order of the shipper. The suspicions of Liberal workers have been very much aroused by these arrivals, and the freight sheds have been watched night and day to see who came to take away the liquor. Finally, at the instance of some Liberal members of the Purity League, and of Secretary R. J. Macdonald, a seizure was made yesterday by Inspector Mackay of twenty-nine barrels and fifteen cases of liquor. The Conservative New Glasgow Standard published yesterday afternoon so distorted and untruthful an account of this seizure that Dr. Macdonald, the secretary of the Purity League, although a Conservative, has written to the paper in terms of severe censure.

### Saw a Bear on the Road

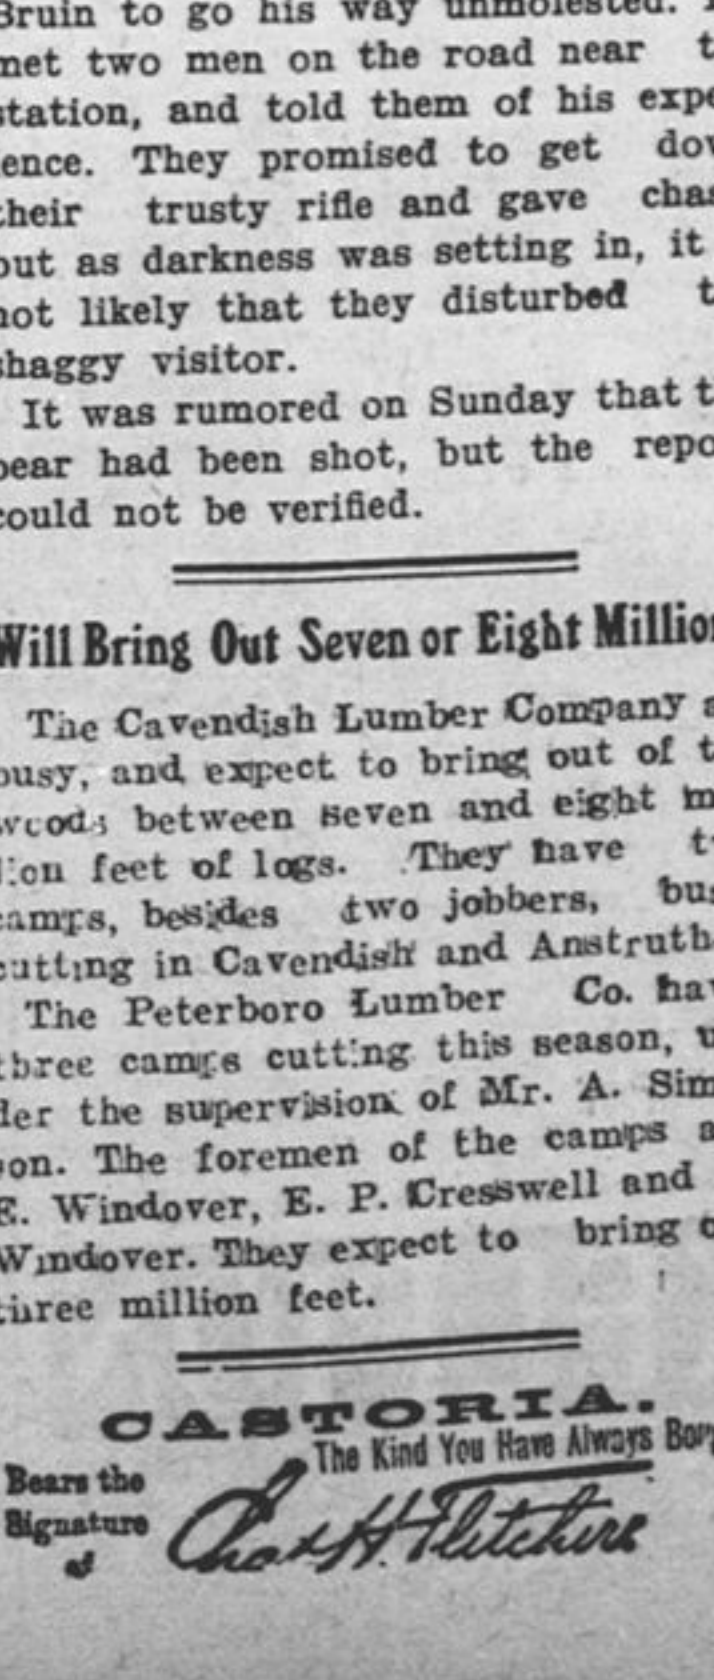

Saturday evening about 4 o'clock a Manvers farmer while driving to Lindsay had the unusual experience of seeing a black bear cross the road in front of him near Clabo station. He was driving along leisurely in his buggy, and fancied he thought he heard rifle shots in the neighboring woods. He concluded that it was the work of small boys on a squirrel hunt. Imagine his surprise, however, when Mr. Bruin emerged from the woods and crossed the road in front of him on a brisk trot. His horse became unmanageable, and threatened to run away, being frightened at the appearance of the bear on the scene. Having no firearms, the Manverian could do nothing but allow Bruin to go his way unmolested. He met two men on the road near the station, and told them of his experience. They promised to get down their trusty rifle and gave chase, but as darkness was setting in, it is not likely that they disturbed the shaggy visitor. It was rumored on Sunday that the bear had been shot, but the report could not be verified.

### Will Bring Out Seven or Eight Millions

The Cavendish Lumber Company are busy, and expect to bring out of the woods between seven and eight million feet of logs. They have two camps, besides two jobbers, busy cutting in Cavendish and Amstruther. The Peterboro Lumber Co. have three camps cutting this season, under the supervision of Mr. A. Simpson. The foremen of the camps are E. Windover, E. P. Cresswell and N. Windover. They expect to bring out three million feet.

### CASTORIA

The Kind You Have Always Bought

### Work on the New Chapel and Vault

Mr. Chalmers is Pushing the Work and Expects to Finish by December 1st.

Mr. J. M. Chalmers, who has the contract for the new chapel and vault in Riverside cemetery, informed The Post Monday morning that the excavations is completed. The vault will be located near the chapel, and will be of concrete, with concrete floor and expanded metal floor overhead for the chapel. The masonry in connection with the chapel will be five feet high, of rustic rubble, laid in cement. The main walls, which will be constructed of red brick, will be ten feet high, and the trimmings and sills will be of cut stone. A square pitched roof will top the structure. Mr. Chalmers expects to have the work finished by December 1st.

### Statistics of the Crops as Bullentined

Government Returns Give Interesting Information on the Subject

The report of the Census and Statistics Monthly, published by the Dominion Minister of Agriculture, contains the following: Threshing operations during September were carried on as a rule under favorable circumstances as to weather, and it is now possible to estimate the yield and quality of the principal grain crops from returns based upon actual threshing results, so far as these have been obtained. The total production of wheat is estimated at 115,651,000 bushels, oats at 267,651,000 bushels, and of barley at 50,723,000 bushels. The yield of wheat as estimated from the appearance of the crops at the end of August is not confirmed by present threshing results, for the total production of Canada, as now estimated, is 3 1/2 bushels per acre less, representing a total diminution of 9,039,000 bushels. This drop is almost entirely due to the returns from Saskatchewan and Manitoba, where adverse seasonal influences appear to have had greater effects upon the yield than were indicated by the appearance of the crops at the end of August. In Manitoba, Saskatchewan and Alberta the estimated total production of wheat is 95,818,000 bushels; of oats, 105,481,000 bushels; and of barley, 26,362,000 bushels.

### Special Meeting of Dairymen

A special meeting for dairymen of the Counties of Victoria, Ontario, Ontario, Durham and Haliburton will be held in the town hall, Lindsay, on Thursday, November 6th, at 1.30 p.m. This meeting is being held under the auspices of the Eastern Ontario Dairymen's Association. The addresses will be interesting to milk producers, proprietors, and makers, and it is to be hoped the dairymen generally will take advantage of this opportunity to discuss matters pertaining to the dairy business in this district. At this meeting a director will be chosen to represent this district upon the board for the year 1909. A full attendance is desired. The chair will be occupied by Mr. Henry Glendinning, of Manilla director for this district, and addresses will be delivered by Senator Derbyshire, Mr. Glendinning, and Mr. Puhlow, chief dairy instructor. The local dairy inspector will also make a report of his work during the season.

### The Majorities in Former Elections

Interesting Information at this Particular Juncture

For the information of our readers we have taken the trouble to look up the majorities given in South and North Victoria since 1867, as well as in Victoria and Haliburton at the last election. VICTORIA AND HALIBURTON. (Established by the Representation Act, 1903). In 1904 Col. Hughes, Cons., elected by 303 majority over R. J. McLaughlin, Lib. Victoria county was formerly divided into two constituencies, Victoria, North and South, the records of which follow: NORTH VICTORIA. In Victoria North, in 1867, Morrison, Lib., was elected by 284 majority. In 1872 Staples, Cons., elected by 88 majority. In 1874, J. McLennan, Lib., elected by a majority of 4. In by-election, H. Cameron, Cons., elected. In 1878, H. Cameron, Cons., elected

SEE DATES BELOW.

### COMING TO OUR TOWN

Established 1866. Over 30 Years of Success in Toronto, Ont. 192 West King St. J. Y. EGAN, Specialist, P.O. 539, Toronto.

### Rupture

THE MOST RELIABLE and Successful Authority—Greatest success in the treatment of Hernia (Rupture) Varicocele (False Rupture) of all known agencies in modern times. It will make a specialty of one department must certainly be more experienced and capable than those having many irons in the fire. Don't put off your case, believing it to be simple. Remember neglect often proves fatal. Have your case attended to now, and thus avoid danger. Stop wasting time and money elsewhere but come to one whose life-long study has taught him what to do. Do not depend or be deterred from seeking further advice, or because of repeated failures consider your case incurable. Because others fail in your case you have become discouraged. This is the very time you should consult me as my reputation has been made in curing hopeless (so-called) cases. case attended to at once. Everything strictly private and professional. LADIES suffering from Navel or any form of Rupture should not hesitate in having their case attended to at once. If you have had the usual experience you have no doubt spent large sums of money and MY CHARGES are within reach of all the poor man as well as the rich. Terms can be satisfactorily arranged, no reason why you should not consult me at once, during this visit.

### VARICOCELE, FALSE RUPTURE

There is no other affliction to which man is heir that so completely undermines his health, duties or pleasure of life, as Varicocele, nervous debility, wasting, stricture, lumbago, sexual exhaustion, etc. Do you intend to allow this insidious affliction to sap away your vitality? It is doing so now and if not checked will result in the above conditions. No matter how serious your case may be, time allowed, or the result may have experienced in trying to be cured by medicine—free trials, or Electric belt—your special organs receive proper treatment, the parts become vitalized and many power return. No temporary benefit, but a PERMANENT one. NO OPERATION necessary. No distance from business. If you have had the usual experience you have no doubt spent large sums of money and still larger quantities of time searching for the remedy that I offer you here.

### SPECIALIST WILL VISIT:

BENSON HOUSE, Friday, all day and evening. Saturday, day till 5.30 p.m. TWO DAYS ONLY. Consult specialist early. NOV. 13 and 14

LINDSAY ORILLIA, NOV. 15 and 16.

by 176 majority, and in 1882 by 290 majority. In 1887, J. A. Barron, Lib., was elected by 301 majority. In 1891, J. A. Barron, Lib., elected by 202 majority. He was unseated, and Samuel Hughes, Cons., elected in 1892 by 239 majority. In 1896 Col. Sam Hughes, Cons., was elected by 251 majority over J. McLaughlin, Lib., and by 1,377 majority over J. H. Delamere, Ind. In 1890, Sam Hughes, Cons., was elected by 129 majority over John McKay, Lib. SOUTH VICTORIA. In Victoria South, in 1867, G. Kempt, Liberal, elected by 200 majority. In 1872, G. Doemer, Cons., elected by 158 majority. In 1874, A. McQuade, Cons., elected by 69 majority, and in 1878 by 424 majority. In 1882, J. R. Dundas, Cons., elected by 60 majority. In 1887, A. Hudspeth, Cons., elected by 47 majority. He was unseated, but re-elected by 54 majority. At a by-election in 1890, C. W. Fairbairn, Cons., elected by 133. In 1891, C. W. Fairbairn, Cons., elected by 25 majority. He was unseated, but re-elected by 228 majority. In 1896, G. McHugh, Lib., was elected by 62 majority over A. E. Vrooman, Cons. In 1900, A. E. Vrooman, Cons., was elected by 216 majority over Geo. McHugh, Lib.

### Counting by Machinery

A Swedish inventor has designed an apparatus for counting money and sorting the pieces into specified quantities. In the first place, money of various denominations is put into the machine and separated according to value, these being sent into various tubes. When in the tubes the coins can be taken out in lots of 20, 50, or 100 pieces, at the will of the operator. The apparatus is capable of separating, counting, and dividing into the lots before mentioned 72,000 pieces in an hour. One machine under one operator is able to accomplish in one day as much counting as could be done by fifty most experienced bank cashiers.

### Line Nearly Completed

The international telephone line being constructed between Appleton and Mount Julian is rapidly nearing completion and probably by this time messages have flashed across the wires, thus giving Appleton communication with the outside world. The work of construction has been carried on with rapidity, showing that the company in charge have the interests of the community at heart.

### Scow Stuck in the River

A scow containing thirty thousand brick, bound for Boboyagon, is stuck in the river off Riverside cemetery. It was shipped from Mr. S. J. Fairbairn's brickyard in tow of the steamer Maple Leaf, and had only gone a short distance when it was obliged to stop owing to the low water. Unless something unusual happens, the scow will in all probability be anchored there until spring.

### Wedding Bells

CONNOLLY — ANDERSON. The wedding takes place on Thursday, Oct. 22nd, at Hamilton, Missouri, of Miss Josephine Blanche Anderson, of that place, to Mr. William Henry Connolly, Secretary of the Interstate Commerce Commission, White House, Washington. The groom is a son of the late John Connolly, of Ops. and brother of Mr. James Connolly and Mrs. P. J. Murphy, of the same town. Miss A. and Frank Connolly Lindsay. They will reside at Florence Court, Washington.

### Fell from a Telephone Pole

James Wedlock Sustained Serious Injuries While at Work

Mr. James Wedlock, the well known summer resort proprietor on the banks of the Otonabee, sustained very serious injuries Friday in a fall. He was assisting in the construction of the new telephone line between Hiawatha and Millbrook when he accidentally fell from the top of a pole. He was so seriously hurt that Doctors Turner and Montgomery of Millbrook, had to be summoned to attend to his injuries. It is believed that several bones in his body have been fractured, and that his back bone has been injured. Mr. Wedlock has numerous friends in Lindsay who will regret to learn of such an accident to him. If muslin curtains are needed in a hurry for a kitchen or bath room, they can be washed, slightly starched, shaken hard, pulled into shape, and hung up without ironing.

### VOLUNTEER BOUNTY ACT, 1908.

### WARNING TO PURCHASERS

EVERY assignment of the right of a South African Volunteer entitled to a land grant must be by way of appointment of a substitute and must be in the form provided by the Act. Special attention is called to Section 3 of Section 5 of the Volunteer Bounty Act, 1908, which provides that no assignment of the right of a volunteer by the appointment of a substitute shall be accepted or recognized by the Department of the Interior which is not executed and dated after the date of the warrant for the land grant issued by the Minister of Militia and Defence in favor of the Volunteer. J. W. GREENWAY, Commissioner of Dominion Lands, Ottawa. 28th September, 1908.
